*Professor of Bibliography.*

B.A., Colby College, 1913; Head of the English Department, Hebron Academy, 1913-1921; Librarian and Professor of Bibliography, Colby College, 1923—; Member of the Phi Beta Kappa Society and Alpha Tau Omega Fraternity.

**CURTIS HUGH MORROW, M.A.,** 3 West Court.  
*Professor of Economics and Sociology.*

Mount Hermon School, 1907; B.A., Clark College, 1910; M.A., Clark University, 1911; Assistant in History, Clark College, 1910-1912; Scholar in History, Clark University, 1910-1912, 1914-1916; Assistant Librarian, American Antiquarian Society, 1912-1918; Head of Department of History and Economics, Melrose High School, 1918-1920; Associate Professor and Head of the Department of Economics, Colby College, 1920-1924; Professor of Economics and Sociology, Colby College, 1924—; Member of The American Academy of Political and Social Science, The American Economic Association, and The American Sociological Society.

**CARL JEFFERSON WEBER, M.A. (Oxon.)** 42 Burleigh Street.  
*Professor of English.*

Baltimore City College, 1910; B.A., Johns Hopkins University, 1914; Queen's College, B.A., Oxford University, 1916; M.A., 1920; Instructor in English, Colby College, 1918-19; Assistant Professor of English, Colby College, 1919-20; Assistant in English, Johns Hopkins University, 1920-21; Instructor in English, United States Naval Academy, 1920-22; Instructor in Literature, Johns Hopkins University Summer School, 1923 and 1925; Assistant Professor, Associate Professor, and Professor of English, Colby College, 1922—; Secretary, Colby Chapter of Phi Beta Kappa; Director of College Extension Courses; Editor of the College Catalogue; Member of the Modern Language Association and the National Council of Teachers of English.

**WILLIAM JOHN WILKINSON, PH.D.,** 228 Main Street.  
*Professor of History.*

College Grammar School, Brooklyn, N. Y.; B. Litt., William and Mary College, 1902; M.A., Columbia University, 1907; Ph.D., 1924; honorary degrees: Wesleyan University, M.A.; Washington College, LL.D.; Instructor in Latin and Greek, William and Mary College, 1902-1905; Dean of Washington College, 1908-1917; Educational Director, Camp Hancock, 1917-1918; Instructor, Army Educational Corps, A. E. F.,

Beaune, France, 1918-1919; Lecturer in History, Wesleyan University, 1919-1923; Professor of History, University of Vermont Summer School, 1923—; Professor of History, Colby College, 1924—; Member of the Phi Beta Kappa Society, American Historical Association, Political Science Association.

**BENJAMIN EDWARD CARTER, M.A.,** 3 Center Place.  
*Associate Professor of Mathematics.*

Gunnery School (Washington, Conn.); Phillips Acad. (Andover, Mass.); B.A., Harvard Coll., 1890; M.A., 1892; Instructor in Mathematics, Colorado College, 1890-91; Instructor in Mathematics, Mass. Inst. of Technology, 1893-1910; Associate Professor of Mathematics, Colby, 1910—; Member of American Mathematical Society, Mathematical Association of America, and Fellow of the American Association for the Advancement of Science.

**HENRY EMERSON TREFETHEN, M.A.,** 4 West Court.  
*Associate Professor of Astronomy.*

Kent's Hill Seminary; B.A., Wesleyan University, 1882; M.A., 1885; Instructor, Kents Hill, 1881-1911; Assistant and Associate Professor of Astronomy, Colby College, 1911—; Member of Phi Mu Theta Fraternity, Phi Beta Kappa Society, and Mathematical Association of America.

**EDWARD HENRY PERKINS, PH.D.,** 7 Lawrence Street.  
*Associate Professor of Geology.*

B.S., Wesleyan University, 1912; Ph.D., Yale University, 1919; Instructor in Chemistry and Geology, Rhode Island State College, 1915-18; Assistant Professor, 1918-19, and Professor of Geology, Western University, 1919-20; Associate Professor of Geology, Colby, 1920—; Assistant Geologist, U. S. Geological Survey, 1919—; Member of American Ornithologists Union, American Society of Mammalogists.

**EUCLID HELIE, M.A.,** 28 Winter Street.  
*Associate Professor of French.*

Lycée Louis-le-Grand, Paris, 1903-04; B.A., McMaster Univ., 1905; M.A., Clark University, 1908; Fellow, Clark University, 1908-09; Harvard University, 1910-11; Instructor, Worcester (Mass.) High School, 1914-16; Instructor, Northeastern College (Boston), 1916-17; Instructor in French, Colby College, 1917; Instructor, Roxbury Latin School, 1917-18; Instructor in French, Assistant Professor, and Associate Professor of French, Colby College, 1918—.

**GEORGE HENRY AUFFINGER, JR., M.B.A.,** 229 Main Street.  
*Associate Professor of Business Administration.*

B.A., Oberlin College, 1919; M.B.A., Graduate School of Business Administration, Harvard University, 1922; Traveling Auditor, Washburn-Crosby Company, 1922-1924; Associate Professor, Colby College, 1924—.

**EDWARD JOSEPH COLGAN, M.A.,** 1 Boutelle Avenue.  
*Associate Professor of Education and Psychology.*

Mass. Inst. Technology, 1905-06; A.A., Harvard College, 1917; A.M., Harvard University, 1920; University of Lyons, 1919; Harvard Graduate School of Education, 1920-21; University of Paris, 1921-22; Principal of Gillett (Ark.) High School, 1912-13; Principal of De Queen (Ark.) High School, 1913-14; Head of Department of Philosophy and Education, Alfred University, Alfred, N. Y., 1922-24; Professor of Education, Alfred University Summer School, 1923 and 1924; Head of Department of Education and Psychology, Colby College, 1924—.

**LESTER FRANK WEEKS, M.A.,** 14 Belmont Avenue.  
*Assistant Professor of Chemistry.*

B.S., Colby College, 1915; M.A., Harvard University, 1916; Instructor in Chemistry, University of Maine, 1916-17; Assistant Professor of Chemistry, University of Maine, 1917-18; Assistant Professor of Chemistry, Colby, 1918-20 and 1922—; studied at Cornell, 1920-22; Member of Phi Beta Kappa Society.

**WINTHROP HAMOR STANLEY, B.A.,** 145 College Avenue.  
*Assistant Professor of Physics.*

State Normal School, Farmington (Me.), 1904; B.A., Univ. of Maine, 1910; studied at Mass. Inst. of Technology, (Summer) 1922; Sub-master, Norway High School, 1907-09; Principal, Greenville High School, 1910-13; Teacher of Science, Westbrook High School, 1913-17; Teacher of Physics, Deering High School, 1917-20; Instructor and Assistant Professor of Physics, Colby College, 1920—; Member of New England Association of Physics Teachers, American Physical Society, Phi Beta Kappa Society, Delta Tau Delta Fraternity.

**FLORENCE ELIZABETH DUNN, M.A.,** 40 College Avenue.  
*Assistant Professor of English.*

B.A., Colby College, 1896; N. Y. State Library School; M.A., Radcliffe College, 1922; Teacher, Waterville High School, 1896-1900; Instructor in Latin, Colby, 1909-11; Instructor and Assistant Professor of English, Colby, 1922—; Member of Sigma Kappa Sorority, Phi Beta Kappa Society, American Library Association.

**HERBERT LEE NEWMAN, B.D.,** 2 West Court.  
*Instructor in Biblical Literature and Director of Religious Activities.*

B.A., Colby College, 1918; B.D., Newton Theological Seminary, 1922; Pastor, Hebron Academy, 1919; Pastor, Worcester (Mass.), 1919-22; Instructor in Biblical Literature, Colby, 1922—; Director of Religious Activities; Member of Lambda Chi Alpha Fraternity.

CORINNE B. VAN NORMAN,

Foss Hall.

*Instructor in Hygiene and Physical Education.*

Lake Erie College; Boston Normal School of Gymnastics; Gilbert School of Dancing; Margaret Morrison Carnegie School of Technology; University of Pittsburgh; Director of Physical Education, Y. W. C. A., Pittsburgh, 1905-07; Winchester School, Pittsburgh, 1907-19; Highland Hall School, 1919-21; Mary C. Wheeler School, Providence, 1921-22; Instructor in Hygiene and Physical Education, Colby, 1922—.

EVERETT FISK STRONG, B.A.,

7 Gilman Street.

*Instructor in Romance Languages.*

B.A., Wesleyan University, 1918; Studied at Columbia, 1920-21; Studied abroad, 1921-22; University of Toulouse, France, diploma, 1922; Master in French and Spanish, Salisbury School (Conn.), 1918-20; Horace Mann School (N. Y.), 1920-21; Instructor in Romance Languages, Colby College, 1922—; Member, Phi Nu Theta Fraternity.

RUTHERFORD JOHN GETTENS, B.S.,

7 Gilman Street.

*Instructor in Chemistry.*

B.S., Middlebury College, 1923; Instructor in Chemistry, Colby College, 1923—.

CECIL AUGUSTUS ROLLINS, M.A.,

37 Pleasant Street.

*Instructor in English.*

B.A., Colby College, 1917; M.A., Harvard University, 1923; Teacher, Sedgwick (Me.) High School, 1914-15; Teacher of Latin and History, Hebron Academy, 1917-18; Instructor in Latin and English, Colby, 1919-22; Instructor in English, Colby, 1924—; Member of Lambda Chi Alpha Fraternity and Phi Beta Kappa Society.

HAROLD FOSTER BROWN, B.A.,

11 Sheldon Place.

*Instructor in English.*

B.A., Amherst College, 1921; Instructor in English, Syracuse University, 1922-23; Instructor in English, Colby College, 1924—; Member of Delta Upsilon Fraternity.

HARRY BARTLETT, B.A.,

30 Pleasant Street.

*Instructor in French.*

B.A., Hamilton College, 1921; Diploma, University of Dijon (France), 1923; Master in French and Spanish, Kingswood School (West Hartford, Conn.), 1921-24; Master in French and Spanish, Westminster School (Simsbury, Conn.), Summer Session, 1924; Instructor in French, Colby College, 1924—; Member of Lambda Chi Alpha Fraternity.

LOWELL QUINTON HAYNES, M.A.,

5 Walnut Street.

*Instructor in Philosophy.*

B.A., Wake Forest College, 1911; M.A., 1913; Graduate Student, George Peabody College for Teachers, Summer 1915 and 1920; B.D., Newton Theological Institution, 1924; Principal, Round Hill Academy (N. C.), 1913-15; Associate Principal, Haywood Institute (N. C.), 1916-18; Principal, Watauga Academy (Tenn.), 1918-22; Pastor, Butler (Tenn.), 1920-22; Pastor, First Baptist Church, Mansfield (Mass.), 1924-25; Instructor in Philosophy, Colby College, 1925—.

HOWARD PHELPS KELSEY, B.S.,

82½ Silver Street.

*Instructor in English.*

Kimball Union Academy, 1918; B.S., University of New Hampshire, 1922; Studied at Dartmouth College, 1924-25; Instructor in Mathematics, Berlin (N. H.) High School, 1922-23; Instructor in English, Kimball Union Academy, 1923-25; Instructor in English, Colby College, 1925—.

DONNIE CAMPBELL GETCHELL, B.A.,

Mary Low Hall.

*Assistant in Biology.*

EDWARD HACKETT MERRILL, B.A.,

3 Elm Terrace.

*Assistant in History.*

---

### STUDENT ASSISTANTS

|                      |                        |
|----------------------|------------------------|
| DONALD N. ARMSTRONG, | German.                |
| ROWLAND E. BAIRD,    | Library.               |
| ROY A. BITHER        | Geology and Library.   |
| STANLEY C. BROWN,    | Library.               |
| HAROLD L. CLARK,     | Library.               |
| LAWRENCE H. CLARK,   | Library.               |
| JUSTIN OLEY JOHNSON, | Mathematics.           |
| MURIEL LEWIS,        | Library.               |
| ELLIS F. PARMENTER,  | Chemistry.             |
| LAWRENCE A. PEAKES,  | Library.               |
| NORRIS W. POTTER,    | Library.               |
| RALPH F. PRESCOTT,   | Physics.               |
| HORACE T. TREFETHEN, | Geology.               |
| HERBERT M. WORTMAN,  | Biology and Chemistry. |

### Other College Officers

|  |                  |
|--|------------------|
| MALCOLM BEMIS MOWER, B.A.,<br><i>Registrar.</i>                          | 2 College Place. |

### Committees of the Faculty

ATHLETICS: Professors Parmenter and Ashcraft.

CURRICULUM: President Roberts, Professors White, Parmenter, Ashcraft, and Wheeler.

ENTRANCE CERTIFICATES: Professors Taylor, Parmenter, and Trefethen.

ENTRANCE EXAMINATIONS: President Roberts, Professors Carter and Helie.

GRADUATE STUDENTS: Professors Libby, Parmenter, and Weber.

LIBRARY: Professors Taylor, Libby, Morrow, Dunn, and Marriner.

NON-ATHLETIC ORGANIZATIONS: Professors Ashcraft, Weber, and Marriner.

STANDING OF STUDENTS: Professors Chester, Trefethen, and Weeks.

WOMEN'S DIVISION: President Roberts, Professors Taylor, Morrow, and Runnals.

## HISTORICAL STATEMENT

COLBY COLLEGE originated with the Baptist churches of the District of Maine. The Bowdoinham Association in 1810, the Cumberland Association and the Lincoln Association in 1811, appointed committees to petition the General Court of Massachusetts for the incorporation of an institution of higher learning, and a charter was granted February 27, 1813, entitled "AN ACT to establish a Literary Institution in the District of Maine", and the institution was to be known as THE MAINE LITERARY AND THEOLOGICAL INSTITUTION. The Trustees named in the act of incorporation organized with the choice of Rev. Sylvanus Boardman as president, and Rev. Otis Briggs as Secretary, and entered upon the preliminary work of establishing the College. By a resolve of the Legislature of Massachusetts, passed February 15, 1815, and in pursuance of Section 10 of the ACT of Incorporation, Township No. 3, on the west side of the Penobscot river, was conveyed to the Trustees. It had been the design of the founders to establish the institution upon the township which now includes the towns of Alton and Argyle; but soon becoming convinced of the absurdity of locating a College in a region destitute of common schools and but sparsely inhabited, a petition was presented to the Legislature of Massachusetts requesting that body to authorize a more central location. The request was at once granted in an ACT approved June 12, 1815; and the Trustees were authorized "to locate in any town within the Counties of Kennebec and Somerset". The Trustees fixed upon Waterville, in Kennebec County, as the seat of the proposed College. Here the Theological Department was established July 6, 1818, under the direction of Rev. Jeremiah Chaplin, and the Literary Department in October, 1819.

By an ACT passed June 18, 1820, by the Legislature of the State of Maine, the Trustees were "empowered to confer such degrees as are usually conferred by Universities established for the education of youth." And on the 28th of June, 1820, the Legislature appropriated the sum of one thousand dollars annually for seven years to the Maine Literary and Theological Institution, stipulating that at least one-fourth of the sum to be received should go toward the reduction of the tuition of deserv-

ing students. The name of the Institution was changed to **WATERVILLE COLLEGE** in 1821, the ACT authorizing this change having been passed by the Legislature of Maine on February 5, 1821.

An agent was appointed in 1859 to solicit subscriptions for the Endowment Fund of the College. No marked success attended his efforts until August, 1864, when Mr. Gardner Colby of Boston subscribed \$50,000 on condition that \$100,000 additional should be raised. This condition was fulfilled, and in 1866, at the suggestion of President Champlin, the Trustees voted to ask the Legislature to change the name of the institution to Colby University in honor of its benefactor, Mr. Colby. By an ACT of January 23, 1867, the name of the Corporation was accordingly changed to "The President and Trustees of **COLBY UNIVERSITY**". The benefactions of Mr. Colby, including the bequest received after his death, April 2, 1879, amounted to \$200,000. No further change was made in the name of the College until January 25, 1899, when, at the request of the Board of Trustees, the Legislature of Maine changed the style of the Corporation to its present form, "The President and Trustees of **COLBY COLLEGE**."

In 1871, young women were admitted to the College on the same terms as young men; and in 1890 the Board of Trustees adopted a plan proposed by President Small, and organized within the College a Division for young men, and a co-ordinate Division for young women. The conditions for entrance remain identical in the two Divisions. In class organization, rank, prize contests, appointments, and honors, the members of the two Divisions are treated as independently as though the institutions were distinct.

In June, 1920, the College celebrated its one-hundredth anniversary with appropriate exercises. This occasion was marked by the successful completion of a campaign for \$500,000, of which \$125,000 was pledged by the General Education Board of New York, a similar amount by Richard Cutts Shannon, of the class of 1862, and the remainder by the graduates and friends of the College.

# ENTRANCE REQUIREMENTS

Candidates for admission to the Freshman Class must show satisfactory qualifications by one of the following methods and must meet the terms of admission in accordance with the provisions concerning required and optional subjects given in the summary below (page 20).

## METHODS OF ADMISSION

### 1. BY EXAMINATION

Candidates for admission will be received on passing preliminary and final examinations in the required and optional subjects prescribed for entrance (p. 20). Candidates who desire to do so may enter on passing complete examinations at *one* time in *five* fundamental subjects, and presenting principal's statement covering the remainder of the units prescribed for admission; for the B. A. Course the subjects are English, Latin, Algebra, Geometry, and one optional subject; for the B. S. Course, English, French *or* German, Algebra, Geometry, and one optional subject.

#### (A) At the College

Examinations for admission are held on the Tuesday and Wednesday preceding Commencement. Candidates will assemble at 8 A. M., Tuesday, June 8, 1926, at Chemical Hall. Examinations for admission are also held at the opening of the first semester, September 21-22, 1926.

#### (B) At Preparatory Schools

Examination papers in all the required and optional subjects for admission to Colby (p. 20) will be furnished to the principal of any high school or academy of good standing for such of his pupils as wish to take examinations for admission to college. These examinations will be held in 1926 on June 1-2.

Applications for papers should be made to the Registrar and must be received not later than May 27. With the papers will be sent directions about the manner of conducting the examinations.

Examinations in admission subjects may be taken by candidates at the end of the second and third years of the preparatory school course. Examinations will not be given, however, on less than two years of English, French, or German.

(C) **Elsewhere.**

Applications for examination by the College Entrance Examination Board should be addressed to 431 West 117th Street, New York City. Blank forms will be furnished by the Secretary of the Board. Applications should be received early in May.

## 2. BY CERTIFICATE

Entrance certificates will be received from such schools in New England as are approved by the College Entrance Certificate Board. The associated colleges are Amherst, Bates, Boston University, Bowdoin, Brown, Colby, Massachusetts Agricultural College, Middlebury, Mount Holyoke, Smith, Tufts, University of Vermont, Wellesley, Wesleyan, and Williams. All schools desiring the certificate privilege should apply *before April 1st of each year* to the Secretary of the Board, Professor Frank W. Nicholson, Wesleyan University, Middletown, Conn.

The qualifications of candidates for admission by certificate from schools outside New England will be determined by the Committee on Entrance Certificates.

Candidates for admission who can secure certification in only a part of the entrance requirement will be permitted to take examinations on other preparatory subjects which they have successfully completed but with too low a grade for certification.

It is understood that students admitted by certificate are on probation for the first semester, during which they must prove their ability to do college work as a necessary condition of their continuing with the class. In case of evident unfitness the student's connection with the college may be terminated at any time; even *within* the first semester.

## SPECIAL STUDENTS

At the discretion of the Faculty, students will be received to pursue special courses, providing they satisfy the instructors of such courses of their earnestness of purpose and their ability to pursue successfully the college studies they elect.

No special student is admitted to regular course except by certificate or examination; no special student is allowed to continue as such more than two years; and no special student is allowed to take part in intercollegiate athletics, or otherwise represent the college.

## ADVANCED STANDING

Candidates for advanced standing are examined in the various college studies that have been taken by the classes which they wish to enter.

Those who are admitted from other colleges must present certificates of their good standing, of their entrance credits, and of their college courses completed.

## TERMS OF ADMISSION

Candidates for admission to the Freshman class must offer credits amounting to a total of fourteen and one-half units. To count one unit a subject must be pursued for one school year, with five recitation periods a week. A subject pursued for a half-year with five recitation periods a week, or for a full year with three recitation periods a week, counts only one-half unit.

The subjects *required* of candidates for admission count nine and one-half units, the remaining five units being chosen from the optional subjects.

If Greek is not presented for admission, French *or* German *must* be. Any language, to count for admission, must have been studied for two full years. The heads of the scientific departments of the college urgently advise candidates to present Latin among their subjects.

## FOR THE B. A. COURSE

## REQUIRED

|                       |    |
|-----------------------|----|
| English .....         | 3  |
| Latin .....           | 4  |
| †Algebra .....        | 1½ |
| †Plane Geometry ..... | 1  |

---

 9½

## OPTIONAL

|                           |   |
|---------------------------|---|
| Greek .....               | 3 |
| *French, 2 years.....     | 2 |
| *German, 2 years.....     | 2 |
| *Spanish, 2 years.....    | 2 |
| Roman History .....       | ½ |
| Greek History.....        | ½ |
| ¶English History...½ or 1 |   |
| ¶American History.½ or 1  |   |
| Physics .....             | 1 |
| Chemistry .....           | 1 |
| Solid Geometry.....       | ½ |

## FOR THE B. S. COURSE

## REQUIRED

|                       |    |
|-----------------------|----|
| English .....         | 3  |
| †Algebra .....        | 1½ |
| †Plane Geometry ..... | 1  |
| A modern language.... | 2  |
| A science .....       | 1  |
| History .....         | 1  |

---

 9½

## OPTIONAL

|                           |        |
|---------------------------|--------|
| Solid Geometry.....       | ½      |
| *French, 2 years.....     | 2      |
| *German, 2 years.....     | 2      |
| *Spanish, 2 years.....    | 2      |
| *Latin, 2 years .....     | 2      |
| *Greek, 2 years.....      | 2      |
| Greek History .....       | ½      |
| Roman History .....       | ½      |
| ¶English History...½ or 1 |        |
| ¶American History..½ or 1 |        |
| Physics .....             | 1      |
| Chemistry .....           | 1      |
| Biology .....             | 1      |
| ¶Physiography .....       | ½ or 1 |
| Physiology .....          | ½      |

†If three full years of Plane Geometry and Algebra have been taken, credit of three units will be allowed.

\*Each additional year counts one unit.

¶Counts one unit, if studied for a full year.

Mechanical Drawing, Manual Training and other preparatory subjects not named in the above lists, will be referred for credit to the committee on entrance examinations.

# DETAILED ENTRANCE REQUIREMENTS BY SUBJECTS

## BIOLOGY

Biology may be presented for entrance in one of three ways:

1. A year's work in Botany, consisting of five hours a week, including the subjects covered by Bergen's Foundations of Botany, or its equivalent. •

2. A year's work in Zoölogy, consisting of five hours each week, including the subjects covered by such a book as Davenport's Introduction to Zoölogy, or its equivalent.

3. A year's work in Biology, consisting of a half-year's work in Botany, and a half-year's work in Zoölogy. Davison's Practical Zoölogy includes the amount expected for Zoölogy, and Bergen's Elements of Botany the amount desired for Botany.

A laboratory notebook, certified to by the teacher, must be presented. The notebook must contain carefully labeled diagrams of forms studied and notes made both in the laboratory and in the field. The laboratory time should include about three-fifths of all the time spent in the course, and living forms should be studied so far as possible. It is desired that these forms be found in the locality where the work is given. The greatest stress should be laid on the macroscopic features and little or no microscopic work will be expected. A herbarium will not be accepted in lieu of a notebook.

## CHEMISTRY

A course in Chemistry of five hours a week for one year, equivalent to the work contained in any standard text-book written for preparatory schools.

The student will also be required to present at the time of entrance a notebook guaranteed by the teacher, containing the record of not less than forty experiments performed by himself under the direction of the teacher. The notebook should be presented at the Registrar's office at the time of entrance.

Qualitative analysis will not be accepted as an equivalent for laboratory work prescribed.

Candidates for advanced standing are examined only at Waterville, and at the time of the entrance examinations.

### ENGLISH

Preparation in English has two main objects: (1) command of correct and clear English, spoken and written; (2) ability to read with accuracy, intelligence, and appreciation.

#### English Grammar and Composition

The first object requires instruction in grammar and composition. English grammar should ordinarily be reviewed in the secondary school; and correct spelling and grammatical accuracy should be rigorously exacted in connection with all written work during the four years. The principles of English composition governing punctuation, the use of words, paragraphs, and the different kinds of whole composition, including letter-writing, should be thoroughly mastered; and practice in composition, oral as well as written, should extend throughout the secondary school period. Written exercises may well comprise narration, description, and easy exposition and argumentation based upon simple outlines. It is advisable that subjects for this work be taken from the student's personal experience, general knowledge and studies other than English, as well as from his reading in literature. Finally, special instruction in language and composition should be accompanied by concerted effort of teachers in all branches to cultivate in the student the habit of using good English in his recitations and various exercises whether oral or written.

#### Literature

The second object is sought by means of two lists of books, headed respectively *reading* and *study*, from which may be framed a progressive course in literature covering four years. In connection with both lists, the student should be trained in reading aloud and encouraged to commit to memory some of the more notable passages both in verse and in prose. As an aid to literary appreciation, he is further advised to acquaint himself with the most important facts in the lives of the authors whose works he reads and with their places in literary history.

#### A. READING AND PRACTICE.

The aim of this course is to foster in the student the habit of intelligent reading and to develop a taste for good literature, by

giving him a first-hand knowledge of some of its best specimens. He should read the books carefully, but his attention should not be so fixed upon details that he fails to appreciate the main purpose and charm of what he reads.

The books for Reading and Practice are arranged in the following groups, from each of which at least two selections are to be made, except that for any book in Group 5 a book from any other may be substituted.

**GROUP 1.** Dickens: *A Tale of Two Cities*; George Eliot: *Silas Marner*; Scott: *Quentin Durward*; Stevenson: *Treasure Island, or Kidnapped*; Hawthorne: *The House of the Seven Gables*.

**GROUP 2.** Shakespeare: *Merchant of Venice*; *As You Like It*; *Julius Cæsar*; *King Henry V*.

**GROUP 3.** Scott: *The Lady of the Lake*; Coleridge: *The Ancient Mariner*; Arnold: *Sohrab and Rustum*. A collection of representative verse, narrative and lyric; for example, Palgrave: *Golden Treasury (First Series): Books II and III*, with special attention to Dryden, Collins, Gray, Cowper, and Burns; Palgrave: *Golden Treasury (First Series): Book IV*, with special attention to Wordsworth, Keats, and Shelley; Tennyson: *Idylls of the King (any four): The Coming of Arthur, The Holy Grail, Gareth and Lynette, Lancelot and Elaine, and The Passing of Arthur*; *The Æneid or The Odyssey in a translation of recognized excellence, with the omission, if desired, of Books I-V, XV, and XVI of The Odyssey*.

**GROUP 4.** The Old Testament (the chief narrative episodes in Genesis, Exodus, Joshua, Judges, Samuel, Kings, and Daniel, together with the books of Ruth and Esther); Irving: *The Sketch Book (about 175 pages)*; Addison and Steele: *The Sir Roger de Coverley Papers*; Macaulay: *Lord Clive*; Parkman: *The Oregon Trail*; Franklin: *Autobiography*.

**GROUP 5.** A modern novel. A collection of short stories (about 150 pages); a collection of contemporary verse (about 150 pages); A collection of prose writings on matters of current interest (about 150 pages).

Ginn and Company publish Speare and Norris: *Vital Forces in Current Events*. Two modern plays. (All selections from this group should be works of recognized excellence).

**B. STUDY AND PRACTICE.**

This part of the requirement is intended as a natural and logical continuation of the student's earlier reading, with greater stress laid upon form and style, the exact meaning of words and phrases, and the understanding of allusions.

The books provided for Study and Practice are arranged in four groups, from each of which one selection is to be made.

GROUP 1. Shakespeare's *Macbeth*, *Hamlet*.

GROUP 2. Milton: *L'Allegro*, *Il Penseroso*, and either *Comus* or *Lycidas*: (Browning: *Cavalier Tunes*, *The Lost Leader*, *How they brought the Good News from Ghent to Aix*, *Home-Thoughts from Abroad*, *Home-Thoughts from the Sea*, *Incident of the French Camp*, *Hervé Riel*, *Pheidippides*, *My Last Duchess*, *Up at a Villa—Down in the City*, *The Italian in England*, *The Patriot*, *The Pied Piper of Hamelin*, "*De Gustibus—*" *Instans Tyrannus*, *One Word More*.

GROUP 3. Macaulay: *Life of Samuel Johnson*; Carlyle: *Essay on Burns*, with a brief selection from *Burns's Poems*; Arnold: *Wordsworth*, with a brief selection from *Wordsworth's Poems*.

GROUP 4. Burke: *Speech on Conciliation with America*. A collection of orations, to include at least *Washington's Farewell Address*, *Webster's First Bunker Hill Oration*, and *Lincoln's Gettysburg Address*.

**Examination**

The examination will be divided into two parts. The first part will be upon the books required for Reading and Practice and may include questions upon grammar and the simpler principles of rhetoric. The second part of the examination will test the candidate's knowledge of the books required for Study and Practice, also his ability to develop a theme through several paragraphs. Subjects will be drawn from books required for Study and Practice, from the candidate's other studies, and from his personal knowledge and experience quite apart from reading.

**FRENCH****ELEMENTARY FRENCH.**

The work to be done the first year should comprise: (1) careful drill in pronunciation; (2) the rudiments of grammar, including the inflection of the regular and the more common irreg-

ular verbs, the plurals of nouns, the inflection of adjectives, participles, and pronouns; the use of personal pronouns, common adverbs, prepositions, and conjunctions; the order of words in the sentence, and the elementary rules of syntax; (3) abundant easy exercises, designed not only to fix in the memory the forms and principles of grammar, but also to cultivate readiness in the reproduction of natural forms of expression; (4) the reading of from 100 to 175 duodecimo pages of graduated texts, with constant practice in translating into French easy variations of the sentences read (the teacher giving the English), and in reproduction from memory of sentences previously read; (5) writing French from dictation.

During the second year, the work should comprise: (1) the reading of from 250 to 400 pages of easy modern prose in the form of stories, plays, or historical or biographical sketches; (2) constant practice, as in the previous year, in translating into French easy variations upon the texts read; (3) frequent abstracts, sometimes oral and sometimes written, of portions of the text already read; (4) writing French from dictation; (5) continued drill upon the rudiments of grammar, with constant application in the construction of sentences; (6) mastery of the forms and use of pronouns, of pronominal adjectives, of all but the rare irregular verb forms, and of the simpler uses of the conditional and subjunctive.

Suitable texts for the second year are: Bruno's "Le tour de la France", Daudet's easier short tales, La Bédollière's "La Mère Michel et son chat", Erckmann-Chatrian's stories, Foa's "Contes biographiques" and "Le petit Robinson de Paris", Foncin's "Le pays de France", Labiche and Martin's "La poudre aux yeux" and "Le voyage de M. Perrichon", Legouvé and Labiche's "La Cigale chez les fourmis", Malot's "Sans famille", Mairêt's "La tâche du petit Pierre", Mérimé's "Colomba", extracts from Michelet, and Verne's stories.

#### ADVANCED FRENCH.

During the third year the work should comprise the reading of from 400 to 600 pages of French of ordinary difficulty, a portion to be in the dramatic form; constant practice in giving French paraphrases, abstracts or reproductions from memory of selected portions of the matter read; the study of a grammar of moderate completeness; writing from dictation.

Suitable texts are About's stories, Augier and Sandeau's "Le Gendre de M. Poirier", Béranger's poems, Daudet's "Le petit Chose", Coppée's poems, La Bèrte's "Mon oncle et mon curé", Halévy's "L'abbé Constantin", Labiche's plays, Loti's "Pêcheur d'Islande", Michelet's "Jeanne d'Arc", Molière's "L'Avare", and "Le bourgeois gentilhomme", George Sand's stories, Sandeau's "Mademoiselle de la Seiglière", Scribe's plays, Vigny's "La canne de jonc".

### GERMAN

**FIRST YEAR.** Pronunciation; memorizing and frequent repetition of easy colloquial sentences; grammar: article, commonly used nouns, adjectives, pronouns, weak verbs and more usual strong verbs, more common prepositions, simpler uses of modal auxiliaries, elementary rules of syntax and word-order; abundant easy exercises in composition; 75-100 pages of graduated texts from a reader; constant practice in translating into German easy variations of text; and reproductions from memory of sentences from text.

**SECOND YEAR.** Continued drill on rudiments of grammar; 150-200 pages of easy stories and plays; continued translation into German of easy variations of matter read; and offhand reproduction, orally and in writing.

The following texts are recommended: (1) Andersen's Märchen or Bilderbuch, or Leander's Träumereien, about forty pages; (2) Hauff's Das kalte Herz or Zschokke's Der zerbrochene Krug; (3) Hillern's Höher als die Kirche, or Storm's Immensee; (4) a short story from Heyse or Baumbach or Seidl; (5) Benedix Der Prozess.

**THIRD YEAR.** Grammar: less usual strong verbs, use of articles, cases, auxiliaries, tenses and moods (particularly the imperative and subjunctive), word-order and word foundation; about 400 pages of moderately difficult prose and poetry; constant practice in paraphrases, abstracts and memory reproductions of passages read.

The following texts are recommended: (1) Chamisso's Peter Schlemihl; (2) a part of Freytag's Bilder aus der deutschen Vergangenheit; (3) a part of Fouqué's Undine, or a part of Schiller's Geisterseher; (4) a short course in Lyrics and Ballads; (5) one classical play by Goethe, or Schiller, or Lessing.

## GREEK

**READING.** Xenophon's Anabasis, Books I-IV. Homer's Iliad, Books I-III. Equivalent readings will be accepted.

**PROSE COMPOSITION.** The equivalent of one period a week for two years.

Teachers in the preparatory schools are urged to give particular attention to securing in their pupils (1) by constant drill upon inflections, analysis of forms, mood and tense synopses and principal parts, *a mastery of the verb*; (2) the habit of noting the derivation and composition of words and the primary meanings contained therein; (3) the ability to attack intelligently and translate at sight the simpler passages of Xenophon and of Homer, the aim being to encourage the student away from a slavish dependence upon lexicon or vocabulary; and (4) above all else, the habit of using simple and idiomatic English in translation. As a helpful means to this last end, it is recommended that occasionally written translations be required, and that these be thoroughly discussed and criticised by teacher and class.

## HISTORY

## GREEK AND ROMAN HISTORY.

1. Greek History to the death of Alexander, with due reference to Greek life, literature and art.
2. Roman History to the accession of Commodus, with due reference to literature and government.

As a preparation in Greek and Roman History, a course of study equivalent to five hours per week for one year will be necessary, and it will count one unit. The preparation of such a course will call for such general knowledge of each field as may be acquired from the study of an accurate text-book of about 300 pages, in each subject, supplemented by parallel readings, to a similar amount. Due attention should be paid to geography and the preparation of outline maps, and the effort should be made to train the judgment as well as the memory of the student, and to develop comparisons between historical characters and periods; and to require some form of written work, such as abstracts of reading, analyses of the text-book, to develop such faculties.

The following books are recommended for use in the schools:

Greek History.—Myers' or Botsford's or Oman's or Morey's History of Greece, or Breasted's Ancient Times, or West's Ancient History; Plutarch's Lives, or other good authorities.

Roman History.—Allen's Short History of the Roman People, or Botsford's or Myers' or Morey's History of Rome, or Breasted's Ancient Times, or West's Ancient History; with additional readings in Plutarch's Lives, Ihne's Early Rome, Froude's Cæsar, or other authorities.

#### ENGLISH AND AMERICAN HISTORY.

1. English History, with due reference to social and political development.

2. American History, with the elements of Civil Government.

The requirements as to quality and methods of work are the same as those prescribed for the courses in Greek and Roman History.

The following books are recommended:

1. English History.—Cheyney's or Andrews' or Larson's or Larned's or Coman and Kendall's History of England, or Montgomery's English History, or Walker's Essentials in English History; with additional readings in Green's History of the English People, Gardiner's Students' History of England, Creighton's Age of Elizabeth, Macaulay's History of England, or other authorities.

2. American History.—Johnston's or Fiske's or Channing's History of the United States, or Hart's Essentials in American History; with additional readings in Lodge's English Colonies in America, Higginson's History of the United States, the works of Parkman, Fiske, the "American Statesmen" series, or other authorities.

#### LATIN

READING. Cæsar's Gallic War, Books I-IV; or Books I-III, and Sallust Catiline.

Cicero, seven Orations; or, the Orations against Catiline, the Oration for Archias, and two thousand lines of Ovid's Metamorphoses.

Vergil's Æneid, Books I-VI; or Eclogues and Æneid, I-IV.

Translations, at sight, of ordinary passages from Cæsar, Cicero's Orations, Vergil's Æneid, and Ovid's Metamorphoses. Instructors in the preparatory schools are urged to insist upon

the use of simple and idiomatic English in the translation of Latin.

**PROSE COMPOSITION.** The equivalent of at least one period a week for three years in Prose Composition.

### MATHEMATICS

Thorough drill in Arithmetic is of vital importance in the study of Mathematics. It is assumed that facility in the use of integral and fractional numbers has been acquired in the lower grades, and that such topics as decimals, percentage, square and cube root, have been covered in the high school course.

**ALGEBRA.** The fundamental operations; factoring, including the finding of the highest common factor and lowest common multiple; solution of simultaneous equations of the first degree in two or more variables; the changing of questions into equations; radicals and exponents, solution of quadratic equations by completing the square, and by factoring; problems depending on quadratic equations; ratio and proportion; arithmetical and geometrical progressions; the binomial theorem for positive integral exponents.

**PLANE GEOMETRY.** The theorems and constructions of good text-books; emphasis is laid on simple exercises.

**ADVANCED MATHEMATICS.** Students offering Advanced Mathematics for admission to college will be expected to present one or more of the following subjects: Advanced Algebra, including higher quadratic equations, binomial formula for any exponent, logarithms, series, determinants, the complex number and the theory of equations; Plane Trigonometry as treated by the usual text-books; Solid Geometry, including the theorems and exercises of the best text-books, mensuration of solids, and demonstration of simple original theorems.

### PHYSICS

A year's work in Physics, five hours a week, covering the subject as presented in Millikan and Gale's First Course in Physics, Black and Davis's Practical Physics, or some equivalent text-book. A note-book containing the complete record of not less than thirty experiments performed by the student, should be presented for examination. At least one-half of these experiments should be quantitative in their character. The note-book

should be vouched for in writing by the instructor, and should be presented at the time of examination, or as soon thereafter as possible.

### PHYSIOGRAPHY

A course of five hours a week for one-half year, covering the subject as presented in Davis's Elementary Physical Geography or an equivalent text-book, with practical work in the laboratory or field, preferably in both. A note-book showing an intelligent record of observation study, certified to in writing by the instructor, must be presented at the time of examination.

### PHYSIOLOGY

Students presenting Physiology for entrance must have completed a half-year's work in that subject. Such work should include a general study of the structures of the body, the organs and their functions, and the processes and methods of growth, as given in Blaisdell's Physiology, or its equivalent.

# FEES AND EXPENSES

## Men's Division

The regular charges each semester are: for tuition \$60, and for term expenses, including library, gymnasium, and other incidentals, \$15, making a total of \$75 a semester. Room rent for students living in the Chapter Houses on the Campus is \$30 a semester and for students living in Hedman Hall and in Roberts Hall from \$30 to \$35 a semester. Each student in Hedman and Roberts Halls pays \$4 a semester for electric lights.

Students who complete the four-year college course in three years will be required to pay four years' tuition.

The students' subscriptions to the Athletic Association, to the Young Men and Young Women's Christian Association, to the *Echo* and *Colbiana*, and to the Library of the Department of History, and the cost of outlines and laboratory materials used in the courses in science, are, by request, placed on the term bills. The bills are presented about the fifteenth of October and the fifteenth of February, and payment is required within ten days. Unless payment is made at this time, students will be excluded from college classes until the obligation is met.

Table board may be obtained in the city from \$5.00 to \$7.00 a week.

## Women's Division

The tuition for all students is \$60 a semester, in addition to \$15 a semester for incidental expenses, making a total of \$150 a year. For students living in Foss Hall, the total charge for tuition, board, and furnished room is \$425 a year, for those in Mary Low Hall, and in Dutton House \$415 a year. There is a charge of \$6.00 a year for electric lights for all those living in women's dormitories. There is a charge of \$5.00 the first semester for the department of Physical Education. One-half of the annual charges for tuition, board, and room rent is due at the beginning of each semester. Bills are presented about the fifteenth of October and of February; payment must be made within ten days. If not, the student will be excluded from college classes until such payment is made. If a student

be compelled by illness or other necessity to leave college before the end of a semester, the charge for that semester will be \$12 a week for the time spent in college. No deduction will be made for absence except in cases of prolonged illness.

### Laboratory Fees

Laboratory fees are charged in the courses in science as follows:

|                                      |                   |
|--------------------------------------|-------------------|
| Biology 1, 2.....                    | \$3.00 a semester |
| Chemistry 1, 2, 3, 4.....            | 5.00 a semester   |
| Chemistry 5, 6, 7, 8, 11, 12.....    | 6.00 a semester   |
| Chemistry 9, 10, 15, 16, 17, 18..... | 7.50 a semester   |
| Geology 1, 2, 5, 6.....              | 3.00 a semester   |
| Geology 3, 4.....                    | 2.00 a semester   |
| Physics 1, 2, 3, 4.....              | 3.00 a semester   |
| Physics 5, 6, 9, 10, 11, 12.....     | 5.00 a semester   |
| Zoölogy 1.....                       | 1.00 a semester   |
| Zoölogy 2.....                       | 3.00 a semester   |
| Zoölogy 3, 4.....                    | 4.00 a semester   |
| Zoölogy 5, 6.....                    | 5.00 a semester   |

### Self-Help

The College pays for student service on the Campus and at Foss Hall more than five thousand dollars a year, giving employment to more than fifty young men and women. Colby is situated in the heart of a thriving city of fifteen thousand inhabitants, and employment outside the College is abundant. The College is aided by the coöperation of a great number of interested friends throughout the city.

Prospective students who desire specific information about scholarship aid and opportunities for self-help are requested to communicate with the President of the College.

# GRADUATION REQUIREMENTS

I. The Faculty will recommend the conferring of the Bachelor's degree by the Board of Trustees upon those students who have successfully completed *122 semester hours* of approved study.

A semester hour is a course pursued one hour a week throughout one semester; the normal course of three recitation periods a week counts as three semester hours. The normal curriculum of five such semester courses totals fifteen semester hours; or thirty hours, for one year. Freshman students are required to take 32 semester hours; other students, 30 semester hours each year. (For permission to take more than 30 hours, i. e., more than five courses, see under "Election of Studies," page 116.)

II. For the successful completion of a course a mark of "D" (60-69) or better must be obtained. After June 1926, no student will be granted a degree unless he has attained a mark of at least "C" (70-79) in at least three-fourths of his courses.

III. These courses are classified in three groups:—

Group A: Language and Literature, including Public Speaking and Journalism.

Group B: History and Economics, including Art, Education, and Philosophy.

Group C: Physical and Natural Sciences, including Mathematics.

*In addition to courses specifically required below*, each candidate for graduation *must* take at least two one-year courses in Group A; one one-year course in Group B; and, if a candidate for the B.A. degree, two one-year courses in Group C; *or*, if a candidate for the B.S. degree, one one-year course in Group C.

IV. From among the courses in *one* of these groups, the student must, at the time of the election of his Sophomore courses, select a Major Subject. Candidates for the degree will be required to complete before graduation a minimum of 18 semester hours in this Major Subject. This work must be arranged with the student's adviser,—the head of the department in which the major subject is to be taken,—and may be begun only after his approval has been gained.

A student who has not offered sufficient work in Latin to satisfy the entrance requirement of *four* years in that subject, but who desires to pursue the course leading to the B.A. degree, may do so by elect-

ing three years of Greek in college (i. e., one year in addition to the two years of Elementary Greek).

But neither Greek 1, 2, nor any other elementary Freshman language courses (English Composition 1, 3 or 2, 4, French 1, 2, German 1, 3, or 2, 4, or Spanish 1, 2), may be counted among courses in the major subject.

V. In one of the two groups in which the major subject does *not* appear, a Minor Subject must be selected, in which a minimum of 12 semester hours must be completed by all candidates for the degree.

VI. (a) If a candidate for the Bachelor's degree has offered for entrance to the college two units in each of *two* modern languages, no further modern language study is required in college.

(b) If a candidate for the degree has offered for entrance two units in *one* modern language, one additional year in a *different* language must be taken in college.

(c) If a candidate for the degree has *not* offered for entrance at least two units in any modern language, two years of modern language study must be taken in college,—one year in one language and one year in a different language.

VII. *In addition* to these language prescriptions, the following courses are required of all candidates for the degree:—

Bibliography A

English Composition 1, 3 or 2, 4.

Mathematics 1, 3 or 2, 4

Physical Education 1, 2, 3, 4 (also 5, 6, 7, 8 for women)

Public Speaking 1, 3 or 2, 4

Greek 5, 6, or 7, 8

or

Latin 1, 3, or 2, 4

} —(for B. A. course only)

Chemistry 1, 2

and

Physics 1, 3 or 2, 4

} —(for B. S. course only)

All of these required subjects may be taken in the Freshman year.

VIII. Courses not called "required" in VI or VII above are elective, from among which courses candidates for the degree must select, with the help of their advisers, courses to meet

the requirements specified in the first five (I-V) paragraphs above. (Detailed descriptions of these courses, and statements of the classes to which these courses are open, are given on pages 41 to 97.)

### SUMMARY

These eight specifications of requirements for graduation may be summed up as in the following convenient table:—

#### Bibliography A

English Composition 1, 3 or 2, 4.

Mathematics 1, 3 or 2, 4

Physical Education 1, 2, 3, 4 (also 5, 6, 7, 8 for women)

Public Speaking 1, 3 or 2, 4

For B.A.: Latin, 1, 3 or 2, 4

*or* Greek, three years in college

For B.S.: Chemistry, 1, 2

*and* Physics 1, 3 or 2, 4

Two modern languages:

(a) 2 years of *each* in preparatory school

*or* (b) 2 years of one in preparatory school  
and one year of the *other* in college

*or* (c) One year of *each* in college

Two years in Group A (Language and Literature)

One year in Group B (History and Economics)

Two years (for B.A.) *or* One year (for B.S.) in Group  
C (Science and Mathematics)

Major: three years in one subject with approval of  
the head of the department.

Minor: two years in subjects in group other than that  
of Major.

# DEGREES

## 1. Bachelor of Arts and Bachelor of Science

The degrees of Bachelor of Arts and Bachelor of Science are conferred by the Board of Trustees, on the recommendation of the Faculty, upon those who have met the requirements specified above (p. 33).

## 2. Bachelor With Distinction

The Bachelor's Degree with Distinction is awarded in three grades: with Distinction (*cum laude*), with High Distinction (*magna cum laude*), with Highest Distinction (*summa cum laude*).

**CUM LAUDE.** Students who attain a rank between eighty-eight and ninety-two percent throughout their college course will be recommended for a degree *cum laude*.

**MAGNA CUM LAUDE.** Students who attain a rank between ninety-two and ninety-five percent throughout their college course will be recommended for a degree *magna cum laude*.

**SUMMA CUM LAUDE.** Students who attain a rank of ninety-five percent or more throughout their college course will be recommended for the degree *summa cum laude*.

**MARKED DISTINCTION.** If at any time a student who has not obtained one of the *cum laude* grades should attain a rank of ninety-five percent in any department, such student may upon recommendation of the head of that department, and at the discretion of the Faculty, be mentioned on the Commencement Program as having attained *Marked Distinction* in that particular department.

## 3. Master of Arts

The degree of Master of Arts will be conferred upon two classes of candidates as follows:

A. Upon graduates of this college who have spent one year in residence at this College pursuing two approved courses of study in different departments; one, a Major Course, must be equivalent to at least two-thirds of the work of a college year, and the other, to be known as a Minor Course, must be equivalent to the work of one-third of a college year. In addition, the

candidate must prepare a satisfactory thesis which is related to the work of his Major Course.

B. Upon those non-resident candidates, who have been graduates of this College for a period of not less than two years, and who have fulfilled all the conditions with regard to courses of study, examinations, and thesis specified in the first paragraph.

Each candidate for this degree must register his name, address, and courses of study with the Registrar not later than the first of October in the year in which he begins his study. His selection of courses must have the approval of the professors of those departments to which they are related, and of the Faculty Committee on Graduate Students. His thesis must be submitted not later than the fifteenth of May of the year in which he desires to be examined for the degree, and must meet with the approval of the professor in charge of his Major Course and of the Faculty Committee on Graduate Students. A copy of the thesis, printed or typewritten, on paper of commercial size, must be deposited in the College Library by the candidate.

All candidates for this degree will be charged a tuition fee of \$100 a year. An additional charge will also be made for the use of laboratory supplies.

## CURRICULA

The requirements just described may be met by following such a curriculum as the following:

| FRESHMAN YEAR                | SOPHOMORE YEAR          |
|------------------------------|-------------------------|
| Bibliography A               | Economics 1, 2          |
| English Composition 1, 3     | English Literature 1, 2 |
| History                      | Major Subject I         |
| Latin <i>or</i> Physics 1, 3 | Minor I                 |
| Mathematics 1, 3             | Science                 |
| Modern Language              | Physical Education 3, 4 |
| Public Speaking 1, 3         |                         |
| Physical Education 1, 2      |                         |
|                              |                         |
| JUNIOR YEAR                  | SENIOR YEAR             |
| Major Subject II             | Major Subject III       |
| Minor II                     | Four electives          |
| Three electives              |                         |

### CURRICULUM FOR PRE-MEDICAL STUDENTS

For pre-medical students who intend to remain but *two* years in college, the following courses are suggested:

**FRESHMAN YEAR.** Biology, Chemistry, French or German, Physics, and English Composition.

**SOPHOMORE YEAR.** Two courses in Chemistry (including Organic Chemistry and laboratory work); English, Physics (including laboratory work); Zoölogy (including vertebrate work).

### PRE-TECHNICAL COURSES IN SCIENCE

To meet the growing demand for scientific training, and to prepare students in advanced work leading to technical courses in Mechanical, Civil, Electrical, Sanitary, and Mining Engineering, Architecture, and Medicine, a number of courses in Mathematics, Drawing and Astronomy, Physics, Chemistry, Geology, and Biology, are offered under arrangements whereby students taking such courses, under the direction of the Faculty, will be admitted to advanced standing of at least Junior grade in the Massachusetts Institute of Technology, or other schools

of similar excellence. In this way the combined College and Professional or Technical Courses may be completed in six years or less.

## CURRICULA FOR STUDENTS MAJORING IN ECONOMICS AND SOCIOLOGY

### 1. Business Administration

#### FRESHMAN YEAR

Mathematics 1, 3 or 2, 4  
 Public Speaking 1, 3  
 \*Latin 1, 3 or 2, 4: or  
 †Physics 1, 3 or 2, 4  
 History  
 English Composition 1, 3  
 Modern Language  
 Bibliography

#### SOPHOMORE YEAR

Economics 1, 2  
 Accounting 1, 2  
 English Literature 1, 2  
 Modern Language  
 †Geology 1, 2 or  
 Chemistry 1, 2

#### JUNIOR YEAR

Economics 3, 4 or 5, 6  
 Business Adm. 3, 4  
 Journalism 1, 2  
 Psychology 1, 2  
 Modern Language

#### SENIOR YEAR

Economics 5, 6 or 3, 4  
 Business Adm. 5, 6  
 History  
 Sociology 1, 2  
 Modern Language

### 2. Commerce and Consular Service

#### FRESHMAN YEAR

Public Speaking 1, 3  
 History

## COURSES OF INSTRUCTION

[Courses in brackets are not given for the current year, 1925-1926.]

### ART

PROFESSOR WHITE

1. CLASSICAL ART, with preliminary survey of the art of Egypt and Western Asia. First Semester: Monday, Thursday, Friday, 2.30; Greek Room.

Elective for Juniors and Seniors.

Given in alternate years; given in 1925-26.

2. CLASSICAL ART, with particular attention to Greek Sculpture. Second Semester: at the same hours and place.

Elective for those who have completed Course 1.

Given in alternate years; given in 1925-26.

[3. CHRISTIAN ART, with particular attention to Gothic Architecture. First Semester: Monday, Thursday, Friday, 2.30; Greek Room.]

Elective for Juniors and Seniors.

Given in alternate years. Not given in 1925-26.

[4. CHRISTIAN ART, with particular attention to Italian Painting. Second Semester: at the same hours and place.]

Elective for those who have completed Course 3.

Given in alternate years. Not given in 1925-26.

In these courses textbook outlines are supplemented with extra reading and with lectures illustrated with casts, photographs, color-prints, and lantern views. Along with the tracing of the development of art in its different homes and epochs, an effort is made to lay some foundation for true appreciation and correct taste.

### ASTRONOMY

ASSOCIATE PROFESSOR TREFETHEN

Astronomy equipment in Shannon Observatory includes a very complete and excellent set of lantern slides,—many of them direct telescopic photographs of celestial objects,—photographs and drawings, a celestial sphere, a sextant, a terrestrial tele-

scope and an equatorial instrument with four-inch objective mounted in the observatory, provided with a solar and filar micrometer eyepiece.

1. **GENERAL ASTRONOMY.** First Semester: Tuesday, Thursday, Saturday, 8; French Room.

Young's Manual of Astronomy is used as a textbook. Recitations, discussions, informal lectures. Observations of astronomical phenomena and simple problems in practical astronomy. Study of almanacs, charts, globes, and lantern slides. Theory and use of instruments with practical exercises.

Elective for Juniors and Seniors.

2. **GENERAL ASTRONOMY.** Second Semester: at the same hours and place.

Continuation of Course 1.

Elective for those who have completed that course.

### BIBLICAL LITERATURE

MR. NEWMAN AND MR. HAYNES

1. **THE LIFE AND TEACHING OF CHRIST.** First Semester: Tuesday, Thursday, and Saturday, 8; Bible Room.

The work of the semester will be divided into three parts. First: a careful study will be made of the geographical, historical, and religious background of Jesus' day. The Synoptic Gospels, the Fourth Gospel, and the extra-canonical accounts will also be critically considered as sources for such a study. Second: an exegetical and inductive study will be made of the recorded life of Christ, and of the various interpretations of his work and personality. Third: an attempt will be made to understand Jesus' religious consciousness and teaching.

Elective for students of both Divisions.

MR. NEWMAN.

2. **THE FIRST CENTURY OF CHRISTIANITY.** Second Semester: at the same hours and place.

An inductive study of the beginnings of Christianity, of Paul's life, influence, and Epistles, of the remaining books of the New Testament, and of the methods and polity of the early church. The growth of Christianity will be traced and opposing forces noted. Other problems to be discussed are

the modern views regarding the Apostolic Age and the canonization of the New Testament. A brief survey will be made of the lives and writings of the early church Fathers.

Elective for students of both divisions who have completed Course 1.

MR. NEWMAN.

### 3. THE LITERATURE AND HISTORY OF THE OLD TESTAMENT.

First Semester: Tuesday, Thursday, Saturday, 9; Geology Lecture Room.

A candid and reverent study of the Old Testament literature in its historical development. Special attention will be given the literary problems of the Pentateuch, the founding and early history of Israel, the rise of the prophets and their messages, the Psalms and Wisdom Books.

Lectures, readings in the Old Testament, recitations, and occasional written reports. The purpose of this course is to stimulate the student's appreciation of the Hebrew Scriptures.

Elective for Sophomores, Juniors, and Seniors.

MR. HAYNES.

### 4. THE LIFE AND THOUGHT OF THE OLD TESTAMENT AND INTERBIBLICAL PERIODS.

Second Semester: at the same hours and place.

This is a continuation of Course 3. A topical study will be made of the origin and development of the religious thought of the Hebrew people, the effect of their environment and history upon their thinking, with special emphasis on the teachings of the Hebrew prophets and poets. The interbiblical period and the Apocryphal writings will be studied at the close of the semester.

Assignments in textbook with constant reference to the Old Testament, recitations and discussions, occasional written reports, and lectures.

Elective for Sophomores, Juniors, and Seniors.

MR. HAYNES.

### 5. RELIGIOUS EDUCATION. First Semester: Monday, Wednesday, Friday, 9; Bible Room.

This course will be an investigation of the psychological basis for religion. A study will be made of childhood, adolescence, and of the development of religion in the mind of a child.

Among the methods used will be: investigation of topics, class or individual projects, discussion,

textbook, assigned readings and papers, observation and report, and occasional lectures.

Elective for those who have completed a year's work in Biblical Literature.

MR. NEWMAN.

6. RELIGIOUS EDUCATION. Second Semester: at the same hours and place.

This course will be a continuation of Course 5 but of a more practical nature. The principles of religious psychology will be applied to educational methods, organization, curriculum, supervision, and measurements in the Church School.

Elective for those who have completed Course 5.

MR. NEWMAN.

## BIBLIOGRAPHY

PROFESSOR MARRINER

### A. THE USE OF THE LIBRARY.

Instruction in the use of the card catalogue, periodicals, Reader's Guide, and books of general reference. Required of all Freshmen of both divisions. The work consists of a meeting of each division of the class as a whole, followed by one hour of practice work in the college library. The meeting of the divisions is scheduled as follows:

All Freshmen men at 2.30 on the first Wednesday of the first semester.

All Freshmen women at 4.30 on the second Wednesday of the first semester.

1. PRACTICAL USE OF BOOKS AND LIBRARIES. First Semester: Monday, Thursday, Friday, 3.30; English Room.

A course designed to provide a knowledge of the practical elements of library science, so that, whatever profession the student enters, he may be able to exercise an economical and efficient use of books, magazines, and library materials. The work includes systematic study of over one hundred books of reference, periodicals, government documents, classification, cataloging, indexing, making of bibliographies, and selection of books for a private library. Lectures, assigned readings, reports and library practice.

Elective for Juniors and Seniors.

2. HISTORY OF BOOKS AND LIBRARIES. Second Semester: at the same hours and place.

History of writing and printing; libraries ancient and modern; book reviews and book buying. Continuation also of the practical work of Course 1.

Elective for students who have completed Course 1.

## BIOLOGY

PROFESSOR CHESTER

1. **GENERAL BIOLOGY.** First Semester: Div. A, Wednesday, Friday, at 10; Div. B, Wednesday, Friday, at 11; Laboratory Divisions: (I) Monday, 10-12; (II) Monday, 1.30-3.30; (III) Tuesday, 1.30-3.30.

Elective for Freshmen, Sophomores, and Juniors.

2. **GENERAL BIOLOGY.** (Continued). Second Semester: at the same hours.

Elective for those who have completed Biology 1.

Courses 1 and 2 are designed to acquaint students with the general biology of both the animal and plant organism. In them are studied the characteristics and physiology of protoplasm; cell structure and tissue differentiation; the anatomy, development and physiology of organisms; their distribution and relation to the environment and to each other. A brief survey of the theories of evolution and the methods of heredity are also included.

## Zoology

1. **EVOLUTION AND GENETICS.** First Semester: Tuesday, Thursday, Saturday, 8.

This course is designed to introduce the student to the theoretical side of Biology. In it are studied the various factors that contribute toward the proof of evolution and some of the various theories that go to explain evolution. The subject of variations and the facts and theories of heredity will occupy a portion of the course.

Elective for those who have taken Biology 1 and 2.

2. **ZOOLOGY.** Second Semester: at the same hours; Laboratory hours, Thursday.

The anatomy, physiology and classification of animals. Typical representatives of the various groups will be taken in the laboratory.

Elective for those who have taken Biology 1 and 2.

3. VERTEBRATE ANATOMY. First Semester: Monday, Wednesday, Friday, 8-10.

Elective for Juniors and Seniors who have taken Biology 1 and 2.

4. VERTEBRATE ANATOMY. Continuation of Course 3. Second Semester: at the same hours.

Zoölogy 3 and 4 are designed to acquaint students with the structure of the vertebrate animal. The fish, the amphibian, and the mammal are used as illustrations in the laboratory. In the class room descriptions of other forms, and comparisons of similar structures aid the student in obtaining an understanding of these forms.

5. TECHNIQUE; AND EMBRYOLOGY. First Semester: Monday, Thursday, and Friday afternoons.

Laboratory Technique is introduced to give the student a foundation in the methods of laboratory study. It will also include some work in the early embryology of some of the lower forms.

6. EMBRYOLOGY OF VERTEBRATES. Second Semester: at the same hours.

The development of the chick will furnish the foundation on which the course is based. This course is continuous with 5.

Zoölogy 5 and 6 are open to Juniors and Seniors who have taken Zoölogy 3 and 4.

## BUSINESS ADMINISTRATION

ASSOCIATE PROFESSOR AUFFINGER

Although the work in accounting is designed for those who intend to enter business or teach commercial subjects, a knowledge of it is valuable also to those who expect to study law. In fact, to a lawyer serving in a fiduciary capacity or one representing corporate interests, an understanding of accounting is practically indispensable. To the layman, the training furnished by this course will be of service in enabling him to value his investments in securities through an understanding of the balance sheet and profit and loss statement.

Although the course in Elementary Accounting is not a prerequisite for any of the advanced business courses *except* Advanced Accounting, it is, nevertheless, a desirable background

course for students electing other work in this department. Accordingly it is suggested that students intending to major in the Department of Business Administration take Elementary Accounting in either their Freshman or Sophomore years.

Inasmuch as all other courses are given in alternate years, it is advisable that the student plan his schedule accordingly.

1. **ELEMENTARY ACCOUNTING.** First Semester: Div. A, Monday, Thursday, Friday, 1.30; Mathematics Room; Div. B, Tuesday, Thursday, Saturday, 11; Greek Room.

This course is to be distinguished from bookkeeping in that bookkeeping, in general, consists of the study of a system, whereas accounting is the study of a set of principles. Having a thorough understanding of accounting principles, one may then draw up a system of accounts which will assure the management of a business of the information which it desires. During the first semester the construction of the Balance Sheet and Profit and Loss Statement, the theory of debit and credit, the adjustment and summarization of the ledger, controlling accounts, the work sheet, and subsidiary journals are studied. The method of instruction consists of class discussion, the solution of problems, and the study of a text.

2. **ELEMENTARY ACCOUNTING.** Second Semester: at the same hours and places.

This is a continuation of Course 1. In addition to the accounting methods of a partnership, those peculiar to a corporation are studied. Much time is given to an introduction to business methods such as the handling of the cash, sales and purchase policies, and the use of negotiable instruments.

3. **CORPORATION FINANCE.** First Semester: Tuesday, Thursday, Saturday, 8; Drawing Room.

Although taking the view point of the corporation in financial matters, much of this course will be of value to one who may be called upon to invest funds. An understanding of the various types of securities which may be issued and of the motives underlying the choice of any particular one will be helpful to an investor. The various forms of business organization, the types of securities, principles of borrowing, and the work of the promoter

and underwriting syndicates are considered during the first semester.

Elective for Sophomores, Juniors, and Seniors.

4. CORPORATION FINANCE. Second Semester: at the same hours and place.

In contrast with Course 3 which deals with the external financial relations of a company, this course deals with the management of its internal finance, and its surplus and dividend policies. Consolidations and reorganizations are covered at length.

Elective for Sophomores, Juniors, and Seniors.

[5. BUSINESS LAW. First Semester: Monday, Wednesday, Friday, 10; North-east Room.]

It is not intended that the student should rely on such knowledge of the law as he may get from this study. Rather, it is the intention to explain the more common legal principles so that a student may know when to consult a competent lawyer. In the first half of the year the law of contracts with especial reference to the relations of debtor and creditor and buyer and seller, is studied.

Elective for Juniors and Seniors. Not offered in 1925-1926.

[6. BUSINESS LAW. Second Semester: at the same hours and place.]

This continuation of Course 5 involves mortgages, guaranty, suretyship, negotiable instruments, and the nature, formation and dissolution of the relations in agency, partnership, and corporations.

Elective for Juniors and Seniors. Not offered in 1925-1926.

[7. BUSINESS STATISTICS. First Semester: Tuesday, Thursday, Saturday, 8; Drawing Room.]

The use of statistics as a means of obtaining more intelligent executive control makes it desirable that those who intend to go into business should have some understanding of the technique of compiling, interpreting and presenting statistical data. The course is designed to acquaint the student with basic methods.

Elective for Sophomores, Juniors, and Seniors. Not offered in 1925-1926.

[8. INDUSTRIAL MANAGEMENT. Second Semester: at the same hours and place.]

This is a survey course dealing with problems arising from material factors and personal relations which the management of a manufacturing concern must solve. Such matters as factory location and lay-out, internal organization, methods of wage payment, and personnel problems are considered.

Elective for Sophomores, Juniors, and Seniors. Not offered in 1925-1926.

9. ADVANCED ACCOUNTING. First Semester: Monday, Wednesday, Friday, 10; North-east Room.

Practically the entire first semester is given over to a study of evaluating the different items appearing on a Balance Sheet. This, of course, involves a thorough investigation of depreciation.

Courses 1 and 2 are prerequisites.

10. ADVANCED ACCOUNTING. Second Semester: at the same hours and place.

This is a continuation of Course 9. Accounting problems arising from the use of sinking funds, branch offices, combinations and consolidations, and those in connection with the voluntary or involuntary liquidation of a business are studied.

## CHEMISTRY

PROFESSOR PARMENTER, ASSISTANT PROFESSOR WEEKS,  
MR. GETTENS, AND ASSISTANTS

Students who plan to elect the full chemical course should begin work in chemistry on entering college. Sophomores may, upon the approval of the Department, elect Chemistry 1 and 5 simultaneously.

1. GENERAL CHEMISTRY. First Semester: Wednesday, Friday, 11; Laboratory Div. I, Monday, 10-12; Div. II, Tuesday, 1.30-3.30.

Introduction: history, occurrence, distribution, preparation, properties and uses of the non-metallic elements and their principal compounds. Theoretical and Historical Chemistry. Lectures and recitations with lecture-table experiments. Individual laboratory work in which the student

prepares the principal elements and their compounds and studies their properties.

Required of Sophomores, B. S. Course. Elective for Juniors and Sophomores, B. A. Course and for Freshmen who intend to take the full chemical course.

PROFESSOR PARMENTER.  
ASSISTANT PROFESSOR WEEKS.  
MR. GETTENS.  
ASSISTANTS.

2. GENERAL CHEMISTRY. Second Semester: at the same hours.

Course 1 continued. History, occurrence, distribution, metallurgy, properties and uses of the metals, and the study of their principal compounds.

A brief study of some of the important organic compounds. Lectures, recitations and laboratory work.

Required of Sophomores, B. S. Course. Elective for Juniors and Sophomores, B. A. Course, and for Freshmen who have taken Chemistry 1.

PROFESSOR PARMENTER.  
ASSISTANT PROFESSOR WEEKS.  
MR. GETTENS.  
ASSISTANTS.

3. HOUSEHOLD CHEMISTRY. First Semester: Wednesday, Friday, 9; Laboratory hours, Tuesday, 1.30-3.30.

This course will consist of a general discussion of the Chemistry of daily life and the application of the science to various activities of the household. Such subjects as textiles, dyeing, cleaning, laundering, cooking, etc., will be considered. Lectures, recitations and laboratory work.

Elective for students of the Women's Division who have passed Chemistry 1 and 2.

PROFESSOR PARMENTER.

4. CHEMISTRY OF FOOD AND NUTRITION. Second Semester: at the same hours.

A brief survey of the typical compounds of carbon will be made. Particular stress will be laid upon those compounds which are found in plant and animal tissues and the changes which food constituents undergo in the process of cooking, in digestion and under the action of micro-organism. Elementary physiological chemical problems will be discussed. Impurities in foods will be considered

and simple tests for such substances made. Lectures, recitations and laboratory work.

Elective for students of the Women's Division who have taken Chemistry 3.

NOTE: Students of the Women's Division may take Chemistry 3, 4 and 5, 6 simultaneously.

PROFESSOR PARMENTER.

5. **QUALITATIVE ANALYSIS.** First Semester: Div. A, Tuesday, Thursday, Saturday, 10-12; Div. B, Monday, Thursday, Friday, 2.30-4.30.

Lectures, recitations and laboratory work on the reactions of the metallic ions. A study of the separation and detection of the metallic radicals, based upon the theory of ionization and the law of mass action.

Elective for students who have passed Chemistry 1 and 2.

MR. GETTENS.

6. **QUALITATIVE ANALYSIS AND INORGANIC PREPARATIONS.** Second Semester: at the same hours.

A continuation of Course 5, emphasizing the detection of the acid radical in compounds. Considerable work is done in analysing alloys, minerals and technical products. An extensive study of the theory of ionization and of the law of chemical equilibrium is pursued. Several inorganic preparations are made, the products purified and their properties studied.

Elective for students who have passed Chemistry 5.

MR. GETTENS.

7. **QUANTITATIVE ANALYSIS.** First Semester: Tuesday, Thursday, Saturday, 8-10.

This course is arranged to give the student both theoretical and practical instruction in quantitative analysis as illustrated by selected gravimetric methods. The use of the analytical balance, method of weighing and calibration methods are studied. Frequent problems are given and written reports are required covering the theory and methods of analysis. Laboratory work with lectures and quizzes.

Elective for students who have taken or are taking Chemistry 5 and 6.

PROFESSOR PARMENTER.  
MR. GETTENS.

8. **QUANTITATIVE ANALYSIS.** Second Semester: at the same hours.

A systematic consideration of the theories, practical instruction in quantitative analysis as illustrated by selected volumetric and electrochemical methods. Calibration methods are studied and frequent problems are given. Written reports are required covering the theory and methods of analysis. Laboratory work with lectures and quizzes.

Elective for students who have taken Chemistry 7.

PROFESSOR PARMENTER.  
MR. GETTENS.

9. **ORGANIC CHEMISTRY.** First Semester: Monday, Thursday, Friday, 2.30-4.30.

A study of the properties, reactions and structure of the aliphatic hydrocarbons and their derivatives. Lectures, quizzes and laboratory work.

Elective for Juniors and Seniors who have passed or are taking Chemistry 5 and 6.

ASSISTANT PROFESSOR WEEKS.

10. **ORGANIC CHEMISTRY.** Second Semester: at the same hours.

A continuation of Course 9. A study of benzene, its derivatives and of the more important carbocyclic compounds. Special stress is laid throughout on the relation between chemical constitution and the chemical and physical properties. Lectures, quizzes and laboratory work.

Elective for those who have passed Chemistry 9.

ASSISTANT PROFESSOR WEEKS.

11. **PHYSICAL CHEMISTRY.** First Semester: Wednesday, Friday, 10; Laboratory hours, Tuesday, 3.30-5.30.

A systematic consideration of the theories, fundamental laws and methods of physical chemistry; including stoichiometry; gases, liquids and solids; generalizations and applications of the phase rule; thermochemistry; colloid chemistry and photochemistry. Lectures, quizzes and laboratory work on illustrative experiments.

Elective for Juniors and Seniors who have passed Chemistry 6.

ASSISTANT PROFESSOR WEEKS.

12. **PHYSICAL CHEMISTRY.** Second Semester: at the same hours.

A continuation of Chemistry 11 including the law of mass action; modern theories of solutions; chemical kinetics; chemical equilibrium; catalysis; electrochemistry; radioactivity and atomic structure. Lectures, quizzes and laboratory work.

Elective for those who have passed Chemistry 11.

Students may elect Chemistry 7, 9 and 11 simultaneously.

ASSISTANT PROFESSOR WEEKS.

13. **INDUSTRIAL CHEMISTRY.** First Semester: Monday, Wednesday, Friday, 8.

In this course a study is made of the more important applications of inorganic and organic chemistry to manufacturing purposes. The aim of the course is not only to give students a knowledge of factory methods which depend upon Chemistry but also to give a broad cultural idea of the place which the subject of Chemistry holds in the development of modern industry. This is accomplished through lectures, collateral reading, and occasional excursions to manufacturing plants.

The First Semester's work deals with the application of inorganic chemistry to chemical industries. Lectures, quizzes and visits to plants.

Elective for Juniors and Seniors who have taken or are taking Chemistry 7 to 10.

MR. GETTENS.

14. **INDUSTRIAL CHEMISTRY.** Second Semester: at the same hours.

A continuation of Chemistry 13. A study is made of the more important applications of organic chemistry to the development of modern industry. Lectures, quizzes and visits to plants.

Elective for Juniors and Seniors who have passed Chemistry 13.

MR. GETTENS.

15. **QUANTITATIVE ANALYSIS, ADVANCED.** First Semester: Tuesday, Thursday, Saturday, 10-12.

Selected methods in gravimetric, volumetric, gasometric and electro-chemical analysis arranged to meet the needs of the individual student. In-

struction is given in the use of such physical-chemical apparatus as the polariscope, colorimeter, refractometer, etc. Laboratory work with lectures and written reports.

Elective for Seniors who have passed Chemistry 7 and 8.

PROFESSOR PARMENTER.

16. TECHNICAL ANALYSIS. Second Semester: at the same hours.

This course is a continuation of Chemistry 15 and has to do with the quantitative study of technical, agricultural and industrial products. The analysis of iron and steel, lubricating oils, the complete analysis of coal with bomb-calorimeter methods, paint and soap analysis, water analysis for industrial and potable purposes, food analysis and the analysis of fertilizer are some of the problems studied. The work so far as possible is arranged to meet the needs of the individual student. Laboratory work with lectures and written reports.

Elective for Seniors who have passed Chemistry 15.

PROFESSOR PARMENTER.

17. ORGANIC CHEMISTRY, ADVANCED. First Semester: Thursday, Friday, 1.30-2.30; Laboratory hours, Monday, 1.30-5.30.

Lectures, recitations and quizzes on the more important general reactions of organic chemistry. Special reactions of interest to the advanced student will be considered. Some reading of papers in the chemical literature and reports on special subjects will be required.

The laboratory work will consist of more difficult preparations than those made in Chemistry 9 and 10. The preparations will be taken from a number of the more important laboratory manuals and from the original literature.

Elective for Seniors who have passed Chemistry 10.

ASSISTANT PROFESSOR WEEKS.

18. ORGANIC CHEMISTRY, ADVANCED. Second Semester: at the same hours.

A continuation of Chemistry 17.

ASSISTANT PROFESSOR WEEKS.

**DRAWING AND DESCRIPTIVE GEOMETRY**

ASSOCIATE PROFESSOR CARTER

1. **MECHANICAL DRAWING AND DESCRIPTIVE GEOMETRY. First Semester: Monday, Thursday, Friday, 1.30-3.30; Drawing Room.**

The principles of Descriptive Geometry, comprising the projection of points and lines, the intersection of solids, the development of surfaces, and graphic solution of problems. The mechanical drawing of geometric figures and objects, lettering and dimensioning.

Elective for Freshmen, Sophomores, Juniors, and Seniors.

2. **MECHANICAL DRAWING AND DESCRIPTIVE GEOMETRY. Second Semester; at the same hours and place.**

Continuation of Course 1.

Elective for those who have completed that course.

By a recent special gift it has become possible to provide amply for the work in Drawing and Descriptive Geometry which had been already begun. The south end of the second floor of Champlin Hall has been made into a single room, which is well lighted and furnished with excellent individual tables and stools for drawing, also chairs and blackboards for lecture and recitation work.

Drawing and Descriptive Geometry are of great value as cultural studies and training of the imagination, as well as for their practical applications. By means of these courses, students preparing for engineering professions, may anticipate studies required for technical subjects.

**ECONOMICS AND SOCIOLOGY**

PROFESSOR MORROW

The students who intend to major in Economics and Sociology, or who plan to do graduate work in these subjects, prepare for foreign service, do social work, enter business, or study law, are advised to take one of the curricula suggested on page 39. These courses, while permitting a considerable degree of concentration, give the student the liberal education of a classical college.

**Economics**

1. **PRINCIPLES OF ECONOMICS.** First Semester: Div. A, Monday, Wednesday, Friday, 9; Div. B, Tuesday, Thursday, Saturday, 8; both in Economics Room.

A brief survey of the development of economic thought is given. The theories of the Mercantilists, Kameralists, Physiocrats, and Adam Smith are discussed. A study of consumption, production, and distribution follows. Textbook, lectures, collateral reading. A paper on some economic topic is required of each student in the class.

Elective for Sophomores, Juniors, and Seniors.

2. **PRINCIPLES OF ECONOMICS.** Second Semester: at the same hours and place.

This is a continuous course with Course 1. The subjects of banking, credit, labor, money, social insurance, socialism, tariff, and transportation are studied. Textbook, lectures, collateral readings.

Elective for Sophomores, Juniors, and Seniors.

3. **PUBLIC FINANCE.** First Semester: Monday, Wednesday, Friday, 11; Economics Room.

Some of the most important topics of public finance are considered i. e., public expenditures, public revenues, taxation, public credit, and financial administration and legislation. Budgets, income taxes and war finance are considered.

Textbook, lectures, collateral reading, and special reports.

Elective for Juniors and Seniors who have taken Courses 1 and 2.

4. **INTERNATIONAL TRADE.** Second Semester: at the same hours and place.

Work in this course covers the theory of foreign and domestic trade. The effects of tariffs, bounties, and other interferences with world trade are examined. How transportation and the rates of foreign exchange enter into trade relations are discussed. A careful study of a text is supplemented by lectures, collateral readings, and reports.

Elective for Juniors and Seniors who have taken Courses 1 and 2.

[5. **LABOR ECONOMICS.** First Semester: Monday, Wednesday, Friday, 11; Economics Room.]

A study of the origin and development of labor organizations is followed by a discussion of the court interpretations in labor cases. Strikes, lockouts, boycotts, methods of settling industrial disputes, theories of wages, and unemployment are studied. Each student selects an aspect of the labor problem which he makes his topic for special study and on which he reports to the class.

Textbook, lectures, reports and collateral reading.

Elective for Juniors and Seniors who have taken Courses 1 and 2. Not offered in 1925-1926.

[6. **MONEY AND BANKING.** Second Semester: at the same hours and place.]

The evolution of money; the functions of banking; the banks of France, Germany, Great Britain, the United States and the Federal Reserve Bank, are studied. Textbook, lectures, collateral reading, and papers on assigned topics.

Elective for Juniors and Seniors who have taken Courses 1 and 2. Not offered in 1925-1926.

### Sociology

1. **PRINCIPLES OF SOCIOLOGY.** First Semester: Tuesday, Thursday, Saturday, 9; Economics Room.

This is a study of the origin, growth and structure of Human Society. Heredity, environment, activities, forms of social organization and social control are discussed. Textbook, lectures, and collateral reading. A paper on a sociological topic is required of each student.

Elective for Juniors and Seniors who have taken Economics 1 and 2.

2. **SOCIAL PROBLEMS.** Second Semester: at the same hours and place.

Special social problems; such as the family, population, immigration, negro, city, country, pauperism, crime, socialism, and social progress are studied. Lectures, textbook, and special reports.

Elective for Juniors and Seniors who have taken Sociology 1.

3. **SOCIAL THEORY.** First Semester: Monday, Wednesday, Friday, 8; Economics Room.

This course traces the development of social theory as a normal product of the mind reacting to its social environment. To do this an account of the economic, political, and social conditions of

the period studied is given. The theories of the most important social writers from Plato to the present time are studied. Textbook, lectures, reports.

Elective for Seniors who have taken Sociology 1 and 2.

4. **SOCIOLOGY SEMINAR.** Second Semester: at the same hours and place.

Students in this course must prepare reports on assigned sociological topics; and these reports form the basis for class discussions. A paper embodying the work of each student is required. Some time is given to methods of field work and social research.

Elective for Seniors who have taken Sociology 1 and 2.

[5. **IMMIGRATION AND AMERICANIZATION.** First Semester: Monday, Wednesday, Friday, 8; Economics Room.]

A study of immigration is made from its historical, economic, political, and social aspects. This is followed by a survey of the agencies and methods of Americanizing the immigrants. Lectures, reports, textbook.

Elective for students who have taken Sociology 1 and 2. Not offered in 1925-26.

[6. **POVERTY AND DEPENDENCY.** Second Semester: at the same hours and place.]

Of all the social problems poverty is one of the most important. The Socio-economic factors that cause an increase in the number of capable and industrious people who become dependents are studied. Methods of relief and prevention receive careful consideration.

Lectures, textbook, reports.

Elective for students who have taken Sociology 1 and 2. Not offered in 1925-26.

## EDUCATION AND PSYCHOLOGY

ASSOCIATE PROFESSOR COLGAN

The College, through this Department, has undertaken to meet in full the minimum requirements established by the Maine State Department of Education for preparation for the Professional Secondary Certificate. That certificate is granted to qualified college graduates who have taken 15 hours of approved

work in Education, in addition to a course in general psychology.

In an attempt to meet the demands of modern education for high-school teachers who have had professional training for their work, most states have requirements similar to those established by the State of Maine. Although the holder of a diploma from an accredited college can obtain a teaching position in a public high school, the requirements for a professional certificate must be met either before graduation or within a stated time, usually two years, after beginning to teach.

### Education

1. HISTORY OF EDUCATION IN EUROPE. First Semester: Monday, Wednesday, Friday, 2.30; German Room.

The purpose of the course is to lead to an understanding of modern education as the outcome of a long series of historic events in which present-day ideals, standards, modes of teaching, and methods of educational organization and administration have slowly evolved.

Prescribed reading, class discussions, and lectures.

2. HISTORY OF EDUCATION IN THE UNITED STATES. Second Semester: at the same hours and place.

This course undertakes to show the genetic relationship of American education with its European sources and to trace the development of education in the United States from its colonial beginnings, through the periods of state and national growth, to the development of present-day methods, curricula, and aims. A survey will be made of the major problems in American education.

Courses 1 and 2 are elective for Seniors and Juniors and are open to Sophomores after conference with the instructor. They are of particular value as try-out courses to students who are considering teaching as a profession.

3. SOCIAL PRINCIPLES OF EDUCATION. First Semester: Monday, Wednesday, Friday, 11; Geology Lecture Room.

The course deals with the basic elements in the social and ethical theory of education, surveys contemporary educational conditions, and defines the function of education in social and individual life.

Lectures, discussion, school visits, textbook and supplementary reading.

Elective for Juniors and Seniors.

4. EDUCATIONAL PSYCHOLOGY (LEARNING PROCESS). Second Semester: at the same hours and place.

Application of the principles of general psychology to the problems of education, with special reference to the psychology of the learning process.

Lectures, discussions, class experiments; school observations, textbook and supplementary reading.

Elective for Juniors and Seniors.

5. GENERAL METHODS OF HIGH-SCHOOL TEACHING. First Semester: Tuesday, Thursday, Saturday, 11; Economics Room.

A study of the learning and teaching processes in their relation to methods of classroom instruction and management; the relationships of school, teacher, and community; professional and ethical standards of the teacher; discipline, drill, and other phases of class instruction; the use of the question; the lesson plan; directed study; problems of the novice in teaching; and observation of secondary-school teaching.

Lectures, discussions, class demonstrations, textbook and supplementary reading, and observation reports.

Elective for Juniors and Seniors.

6. PRINCIPLES OF SECONDARY EDUCATION. Second Semester: at the same hours and place.

A study of the problems involved in the analysis of the secondary-school population; individual differences of pupils; the major historical phases of the secondary-school as an institution; its aims and functions; the program of studies; critique of current practices; general phases of organization and administration.

Lectures, discussions, school visits, textbook and supplementary reading, and study of a selected problem.

Elective for Juniors and Seniors.

Courses 5 and 6 should be taken in the Senior year. They are open only to those who intend to teach after graduation from college.

TEACHERS' ENGLISH: See English Literature 12 (p. 65).

TEACHERS' LATIN: See Latin 9(b) (p. 79).

### Psychology

1. **GENERAL PSYCHOLOGY.** First Semester: Tuesday, Thursday, Saturday, 10; Economics Room.

A study of human nature and behavior. Description and analysis of consciousness, habit, memory, learning, emotions, will, thought, personality, and the interrelations of heredity and environment. Presentation of fundamental theories and an application of psychological principles to the various situations of life.

Lectures, discussions, exercises, textbook and supplementary reading.

Elective for Seniors, Juniors and a few Sophomores.

2. **APPLIED PSYCHOLOGY.** Second Semester: at the same hours and place.

A continuation of Course 1, expanding into a brief survey of the use of psychological principles in medicine, law, industry, education, art, religion, and science; and concluding with a study of the mechanisms of character formation and the fundamentals of mental hygiene.

Elective for those who have taken Course 1.

### ENGLISH

PROFESSOR WEBER, ASSISTANT PROFESSOR DUNN, MR. ROLLINS,  
MR. BROWN, AND MR. KELSEY

#### English Composition

1. **ENGLISH COMPOSITION.** First Semester: Div. A, Monday, Wednesday, Friday, 8, Drawing Room; Div. B, Monday, Wednesday, Friday, 10, Latin Room; Div. C, Tuesday, Thursday, Saturday, 8, Latin Room; Div. D, Tuesday, Thursday, Saturday, 8, History Room; Div. F, (Second Semester) Monday, Thursday, Friday, 1.30, French Room.

A course of training in the clear, accurate, and intelligent use of the English language. Frequent written papers; detailed criticism; outside readings, and reports.

Required of men of the Freshman or Sophomore class.

MR. ROLLINS.  
MR. BROWN.  
MR. KELSEY.

2. ENGLISH COMPOSITION. Identical with Course 1. First Semester: Div. A, Monday, Wednesday, Friday, 11, English Room; Div. B, Tuesday, Thursday, Saturday, 10, English Room; Div. C, Tuesday, Thursday, Saturday, 11, English Room; Div. F (Second Semester) Monday, Thursday, Friday, 1.30, French Room.

Required of women of the Freshman or Sophomore class.

MR. BROWN.  
MR. KELSEY.

3. A CONTINUATION OF COURSE 1. Second Semester: at the same hours as Course 1. (Div. F: First Semester.)

Required of men of the Freshman or Sophomore class.

MR. ROLLINS.  
MR. BROWN.  
MR. KELSEY.

4. THE SAME AS COURSE 3. Second Semester: at the same hours as Course 2. (Div. F: First Semester.)

Required of women of the Freshman or Sophomore class.

MR. BROWN.  
MR. KELSEY.

5. ADVANCED COMPOSITION. First Semester: Monday, Thursday, and Friday, 2.30; English Room.

Designed for students who are especially interested in writing. There is no attempt at professional training, the aim being to aid the student in gaining fluency and facility in the expression of ideas, and skill in the handling of his subject-matter.

Weekly stories or essays, reports on reading, and impromptu criticism in the classroom. Lectures and class discussions.

Elective for men and women who have completed Courses 3 or 4 and Literature 1-2.

MR. ROLLINS.

6. CONTINUATION OF COURSE 5. Second Semester: at the same hours and place.

MR. ROLLINS.

NEWS WRITING: See Journalism 1, page 78.

### English Literature

The purpose of the work in English Literature is to give the student some idea of the history of the literature of his own language, to develop in him a real enjoyment in the reading of good books, and above all to train his mind, through association with the great thinkers and writers of England and America, to think for itself. The courses consist of occasional lectures, frequent recitations, and written reports.

1. **SURVEY COURSE.** First Semester: Div. A, Monday, Wednesday, Friday, 8; History Room; Div. B, Tuesday, Thursday, Saturday, 8; N. E. Room; Div. C, Monday, Wednesday, Friday, 8; English Room. (A and B for women only; C for men only).

A survey of English Literature from the Revival of Learning to the death of Johnson, 1470-1784.

A preliminary course, open to all except Freshmen.

PROFESSOR WEBER.

ASSISTANT PROFESSOR DUNN.

2. **SURVEY COURSE.** Second Semester: at the same hours and place.

A continuation of Course 1.

A survey of English Literature from the death of Johnson to the death of Queen Victoria, 1784-1900.

Open to those who have completed Course 1.

PROFESSOR WEBER.

ASSISTANT PROFESSOR DUNN.

3. **SHAKESPEARE.** First Semester: Monday, Wednesday, Friday, 10; English Room.

A careful study of the work of the great dramatist.

Elective for Juniors and Seniors who have completed Course 1-2.

PROFESSOR WEBER.

4. **SHAKESPEARE.** Second Semester: at the same hours and place.

A continuation of Course 3.

Elective for those who have completed Course 3.

PROFESSOR WEBER.

[5. MILTON. First Semester: Tuesday, Thursday, Saturday, 8; English Room.]

A study of English Literature from 1630 to 1744, emphasizing the work of Milton, and including Dryden, the Queen Anne writers, and Pope.

PROFESSOR WEBER.

[6. WORDSWORTH. Second Semester: at the same hours and place.]

A continuation of Course 5.

English Literature from 1744 to 1810, the forerunners of the Romantic Revival, Wordsworth, and Coleridge.

Course 5-6 is elective for Juniors and Seniors who have completed Course 1-2; it is annually alternated with Course 7-8; not offered in 1925-26.

PROFESSOR WEBER.

7. THE ROMANTIC POETS. First Semester: Tuesday, Thursday, Saturday, 8; English Room.

A continuation of Course 6: English Literature from 1810 to 1832,—Shelley and Keats, Scott and Byron, etc.

PROFESSOR WEBER.

8. TENNYSON AND BROWNING. Second Semester: at the same hours and place.

A continuation of Course 7.

English Literature during the Age of Queen Victoria, from 1832 to 1900,—Tennyson and Browning, Arnold and Swinburne, etc.

Course 7-8 is elective for Juniors and Seniors who have completed Course 1-2. Course 5-6 is recommended as a preliminary, but is not required.

Alternated with Course 5-6; offered in 1925-26.

PROFESSOR WEBER.

9. THE ENGLISH DRAMA. First Semester: Tuesday, Thursday, Saturday, 9; N. E. Room.

A study of the English Drama to Pinero. This includes some study of the beginnings of drama, and of Greek, of Latin, of Spanish, of French dramas as they have influenced English dramatics. The English Mystery and Morality Plays, the Elizabethan drama, the Restoration drama, and the stage to the modern era.

MR. ROLLINS.

10. MODERN DRAMA. Second Semester: at the same hours and place.

This course is a natural continuation of English Literature 9, but may be taken separately. The preceding course gives valuable background.

Study of "the drama of sincerity and the drama of delight". Ibsen, Pinero, Shaw, Jones, Galsworthy, O'Neill, and others; Wilde, Barrie, Maeterlinck, Mackaye, and the like. Some of the movements to be studied are the Irish Nationalist Theater, The American Little Theater Movement, and present tendencies in the world theaters.

Courses 9 and 10 are elective for Juniors and Seniors.

MR. ROLLINS.

11. AMERICAN LITERATURE. First Semester: Tuesday, Thursday, Saturday, 9; English Room.

A survey of American Literature from Franklin to Mark Twain,—1770-1900.

Elective for all who have completed Course 1-2.

PROFESSOR WEBER.

12. THE TEACHING OF ENGLISH. Second Semester: at the same hours and place.

A professional course for prospective teachers of English in preparatory and high schools.

Elective for students who have completed Course 1-2.

PROFESSOR WEBER.

## FRENCH

ASSOCIATE PROFESSOR HELIE, MR. STRONG, AND MR. BARTLETT

1. ELEMENTARY FRENCH. First Semester. Monday, Thursday, Friday, 3.30; French Room.

Grammar, pronunciation, oral work, and translation of easy French.

MR. BARTLETT.

2. CONTINUATION OF COURSE 1. Second Semester: at the same hours and place.

Courses 1 and 2 are elective for students who have not studied any French.

MR. BARTLETT.

3. INTERMEDIATE FRENCH. First Semester: Div. A, Monday, Wednesday, Friday, 11, Math. Room; Div. B, Monday, Wednesday, Friday, 11, Greek Room; Div. C, Monday, Thursday, Friday, 2.30, French Room.

Grammar, translation, and composition.

ASSOCIATE PROFESSOR HELIE.  
MR. BARTLETT.

4. CONTINUATION OF COURSE 3. Second Semester: at the same hours and places.

Courses 3 and 4 are elective for those who have completed Courses 1 and 2, or who have had two years of secondary school French; but *not* for those who have had *three* years of secondary school French.

Those who wish to study French after offering *three* units of French for entrance should elect French 5, 6.

ASSOCIATE PROFESSOR HELIE.  
MR. BARTLETT.

5. FRENCH PROSE AND POETRY. First Semester: Div. A, Tuesday, Thursday, Saturday, 9, Latin Room; Div. B, Tuesday, Thursday, Saturday, 8, Greek Room; Div. C, Tuesday, Thursday, Saturday, 9, Biology Lecture Room.

Rapid reading of modern authors; composition.

ASSOCIATE PROFESSOR HELIE.  
MR. STRONG.  
MR. BARTLETT.

6. CONTINUATION OF COURSE 5. Second Semester: at the same hours and place.

Courses 5 and 6 are elective for those who have completed Courses 3 and 4, and for those who offered three units of French for admission to college.

ASSOCIATE PROFESSOR HELIE.  
MR. STRONG.  
MR. BARTLETT.

7. FRENCH LITERATURE OF THE SEVENTEENTH CENTURY. First Semester: Monday, Thursday, Friday, 2.30; Latin Room.

Malherbe, Descartes, Pascal, Corneille, La Rochefoucauld, Racine, Boileau, Molière, La Fontaine, Sévigné, Bossuet, La Bruyère, Fénelon.

ASSOCIATE PROFESSOR HELIE.

8. CONTINUATION OF COURSE 7. Second Semester: at the same hours and place.

Courses 7 and 8 are elective for those who have completed Courses 5 and 6.

ASSOCIATE PROFESSOR HELIE.

9. FRENCH LITERATURE OF THE EIGHTEENTH CENTURY. First Semester: Tuesday, Thursday, Saturday, 10; French Room.

Selections from the works of Montesquieu, Buffon, Voltaire, Diderot, Rousseau, Lesage, Marivaux, Beaumarchais, Abbé Prevost Chenier.

ASSOCIATE PROFESSOR HELIE.

10. CONTINUATION OF COURSE 9. Second Semester: at the same hours and place.

Courses 9 and 10 are elective for those who have completed Courses 5 and 6.

ASSOCIATE PROFESSOR HELIE.

11. FRENCH LANGUAGE. First Semester: Div. A, Monday, Wednesday, Friday, 10, Economics Room; Div. B, Tuesday, Thursday, Saturday, 10, N. E. Room.

Designed for those who desire special instruction in syntax, composition, and phonetics of French pronunciation.

ASSOCIATE PROFESSOR HELIE.  
MR. STRONG.

12. FRENCH LYRIC POETRY OF THE NINETEENTH CENTURY. Second Semester: at the same hours and places.

Reading, lectures, and explanation of texts.

Courses 11 and 12 are elective for those who have completed Courses 7, 8, 9, 10.

ASSOCIATE PROFESSOR HELIE.  
MR. STRONG.

## GEOLOGY

ASSOCIATE PROFESSOR PERKINS

1. PHYSIOGRAPHY. First Semester: Div. A, Wednesday, Friday, 8; Div. B, Wednesday, Friday, 9; Div. C, Wednesday, Friday, 10; Laboratory Division I, Monday, 1.30-3.30; II, Tuesday, 1.30-3.30; III, Thursday, 1.30-3.30.

A study of the topographic forms of the earth's surface, including their structure, origin

and development. This course is designed for those who wish a cultural knowledge of geology and for those who may later teach physical geography in high school. Text-book study, laboratory work, and field trips.

Elective for Freshmen, Sophomores, Juniors, and Seniors. Prerequisite for other courses in the department.

2. **PHYSIOGRAPHY AND METEOROLOGY.** Continuation of Geology 1. Second Semester: at the same hours.

The work on earth forms is completed and considerable time is devoted to the study of the atmosphere, weather, and climate. Text-book study, field trips, and laboratory work.

3. **PHYSICAL GEOLOGY.** First Semester: Tuesday, Thursday, 8; Laboratory, Friday, 1.30-3.30.

A study of the rocks of the earth's crust, including their composition, origin and structure. Especial attention is given to those features of the rocks which are of use in interpreting the past history of the earth. Text-book study, laboratory work and field trips.

Elective for those who have had Geology 1-2, and for Seniors with the consent of the instructor.

4. **HISTORICAL GEOLOGY.** Second Semester: at the same hours.

A study of the history of the earth as written in the rocks. Attention is given to the geography and climates of the past and their effect on the development of organic life. Text-book study, laboratory work and field trips.

[5. **CRYSTALLOGRAPHY, MINERALOGY, AND BLOWPIPE ANALYSIS.** First Semester: Tuesday, Thursday, Saturday, 10-12.]

A course in the identification of minerals by means of their geometric form and physical and chemical properties. This course is intended for those students specializing in Chemistry, Engineering, or Geology, and for those who feel that a knowledge of minerals would provide an interesting or profitable avocation.

Elective for those who have had or are taking Chemistry 5.

[6. **ECONOMIC GEOLOGY.** Second Semester: at the same hours.]

A study of the origin and method of occurrence of the two great classes of natural inorganic resources; namely, the non-metallic products such as coal, oil, cement, salt, phosphates, asbestos, and many minor materials, and the metallic products such as iron, copper, gold, silver, zinc, and lead.

Geology 5-6 is alternated with Geology 7-8. Given in 1926-27.

7. **GEOLOGICAL RESEARCH.** First Semester: Wednesday, 1.30-5.30.

A course designed to give practice in the methods of geological research. The work will be adapted to the needs of the individual student and will consist of reading in geological literature and of field and laboratory work on an assigned problem. At the end of the course the student is expected to prepare a typewritten report upon his problem. The course counts as a standard three-hour course for the year.

Elective for students who have taken Geology 3.

8. **GEOLOGICAL RESEARCH.** Second Semester: at the same hours.

Geology 7, 8 is alternated with Geology 5, 6. Given in 1925-26.

## GERMAN

### PROFESSOR MARQUARDT

The chief object of the courses in elementary German is to give every graduate a sufficient knowledge of the language to enable him to make practical use of it. The student acquires the necessary knowledge of the grammar, and a good vocabulary, so that he is able to translate ordinary German at sight. Beside, conversation is taught to a certain extent, in order to train the student's ear, to furnish him a correct pronunciation, and to familiarize him with the most important idioms.

The aim of the intermediate and advanced elective courses is to give those students who wish to make a specialty of German a more thorough knowledge of the language through the reading of the best German authors, and by constant practice in German conversation and translation into German. A course of lectures on German literature from its beginnings to the present time is given in German. These lectures present to the

students a general view of the development of German literature from the Prehistoric Period to the Old High German, from that period to the Middle High German, and from that dialect to the New High German.

In order to acquaint the student with the scientific style and terms of the language a German Science Reader and an Advanced Scientific German Course have been added in the advanced courses. Such courses are, however, not designed to teach the sciences to students who have not yet become acquainted with general scientific principles. When the student has acquired some knowledge of the subject-matter from his English scientific courses he may derive great benefit from learning also the technical terms in German. A sufficient practice in scientific German will not only give him valuable additional training in a new language, but also enable him to consult German scientific works with great profit.

1. GRAMMAR. First Semester: Div. A, Monday, Wednesday, Friday, 9; Div. B, Tuesday, Thursday, Saturday, 9; both in German Room.

Study of the elements of German Grammar according to Bacon's New German Grammar; careful practice in pronunciation. German script required from the beginning.

Elective for all men who have not studied any German.

2. SAME AS COURSE 1. First Semester: Monday, Wednesday, Friday, 10; German Room.

Elective for all women who have not studied any German.

3. GRAMMAR, Bacon continued. Second Semester: at same hours and place as Course 1.

Special attention paid to strong verbs and the elementary parts of German syntax. Memorizing of poetry. Translation of Storm's Immensee.

Requirements are the same as in Course 1.

4. SAME AS COURSE 3. Second Semester: at the same hours and place as Course 2.

Requirements are the same as in Course 2.

5. GRAMMAR, reviewed. First Semester: Div. A, Monday, Wednesday, Friday, 11; Div. B, Tuesday, Thursday, Saturday, 10; both, in German Room.

Constant practice in conversation according to Bernhardt's *Im Zwielight*. Daily themes. Special attention paid to irregular verbs.

Elective for Sophomores and Juniors who have taken Courses 1 and 3, or 2 and 4, or who have offered German for entrance, and for Freshmen who offer German for entrance.

6. TRANSLATION AND CONVERSATION, according to Bernhardt's *Im Zwielight*, continued. Second Semester: at the same hours and place as Course 5.

Memorizing of poetry. Blochmann's *Scientific German*.

Elective for Freshmen, Sophomores, and Juniors who have taken Course 5.

7. ADVANCED SCIENTIFIC GERMAN. First Semester: Monday, Thursday, Friday, 1.30; German Room.

Based on selections from the following books: (1) Müller, *Die elektrischen Maschinen*. (2) Kayser, *Die Elektronentheorie*. (3) Lassar-Cohn, *Die Chemie im Täglichen Leben*. (4) Rauter, *Allgemeine chemische Technologie*. (5) Kauffman, *Allgemeine und physikalische Chemie*.

Elective for students who have completed Courses 5 and 6.

8. CHIEFLY LITERARY WORK. Second Semester: at the same hours and place as Course 7.

Based on Keller's *Bilder aus der Deutschen Litteratur*, dictation, composition and conversation. Allen's *German Life*. Lectures on German Literature.

Elective for students who have completed Course 7.

9. LESSING AND SCHILLER. First Semester; German Room.

One drama of each author will be read, and the life and times, and other works of both discussed in lectures and reports. Prose composition.

Elective for all students who have completed Courses 5 and 6.

10. **GOETHE.** Second Semester: at the same place.  
Specimens of Goethe's poetry and prose. Lectures and reports. Prose composition.  
Elective for all students who have completed Courses 5 and 6.
11. **GRAMMAR.** First Semester: Tuesday, Thursday, Saturday, 11; German Room.  
Prose Composition by v. Jagemann, with syntax by the same author. Fulda's *der Talisman*. German conversation.  
Elective for all students who have completed Courses 5 and 6
12. **GOETHE'S FAUST, I. TEIL.** Second Semester: at the same hours and place.  
Prose Composition by v. Jagemann. Original themes and dictation. Conversation.  
Elective for all students who have taken Course 11.

## GREEK

PROFESSOR WHITE

1. **ELEMENTARY GREEK.** First Semester: Tuesday, Thursday, Saturday, 9; Greek Room.  
Elective for all classes.
2. **ELEMENTARY GREEK,** continued, with reading of simple prose. Second Semester: at the same hours and place.
3. **ELEMENTARY GREEK;** reading of simple prose, continued. First Semester: Monday, Wednesday, Friday, 10; Greek Room.  
Elective for those who have completed Courses 1 and 2.
4. **ELEMENTARY GREEK;** readings from Homer. Second Semester: at the same hours and place.  
Elective for those who have completed Course 3.  
Courses 1-4 are for those who have *not* studied Greek in preparation for college but wish to gain some knowledge of the language. The purpose is to do in two years approximately the work that is done in three years in the ordinary preparatory school course. The rate of progress, therefore, must be rapid, and only apt students of language

who can devote a generous amount of time to this work should think of undertaking it.

- [5. HOMER. First Semester: Monday, Wednesday, Friday, 9; Greek Room.]

Selections from the Odyssey; study of national as contrasted with literary epic, and of ancient Greek life as depicted in the Homeric poems; extra reading of portions of the poems in English versions.

Elective for those who have completed Courses 1-4 or their equivalent.

Given in alternate years. Not given in 1925-26.

- [6. SELECTIONS FROM THE GREEK HISTORIANS. Second Semester: at the same hours and place.]

Elective for those who have completed Course 5.

Given in alternate years. Not given in 1925-26.

- [7. SELECTED SPEECHES OF LYSIAS. First Semester: Monday, Wednesday, Friday, 9; Greek Room.]

Elective for those who have completed Courses 1-4 or their equivalent.

Given in alternate years. Not given in 1925-26.

- [8. PLATO'S APOLOGY AND CRITO, with collateral reading from Xenophon's Memorabilia of Socrates. Second Semester: at the same hours and place.]

Elective for those who have completed Course 7.

Given in alternate years. Not given in 1925-26.

*It should be noted that courses are offered above for those who enter college with one, two, or three years of Greek to their credit, as well as for those who enter without Greek.*

9. INTRODUCTION TO DRAMATIC POETRY. First Semester: Monday, Wednesday, Friday, 11.

Study of the origin and development of the Greek Drama, and of the structure and presentation of a Greek play; reading of a play of Æschylus, or Sophocles, and of other plays in English versions.

Elective for those who have completed Courses 5, 6 or 7, 8.

Given in alternate years: given in 1925-26.

10. **DRAMATIC POETRY** continued. Second Semester: at the same hours.

Reading of a play of Euripides and a play of Aristophanes, and of other plays in English versions.

Elective for those who have completed Course 9. Given in alternate years; given in 1925-26.

11. **BIBLICAL GREEK.** Selections from the Septuagint. First Semester: Monday, Wednesday, Friday, 9; Greek Room.

Elective for those who have completed Courses 1-4.

Given in alternate years; given in 1925-26.

12. **BIBLICAL GREEK.** The Gospel according to Mark. Second Semester: at the same hours and place.

Elective for those who have completed Course 11. Given in alternate years; given in 1925-26.

13. **SURVEY OF GREEK POETRY:** Epic, Lyric, and Dramatic. First Semester: Tuesday, Thursday, Saturday, 11; History Room.

Elective for Sophomores, Juniors, and Seniors.

14. **SURVEY OF GREEK PROSE LITERATURE.** Second Semester: at the same hours and place.

Elective for those who have completed Course 13.

No knowledge of the Greek language is required for Courses 13 and 14; *the reading is done in English translations.*

## HISTORY AND POLITICAL SCIENCE

PROFESSOR WILKINSON

### History

11. **MODERN EUROPE: 1500-1815.** First Semester: Monday, Wednesday, Friday, 10; History Room.

Following a brief sketch of early French history a study is made of the age of Louis XIV, the Germanies in the 17th and 18th centuries, the rise of Russia and the decline of Sweden, Poland and Turkey, the leading political events of England, Spain and Portugal, European society in the Eighteenth Century including that of the old

regime, the French Revolution and the Napoleonic Era.

Lectures, textbooks, quizzes, and essay.

Text used: Hayes' *Modern Europe*, Vol. I. Extensive assigned readings which include: *Cambridge Modern History*, Robinson and Beard, *Readings in Modern European History*, Vol. 1, Batiffol, *The Century of the Renaissance in France*, Henderson, *A Short History of Germany*, Reddaway, *Frederick the Great*, Morfill, *Poland*, Lowell, *The Eve of the French Revolution*, Madelin, *The French Revolution*, Mathews, *The French Revolution*, Fisher, *Napoleon*, also portions of the biographies of Napoleon by Rose, Fournier, Ropes and Rosebery.

Acquaintance with all assigned readings is tested by monthly written quizzes.

Elective for Sophomores, Juniors and Seniors.

12. MODERN EUROPE: 1815-1924. Second Semester: at same hours and place.

- The Congress of Vienna, the era of Metternich, the revolutionary movements of 1830 and 1848, the unification of Germany and Italy, the Second Empire, France under the Third Republic, parliamentary reform in England, the Russian Empire, the Balkan Wars, causes, issues and results of the World War.

Lectures, essay, quizzes. Hayes, *Modern Europe*, Vol. II, used as a text. Assigned readings include: Guedalla, *The Second Empire*; Strachey, *Queen Victoria*; and a considerable amount of material dealing with the World War.

Elective for Sophomores, Juniors and Seniors.

A knowledge of French and German is desirable for students taking History 11 and 12.

13. UNITED STATES HISTORY: 1829-1865. First Semester: Monday, Wednesday, Friday, 11; History Room.

The principal events of the middle period including the personalities and policies of the presidents and political leaders, and the conditions which produced the Civil War, with an account of the conflict itself.

Lectures, textbook, quizzes and essay. The assigned readings will include seven volumes, in their entirety, of the American Nation series which cover the above period. Biographies including those of Jackson, Clay, Webster and Lincoln will be

part of the reading, knowledge of which will be tested by monthly quizzes.

Open to Sophomores, Juniors and Seniors.

14. UNITED STATES HISTORY: 1865-1924. Second Semester: at the same hours and place.

The reconstruction period, national development, problems and progress, and America as a world power.

Methods same as above. The six volumes of the American Nation Series constitute part of the required readings. These and all other volumes assigned for reading in History Courses will be found in sufficient numbers on the reserve shelves in the library.

15. ENGLISH HISTORY: 1815-1900. First Semester: Tuesday, Thursday, Saturday, 10; History Room.

Advanced course in recent English history. Text used: Marriott, *England Since Waterloo*. The following works will be studied: Morley, *Life of Gladstone* in 2 vols., Winston Churchill, *Life of Lord Randolph Churchill*, in 2 vols., Strachey, *Queen Victoria*, Viscount Grey, *Twenty-five Years*, Lee, *King Edward VIII* (Vol I).

Open to those Juniors and Seniors who have attained a rank of C or better in History of Modern Europe.

16. ENGLAND SINCE 1900. Second Semester: at the same hours and place.

A continuation of History 15. A study of original sources including the Annual Register, Parliamentary Debates and Periodicals.

An essay of 30,000 or more words required.

### Political Science

11. POLITICAL SCIENCE. First Semester: Tuesday, Thursday, Saturday, 9; History Room.

European Government. This course deals with the present-day government of the chief European countries. Great Britain, France, Germany, Italy, and Russia are included, with briefer studies of Switzerland and some of the other small nations. About half the course is devoted to the British system of parliamentary government in all its phases, including the Constitution of the Irish Free State, the new government of India, and the

administration of the overseas dominions. Particular attention is devoted to the actual workings of English political institutions and to the changes which have been brought about during the past ten years.

The analogies and contrasts between European and American methods of government are freely discussed. Current problems are featured, especially those connected with the increased power of the Labor party in England and the Socialists in continental countries.

Text used: *The Government of Europe*, by W. B. Munro.

Open to Juniors and Seniors.

12. POLITICAL SCIENCE. Second Semester: at the same hours and place.

United States Government. A general survey of the principles and practise of American government as exemplified in the nation, in the states, and in the several areas of local administration. Not only are the forms and functions of the American political institutions studied but their present-day working merits and defects are considered. Throughout the course these institutions are contrasted with analogous institutions in other countries.

Text used: *American Government and Politics*, by C. A. Beard.

Open to Juniors and Seniors.

A library fee of \$1.50 per semester will be charged students in history and political science courses.

## JOURNALISM

PROFESSOR LIBBY

The object of the course is to give to students who intend to make Journalism their profession an understanding of the work of writing news articles, preparing editorial matter, and of the ideals that should govern the editor in his work; and to such other students who elect the course, a better understanding of the important part which newspapers are playing in educating the great masses of the people on subjects of national and international importance. Practical work of corresponding for State newspapers, interviewing men and women on various sub-

jects, and preparing editorial matter for the College publications will be requirements.

A text-book will be used, and the reading of texts on journalism will be required.

1. NEWS WRITING. First Semester: Monday, Wednesday, Friday, 9; English Room.

Study of news and news values, sources and collection of news, diction and style in news articles. Text-book.

Prerequisite, English Composition 1, 3 or 2, 4.

2. FUNCTION OF THE NEWSPAPER. Second Semester: at the same hour and place.

History of Journalism in the United States will form a background for the work of this Semester. The writing of editorial matter and special articles on assigned subjects will be required.

Elective for those who have completed Course 1.

## LATIN

PROFESSOR TAYLOR AND ASSOCIATE PROFESSOR TREFETHEN

1. LIVY XXI. First Semester: Monday, Wednesday, Friday, 8; Latin Room.

Required of Freshman men in the B.A. Course.

PROFESSOR TAYLOR.

2. LIVY I: AGRICOLA OF TACITUS. First Semester: Div. A, Monday, Wednesday, Friday, 9, French Room; Div. B, Tuesday, Thursday, Saturday, 10; Latin Room.

Required of Freshman women in the B.A. Course.

PROFESSOR TAYLOR.

ASSOCIATE PROFESSOR TREFETHEN.

3. ODES OF HORACE. Second Semester: at the same hours and place.

Required of Freshman men in the B.A. Course.

PROFESSOR TAYLOR.

4. ODES OF HORACE. Second Semester: at the same hours and places.

Required of Freshman women in the B.A. Course.

PROFESSOR TAYLOR.

ASSOCIATE PROFESSOR TREFETHEN.

5. **PLINY'S LETTERS: SATIRES OF HORACE.** First Semester: Monday, Wednesday, Friday, 11; Latin Room.

Elective for Sophomores of both Divisions.

PROFESSOR TAYLOR.

6. **CICERO DE AMICITIA: QUINTILIAN X, XII.** Second Semester: at the same hours and place.

Elective for Sophomores of both Divisions.

PROFESSOR TAYLOR.

7. **CATULLUS: LUCRETIUS: TIBULLUS: PROPERTIUS: LUCAN.** First Semester: Monday, Thursday, Friday, 3.30; Latin Room.

Elective for Juniors and Seniors of both Divisions.

Given in alternate years.

PROFESSOR TAYLOR.

[8. **HISTORIES OF TACITUS: SATIRES OF JUVENAL.** First Semester: Monday, Thursday, Friday, 3.30; Latin Room.]

Elective for Juniors and Seniors of both Divisions.

Given in alternate years; not given in 1925-26.

PROFESSOR TAYLOR.

9. (a) **EPISTLES OF HORACE.** Second Semester: at the same hours and place.

Elective for Juniors and Seniors of both Divisions.

(b) **CICERO'S ORATIONS: VERGIL'S ÆNEID.** Second Semester: at the same hours and place.

A practical course for prospective teachers.

Elective for Juniors and Seniors of both Divisions.

PROFESSOR TAYLOR.

### MATHEMATICS

PROFESSOR ASHCRAFT, PROFESSOR RUNNALS, ASSOCIATE PROFESSOR CARTER, AND ASSOCIATE PROFESSOR TREFETHEN

1. **ALGEBRA.** First Semester: Div. A, Monday, Wednesday, Friday, 8, French Room; Div. B, Monday, Wednesday, Friday,

9, Drawing Room; Div. C, Tuesday, Thursday, Saturday, 9, Drawing Room; Div. D, Tuesday, Thursday, Saturday, 9, French Room; Div. E, Tuesday, Thursday, Saturday, 8, Math. Room; Div. F, Tuesday, Thursday, Saturday, 9, Math. Room.

A rapid review of the principal topics of preparatory Algebra, including graphical representation; the binomial theorem for any exponent, permutations and combinations, logarithms, determinants, the complex number, theory of equations, etc.

Required of the men of the Freshman class.

PROFESSOR ASHCRAFT.

ASSOCIATE PROFESSOR CARTER.

ASSOCIATE PROFESSOR TREFETHEN.

2. SAME AS COURSE 1. First Semester: Div. A, Monday, Wednesday, Friday, 9, Math. Room; Div. B, Tuesday, Thursday, Saturday, 11, Math. Room; Div. C, Tuesday, Thursday, Saturday, 9, Math. Room.

Required of the women of the Freshman class.

PROFESSOR ASHCRAFT.

PROFESSOR RUNNALS.

### 3. SOLID GEOMETRY AND PLANE TRIGONOMETRY.

(A) SOLID GEOMETRY. Second Semester: Div. A, Monday, Wednesday, Friday, 8, French Room; Div. B, Monday, Wednesday, Friday, 9, Drawing Room; Div. C, Tuesday, Thursday, Saturday, 9, Drawing Room; Div. D, Tuesday, Thursday, Saturday, 9, French Room.

Includes original demonstrations and the solution of problems relating to the surfaces and volumes treated.

Required of the men of the Freshman class who do not offer Solid Geometry for entrance.

(B) PLANE TRIGONOMETRY. Second Semester: at the same hours as Course 3 (A).

Trigonometric functions, and demonstrations of formulas; solution of right and oblique triangles, with practice in the use of logarithmic tables; problems and applications.

Required of the men of the Freshman class who do not offer Solid Geometry for entrance.

ASSOCIATE PROFESSOR CARTER.

ASSOCIATE PROFESSOR TREFETHEN.

4. SOLID GEOMETRY AND PLANE TRIGONOMETRY.

(A) SAME AS COURSE 3 (A). Second Semester: Div. A, Monday, Wednesday, Friday, 9, Math. Room; Div. B, Tuesday, Thursday, Saturday, 11, Math. Room.

Required of the women of the Freshman class who do not offer Solid Geometry for entrance.

(B) SAME AS COURSE 3 (B). Second Semester: at the same hours as Course 4 (A).

Required of the women of the Freshman class who do not offer Solid Geometry for entrance.

PROFESSOR ASHCRAFT.  
PROFESSOR RUNNALS.

5. PLANE AND SPHERICAL TRIGONOMETRY, with applications to Geodesy and Astronomy. Second Semester: Div. E, Tuesday, Thursday, Saturday, 8, Math. Room; Div. F, Tuesday, Thursday, Saturday, 9, Math. Room.

Required of the men of the Freshman class who offer Solid Geometry for entrance.

PROFESSOR ASHCRAFT.

6. SAME AS COURSE 5. Second Semester: at the same hours as Course 5.

Required of the women of the Freshman class who offer Solid Geometry for entrance.

PROFESSOR ASHCRAFT.

7. ANALYTIC GEOMETRY. First Semester: Div. A, Monday, Wednesday, Friday, 8, Math. Room; Div. B, Monday, Wednesday, Friday, 10, Drawing Room.

Study of the point, line, and conic sections; loci and their equations; elements of Analytic Geometry of space. Prerequisite for all subsequent courses.

Elective for Sophomores and Juniors.

PROFESSOR ASHCRAFT.  
ASSOCIATE PROFESSOR CARTER.

8. ELEMENTARY DIFFERENTIAL AND INTEGRAL CALCULUS. Second Semester: at the same hours and place.

Differentiation of simple functions; application to curves; maxima and minima; integration as the

inverse of differentiation; simple applications of integration to Geometry and Mechanics.

Elective for those who have taken Course 7.

PROFESSOR ASHCRAFT.

ASSOCIATE PROFESSOR CARTER.

9. **ADVANCED CALCULUS.** First Semester: Tuesday, Thursday, Saturday, 10; Math. Room.

Differentiation of the more complex functions; theorems of Taylor and Maclaurin; partial and total derivatives; integration by special methods and by the aid of a table; the definite integral, length of curves, areas, centres of gravity, etc.

PROFESSOR ASHCRAFT.

10. **DIFFERENTIAL EQUATIONS AND ANALYTIC GEOMETRY OF SPACE.** Second Semester: at the same hours and place.

A course involving calculus applications to space curves, surfaces, and volumes; the solution of ordinary differential equations of Mechanics and Physics.

Elective for those who have taken Course 9.

PROFESSOR ASHCRAFT.

11. **HIGHER ALGEBRA.** First Semester: Monday, Wednesday, Friday, 10; Math. Room.

Special topics of Algebra, such as determinants, series, symmetric functions of roots, etc., supplementing Course 1, 2. Solution of the cubic, the biquadratic, and  $n$  linear equations in  $n$  variables; eliminants and other invariants; covariants, etc. In part a lecture course.

Elective for those who have taken Course 8.

PROFESSOR ASHCRAFT.

12. **ANALYSIS AND MODERN METHODS.** Second Semester: at the same hours and place.

A continuation of Course 11. Special topics of Analytic Geometry, supplementing Course 7; systems of coördinates; higher plane curves, making use of elementary Calculus; topics for teachers.

Elective for those who have taken Course 11.

PROFESSOR ASHCRAFT.

13. **MECHANICS.** First Semester: Monday, Wednesday, Friday, 10; French Room.

Statics; the composition, resolution and equilibrium of forces; stresses.

Problems solved analytically and graphically.  
Kinematics; the rectilinear and curvilinear motions of a particle.

Elective for those who have taken Course 8.

ASSOCIATE PROFESSOR TREFETHEN.

14. MECHANICS. Second Semester: at the same hours and place.

Kinetics; the motion of a particle under the action of forces; work, energy, impulse, potential; dynamics of a rigid body.

Continuation of Course 13.

Elective for those who have completed that course.

ASSOCIATE PROFESSOR TREFETHEN.

15. SURVEYING. First Semester: Tuesday, Thursday, Saturday, 10-12; Drawing Room.

Theory and use of instruments, with field and office work.

Elective for Juniors and Seniors.

ASSOCIATE PROFESSOR CARTER.

16. CONTINUATION OF COURSE 15. Second Semester: at the same hours and place.

Elective for those who have taken that course.

ASSOCIATE PROFESSOR CARTER.

ASTRONOMICAL MATHEMATICS: see Astronomy, page 42.

DESCRIPTIVE GEOMETRY: see Drawing, page 55.

MECHANICAL DRAWING: see Drawing, page 55.

## PHILOSOPHY

MR. HAYNES.

1. INTRODUCTION TO PHILOSOPHY. First Semester: Monday, Wednesday, Friday, 8; Bible Room.

The purpose of this course is to introduce the student to the method and problems of philosophy, and to acquaint him with philosophical terms. The most important systems of philosophical thought will receive general treatment, sufficient to enable the student to form his own conception of reality, the meaning and purpose of life. A few

lectures and recitations will be devoted to the study of thought, its origin and nature.

The work will be based on an adequate text, supplemented by lectures, discussions, outside readings, and reports.

Elective for Seniors and a very few Juniors.

MR. HAYNES.

2. HISTORY OF PHILOSOPHY. Second Semester: at the same hours and place.

A selective survey of philosophical thought from the times of the Greeks to our own. The greatest European and American philosophers will receive greater attention. Each student will be expected to work out tentatively his own philosophy.

The work will be based on a textbook, supplemented by lectures on the more important philosophies and systems of thought.

Elective for Seniors and Juniors who have taken Course 1 or its equivalent.

MR. HAYNES.

## PHYSICS

PROFESSOR WHEELER AND ASSISTANT PROFESSOR STANLEY

1. GENERAL PHYSICS. Men's Division. First Semester.
2. GENERAL PHYSICS. Women's Division. First Semester.
3. GENERAL PHYSICS, continued. Men's Division. Second Semester.
4. GENERAL PHYSICS, continued. Women's Division. Second Semester.

Physics 1, 2, 3, and 4 include two hours of lectures and recitations and one two-hour laboratory exercise each week. Div. A, Monday, Wednesday, 10; Div. B, Tuesday, Thursday, 10; Div. C, Tuesday, Thursday, 11; Div. D, Monday, Wednesday, 11; Laboratory Divisions: I, Monday, 1.30-3.30; II, Tuesday, 1.30-3.30; III, Thursday, 1.30-3.30; IV, Friday, 1.30-3.30.

General physics consists of fully illustrated courses of experimental lectures and recitations on the general principles of Mechanics, Properties of Matter, Heat, Sound, Light, Magnetism and Electricity, accompanied by practical work in the laboratory, in which the students perform for themselves experiments, chiefly quantitative,

illustrating the subjects treated in the class-room.

The purpose of these courses is to acquaint the student with the fundamental physical principles whose discovery and application have made possible the development of the steam-engine, the steamboat and locomotive; the dynamo, modern lighting and electric transportation; the internal combustion engine, the automobile and the aeroplane; the telephone, telegraph, wireless communication and many other practical applications—principles concerning which it would seem that a college graduate should have at least a general knowledge. The courses are also designed to serve as a basis for further work in physics for those who intend to teach science, study medicine or prepare for the profession of engineering.

The work follows a standard text-book and specially prepared laboratory direction sheets.

Courses 1 and 3 are required of B. S. Freshmen of the Men's Division; Courses 2 and 4 are required of B. S. Freshmen of the Women's Division. Elective for Sophomores and Juniors.

PROFESSOR WHEELER.

ASSISTANT PROFESSOR STANLEY.

5. **EXPERIMENTAL PHYSICS.** First Semester: Div. A, Tuesday, Thursday, Saturday, 8-10; Div. B, Tuesday, Thursday, Saturday, 10-12.

Elective for those who have passed Mathematics 1 and 3 or 5, or 2 and 4 or 6, as well as Physics 1 and 3, or 2 and 4.

6. **EXPERIMENTAL PHYSICS, continued.** Second Semester: at the same hours.

Elective for those who have completed Physics 5.

Courses 5 and 6 treat more in detail the principles studied in Physics 1, 2, 3, and 4. Practice is afforded in setting up and adjusting delicate physical apparatus, in making precise physical measurements and in the judicious interpretation of results. The aim is to give some insight into the manner of carrying on scientific investigations. The greater part of the work will be in the laboratory, though recitations and lectures will be held occasionally. These courses are especially designed for those who intend to teach physics, or to study medicine or engineering; and they are required as preparation for the engineering courses, or for those who wish to enter with ad-

vanced standing the Massachusetts Institute of Technology or other technical schools.

PROFESSOR WHEELER.

ASSISTANT PROFESSOR STANLEY.

7. THEORY OF HEAT. First Semester: Monday, Wednesday, Friday, 11.

The purpose of this course is to give a more thorough training in the mathematical principles and refined measurements of thermal phenomena than is possible in the earlier courses. Its character is indicated by the following outline: the nature and difficulties of precise heat measurements, the variation of the physical properties of matter with temperature, the thermal behavior of actual gases and vapors as distinguished from ideal gases, the kinetic theory as extended to these cases, the production and measurement of high and low temperatures, and the behavior of bodies under these conditions; laws of conduction, radiation, selective absorption, diathermancy, and general phenomena of radiant energy; the mechanical theory of heat, its inception, discovery, and import; fundamental principles of thermodynamics, and their application to useful processes other than those of heat engines. Some attention is paid to the historical side of the subject, as being an aid to a better understanding of the principles involved.

Elective for those who have completed Mathematics 8, and are pursuing Mathematics 9, and have passed Physics 1 and 3, or 2 and 4.

Given in alternate years; given in 1925-26.

PROFESSOR WHEELER.

8. THERMODYNAMICS OF HEAT ENGINES. Second Semester: at the same hours.

This course is intended to give not only theoretical, but practical instruction. It is especially designed to supplement the electrical engineering courses, by giving what is essential to them of mechanical engineering. The course covers: the principles of the conversion of heat energy into mechanical power, in all forms of heat engines,— e.g. steam (including reciprocating and turbine engines), gas, vapor, oil, hot-air, and solar engines; mechanical refrigeration and air compressors; the essentials of the mechanism employed, valve gears,

and engine tests. Some problems and the working up of an engine test are required.

Given in alternate years; given in 1925-26.

Elective for all who have completed Physics 7 and Mathematics 9.

PROFESSOR WHEELER.

9. **MAGNETISM AND ELECTRICITY.** First Semester, Wednesday, Friday, 9. Laboratory hours, Monday, 8-10.

Elective for Sophomores, Juniors and Seniors who have taken or are taking Mathematics 7 and Physics 5.

10. **MAGNETISM AND ELECTRICITY,** continued. Second Semester: at the same hours.

Elective for those who have completed Physics 9. and have taken or are taking Mathematics 8.

Physics 9 and 10 cover more in detail than is possible in the earlier courses the general principles of magnetism and electricity required for work in electrical engineering. The content of these courses may be indicated as follows: magnetic elements and measurements; testing magnetic qualities of iron; measurements of resistance and temperature coefficient of resistance; electrical resistance thermometers; use of standards of electromotive force, self and mutual inductance, and capacity; insulation and capacity tests; electrolytic conduction; discharge of electricity through gases, testing of rectifying and amplifying vacuum tubes; elementary theory of alternating currents; electrical oscillations and radiation; thermo-electricity; electric light photometry.

PROFESSOR WHEELER.

ASSISTANT PROFESSOR STANLEY.

11. **ELECTRICAL ENGINEERING.** First Semester: Wednesday, Friday, 8; Laboratory hours, Wednesday, 1.30-3.30.

A review and further consideration of current flow in circuits; the laws of electromagnetism and of the magnetic circuit; construction, use and protection of electrical measuring instruments; laboratory determinations of the operating characteristics of direct current machinery; theory and practical management of direct current motors and generators; preparation of reports. Some attention will be paid to the theory, care and use of storage batteries.

Elective for those who have taken Physics 9 and 10.

PROFESSOR WHEELER.

12. **ELEMENTARY ALTERNATING CURRENT ENGINEERING AND WIRELESS TELEGRAPHY.** Second Semester: at the same hours.

Laws of alternating current circuits; theory and operating characteristics including practical testing of alternating current machinery; electrical waves and oscillations; telegraph, telephone and radio communication.

Elective for those who have taken Physics 11.

PROFESSOR WHEELER.

[13. **RADIOACTIVITY.** First Semester: Monday, Wednesday, Friday, 11.]

Radioactive substances; ionization of gases; methods of measurement of radiations from radioactive bodies; alpha, beta and gamma rays; properties of these radiations; continuous production and decay of radioactive matter; theory of successive transformations; production of helium, general survey of uranium, actinium and thorium and their known products; general results and relations.

Elective for those who have completed Mathematics 8 and Physics 1 and 3, or 2 and 4.

Given in alternate years; not given in 1925-26.

PROFESSOR WHEELER.

[14. **MOLECULAR PHYSICS.** Second Semester: at the same hours.]

The general character of this course is indicated by the following outline: sources of the modern theory of matter; methods of determining atomic sizes; X-rays and crystal structure; discovery and measurement of the electron; positive rays; the contribution of radioactivity to our knowledge of subatomic structure of matter; theories of the structure of the atom; the Rutherford atom.

Elective for those who have completed Physics 13.

Given in alternate years; not given in 1925-26.

PROFESSOR WHEELER.

**POLITICAL SCIENCE**

See page 76.

## PSYCHOLOGY

See page 61.

## PUBLIC SPEAKING

PRESIDENT ROBERTS AND PROFESSOR LIBBY

Students especially interested in the work of the Department may have fuller information about the courses offered, prizes to be contested for, and the various organizations allied with the Department, by applying for the Special Bulletin on Public Speaking issued by the College.

1. PUBLIC SPEAKING. First Semester: Wednesday, 1.30; Chapel.

Drill in articulation and pronunciation. Careful study and analysis of selections read. Memorizing of poems.

Required of the men of the Freshman class.

PRESIDENT ROBERTS.

2. PUBLIC SPEAKING. First Semester: Div. A, Wednesday, 1.30, English Room; Div. B, Wednesday, 2.30, English Room.

Text: "A Handbook for Public Speaking Classes." Study of voice, posture, gesture, speaking.

Required of the women of the Freshman class.

PROFESSOR LIBBY.

3. PUBLIC SPEAKING. Continuation of Course 1. Second Semester: same hour and place.

Work of the semester ends with a prize declamation.

Required of the men of the Freshman class.

PRESIDENT ROBERTS.

4. PUBLIC SPEAKING. Continuation of Course 2. Second Semester: same hours and places.

Study of the Mental Processes in Speaking. Work of the semester ends with a public prize reading.

Required of the women of the Freshman class.

PROFESSOR LIBBY.

5. PUBLIC SPEAKING, with special study of the theory of Argumentation and Debate. First Semester: Monday, Thursday, Friday, 1.30; English Room.

The work consists of two distinct parts: viz. (a), a study of the theory of argumentation and debate, based upon a text; and (b), preparation of briefs and arguments, classroom and public debates, and preliminary speaking in the annual Murray Prize Debate.

Elective for students of the Men's Division who have completed English Composition 1, 3.

PROFESSOR LIBBY.

6. PUBLIC SPEAKING. Second Semester: at the same hours and place.

The work consists of three parts: viz. (a), a study of voice culture; (b), platform work in class on subjects previously assigned, and preliminary speaking in the annual Hallowell Prize Speaking Contest; (c), lectures covering all kinds of public addresses, and a brief history of oratory.

Elective for students who have completed Course 5.

PROFESSOR LIBBY.

[7. PUBLIC SPEAKING. First Semester: Monday, Thursday, Friday, 2.30.]

Essentially the same as Course 5, except that students will not be required to take part in the Murray Prize Debate, but will be required to debate before the student body on some proposition of general interest.

Elective for students of the Women's Division who have completed first-year English Composition.

Given in alternate years; not given in 1925-26.

PROFESSOR LIBBY.

[8. PUBLIC SPEAKING. Second Semester: at the same hour.]

Essentially the same as Course 6, except that students will not be required to contest for the Hallowell Prizes but will be required to take part in the preliminary speaking for the Coburn Prizes.

Elective for students of the Women's Division who have completed first-year English Composition and Course 7.

Given in alternate years; not given in 1925-26.

PROFESSOR LIBBY.

9. **ADVANCED PUBLIC SPEAKING.** First Semester: Tuesday, 1.30-3.30; English Room. Other hours at convenience of instructor.

The work of the course consists of the study of an approved text-book on the general subject of the writing and delivery of addresses, of the writing of at least four public addresses of approximately 3,000 words each, of giving one public address before the student body, of taking part in the preliminary speaking in the Goodwin Prize Speaking Contest, and of frequent conferences with the instructor. The primary purpose of this advanced course is to assist men who intend to follow professions such as the law, ministry, and public service in which much public speaking is demanded.

Elective for men of the Junior and Senior classes who have completed satisfactorily Courses 5 and 6.

Given in alternate years; given in 1925-26.

PROFESSOR LIBBY.

10. **ADVANCED PUBLIC SPEAKING.** Continuation of Course 9. Second Semester: at the same hours.

The work of the second semester consists largely of conferences. Three addresses of approximately 3,000 words each will be required. A careful study will be made of the structure of some of the great masterpieces of Oratory. At least one public address must be delivered during the semester. Students will be required to assist the Department in training men of other classes for public exhibitions.

Elective for those who have taken Course 9.

Given in alternate years; given in 1925-26.

PROFESSOR LIBBY.

11. **INTERCOLLEGIATE DEBATE.** First and Second Semester, extending from the middle of November to the middle of April: Monday, 4.30, Tuesday, 3.30, Wednesday, 4.30.

The work of the course consists of an intensive study of the theory of argumentation, analysis of intercollegiate debate propositions, much platform work, and participation in intercollegiate debates.

The course is open to such students as show unusual ability in debate.

PROFESSOR LIBBY.

**NOTE:** Students enrolled in courses in Public Speaking are required to attend all public speaking exhibitions as well as all public lectures held under the auspices of the College.

### RELIGIOUS EDUCATION

See page 43.

### SOCIOLOGY

See page 57.

### SPANISH

MR. STRONG

1. **ELEMENTARY SPANISH.** First Semester: Div. A, Monday, Wednesday, Friday, 11, French Room; Div. B, Tuesday, Thursday, Saturday, 11, French Room.

A study of Spanish Grammar with abundant oral and written exercises. Reading, composition, conversation. The best features of the direct method are employed.

For requirements in Modern Languages, see page 34.

2. **CONTINUATION OF COURSE 1.** Second Semester: at the same hours.

3. **INTERMEDIATE SPANISH.** First Semester: Monday, Wednesday, Friday, 9, Latin Room.

Reading of selected texts from the work of such authors as Galdós, Alarcón, Benavente and Blasco Ibáñez. Composition and conversation.

Elective for students who have completed Courses 1, 2.

4. **CONTINUATION OF COURSE 3.** Second Semester: at the same hours and place.

Course 3-4 is alternated with Course 5-6; given in 1925-26.

[5. **GENERAL COURSE IN THE SPANISH LANGUAGE AND CIVILIZATION.** First Semester: Monday, Wednesday, Friday, 9; Latin Room.]

Literary, art, and historical topics; composition and conversation. Collateral reading and reports

in Spanish. The class exercises are conducted largely in Spanish.

Courses 1, 2 prerequisite.

[6. CONTINUATION OF COURSE 5. Second Semester: at the same hours.]

Commercial Spanish and Spanish American topics.

Course 5-6 is alternated with Course 3-4; not given in 1925-26.

## ZOOLOGY

See page 45.

## PHYSICAL EDUCATION AND ATHLETICS

PROFESSOR EDWARDS

MR. MICHAEL J. RYAN, *Coach of Track*

MR. EDWARD ROUNDY, *Coach of Football and Baseball*

The equipment for Physical Education and Athletics consists of a Gymnasium containing Basketball court and adjoining locker and shower rooms; an excellent athletic field, known as Seaverns Field, with the best one-fourth mile cinder track in the State, one-hundred and two-hundred-twenty yard straight-aways; a new concrete stadium, with seating capacity of 3,000; football and baseball fields.

### Theoretical Work

1. PHYSIOLOGY. First Semester: Monday, Wednesday, Friday, 8; Greek Room.

A general study of physiology of the human body. Recitations, lectures, and experiments.

Elective for Sophomores, Juniors, and Seniors.

PROFESSOR EDWARDS.

2. PHYSIOLOGY, HYGIENE AND SANITATION. Second Semester: at the same hours and place.

Continuation of Physiology 1, but with the addition of lectures, discussions of Sanitation and its relation to health and disease.

Elective for students who have had Physiology 1.

PROFESSOR EDWARDS.

**HYGIENE.**

A study of Personal Hygiene, dealing with the care of the body in health and illness and general topics of Hygiene in connection with the group or community, will take the place of one hour of Physical Education.

Required of Freshmen.

**Practical Work**

Physical Education is required of all members of the Sophomore and Freshman classes. Members of these classes participating in the sports are excused from the work during the period of such participation. The work consists of gymnastic marching, posture exercises, co-ordinating exercises, calisthenics, group games, etc. In cases where it is advisable, individual work will be assigned. A physical examination of all members of the classes will be made at the beginning of each semester.

1. **PHYSICAL EDUCATION.** First Semester: Div. A, Monday, Wednesday, Friday, 11; Div. B, Tuesday, Thursday, Saturday, 11.

Required of all Freshmen men.

2. **PHYSICAL EDUCATION.** Second Semester: at the same hours.

Required of all Freshmen men.

3. **PHYSICAL EDUCATION.** First Semester: Div. A, Monday, Thursday, Friday, 3.30; Div. B, Monday, Thursday, Friday, 4.30.

Required of all Sophomore men.

4. **PHYSICAL EDUCATION.** Second Semester: at the same hours.

Required of all Sophomore men.

**Athletics**

The department is well organized and has adequate equipment for representative college athletics. The recognized sports for which awards of the Colby "C" are given to men who fulfill the requirements are as follows: Football, Cross Country, Relay Teams, Baseball, Track, Tennis. The organization of Basketball and Hockey will presently require recognition by the Athletic Council. The organization of the Outing Club for the

carrying on of winter sports increases the opportunities for a wider participation in athletics.

## HYGIENE AND PHYSICAL EDUCATION

MISS VAN NORMAN

**PURPOSE.** The Department of Hygiene and Physical Education aims for the health of each individual student through theoretical work in hygiene, anatomy, and physiology, together with practical work in the gymnasium and out-of-doors, and through the establishment of right habits of living.

As food is important to health, a trained dietitian provides pure and well prepared foods in the dormitory, so as to give each student the required number of calories a day.

**HEALTH LEAGUE.** Any woman upon matriculation in the Women's Division of Colby College automatically becomes a member of the Women's Health League.

The purpose of this League is to promote constantly and consistently health standards. This purpose is expressed in the motto of the League "Mens sana in corpore sano." The League heartily cooperates with the college department of hygiene.

**EXAMINATIONS.** The needs of each student are ascertained by a careful medical and physical examination in the fall. From data carefully recorded at this time advice and prescription of physical exercises are given to assist the student to regain or retain the health of every organ of the body. To note improvement and give further advice students are re-examined in the spring or whenever found necessary.

When a student's physical condition is such that more time is necessary to regain health than the college curriculum permits, she may be asked to withdraw temporarily from the college until her condition justifies her return.

All illness must be reported to the Director of the Department at once.

All absences from academic work due to illness must be excused by the Director.

**EQUIPMENT.** Funds are now being secured to provide a suitable place for carrying on the work. This will include gymnasium with showers, dressing rooms, class-rooms, and swimming pool. At present, use is made of the small gymna-

sium in the basement of Foss Hall. At the rear of Foss Hall is a hockey field which has been so graded as to be easily flooded for use as a skating rink in the winter. There are three good tennis courts and a little field space for archery or other activities.

**NOTE:** All practical work in the department requires a costume. This should be purchased from the college outfitter before entering college so as to secure uniformity at the least expense and with as little delay to the work as possible.

### Theoretical Work

1. **HYGIENE.** First Semester: Monday, 1.30; Latin Room.  
A study of the proper management, protection and care of the human body for the preservation of health.  
Required of the women of the Freshman class.
2. **HYGIENE.** Second Semester: same time and place.  
A continuation of Hygiene 1.  
Required of the women of the Freshman class.

### Practical Work

1. **GYMNASTICS.** First Semester: Div. A, Monday, Wednesday, Friday, 2.30; Div. B, Monday, Wednesday, Friday, 3.30.  
Required of Freshmen.
2. **GYMNASTICS.** Second Semester: at the same hours.  
Required of Freshmen.
3. **GYMNASTICS.** First Semester: Div. A, Monday, Wednesday, Friday, 11; Div. B, Tuesday, Thursday, Saturday, 10; Div. C, Tuesday, Thursday, Saturday, 11.  
Required of Sophomores.
4. **GYMNASTICS.** Second Semester: at the same hours.  
Required of Sophomores.
5. **GYMNASTICS.** First Semester: Div. A, Tuesday, Thursday, 2.30; Div. B, Tuesday, Thursday, 3.30; Div. C, Tuesday, Thursday, 4.30.  
Required of Juniors.
6. **GYMNASTICS.** Second Semester: at the same hours.  
Required of Juniors.

7. GYMNASTICS. First Semester: Div. A, Tuesday, Thursday, 2.30; Div. B, Tuesday, Thursday, 3.30; Div. C, Tuesday, Thursday, 4.30.

Required of Seniors.

8. GYMNASTICS. Second Semester: at the same hours.

Required of Seniors.

NOTE: The gymnastic hour is devoted to practical floor drills, carefully selected and graded to meet the qualifications of each class, individual health exercises, apparatus work, folk and interpretive dancing. In the fall field hockey, tennis, and archery take the place of indoor work. In winter floor drill is supplemented by volley ball, basket ball, and outdoor sports. In the spring, tennis, soccer, baseball and some track events are offered.

### KEY TO ROOMS

- BIBLE Room:.....3rd floor, west, Coburn Hall.
- BIOLOGY Lecture Room:.....2nd floor, Coburn Hall.
- CHEMISTRY Lecture Room:.....1st floor, Chemical Hall.
- DRAWING Room:.....2nd floor, Champlin Hall.
- ECONOMICS Room:.....1st floor, Champlin Hall.
- ENGLISH Room:.....2nd floor, S.E., Chemical Hall.
- FRENCH Room:.....2nd floor, N.E., Chemical Hall.
- GEOLOGY Lecture Room:.....1st floor, Coburn Hall.
- GERMAN Room:.....2nd floor, north, Champlin Hall.
- GREEK Room:.....3rd floor, north, Champlin Hall.
- HISTORY Room:.....3rd floor, south, Champlin Hall.
- LATIN Room:.....2nd floor, S.W., Chemical Hall.
- MATHEMATICS Room:.....2nd floor, N.W., Chemical Hall.
- NORTH-EAST Room:.....3rd floor, N.E., Coburn Hall.
- PHYSICS Lecture Room:.....Shannon Building.

## ARTHUR JEREMIAH ROBERTS LECTURE FOUNDATION

On June 21, 1906, the late Hon. William Wallace Stetson gave the College a trust fund, to be known as the Arthur Jeremiah Roberts Lecture Foundation, the income of which amounting to two hundred dollars a year, is to be expended by the Trustees named in the trust agreement for the maintenance of a lecture course in the College. The speakers are to be chosen by the Trustees of the Foundation, and, in the language of the agreement, must, be persons "who have done something worthy of mention, who have a message, and who can deliver it in such a manner as will be helpful to college students".

## COLLEGE EXTENSION COURSES

In 1924 the College indicated its readiness to broaden its activities by the inauguration of College Extension Courses designed to meet the requirements of the following three classes of persons:

1) Public school teachers (a) in Waterville, Winslow, Fairfield, Oakland, etc., and (b) in Skowhegan, Madison, North Anson, etc., who in order to improve their professional standing, or to secure additional credits towards a college degree, are desirous of continuing their own study under the supervision of regular college instructors. "It will be my pleasure," the State Commissioner of Education has stated, "to give credit on certificate renewal for work done in these Extension Courses. Our new bulletin on the certification of teachers contemplates a professional progressiveness, and the Colby Extension Courses will help teachers to carry out both plan and spirit."

2) Bank, commercial, and industrial employees who desire an opportunity for further study under trained leadership. The Extension Courses will attempt to answer the request for such opportunity from members of the local Rotary, Kiwanis and Lions Clubs.

3) Adult members of the Waterville community, of the Women's Clubs, and others, who have shown a desire for the intellectual stimulus often needed to escape mental stagnation.

The College Extension Courses here described are conducted by regular members of the Colby College Faculty with the needs of these groups in mind. Classes meet on twenty-five Monday evenings from October 12th to May 3rd in Waterville, and on twenty-five Tuesday evenings from September 22nd to April 27th in Skowhegan.

Correspondence relating to the College Extension Courses should be addressed to the Director, Professor Carl J. Weber.

## GENERAL INFORMATION

**Admission.** There are no formal examinations for admission to the College Extension Courses, but students, both men and women, are admitted to such courses as the respective instructors find them qualified to pursue with advantage.

**Registration.** Formal registration must be effected in every case before entrance upon the work of the College Extension Courses. Students present themselves for registration at 7.00 P.M. Tuesday, September 22nd in the Skowhegan High School and at 7.30 P.M., Monday, October 12th, in the English Room, Chemical Hall. The instructors in the various courses are present for consultations, after which each student fills out a registration blank for the courses he desires to follow. This blank is left with the Director, together with a receipt from the Treasurer for the payment of the tuition fee. Regular class exercises begin a week later in both places.

**Tuition Fee.** The fee for tuition is \$25.00. This covers all charges for instruction in College Extension Courses, and entitles the student to attend two courses and to the use of the college library. Fees are paid to the Treasurer on the evening of registration, and a receipt obtained from him. This receipt is presented by the student to the Director at the time of registration. Checks should be made payable to "The Treasurer of Colby College." In exceptional cases students may make an initial payment of \$5.00 and arrange with the Treasurer for deferred payment of the balance of the fee.

**Program.** The Extension Course schedule covers twenty-five evenings. Each student may elect two courses; one to meet at 7.30, and one at 8.30. There is a ten-minute intermission between classes. The regular college vacations at Christmas and at Easter will be observed. All Waterville classes meet on the second floor of Chemical Hall at the south end of the campus, and all Skowhegan classes in the High School building.

**Credits.** For those desiring academic credit towards a college degree, examinations will be set at the end of each course. The successful passing of two Extension Courses will entitle the student to credit for *one* three-hour semester course. Four Extension Courses (pursued in successive years) successfully completed will entitle the student to credit for *one* one-year's course of three hours a week of regular college work. Not more than one one-year's course of regular work will be credited towards a degree for work done in the College Extension Courses.

*Those who are not interested in academic credits will not be asked to take any examinations.*

**Library.** Students in College Extension Courses are entitled without further charge to the use of the College Library in Memorial Hall. The library contains 66,000 bound volumes. The Seaverns Reference Room is on the second floor of Memorial Hall and is open every evening from 7 to 9 P.M. On Sunday it is open from 2 to 5 and from 7 to 9 P.M. In this room are found the reference books, a general collection of 12,000 volumes of special value to the student, and current periodicals. Books selected by members of the Faculty for reading in connection with College Extension Courses will be reserved on special shelves conveniently located for the use of students. The library remains open on Monday evenings for fifteen minutes after the close of the Extension Course classes.

**Receptions.** An Opening Reception to students in the Waterville College Extension Courses is held in Chemical Hall at 8.00. P.M. on Monday, October 12th, immediately following the registration. This gives students an opportunity to meet the faculty and other students.

A Closing Reception will be held on Monday, May 3rd, following the final meeting of the Waterville Extension Classes.

## COURSES OF INSTRUCTION

College Extension Courses are offered in Business Administration, Education, History, Literature, Psychology, and Sociology. Students may elect not more than two courses.

### AMERICAN LITERATURE

PROFESSOR WEBER; MONDAY, 7.15 P.M., *English Room, Chemical Hall*; TUESDAY, 7.30 P.M., *Skowhegan*.

A SURVEY OF AMERICAN LITERATURE: this course is offered in recognition of the fact that the study of English literature has for so many present crowded out of sight the literature of our own country. The chief American poets and prose writers will be considered in an effort to make their personalities and thoughts familiar and intelligible. Beginning with Benjamin Franklin, attention will be given to our writers down to Mark Twain, with special emphasis upon New England men of letters.

The course will include consideration of poems, biography, criticism, orations, essays, and short stories.

### BROWNING

PROFESSOR WEBER; TUESDAY, 8.10 P.M., *Skowhegan*.

**BROWNING'S DRAMATIC MONOLOGUES:** one of the distinct aims of this course will be to remove the stigma of obscurity from the name of Robert Browning, and to lead the general reader as well as the student into friendly understanding of this great poet and philosopher. This attempt to humanize poetry should appeal to all teachers of English and to lovers of poetry of whatever age or profession.

### BUSINESS ADMINISTRATION

PROFESSOR AUFFINGER; MONDAY, 7.30 P.M.; *Mathematics Room, Chemical Hall*.

**INTRODUCTION TO BUSINESS:** This course is designed to acquaint the layman with the various ramifications of business. Several lectures will be devoted to the more important phases of business, such as selling, purchasing, financing, and the control of labor. Individual periods will be given to office-management, advertising, traffic, credit, business forecasting, banking, exchange, and the interpretation of financial reports.

### ELEMENTARY EDUCATION

PROFESSOR MARRINER; MONDAY, 8.30 P.M., *Latin Room, Chemical Hall*; TUESDAY, 8.10 P.M., *Skowhegan*.

**CLASSROOM PROBLEMS OF THE ELEMENTARY SCHOOL:** A study of the application of modern educational theory to classroom practice in grades 1 to 8. Problems will be approached from the viewpoints of both teacher and pupil. The course will treat such subjects as curriculum construction, methods of teaching the common branches, projects, educational tests and measurements, the socialized recitation, supervised study, correlation of subjects, direction of motives and interests, and the relation of the classroom to the home, the playground and the community. **Textbooks:** Freeland's "Modern Elementary School Practice" and Charters' "Teaching the Common Branches" (1924 ed.).

**HISTORY**

PROFESSOR WILKINSON; MONDAY, 8.30 P.M.; *English Room, Chemical Hall*

EUROPE SINCE 1870: A survey of the leading nations of Europe during the past fifty years. The course aims to provide a background for the understanding of current European conditions and problems. The unification of Germany and its subsequent history; the unification of Italy and its recent history; the events of France since 1870 including the struggle between Church and State; the political and economic history of England since 1870; an account of recent Russian history and of events in Austria-Hungary and the Balkans will be considered. The course will conclude with a brief study of the origins and results of the World War.

**PSYCHOLOGY**

PROFESSOR COLGAN; MONDAY, 7.30 P.M.; *Latin Room, Chemical Hall*

PSYCHOLOGICAL PRINCIPLES OF EDUCATION: Application of the principles of general psychology to the problems of education with special reference to the psychology of the learning process. Particular attention will be given to the following subjects,—the original nature of man; instinct and learning; individual differences in intellect and character; influence of environment; the psychology of adolescence, and the psychological bases of instruction in the major school subjects. This course will present the facts and principles of psychology most useful for the teacher engaged in the everyday activities of the classroom and for the supervisor who seeks information relative to the modern interpretations of individual differences in problems of learning and of conduct. The class will be conducted in a project-functional method based upon discussion, class experiments of a simple nature, lectures, and assigned readings.

Textbook: E. K. Strong's "Introductory Psychology for Teachers."

**SECONDARY SCHOOL EDUCATION**

PROFESSOR MARRINER; 7.15 P.M., *Skowhegan*.

PROBLEMS OF THE SECONDARY SCHOOL: A course dealing chiefly with principles and methods of teaching high school

subjects, but including also the more important problems of administration. The course will be conducted by discussion rather than by formal lectures. The aim will be to apply modern educational theory to actual problems, especially those that exist in the local schools. Discussion of teaching technique will be approached from the viewpoint of educational psychology. The discussion of methods and classroom problems will include such topics as organization of subject matter, adolescent psychology, discipline, grading and promotion, projects, supervised study, and educational measurements. The discussion of administrative problems will touch upon such topics as the modern conception of the high school, department correlations, relation to the elementary school and to institutions of higher learning, extra-curriculum activities, and vocational guidance. While reference will be made to many authorities, the work of the course will be based upon two reference books—Parker's "Methods of Teaching in High Schools", and Johnston's "The Modern High School".

### SOCIOLOGY

PROFESSOR MORROW; MONDAY, 8.30 P.M.; *Mathematics Room, Chemical Hall*

**SOCIAL PROBLEMS:** This course will cover some of the major social problems of our day:—Population, family, woman, immigration, race, poverty, crime, and war. As our civilization becomes more complex, there is a need of a clearer understanding of the mutual relations and obligations of the individuals who make up modern society. A study of these concrete problems will aid in understanding the principles of social organization upon which American prosperity and social well-being are based. For those desiring academic credit a considerable amount of supplementary reading and an examination will be required. The course is open, however, to all persons interested in the preservation and improvement of our American democracy.

### MID-TERM LECTURES

At the mid-term session of the College Extension Courses, on January 25th, 1926, a lecture on Education will be delivered by Dr. Arthur J. Roberts, President of the College, to the stu-

dents enrolled in all of the Extension classes. This general session will be held in the College Chapel.

### WEEKLY SCHEDULE

#### MONDAYS AT WATERVILLE.

7.30 TO 8.20 P. M.

*Business Administration*: Professor Auffinger; Mathematics Room, Chemical Hall.

*Literature*: Professor Weber; English Room, Chemical Hall.

*Psychology*: Professor Colgan; Latin Room, Chemical Hall.

8:30 TO 9.20 P. M.

*Education*: Professor Marriner; Latin Room, Chemical Hall.

*History*: Professor Wilkinson; English Room, Chemical Hall.

*Sociology*: Professor Morrow; Mathematics Room, Chemical Hall.

#### TUESDAYS AT SKOWHEGAN.

7.15 TO 8.05 P. M.

*American Literature*: Professor Weber.

*Secondary School Problems*: Professor Marriner.

8.10 TO 9.00 P.M.

*Browning's Dramatic Monologues*: Professor Weber.

*Elementary School Problems*: Professor Marriner.

# THE LIBRARY

*Librarian:* ERNEST C. MARRINER

*Assistant Librarian:* DORIS J. TOZIER

*Student Clerks:* Stanley C. Brown, Roy A. Bither, Lawrence A. Peakes, Lawrence H. Clark, Rowland E. Baird, Norris W. Potter, Harold L. Clark, Muriel Lewis.

The library is the laboratory of most of the departments in the college. It contains 66,000 books and about 10,000 pamphlets. The Dewey Decimal System of cataloging is used, and all books are listed by title, author and subject in a dictionary card catalogue. A pamphlet entitled "How to Use the Library" is issued without charge to all students. This explains the Dewey System and calls special attention to reserved books and other regulations peculiar to the local library.

More than one hundred periodicals are regularly received. Most of these are subsequently bound and preserved in permanent files. The "Reader's Guide to Periodical Literature", the "Industrial Arts Index", and the "New York Times Index" serve as reference guides to these periodicals.

The library is a government depository and regularly receives a selection of documents issued by the United States Government. These are properly filed and are available for use of readers at any time. All official documents of the State of Maine are also regularly deposited and filed.

The library is open on week days from 8.30 A.M. to 12.00 M; from 12.30 P.M. to 5.30 P.M., and from 7.00 P.M. to 9.00 P.M.; and on Sundays from 2.00 P.M. to 5.00 P.M. and from 7.00 P.M. to 9.00 P.M.

## THE COLLEGE BUILDINGS

The college buildings, sixteen in number, occupy an extensive campus in the northern part of the city of Waterville, on the west bank of the Kennebec river. (See diagram, page 100.)

### MEMORIAL HALL

This building, erected as a memorial to the alumni of the College who fell in the service of their country during the Civil War, is located at the south end of the campus. It is built of gray stone and has a clock tower 80 feet in height. It contains the College Chapel and the College Library. On the first floor of the western wing is the Chapel.

The College Library occupies the second floor of the western wing and the entire eastern wing. The latter contains a reading room, supplied with double alcoves and shelves for thirty-thousand volumes. It is open daily for the use of students and members of the faculty. The Seaverns reference room is on the second floor of the western wing, above the chapel. This room provides attractive and well-lighted quarters for reading and study. Here is found the Memorial Tablet to the soldier dead, surmounted by a copy, in marble, of Thorwaldsen's Lion of Lucerne. Here also are portraits of distinguished friends and benefactors of the college, and the bronze tablet erected by the New York Colby Alumni Association in memory of Edward Winslow Hall, LL.D., of the class of 1862, Librarian of the College from 1873 until his death in 1910. The furnishings of the library are of the most approved modern pattern, including tables and chairs for seventy-two readers. In this room are found the reference books, and a general collection of twelve thousand volumes of special value to the student. Books selected by members of the Faculty for reading in connection with class work are reserved on special shelves conveniently located for the use of students.

### CHAMPLIN HALL

This building is named after President James T. Champlin, D.D., LL.D., in recognition of his distinguished service while at the head of the College. It occupies a central position on the campus and is used as a recitation hall. It contains the class-

rooms of the Departments of Greek, German, History, and Economics; the collection of large photographs for the study of Art; and a large room on the second floor newly fitted up and equipped with specially designed desks for the use of the classes in Mechanical Drawing.

### CHEMICAL HALL

CHEMICAL HALL is thoroughly modern in plan and equipment. The building contains, on the first floor, a large laboratory devoted to the work in General Chemistry; a laboratory for quantitative analysis; a balance room; furnace and glass blowing room containing an apparatus for forced draft; a lecture room capable of seating one hundred persons in seats arranged in rising tiers and equipped with a lecture table provided with gas and electric service, and an excellent projection lantern; private laboratory and an office for the use of instructors; a stock room for lecture apparatus and chemicals, and a department library.

In the basement are the recently constructed laboratories for qualitative analysis and organic chemistry. The qualitative laboratory will accommodate sixty-four students and the organic laboratory thirty-eight. These rooms are well equipped in every way for their special work. A large apparatus room and two chemical stock rooms conveniently arranged are also located on this floor.

The Chemical Laboratories are well planned and equipped. Each student is provided with a table for individual work, and is supplied with the required apparatus and reagents. They are likewise equipped with a great variety of special apparatus consisting in part of analytical balances, molecular weight apparatus, spectroscopes, polariscopes, projection apparatus, Abbé Pebble Mill, centrifugal machine, physical and electro-chemical apparatus, furnaces of different types, etc.

In all, thirteen rooms in this building are devoted to the work of the Department of Chemistry.

The second floor of the building contains the President's office and lobby, the Registrar's office, and four large class-rooms.

### SHANNON PHYSICAL LABORATORY

The Shannon Observatory and Physical Laboratory constitutes one of the first gifts to the college from an honored alum-

nus and one of the most generous benefactors of Colby, the late Hon. Richard Cutts Shannon, LL.D., of the Class of 1862. In presenting the Shannon building to the college in 1889, he provided a greatly appreciated home for the Department of Physics, which occupies the main building, a two-story brick structure with basement. The southern portion of the building consists of a tower, surmounted by a dome in which is the Astronomical Observatory equipped, among other things, with an astronomical telescope of four-inch objective.

The Department of Physics is well equipped with the necessary apparatus for a year's work in General Physics. It also possesses apparatus for advanced work in light, and a laboratory of standards for electrical and magnetic measurements.

There is on the first floor, a well-equipped laboratory for Electrical Engineering, containing both direct and alternating current dynamos and motors, transformers, and a well selected set of measuring instruments for this work; a smaller laboratory and workshop facilities. The lecture-room, offices of the department, and a large General Physics laboratory occupy the entire second floor of the main building. A wireless room, equipped with modern apparatus, is located in the tower.

### COBURN HALL

COBURN HALL is so named in acknowledgment of benefactions from one of the most liberal friends of the College, Hon. Abner Coburn. The building, which houses the Departments of Geology and Biology, is of rough quarried stone, with granite trimmings.

The Geological Laboratory is provided with collections to illustrate the lectures in Mineralogy, Geology, Paleontology, and Physical Geography. The Mineral Collection embraces over 3,500 specimens, including many that are well crystalized. The Paleontological Collection includes a suite of the most characteristic American fossils, and some of the foreign ones. The Geological Cabinet includes among other things: Rosenbusch's set of 490 massive rocks and 100 European crystalline schists, and the U. S. Geological Survey educational series of 150 specimens of typical American rocks. The Department is well equipped with numerous lantern slides for the illustration of the geological lectures. A set of 175 crystal models affords opportunity for the study of crystallography.

The Biological laboratory occupies the second floor and one room on the third floor of the building. It is supplied with illustrative material for laboratory and lecture uses, consisting of charts, models and specimens, microscopes, microtomes, paraffin baths, lanterns, and both microscopic and lantern slides. Each student is supplied with a seat at a table and has the use of a compound microscope and instruments for dissection.

### THE GYMNASIUM

A brick building, remodeled in 1892-93, is used by the Department of Physical Education. It is well equipped for the carrying on of the work of the Department.

### THE WOODMAN STADIUM

The concrete stadium, seating about 3,000, is the gift of Mrs. Eleanora S. Woodman, of Winthrop, Maine, in honor of the Colby men who served in the World War. It was erected in 1922.

### RESIDENCE HALLS

#### Men's Division

NORTH COLLEGE (Chaplin Hall) named in memory of Colby's first President, Rev. Jeremiah Chaplin, D.D., and SOUTH COLLEGE are brick dormitories, each four stories in height. Each building accommodates about fifty students. The south half of Chaplin Hall is occupied by the Delta Upsilon fraternity and the north half by the Lambda Chi Alpha fraternity. South College is occupied by two fraternities; Zeta Psi and Alpha Tau Omega. Both buildings are heated by steam and lighted by electricity, and provided with toilet rooms and shower baths. In each of the fraternity divisions, the lower floor is arranged for social purposes with parlor, reception and reading room, and lobby, and the upper floors contain the chapter hall and the study and sleeping rooms of the students.

ROBERTS HALL erected in 1911, named in honor of Arthur J. Roberts, LL.D., '90, President of the College, and HEDMAN HALL, erected in 1915, and named in memory of Professor John Hedman, M.A., '95, are brick and stone buildings of the same plan, three stories high, furnishing accommodations for fifty students each. Roberts Hall is occupied by the Alpha frater-

nity, and Hedman Hall is used as a Freshman dormitory. The rooms are in suites, consisting of a large study, a bedroom and an ample closet. On every floor there is a toilet, with shower bath and lavatories. All rooms are provided with the necessities of furniture, a table, a chair, and a cot and mattress for each student. Plans of the dormitories with schedule of charges for room rent will be provided upon application.

The Phi Delta Theta and Delta Kappa Epsilon fraternities and the Lancers Club occupy dormitory buildings on College Avenue near the campus.

### Women's Division

FOSS HALL, the gift of Mrs. Eliza Foss Dexter, opened for students in September, 1905, stands on College Avenue, near the college campus. In addition to the well-furnished double and single rooms which accommodate seventy-five students, the building provides an Assembly Hall, an attractive reading room, and a room used as a gymnasium.

MARY LOW HALL, named in honor of Mrs. Mary Low Carver, the first woman graduated from Colby College, is a smaller residence hall used by those who cannot be accommodated in Foss Hall; and DUTTON HOUSE is available for the same purpose.

FOSTER HOUSE, adjacent to Foss Hall, for many years the home of the late Professor John B. Foster, is the latest dormitory to be added to those occupied by the women of the College.

# ADMINISTRATIVE RULES

## I. REGISTRATION

Students are required to register on Thursday, the opening day of the first semester, at the Registrar's office in Chemical Hall.

### Men's Division

All men are required to register on the first Thursday morning of the college year.

Rooms will be open for occupancy one week before the opening of the fall term, forty-eight hours before the close of the Christmas vacation and forty-eight hours before the close of the Easter vacation unless special arrangement otherwise is made with the Treasurer for the use of the rooms during vacation. They will be closed twenty-four hours after the commencement of the Christmas and of the Easter vacations and forty-eight hours after the close of the college year.

Payment for dormitory room is to be made as follows: \$10.00 shall be paid at the time of engaging the room, and of the balance of the yearly rental one-half shall be included in the charges of the first semester and one-half in the charges of the second semester. All payments shall be made at the Treasurer's office. Rooms in Roberts Hall and Hedman Hall shall be assigned by the Superintendent of Buildings and Grounds; rooms in the divisions of North College and South College and in Number 31 College Avenue occupied by fraternities shall be assigned by such fraternities who shall report such assignments to the Superintendent of Buildings and Grounds.

### Women's Division

All women are required to register on the first Thursday afternoon of the college year.

All women not living at home or with near relatives are required to live in the College residence halls. When it seems absolutely necessary for a girl to work for her board, further exception may be made on application to the Dean's office, provided it is possible through this office to find a place in a family connected with the college.

An applicant is not entitled to an assignment of a room until she has paid a fee of \$10, which will be credited upon her bill for subsequent charges. A similar fee is required of all students in college on renewal of application for each succeeding year. If the application should be withdrawn before August first, the money will be refunded.

Each student must provide her own rugs, bed linen, blankets, couch cover, window draperies and towels. The college will furnish napkins and napkin ring, and a nominal charge of approximately \$2.00 will appear on the first semester bill of each new student to cover the cost of napkins and ring. A fee of 75 cents will appear on each semester bill to cover the expense of laundering. The college provides couch beds and all necessary furniture. All rooms are supplied with electric lights.

The college houses are not open to students during vacation.

## II. ADVISERS

At the time of his election of courses for the Sophomore year, each student is required to select his major subject (see p. 33). The head of the Department in which the student wishes to major becomes his special adviser. It is the duty of this officer to consider the needs of the students so assigned to him, and to guide them in the election of their studies, and to watch after their general moral and physical welfare.

President Roberts is the adviser for the Men's Division of the Freshman Class until Easter. The Dean of the Women's Division is adviser for the Women's Division of the Freshman Class until Easter.

## III. ELECTION OF STUDIES

Each student is expected to consult with his adviser from time to time as to his college work, or any matter relating to his college life. Students must take a minimum of fifteen hours per week. Should a student desire to elect eighteen hours, he must secure the consent of his adviser, as well as that of the instructors of the courses he wishes to take. No student can take more than five courses unless during the previous semester his average rank has been 80% or more. A student deficient in one or more courses or in entrance may, with the consent of the Faculty, take six courses, even if his average rank during the previous semester has not been 80%. Freshmen, Sopho-

Seniors and Juniors must elect studies for the following year on the Friday preceding final examinations. No student will be allowed to change his elections after the first week of the college year, except with the consent of his adviser and the approval of the Faculty.

#### IV. PETITIONS

Whenever a student has occasion to petition the faculty, he is required to do so in writing, stating the reasons for his request.

#### V. EXAMINATIONS

Oral or written examinations of all classes are to be held at the close of each semester. The final examinations of all classes end on the Friday before Commencement, with the exception of the Senior Class, whose final examinations end on the second Thursday preceding Commencement. If a Senior is permitted to take a course not open to Seniors, he shall take the regular examination of that course. No Senior shall be allowed to take any examination after the Friday next preceding Commencement week.

Examinations on deficiencies shall be held at the time of the semester examinations, and also on the third Wednesday of each semester.

The examinations will be held according to the following schedule,—morning examinations being held from 9 to 12, and afternoon examinations from 2 to 5:—

| Mid-Year Examinations | Classes that meet at         | Final Examinations |
|-----------------------|------------------------------|--------------------|
| Monday A.M.           | 8 A.M. Mon., Wed., Fri.      | Saturday A.M.      |
| Monday P.M.           | 9 A.M. Mon., Wed., Fri.      | Monday A.M.        |
| Tuesday A.M.          | 10 A.M. Mon., Wed., Fri.     | Monday P.M.        |
| Tuesday P.M.          | 11 A.M. Mon., Wed., Fri.     | Tuesday A.M.       |
| Wednesday A.M.        | 1.30 P.M. Mon. Thurs., Fri.  | Tuesday P.M.       |
| Wednesday P.M.        | 2.30 P.M. Mon., Thurs., Fri. | Wednesday A.M.     |
| Thursday A.M.         | 3.30 P.M. Mon., Thurs., Fri. | Wednesday P.M.     |
| Thursday P.M.         | 8 A.M. Tues., Thurs., Sat.   | Thursday A.M.      |
| Friday A.M.           | 9 A.M. Tues., Thurs., Sat.   | Thursday P.M.      |
| Friday P.M.           | 10 A.M. Tues., Thurs., Sat.  | Friday A.M.        |
| Saturday A.M.         | 11 A.M. Tues., Thurs., Sat.  | Friday P.M.        |

## VI. STANDING AND DEFICIENCIES

In making up a student's mark, the emphasis is placed upon the daily work rather than upon the final examination.

The rank in each course for the semester is indicated on a scale of one hundred percent. "A" signifies a rank of ninety to one hundred per cent.; "B", a rank of eighty to eighty-nine per cent.; "C", a rank of seventy to seventy-nine per cent.; "D", a rank of from sixty to sixty-nine per cent.; "E", a rank of fifty to fifty-nine per cent.; "F", a rank of less than fifty per cent.

A student who receives "E" as a semester mark in any course, fails in that course. If the deficiency is in a required course, he may repeat the course in class; or else prepare for a deficiency examination under a tutor approved by the instructor, such examination to be taken at the time specified for deficiency examinations. The student may not take such examination until his tutor has reported to the instructor that he is prepared to do so. In the case of an elective course the student may, by permission of the Faculty, substitute another course.

A semester mark of "F" cannot be made up by examination. Incomplete work must be made up within limits prescribed by the instructor, or the course shall be marked as a failed course.

At the end of the first half of each semester, a student whose rank in any course falls below sixty per cent. is warned thereof by the Registrar. A report of any student's deficiencies will, at the conclusion of each semester, be sent to him and his parents.

No student with more than three deficiencies shall enter the succeeding class, or be retained in college after the third Wednesday of the academic year.

Whenever, in the judgment of the Faculty, a student has proved himself unable or unwilling to do college work, or whenever for any other reason the Faculty judge it inexpedient that a student continue his college course, such student may be required to withdraw from college upon receiving due notice from the Faculty.

## VII. RULES GOVERNING EXCUSES

All claims for excuses for absences must be made at the Excuse Office on or before Saturday of the week following that

in which the absence occurred. It is urged that excuses be obtained as early as possible after absence.

The power to grant excuses lies wholly in the Excuse Officer.

Excuses for tardiness are to be made to the instructor in charge at the hour in which the tardiness occurred; otherwise it may be counted an unexcused absence.

When a student shall have taken four unexcused cuts in one course he shall be placed on probation. If at the end of the semester the student has a total of more than fifteen (15) unexcused cuts for all courses, the Excuse Officer shall report him to the Registrar as lacking 1-10 of a course for each cut above fifteen (15).

Such deficiencies may be made up either by taking fewer cuts a succeeding semester, in which case the student will receive 1-10 of a course credit for each absence less than fifteen (15) until the required number of hours are restored; or if not made up by improved attendance, an extra course shall be required for each ten points deficiency or fraction thereof.

Should a student make no attempt to secure an excuse, he may be summoned by the Excuse Officer to give an account for his absence. If a student fails to appear in answer to a summons from the Excuse Officer, he will be on probation.

A student on probation shall not represent the college in any public way such as being on athletic squads, musical, dramatic, or debating clubs, boards of publication, or acting as cheer leader.

All consecutive absences just preceding or following a holiday or vacation shall count as two, unless previously granted by the Excuse Officer.

Absences shall count as zeros in all courses until the work is made up.

No excuses will be granted for an illness of one day. Where longer illnesses are involved, no excuses will be given for the first day of the illness except on a doctor's certificate.

The Excuse Officer may be found in Coburn Hall. Office hours will be scheduled.

### VIII. ELIGIBILITY

No student shall represent the college in any public way who has more than two deficiencies, of which only one can be from the preceding semester.

No student shall represent the college in any public way if he is doing unsatisfactory work in any course he is pursuing or is taking less than the minimum number of hours required.

A student degraded to a lower class shall not, for the period of one year, represent the college in any public way, unless sooner reinstated.

## IX. PUBLIC WORSHIP

### Men's Division

Chapel exercises are held in the College Chapel every day except Sunday at 9.50 A. M., with the following exceptions: On the opening day of the year, the Chapel hour is 9.00 A. M.; and during examination week, Chapel occurs at 8.30 A. M.

Students are expected to attend the daily Chapel exercises, and to attend public worship at least once on each Sunday of the college year.

### Women's Division

Daily devotional exercises are held in the College Chapel at the close of the morning recitation (12.05 P. M.) with the exception of Thursday, the opening day of the year, when the Chapel service occurs at two o'clock in the afternoon. All students of the Women's Division are expected to be present at the daily Chapel exercises, and to attend public worship at least once on each Sunday of the college year. Excuses for absence from chapel must be presented to the dean. The student government proctors collect at the beginning of each month a record of every student's church attendance for the preceding month.

## X. DORMITORY RULES IN MEN'S DIVISION

1. The College will heat and care for all rooms in Hedman Hall and in Roberts Hall and will heat all rooms in North College and in South College and in Number 31 College Avenue. All occupants shall have equal rights in the privileges furnished to the occupants in common.

2. Rooms are engaged for the entire academic year. Withdrawal from College does not impair the obligation of this agreement.

3. A room once engaged cannot be sublet except through the Treasurer of the College and with his approval of the new

tenant. (Rooms assigned to applicants for admission to the College who fail of admission at the entrance examinations may be relinquished without payment, and any money which has been deposited will be returned, provided written application for such relinquishment is made to the Treasurer not later than ten days after the opening of the fall term.)

4. Alterations or changes in rooms or appurtenances are not allowed except when made with the approval of the Treasurer, and by the mechanics in the employ of the College. Decorations must not be fastened to the walls, doors or casings in such a way as to cause injury. The driving of tacks and nails into the wood work or the gumming of any article to the wall is prohibited. Moore's Push Pins or their equivalents, with the exception of Pins Numbered 27 and 28, which are not allowed, may be used in the plaster. All electric wiring in the rooms must be done with the approval of the Treasurer and by an electrician employed by the College, the occupant paying the expenses thereof. Moulding supplied by the occupant will be installed by the College free of charge. All damages to rooms shall be paid for by the occupant whether the damage is done by the occupant of the room or by others. Damage to hallways, toilet rooms, unused rooms, etc., is to be paid for proportionately in the case of damage in Hedman Hall or in Roberts Hall by all the occupants of rooms in those Halls respectively in which the damage is done, and in case of damage in North College and in South College proportionately by all the occupants of rooms in the respective divisions in which the damage is done and in Number 31 College Avenue proportionately by all the occupants of rooms in said building. Such occupant can be freed from this charge by giving to the Treasurer the name of the person or persons who did the damage.

The Superintendent of Buildings and Grounds shall determine whether or not damage has been done and the amount of the same and his determination thereof shall be accepted.

5. Any occupant of a room who shall damage a building or its appurtenances, except by accident, or whose conduct is considered to be detrimental to the best interests of the other students or to the College, may be required by the President of the College to vacate his room. In such case payment of one-half the unearned rental must be made by the student.

6. No student is allowed to keep a dog or any other animal in his room.
7. While repairs and cleaning are in progress in vacation, the College will use reasonable care to protect property left in the rooms, but it remains there solely at the risk of the owner.

## SCHOLARSHIPS

The College has at its disposal endowed scholarships amounting to over \$160,000.00. The income of these scholarships, varying from \$30 to \$50 per annum, is devoted to the assistance of worthy students needing aid, under the following conditions, established by the Board of Trustees:

1. The student must satisfy the Committee on Scholarships that he is in need of assistance.
2. The student must be in constant attendance upon college work, unless prevented by reasons satisfactory to the Faculty.
3. The student must obey the College laws, and aid will be withdrawn for any and all semesters when he is under discipline.
4. The student must hold himself ready to render such light service to the College as may not interfere with his duties. To those who reside in the city and do not occupy a room in the college buildings, the scholarship aid is limited to twenty-five dollars for each year.

### LIST OF SCHOLARSHIPS

#### Complete Scholarships

| Name              | Founder   | Amount    |

Dated.....

## PRIZES

The college annually awards fourteen prizes to undergraduates in recognition of excellence in their work.

### 1. ALBION WOODBURY SMALL PRIZES.

A prize amounting to one hundred dollars, derived from a fund given by Lina Small Harris of Chicago, in the name of her father, Albion Woodbury Small, of the class of '76, former President of Colby and now Professor of Sociology in the University of Chicago, is available for students pursuing work in the field of economics and sociology.

This prize will be given to the student in the Men's or Women's Division who presents the best essay on some subject to be announced by the Department of Economics. In case two articles are presented of equal merit, the prize may be equally divided.

In 1924-25 the prize was awarded to Barbara M. Fife, '27.

### 2.—COBURN PRIZES.

Special prizes aggregating one hundred dollars, the gift of Louise Helen Coburn, of the class of 1877, are awarded to the best speakers in a public contest open to all members of the Women's Division. In 1924-25 the first prize (\$50) was awarded to Marjorie E. Everingham, '25; second prize (\$25), to Rose H. Seltzer, '27; third prize (\$15), to Frances J. Bragdon, '27; and fourth prize (\$10), to Pauline H. Waugh, '27

### 3.—COMMENCEMENT PRIZES.

A prize of fifteen dollars is awarded on Commencement Day to the Commencement Speaker in the Men's Division, and a similar prize to the Commencement Speaker in the Women's Division, for excellence in English Composition. In 1924-25 these prizes were awarded to Clarence S. Roddy, '25, and Nellie E. Pottle, '25.

### 4.—CONDON MEDAL.

The gift of Randall J. Condon, of the class of 1886, awarded to the member of the senior class who by vote of his classmates and with the approval of the faculty is deemed to have been the best college citizen. In 1925, this medal was awarded to Elmer M. Taylor, '25.

## 5.—FOSTER MEMORIAL GREEK PRIZES.

A prize of twenty dollars, in memory of the late Professor John B. Foster, is awarded to a student in the Men's Division for marked excellence in interpreting Greek authors. A similar prize is offered in the Women's Division. These prizes are awarded at the end of the college course upon a basis of not less than four semester-courses. Awarded in 1925 to Coburn H. Ayer, '25.

## 6.—FRESHMAN SCHOLARSHIP PRIZES.

A first prize of fifty dollars and a second prize of twenty-five dollars are awarded to those two members of the Freshman Class, Men's Division, and similar prizes to members of the Freshman Class, Women's Division, who have maintained the highest average in their courses during the Freshman year. In 1925 first prizes were awarded to August F. Stiegler, Jr., and Alberta L. VanHorn; and second prizes were awarded to Lawrence H. Clark and Ruth M. Tilton.

## 7. GERMAN PRIZES.

A first prize of ten dollars and a second prize of five dollars are awarded to members of the Men's Division for excellence in German courses. Similar prizes are awarded in the Women's Division.

In 1925 first prizes were awarded to Ralph F. Prescott, '27, and Elsie M. Frost, '26; and second prizes to Vincent P. Mathers, '27, and Frances M. Nason, '27.

## 8.—GOODWIN PUBLIC SPEAKING PRIZES.

Special prizes aggregating one hundred dollars, given by Matie E. Goodwin of Skowhegan in memory of her husband, Hon. Forrest Goodwin, class of 1887, are awarded to students in the Men's Division for excellence in the delivery of original addresses.

In 1924-25, first prize (\$50) was awarded to Gabriel R. Guedj, '26; second prize (\$25), to Paul M. Edmunds, '26; third (\$15) and fourth (\$10) prizes divided between Roland E. Baird, '27, and Ulmont C. Cowing, '27.

## 9.—HALLOWELL PUBLIC SPEAKING PRIZES.

Special prizes aggregating one hundred dollars, the gift of Florentius Merrill Hallowell, of the class of 1877, are awarded

to the four best speakers among the students electing Public Speaking 6.

In 1924-25, first prize (\$50) was awarded to Roland E. Baird, '27; second (\$25) and third (\$15) prizes were divided between Gabriel R. Guedj, '26, and Marion N. Rhoades, '27; fourth prize (\$10) was divided between Ralph S. Wilkinson, '25, and Herbert C. Jenkins, '27.

#### 10.—HAMLIN PRIZES.

A first prize of ten dollars and a second prize of five dollars are awarded to the best two speakers in the Freshman Hamlin Prize Speaking Contest, Men's Division, for excellence in public reading. Similar prizes are awarded in the Women's Division.

In 1924-25, first prize was awarded to Adelaide True Hardy, and second prize to Charlotte Burns Clary. Men's prizes not awarded.

#### 11.—JUNIOR EXHIBITION PRIZES.

A first prize of twenty-five dollars, a second prize of fifteen dollars, and a third prize of ten dollars are awarded to the best three speakers in the Junior Exhibition, Men's Division, for excellence in composition and declamation. Similar prizes are awarded in the Women's Division.

In 1924-25, first prizes were awarded to Gabriel R. Guedj and Mollie R. Seltzer; second prize, to Hilda M. Fife; second and third prizes divided between Paul M. Edmunds and William E. Garabedian; third prize, to Agnes E. Osgood.

#### 12.—LYFORD PUBLIC SPEAKING PRIZES.

Special prizes aggregating one hundred dollars, the gift of Will Hartwell Lyford, of the class of 1879, of Chicago, Illinois, are awarded to young men attending preparatory schools in Maine, New Hampshire, and Massachusetts for general excellence in declamation in a public contest held at Colby College.

In 1925, first prize (\$50) was awarded to Francis Shaw; Easthampton (Mass.) High School; second prize (\$25), to Malcolm W. Muchmore, Hebron Academy; third prize (\$15), to Charles S. Whelan, Worcester (Mass.) High School; and fourth prize (\$10), to William A. Niman, Worcester (Mass.) High School.

**13.—MURRAY DEBATING PRIZES.**

The sum of one hundred dollars, the gift of George Edwin Murray, of the class of 1879, of Lawrence, Massachusetts, is awarded to the six public debaters chosen from among the students electing Public Speaking 5. \$75 is given to the winning team, to be divided equally among the three speakers; \$25 is given to the losing team, to be equally divided among the three speakers.

In 1924-25, the winning team was composed of Marion N. Rhoades, '27, Waldo L. MacPherson, '27, and Herbert C. Jenkins, '26; the losing team, Roland E. Baird, '27, Ulmont C. Cowing, '27, and Herbert M. Wortman, '26.

**14.—SOPHOMORE DECLAMATION PRIZES.**

A first prize of ten dollars and a second prize of five dollars are awarded to the best two speakers in the Sophomore Declamation, Men's Division, for excellence in declamation. Similar prizes are awarded in the Women's Division.

In 1924-25, first prizes were awarded to Rowland E. Baird and Bernice V. Green, and second prizes to Charles O. Parmenter and Marguerite Chase.

**THE PHI BETA KAPPA SOCIETY**

A charter for the Beta Chapter of Maine was granted to Colby College in 1895. The object of the Phi Beta Kappa Society is the promotion of scholarship and friendship among students and graduates of American colleges. Election to membership is made on the basis of the scholastic record throughout the four years in college. Election usually takes place within one month after the close of the first semester of the senior year, at which time a public service of recognition is held.

# STUDENT ORGANIZATIONS

## **The Young Men's Christian Association**

The Association is organized on the same plan as those in most other colleges in the country and is affiliated with the Student Department of the International Young Men's Christian Association. Any Christian student may become an active member of the organization. The Y. M. C. A., while primarily a religious organization, aims to broaden out into all the activities of the college. It exists for the general building up of a wholesome life on the campus in every particular. The expenses of the organization are met by contributions by the members and friends.

Meetings are held every Tuesday night from 7 to 7.30. Usually there is some outside speaker who has a convincing message for college men; and at other times discussions are conducted among the students upon some campus problem or vital question.

Interest in Missions is stimulated by Mission study and by occasional addresses by missionaries and secretaries, affording opportunities for conference to those who are considering Missions as their life-work. The Student Volunteer Group is composed of those who have really decided to become missionaries. There is also the Student Fellowship for Christian Life Service composed of all students who are to enter upon any phase of Christian service. Strong monthly meetings of the latter are held throughout the college year.

Voluntary Bible classes are conducted for Freshmen and upper classmen upon vital college, industrial, and social problems. The Association aims to cooperate with the churches of Waterville and vicinity in a program of community service.

One of the important duties of the Y. M. C. A. is sending deputation teams of three or four men to the preparatory schools and various churches throughout the state where religious services and conferences are conducted. This work is much appreciated and has accomplished much good.

The Association has charge of the publication of the Colby Handbook, a useful little book, full of information about the College, given to all students of both Divisions.

### **The Young Women's Christian Association**

Almost all the students of the Women's Division are members of the Association, which, like most of the college associations, is affiliated with the National Board. Members of evangelical churches are eligible to active, others to associate membership.

The Association maintains regular meetings for prayer and conference, provides classes for Bible study and for Mission study, which are well attended and which help to maintain the religious life of the college.

A membership fee of one dollar is charged to provide money to meet the actual expenses of the association.

### **Athletic Association**

The Athletic Association has general direction of all the athletic activities of the College.

### **Debating Society**

Composed of members of the undergraduate body, both Divisions. All intercollegiate debating contests are under its general supervision. Holds regular meetings during the year at which debates among its members are the chief feature.

### **Dramatic Club**

Composed of members of the Women's Division who have taken part in at least one college dramatic production.

### **Health League**

The character and purpose of the League are described on page 95 of the catalogue.

### **Hellenic Organizations**

There are thirteen recognized Greek-letter fraternities and sororities in the two Divisions of the college. In the Men's Division there are chapters of the following fraternities: Delta Kappa Epsilon, Zeta Psi, Delta Upsilon, Phi Delta Theta, Alpha Tau Omega, Lambda Chi Alpha, and Alpha. In the Women's Division the following sororities have chapters: Sigma Kappa, Chi Omega, Delta Delta Delta, Alpha Delta Pi, Phi Mu, and Beta Chi Theta.

**Kappa Phi Kappa**

Kappa Phi Kappa is a national society with a chapter at Colby, devoted to the interests of those who intend to enter the teaching profession.

**Musical Clubs**

There are Glee Clubs, Orchestra and Mandolin Clubs in both Divisions. Annual public concerts are given.

**Pi Kappa Delta**

Pi Kappa Delta is a national honorary forensic society, membership in which is limited to students who have taken part in at least one intercollegiate debate.

**Press Club**

Composed of students who are corresponding for newspapers and religious journals.

**Student Council**

A general student advisory body for the Men's Division of the College.

**Student League**

The purpose of the League is to enact and enforce laws for the Women's Division under a Grant of Powers voted by the Faculty.

**COLLEGE PUBLICATIONS**

**THE COLBY COLLEGE BULLETIN:** a quarterly issued by the college, containing reports, records, and the annual college catalogue.

**THE COLBY ALUMNUS:** a quarterly issued for the alumni and alumnae of the college, edited by Prof. Herbert C. Libby.

**THE COLBY ECHO:** a weekly news publication issued by the undergraduates of the Men's Division.

**THE COLBIANA:** a literary magazine issued three times a year by the undergraduates of the Women's Division.

**THE COLBY ORACLE:** the student year-book.

## GRADUATE ORGANIZATIONS

**THE GENERAL ALUMNI ASSOCIATION**

President: Fred Foss Lawrence, '00, Skowhegan.

Secretary: Ernest C. Marriner, '13, Waterville.

**THE GENERAL ALUMNAE ASSOCIATION**

President: Gertrude L. I. Padelford, '96.

Secretary: Ethel M. Weeks, '14, Waterville.

## COLBY FITTING SCHOOLS

The College has four affiliated Academies in Maine which are under the general direction of its Board of Trustees. The courses of study in these Academies have the approval of the Faculty of the College and frequent visits to these schools are made by committees of examination from the Faculty of the College.

**COBURN CLASSICAL INSTITUTE**, Waterville, Kennebec County.

Drew Thompson Harthorn, A. M., Principal.

**HEBRON ACADEMY**, Hebron, Oxford County. Ralph Leslie Hunt,

A. B., Principal.

**HIGGINS CLASSICAL INSTITUTE**, Charleston, Penobscot County.

William A. Tracy, A. B., Principal.

**RICKER CLASSICAL INSTITUTE**, Houlton, Aroostook County.

Ernest C. Fuller, A. B., Principal.
