GENERAL STATEMENT

COLBY is a Christian college of sound academic standing and strongly democratic principles. Old in tradition and young in spirit, it is one of the distinguished group of small New England liberal arts colleges. The first charter was granted in 1813 by the General Court of Massachusetts which established the Maine Literary and Theological Institution. Waterville was finally selected as the seat of learning and in June, 1818, Rev. Jeremiah Chaplin, with his family and seven students from Danvers, Mass., sailed from Boston to Augusta by sloop and then transferred to long boats which made their way up the river to Waterville.

In 1820, the District of Maine became a separate state and one of the first acts of the new legislature was to grant this institution the power to confer collegiate degrees. The following year the name was changed to Waterville College.

Mr. Gardner Colby, a Boston merchant and prominent Baptist layman, made a pledge of \$50,000 conditional upon the securing of \$100,000 from other sources. This was accomplished and the college entered upon a new era of prosperity. In gratitude for this and other large benefactions from Mr. Colby, the name of the college was changed in 1866 to Colby University, being amended in 1899 to Colby College.

In 1871, women were admitted, Colby thus becoming one of the first coeducational colleges in New England. In 1890, the system of coordinate divisions for men and women was adopted.

Dr. Franklin W. Johnson was elected the fifteenth President on November 17, 1928. In June, 1930, the trustees voted to move the college because the present site offers insufficient opportunity for development. The Mayflower Hill site, nearly a square mile in area, was given to the college for this purpose by the citizens of Waterville in April, 1931. At least \$3,000,000 will be needed to construct the new buildings and a program has been launched which aims to attain this sum.

The campus borders on the Kennebec River and contains the main educational buildings, residential halls, and the athletic plant. Just off the campus, on College Avenue and Main Place, are the President's House, the residences for women students, the Alumnae Building, the Men's Infirmary, and the Delta Kappa Epsilon and Phi Delta Theta fraternity houses.

Champlin Hall (1836) is named after President James T. Champlin, D.D., LL.D., in recognition of his distinguished service while at the head

of the college. It occupies a central position on the campus and contains offices, classrooms, and the college store.

Chemical Hall (1898) contains in addition to the chemical laboratories several classrooms and the principal administrative offices.

Coburn Hall (1872) is so named in acknowledgment of benefactions from one of Colby's most liberal friends, Hon. Abner Coburn. The building is given over entirely to the departments of natural sciences and psychology.

Memorial Hall (1869) was erected in honor of the alumni who fell in the service of their country during the Civil War. It contains the Library and Chapel. The building is rich in that it is the repository of numerous material tributes to alumni, friends, and former officers of the college.

Shannon Observatory and Physical Laboratory (1889) is a gift from an honored and generous alumnus, Hon. Richard Cutts Shannon, LL.D., '62. The studies in physical science and astronomy are carried on in this building.

The athletic facilities, at the northern end of the campus, consist of the Men's Gymnasium (1880), Seaverns Field (1920), Woodman Stadium (1922), and the Field House (1930). The Woodman Stadium is a gift from Mrs. Eleanora S. Woodman, and was erected in honor of the alumni who served in the World War. Seaverns Field is named for its donor, Charles F. T. Seaverns, '01.

Chaplin Hall (1822), or North College, named for Colby's first President, Rev. Jeremiah Chaplin, D.D., is occupied by the Delta Upsilon and Lambda Chi Alpha fraternities, each having the use of one half of the building. South College (1821) is shared in a similar way by the Alpha Tau Omega and Zeta Psi fraternities.

Roberts Hall (1911) named for the late President Arthur J. Roberts, LL.D., '90, and Hedman Hall (1915) bearing the name of the late Professor John Hedman, '95, are used as freshman dormitories. The two buildings are of the same design and the rooms are arranged in comfortable suites.

Foss Hall (1904), the gift of Mrs. Eliza Foss Dexter, is the main residence for women students. In addition to a number of single and double rooms, the building is equipped with a recreation room, a reading room, a dining hall, a women's infirmary, and the administrative offices of the Women's Division.

Four smaller residential halls—Mary Low Hall, Foster House, Mower House, and Dutton House—complete the living accommodations for women students.

A well equipped Men's Infirmary, under the supervision of a registered nurse, is maintained by the college at 25 College Avenue.

The Alumnae Building (1928) was given to the college by Colby women, the donor of the largest individual amount being Professor Florence E. Dunn, Litt.D., '96. The building is used as a social center as well as for housing the health and physical education facilities for women students. It contains an excellent gymnasium, social rooms, kitchen, dining room, and dramatic art equipment.

There are many student organizations at the college. Some of these are closely related to the academic and others to the social side of the college life. The Phi Beta Kappa Society is represented by a chapter, Beta Chapter of Maine, the charter being granted in 1895. Other organizations of a scholastic nature include curriculum clubs and chapters of various national and local honorary fraternities. Fifteen Hellenic fraternities and sororities have local chapters, in addition to which there are numerous other clubs and organizations of a social nature. The extra-curricular religious activities center about the Boardman Society, the Y. M. C. A. and the Y. W. C. A. The student government is represented by the Student Council (Men's Division) and the Student League (Women's Division). More complete descriptions of student organizations and the administrative regulations governing student life at the college are to be found in The Colby Gray Book.

Each year the College sponsors series of lectures and concerts thereby adding to the enrichment of the community life. In 1906, the late Hon. William Wallace Stetson established a trust fund, to be known as the Arthur Jeremiah Roberts Lecture Foundation, the income of which to be expended by the Trustees named in the trust agreement for the maintenance of a lecture course in the college. The speakers are to be chosen by the Trustees of the Foundation, and, in the language of the agreement, must be persons "who have done something worthy of mention, who have a message, and who can deliver it in such a manner as will be helpful to college students." The concert series grew out of a desire on the part of students for the privilege of listening to professional concerts. It has been a practice to present three concerts annually in the winter months. There have been programs by singers, violinists, chamber-music ensembles, pianists, etc.

THE LIBRARY

During recent years it has come to be recognized that the provision of adequate library facilities and service is one of the most important obligations which a college bears to its students. Increasingly, the library

has become, in fact, as well as in name, "the heart of the college"; today there is scarcely an aim or function carried on by our institutions of higher education which is not in some measure aided or supported by library activities. Thus the library fills a fundamental educational and cultural rôle, not merely by supplying materials for required or supplementary reading in connection with course work, but also by the stimulation of interest in contemporary civilization, the compilation of bibliographies, the preparation of exhibits, the provision of recreational reading in the form of non-academic literature on many subjects, including college lecture and music programs, and so on. Colby is constantly striving to expand and improve its Library, and to widen and make more inclusive the service rendered by it.

At present the Library, centrally located in Memorial Hall, contains about 86,000 volumes. The first floor reading room is devoted primarily to the needs of students doing required or collateral reading, and the Reserve Desk is maintained here. The second floor reading room contains the reference collection of over 1100 volumes, comprising nearly 300 separate works, and the file of current periodicals. The Library receives 210 English and 10 foreign language journals, exclusive of U. S. Government publications and newspapers. Over 100 periodical publications are regularly bound. The seating capacity of the two rooms combined is 108. About \$3,000 is spent annually for the purchase of new books, and about \$800 for subscriptions to newspapers and periodical literature.

During the academic year Library hours are as follows: Weekdays: 7:45 a.m. to 5:30 p.m. and every evening except Saturday from 7-9:30 p.m. Sundays: 2-5:30 p.m. and 7-9:30 p.m.

ADMISSION*

The requirements for admission are uniform for all candidates, and are as follows:

FIFTEEN UNITS OF SECONDARY SCHOOL CREDIT

A unit is defined as a subject pursued successfully five periods a week for a full school year, with the exception that four years of English count as only three units.

Required Units

English	3	Algebra	1
Foreign Language	3 or 4	Plane Geometry	1
Three units of one language or two units of each of two languages.		Natural Science	1
		Social Studies	1

Elective Units

The remaining units necessary to make a total of fifteen may be in any subjects accredited for graduation from an approved secondary school.

NOTE: Foreign languages in which entrance units may be offered are Latin, Greek, French, German, and Spanish. A candidate offering at least three units of Latin in addition to three units of Modern Foreign Language may ignore the requirements in natural and social sciences. Candidates offering only two units of foreign language may be admitted at the discretion of the Dean, provided their general school record is sufficiently high. A single unit in a foreign language, representing only one year's study, may not be counted toward the foreign language requirement, but may be counted among the elective units.

Entrance deficiencies may be made up by examination or by taking in college three extra hours for each unit of deficiency. No applicant is granted admission with more than two units of deficiency. In each case the method of making up entrance deficiencies is arranged with the Dean.

METHODS OF ADMISSION

PLAN 1

Complete certificate covering fifteen entrance units, as specified above, signed by the principal of a school which is accredited by the New England College Entrance Certificate Board, or of a school outside New England accredited by the accrediting agency of the region in which the school is located.

*NOTE: Correspondence regarding the admission of men should be addressed to the Dean of the Men's Division; women, to the Dean of the Women's Division.

(New England schools not now accredited should, if desiring the certificate privilege, apply to the secretary of the board, Professor Frank Nicolson, Wesleyan University, Middletown, Conn., before April first.)

PLAN 2

Certificate covering at least eight (8) units and examinations of the College Entrance Examination Board or of Colby College in all subjects necessary to complete the total of fifteen units.

PLAN 3

Examinations in all required and elective subjects necessary to present a total of fifteen units. These examinations may extend over a period of three or four years, and may be either Colby entrance examinations or those of the College Entrance Examination Board.

PLAN 4

Colby College comprehensive examinations in three fundamental subjects: English, Mathematics (Algebra and Plane Geometry) and Foreign Language. These examinations must be taken at one time, but in case of partial failure in the spring examinations the candidate will be permitted to repeat the failed examinations in the fall without being obliged to repeat the examination already passed. This plan assumes that the candidate has covered the fifteen required and elective units necessary for admission.

TRANSFER

Colby College has no fixed policy concerning the admission of applicants who desire to transfer from another college. Each such case is treated on its merits. Applicants must submit a transcript of record, including entrance credits, and a statement of honorable dismissal. The Committee on Standing will then act on the case and inform the applicant whether he can be admitted and with how much advanced credit toward graduation. This regulation applies also to applicants from junior colleges.

SPECIAL

Adult persons desiring to take a few special courses, but not candidates for the degree, may be admitted at the discretion of the Dean.

PROCEDURE OF ADMISSION

1. The prospective applicant should first write to the Dean of the Men's Division or to the Dean of the Women's Division, requesting an application blank.

2. Upon receipt of the blank, the applicant should fill it out carefully and send it to the Dean together with the application fee of ten dollars. (This fee will be returned if the applicant is refused admission, or if for any reason the application is withdrawn previous to September first.)

3. The Dean will communicate with the principal of the applicant's school concerning the method by which admission must be sought. After securing this information the Dean will inform the applicant whether he or she is entitled to certification or must take certain entrance examinations.

4. Applicants who must take entrance examinations will be given specific instructions concerning the time, place, and subjects. Results of examinations will be given to applicants, not in percentage figures but as "Honors", "Passed", or "Failed".

5. When an applicant has completed the requirements for admission and is deemed satisfactory in health and character, he or she will receive a formal notification.

6. Each applicant will receive instructions about room, board, equipment, Freshman Week, curriculum, and other matters before college opens in September.

ENTRANCE EXAMINATIONS

SPRING

The spring examinations may be taken either at the college or at the secondary school, with the permission of the principal. In 1936 these examinations will be held on May 18, 19, 20, according to the following schedule:

Monday, May 18

9 A.M. to 12 M.	Latin
2 to 5 P.M.	History

Tuesday, May 19

9 A.M. to 12 M.	English
2 to 5 P.M.	French, German, Spanish

Wednesday, May 20

9 to 11 A.M.	Algebra
11 A.M. to 1 P.M.	Geometry, Trigonometry
2 to 5 P.M.	Chemistry, Physics, Biology

FALL

The fall examinations may be taken at the college only. In 1936 they will be held on September 15, 16, 17, and 18, in accordance with the following schedule:

ADMISSION

21

Tuesday, September 15

9 A.M. to 12 M. Biology, Chemistry, Geometry, Physics
2 to 5 P.M. History

Wednesday, September 16

9 A.M. to 12 M. English
2 to 5 P.M. Algebra

Thursday, September 17

9 A.M. to 12 M. Latin

Friday, September 18

2 to 5 P.M. French, German

GRADUATION REQUIREMENTS

Each student is responsible for meeting all requirements herewith published, and must not expect to be relieved of disabilities resulting from his oversight or carelessness.

I. The Faculty will recommend the conferring of the degree of Bachelor of Arts by the Board of Trustees upon those students who have successfully completed, under all the conditions specified below, 124 semester hours of approved study with credit for 196 quality points. A semester hour is one period of class work per week for one semester. The number of quality points for each course is the number of semester hours of credit multiplied by an index number for the mark (A=4, B=3, C=2, D=1).

II. There are the following fixed requirements:

1. English Composition in the Freshman Year.
2. American, Classical or English Literature in the Sophomore Year.
3. One year-course in each of two of the following: Biology, Chemistry, Geology, Mathematics, Physics.
4. Two year-courses in Social Studies, selected from the following: Business Administration, Economics and Sociology, Education and Psychology, History and Government, Philosophy, Religion. This requirement must be completed by the end of the Sophomore Year, except that students majoring in science may defer one social science until the Junior Year.
5. A reading knowledge of either French or German whenever or however gained; opportunities to meet this requirement will be provided from time to time under the supervision of the Department of Modern Languages, and a certificate will be issued to each student demonstrating a reading knowledge of French or German.

Students who look forward to graduate study are warned that *the minimum language requirement for graduation at Colby may not give them the proficiency in languages required by the graduate school of their choice.* The majority of graduate schools require a reading knowledge of both French and German of all candidates for the doctorate, and some graduate schools require Latin, French, and German of candidates in the fields of language and literature. Students who contemplate graduate work should consult the Dean as early as possible in their course in order to learn what will be expected of them.

6. Physical Education is required in the Freshman and Sophomore Years. One semester hour of credit is given for the completion of each semester's work; quality points are not granted for work in required physical education.

III. Not later than the end of the Freshman Year each student is required to select a field of concentration known as his major subject. The general requirements for a major are as follows:

1. Every student must take at least eight semester courses in some one subject, with the provision that departments offering a total of only six semester courses may permit two semester courses in a related subject to count toward a major. Majors are not permitted in a subject in which fewer than six semester courses are offered.
2. Each department designates the specific courses and the number exceeding eight semesters demanded for a major in that department.
3. At the end of the Sophomore Year students whose marks average lower than C in the courses completed toward a major are not permitted to continue concentrating in that subject. If a student finds it impossible to secure any major because of this requirement he may be permitted to remain in college for such time as the Dean shall approve without intent of securing a degree.
4. In the Junior and Senior Years three-fifths of a student's program is determined by the major department, but may include courses not specifically in that department. Two-fifths of the program in Junior and Senior Years is elective.

Requirements for majoring in specific subjects are, in general, to be found in the catalogue preceding the descriptions of the courses offered by the several departments. Some programs are more specific than others but all conform to the general pattern described in part V of the graduation requirements. Some students intend their undergraduate work to be a definite preparation for further professional study, and special curricular principles have been formulated to govern the programs of study pursued by these students.

ADVISERS

The Dean is adviser to all Freshmen in the division concerned.

Each upper classman's adviser is the head of the department in which the student is concentrating. At the end of the Freshman year the student selects the subject in which he will do his major concentration. Under the present curriculum, a student's work centers around his major subject, especially during Junior and Senior years. Frequent conference with the adviser is therefore imperative.

For students concentrating in:

Biology
Business Administration
Chemistry

Professor Chester
Professor Eustis
Professor Parmenter

Economics and Sociology	Professor Morrow
Education and Psychology	Professor Colgan
English	Professor Weber
Geology	Professor Perkins
Greek and Latin	Professor Thory
History	Professor Wilkinson
Mathematics	Professor Ashcraft
Modern Foreign Languages	Professor McCoy
Philosophy	Professor Haynes
Physics	Professor Wheeler
Public Speaking	Professor Libby
Religion	Professor Newman
<hr/>	
Pre-Medical	Professor Parmenter
Pre-Dental	Dean Marriner
Pre-Law	Professors Morrow and Wilkinson
Government Service	Professor Morrow
Teaching	Major Subject Adviser and Professor Colgan
Pre-Engineering	Major Subject Adviser

IV. Failed courses which can be made up only by repetition must be repeated in the immediately ensuing year.

V. Curriculum by Years

Freshman Year

English Composition
 Modern Foreign Language, unless requirement has been met
 Science or Mathematics
 Social Science
 Physical Education

Elective chosen from the following: Biology 1-2; Chemistry 1-2; Educational Guidance 1, 2; Geology 1, 2; Greek 1-2; History 01, 02; Latin 01-02, 3-4, or 11-12; Mathematics 01-02 or 1-2; Physics 1-2; Religion 1-2; Social Studies 1-2; and certain additional courses in Modern Foreign Language.

Sophomore Year

American, Classical or English Literature
 Science or Mathematics
 Social Science*

Course in the major subject, if not already included in one of the three courses already named; otherwise a free elective.

Modern Foreign Language, if necessary to meet the requirement; otherwise a free elective.

Physical Education

*Students majoring in science may postpone the requirement in social science until the Junior Year.

Junior Year

- 3 courses determined by the major department.
- 2 electives, one of which must be in Modern Foreign Language if that requirement has not already been met.

Senior Year

- 3 courses determined by the major department.
- 2 electives, one of which must be in Modern Foreign Language if that requirement has not already been met.

Those who meet these requirements with specially high rank will be awarded the degree with distinction. The Bachelor's Degree with Distinction is awarded in three grades: with Distinction (*cum laude*), with High Distinction (*magna cum laude*), with Highest Distinction (*summa cum laude*).

CUM LAUDE. Students who attain a rank between eighty-eight and ninety-two percent throughout their college course will be recommended for a degree *cum laude*.

MAGNA CUM LAUDE. Students who attain a rank between ninety-two and ninety-five percent throughout their college course will be recommended for a degree *magna cum laude*.

SUMMA CUM LAUDE. Students who attain a rank of ninety-five percent or more throughout their college course will be recommended for the degree *summa cum laude*.

MARKED DISTINCTION. If at any time a student who has not obtained one of the *cum laude* grades should attain a rank of ninety-five percent in any department, such student may upon recommendation of the head of that department and at the discretion of the Faculty, be mentioned on the Commencement Program as having attained *Marked Distinction* in that particular department.

FOR THE CLASS OF 1937

Members of the class of 1937 must meet the graduation requirements in effect at the time of their entrance; these are set forth in the catalogue for the year 1933-34.

DEGREES

1. BACHELOR OF ARTS

The degree of Bachelor of Arts is conferred by the Board of Trustees, on the recommendation of the Faculty, upon those who have met the conditions specified under Graduation Requirements.

2. MASTER OF ARTS

A candidate for the degree of Master of Arts must be a graduate of this College or of an institution of similar rank. He must furnish to the faculty committee on graduate students and to the head of the department in which he pursues his major courses satisfactory evidence, such as a transcript of his undergraduate record, that he is fully prepared to undertake graduate study. He must register on or before October first; consultation with the Faculty should precede that date.

Before he can be recommended for the degree, the candidate must fulfill the following requirements:

1. A candidate must pursue the equivalent of five courses of graduate study. Of these, three courses must be in the department of his major subject, and two courses in a minor subject which is closely related to his major department. The major subject must be one in which the student has completed at least twelve semester hours as an undergraduate. Under no circumstances are elementary courses in either major or minor subjects acceptable in fulfilling the requirements for this degree.

2. A candidate for this degree must submit a thesis not later than the fifteenth of May of the year in which he desires to be examined for the degree. This thesis must be approved by the head of the department in which the student pursues his major subject, and by the faculty committee on graduate students. Two typewritten copies of this thesis must be deposited with the librarian on or before June first.

3. The tuition fee is the same as for undergraduates, payable under the same regulations, including the registration fee of \$10 and deposit of \$50. In addition the candidate must pay a diploma fee of \$10. In courses that require the use of laboratories, a laboratory fee is charged.

4. A candidate for this degree must spend at least one academic year in residence at this college. A candidate who is permitted to serve as an assistant in any department of the college is required to spend at least two academic years in residence.

5. A candidate will not be recommended for this degree, unless he maintains in each of his courses a grade of "B" or better.

6. Courses taken, after graduation, in other institutions of approved standing by a candidate for this degree may be submitted for approval to the faculty committee on graduate students and to the head of the department in which the student takes his major courses; and if approved, such courses may be offered in place of part of the requirements set forth above; provided such courses are directly related to the major or minor subject of the candidate, and provided that in them a grade of "B" or better has been maintained. The granting of credit for graduate courses pursued in other institutions does not remove the residence requirement of one year.

REGISTRATION*

Registration consists of preparing and filing certain records with the Registrar; specific instructions are issued at each registration period.

Preceding registration for the first semester's work in any one year the student must have paid to the College Treasurer a registration fee of ten dollars and a deposit of fifty dollars which are credited as advance payments on the first semester bill. Freshmen are required to register at an appointed time during Freshman Week. Upperclassmen must register on the day preceding the beginning of the academic year.

Preceding registration for the second semester's work in any one year the student must pay to the College Treasurer a deposit of fifty dollars, which is credited as an advance payment on the second semester bill.

No student will be allowed to register for courses either semester without presenting to the Registrar, at an appointed time and place, either a receipt for the semester deposit or a treasurer's release allowing registration without presentation of a receipt. Registration and payment of the semester deposit are two distinct processes and a fine of one dollar for each day of delay is charged for late registration, five dollars being the maximum fine imposed.

*See pp. 31-35, inc.

ELECTION OF COURSES

All regular students must select their programs of study using part V of the graduation requirements as a guide; they must meet all degree requirements and elect a minimum of fifteen hours a week.

The program for each Freshman is determined by correspondence followed by a personal conference on registration day.

In the spring Freshmen, Sophomores, and Juniors must elect courses for the following year. Failure to elect courses at this time will cause the student considerable inconvenience, including a fine of two dollars before any subsequent election will be permitted.

With the approval of the adviser and on payment to the Registrar of a fee of one dollar per change, voluntary changes in a student's program may be made on a registration day and during the following week; involuntary changes may be made without penalty. After the expiration of one week, however, changes may be made only with the consent of both the adviser and the Dean, and then only with the understanding that the student must accept a mark of "D^r" in the course which he drops. These rules shall not, however, apply to Freshmen in their first semester; for they may make changes without penalty during the first three weeks, provided they have the consent of the Dean.

A student who drops a course without permission shall be placed on probation for the remainder of the semester and shall receive a mark of "F" in the course.

At the Registrar's Office the student can get standard forms upon which to make application for changing courses or dropping a course.

EXTRA COURSES

With the consent of adviser and Dean a student may elect one, but only one, extra course in excess of the normal program of five courses (exclusive of the required work in physical education) provided that the student (1) has had at least one semester in college, (2) has passed at least four courses in the immediately preceding semester, and (3) has obtained an average rank of at least 70 in all courses passed in the immediately preceding semester. An extra course may not be started after the date set as a limit to change courses.

If, on the advice of his adviser or instructor concerned, a student repeats in addition to a regular schedule a course already passed, he shall not be charged the customary extra-course fee.

STANDING

A student's class standing is determined by the number of semester hours with which he is credited on the Registrar's records. A student having less than the required number of semester hours at the end of any year is demoted to the next lower class.

The requirements are

For Sophomore standing	24 semester hours
For Junior standing	54 semester hours
For Senior standing	84 semester hours

At the end of the first half of each semester the faculty issues, through the Registrar's office, mid-semester warnings, both major and minor. These warnings are sent to the student, to his parents, and to his adviser. For each mark reported below 60 the student is given a major warning; for each mark reported as barely passing but in danger of becoming a final failure the student is given a minor warning. Only major warnings affect a student's eligibility for extra-curricular activities.

At the end of each semester the faculty issues, through the Registrar's office, final marks. These are reported to students, and to their parents and advisers.

Whenever a student's academic record shows serious deficiency, the question of the student's retention or dismissal is determined by the Committee on Standing, in which the faculty has vested complete power to deal with such cases.

The President and the Dean are empowered to take disciplinary action, even to the extent of requiring withdrawal from college, when offenses against regulations or customs warrant such action.

There is no fixed method for computing a student's final mark in a course; the final examination must, however, count less than half in the whole computation.

Marks are reported to students in letters according to the following scale:

"A" means that the quality of work done by a student was, in percentage, between 90 and 100; "B", 80 and 89; "C", 70 and 79; "D", 60 and 69.

A conditional mark of "E", covering percentage marks between 50 and 59, is used in the first semester of a few continuous courses specifically designated by the departments. The deficiency thus indicated may be made up by such quality of work in the second semester as the depart-

ment shall demand. The following are the only courses to which this rule applies:

Biology 1	Mathematics 01, 1, 9, and 13
Business Administration 1	Physics 1
Economics 1	Psychology 1
English 7	Public Speaking 5, 7, 9, and 11
French 1, 3, 05, and 5	Social Studies 1
German 01, 1, 03, 3, 05, 5, and 7	Sociology 1
Greek 1 and 3	

A mark of "F" means that a course has been failed and must be repeated or have another course substituted for it. A mark of "F" cannot be made up by examination.

A mark of "Abs" is given when a student is absent from the final examination. A student should make up such a deficiency immediately; after the expiration of one year a mark of "Abs" is changed to "F".

The mark "Cr" shows that a student has been awarded credit, but no mark, for the work of a course.

A mark of "Dr" indicates that a student has dropped the course from his schedule with permission.

The mark "Inc" means that a student's work in a course has been unfinished; this work must be made up within limits prescribed by the instructor; otherwise the mark will be changed to "F". In any event after the expiration of a year, the Registrar will change an "Inc" to "F".

The letter "R" is used together with an appropriate mark when a student has repeated a course.

FEES AND EXPENSES

TUITION

For all except special students the tuition charge is \$100 per semester or \$200 a year. Should a regular student be allowed to take more than five three-hour courses, he will be charged \$20 a semester for each extra course.

Special students who are allowed to take less than five courses are charged \$20 a semester for each course taken.

Of this tuition fee, \$50 must be paid in advance to the Treasurer of the College on or before Registration Days of each semester in September and February. Until a receipt, or a deferred payment permit, for this advance payment is obtained from the Treasurer, a student may neither register nor enroll in any college classes. The amounts thus deposited will be credited toward the payment of the first and second semester bills. (See page 27, Registration Fee.)

DEPARTMENTAL FEES

Laboratory fees are charged in science courses as follows:

Biology 1, 2, 3, 4, 9	\$3.00 a semester
Biology 5, 6, 7, 8.....	5.00 a semester
Chemistry 1, 2, 3, 4.....	6.00 a semester
Chemistry 5, 6, 7, 8, 11, 12.....	7.00 a semester
Chemistry 9, 10, 15, 16, 17, 18.....	8.00 a semester
Geology 1, 2, 3, 4, 5, 6, 7, 8, 9, 10.....	3.00 a semester
Physics 1, 2	3.00 a semester
Physics 3, 4, 7, 8, 9, 10, 11, 12	5.00 a semester

STUDENT ACTIVITIES FEE

Each student of the Men's Division is required to pay \$12 charged on the first semester's bill and \$14 charged on the second semester's bill for support of student activities, allotted as follows: First Semester, Athletic Ticket \$7.50, Colby *Echo* \$2.00, Class Dues \$1.00, Y. M. C. A. \$1.00, Debating Society 50 cents; Second Semester, Athletic Ticket \$7.50, Colby *Oracle* \$5.00, Y. M. C. A. \$1.00, Debating Society 50 cents. Allotment designations do not appear on the bills. There is rather a blanket designation: "Student Activities Fee". This fee is compulsory, and no portion of it is deductible for any reason.

Each student of the Women's Division is required to pay \$10.00 charged on the first semester's bill and \$8.50 charged on the second

semester's bill, allotted as follows: First Semester, Athletic Ticket \$2.50, Colby *Echo* \$2.00, Y. W. C. A. \$1.00, Student League \$2.00, Class Dues \$2.00, Debating Society 50 cents; Second Semester, Athletic Ticket \$2.50, Colby *Oracle* \$5.00, Y. W. C. A. \$1.00.

HEALTH FEE

Each student of the Men's Division is charged a Health Fee of \$8.00 per year, \$4.00 of which is charged on each semester's bill. In return for this fee the student receives the following services:

A thorough physical and medical examination.

As many visits at the daily sick call as he shall find necessary.

Initial visits of the College Physician at the student's residence if the student is unable to attend sick call.

A total, during the college year, of ten days' free service at the infirmary, including all necessary attendance of the College Physician.

Each student of the Women's Division is charged a Health Fee of \$5.00 per year, \$2.50 of which is charged on each semester's bill. In return for this fee each student receives the following services:

Medical examination.

As many visits at the daily sick call as she shall find necessary.

Use of the Woodman Infirmary under the usual regulations, including a charge of ten cents a meal for tray service and the actual cost of laundry.

Initial visits of the College Physician at the student's residence if the student is unable to attend sick call.

All necessary attendance upon the student by the College Physician whenever the student is confined to Woodman Infirmary.

DIPLOMA FEE

There will be a Diploma Fee of \$5 for each graduating Senior. This fee will be charged upon the final semester's bill.

ROOMS AND BOARD: MEN'S DIVISION

Hedman and Roberts Halls are reserved for Freshmen. The rent is \$50 per occupant for each semester. Plans of these dormitories will be sent on application to the Dean.

North College, South College, and 31 College Avenue are occupied by fraternities. Each fraternity is charged a flat rental which the college collects from all occupants on a pro rata basis. Freshmen are not permitted to live in fraternity houses.

The college has no general dormitory for upper classmen. Fraternities housed in college buildings are usually glad to permit non-fraternity

upper-classmen to occupy rooms without affiliation with the fraternity. The Dean's office also keeps a file of approved private rooms in the city, the rental of which ranges from \$2.50 to \$4.00 per week.

The college does not operate a dining hall for men. Table board may be obtained at fraternity houses or in the city at prices ranging from \$5.00 to \$7.00 per week.

ROOMS AND BOARD: WOMEN'S DIVISION

All women students not living at home or with relatives are required to live in one of the college residence halls. Any exceptions to this regulation—which exceptions could occur only if girls needed to work their room and board—must be arranged in consultation with the Dean of the Women's Division. Room and board is \$158 a semester.

PAYMENT OF BILLS

As previously explained,* every student is required to pay a registration fee of ten dollars and a deposit of fifty dollars at the beginning of the first semester; and a deposit of fifty dollars at the beginning of the second semester. *No bills are issued for these deposits.* Registration cannot be completed until the amounts have been paid, or deferred payment is arranged; *penalties are imposed for tardiness.*†

*pages 27 and 31.

†See page 27.

The regular college bill is issued once each semester. The first semester bill is presented about October fifteenth and is due in ten days; the second semester bill is presented about February fifteenth and is likewise due in ten days. The gross bill contains the semester charges for tuition, room rent, fees, and (in the women's division) board. The net bill (the amount due) is the gross bill less credits for advance payment and scholarship aid.

Students must understand that the Treasurer of the College has absolute authority concerning the collection of college bills. Only the Treasurer is empowered to grant extension of payment beyond the date due. Neither the President nor either of the Deans is permitted to interfere with the Treasurer's regulations. Students needing extension of part of a semester's bill must therefore make all such arrangements directly with the Treasurer. Unless payment is made in exact accordance with the Treasurer's specific understanding with the student, the regulations of the Trustees require the Treasurer to demand that the Dean exclude the student from classes until payment is made.

No student will be granted a degree until all bills due the College have been paid. The marks of any student owing bills to the College will be withheld.

Any student who does not return athletic equipment belonging to the College Athletic Association shall be charged a reasonable price for the same. The charges shall be considered and treated as other college bills and shall be collected by the Treasurer of the College and credited to the account of the Association.

REFUNDS

Whenever a student withdraws, either voluntarily or involuntarily, refund for table board will be made pro-rata.

Refunds will not be made for fees and incidental charges after the semester bill has been issued.

Whenever a student is required to withdraw because of misconduct or unsatisfactory scholarship, no refund of tuition or room rent will be made.

In case of voluntary withdrawal, refund of tuition and room rent will be made according to the following table:

From registration day until the expiration of two weeks	80% refunded
Between two and four weeks.....	60% refunded
Between four and six weeks.....	40% refunded
Between six and eight weeks.....	20% refunded
After eight weeks	no refund

FINANCIAL AID

Financial aid is available to men and women students in several forms.

General information about student employment is contained in a circular entitled "Student Employment".

Information about scholarships is contained in a special circular entitled "Scholarship Aid". Scholarships are of several different kinds and are awarded on a variety of bases. A prospective applicant should examine the circular carefully to determine whether he or she should make application for a general or for a specially designated scholarship.

Membership in the national forensic society of Pi Kappa Delta, the Maine Alpha Chapter of which has been established at Colby, is conditioned upon membership in the Squad and participation in intercollegiate debates.

Credit of one semester is granted to students who satisfactorily complete the work of the course, but such credit is not granted until the student has completed the senior year and has been a member of the Squad during his residence in the College.

Elective for all students.

It is advisable that students complete Public Speaking 5-6 before electing this course.

MODERN LANGUAGES

ASSOCIATE PROFESSORS MCCOY, HELIE, AND STRONG, AND
MESSRS. SMITH AND BITHER

The aim of the Department is two-fold: linguistic and cultural. The linguistic aim is to give the student a knowledge of the languages sufficient to enable him to read, write, and speak them with ordinary facility and understanding. The cultural aim is to acquaint the student with the customs and life, the history, literature and art, of the French, German, and Spanish peoples.

NOTE: Prerequisite for the work of the second semester of all courses in the Department of Modern Languages numbered 01-8:

(1) A student must receive a grade of at least fifty per cent in the first semester's work in order to be allowed to continue with the work of the second semester. A student whose work has fallen between 50 and 59 in the first semester will be given the grade of E. He will receive credit for this work if he passes the work of the second semester.

(2) If a student who has passed the first semester's work with a grade of less than seventy per cent fails to complete the course by passing the work of the second semester, he will be expected to repeat the first semester's work before attempting again the work of the second semester.

The Gospels, Epistles, and other New Testament writings; the lives of Jesus and Paul, and the rise of the Christian Church. The source material of Christianity will be closely linked to the life and problems of the Christian Church and the Mediterranean World of the first and second Christian Centuries.

Elective for all students.

3-4. HISTORY OF RELIGIONS. Tuesday, Thursday, Saturday, 11.25, Chemical 24.

The history and development of the world's great religions; special emphasis on Zoroastrianism, Judaism, Mohammedanism and Christianity.

Elective for Sophomores, Juniors, and Seniors.

[5-6. RELIGIOUS EDUCATION AND PSYCHOLOGY.]

7. THE SOCIAL TEACHINGS OF THE PROPHETS, JESUS, AND PAUL, AND MODERN SOCIAL PROBLEMS. First Semester: Monday, Wednesday, Friday, 8, Champlin 24.

Intensive study of the fundamental social teaching of Judaism and Christianity. Application to the leading current social problems.

Elective for Juniors and Seniors.

8. CONTEMPORARY RELIGION. Second Semester: Monday, Wednesday, Friday, 8, Champlin 24.

Modern trends in world religions; representative religious groups in America; contemporary cults; current literature; social implications.

Elective for Juniors and Seniors.

[9-10. RELIGIOUS BIOGRAPHY.]

ART

PROFESSOR WHITE

[1. CLASSICAL ART.]

[2. CHRISTIAN ART.]

MUSIC

MR. THOMAS

Qualified students will be granted credit of one semester-hour per semester for satisfactory participation in the work of the glee club *or* orchestra; such credit, however, will not be given for the first two semesters' work which is probationary. A student entering as a freshman in September, 1935 may, therefore, earn as many as six semester-hours in music by participating in approved musical activities for four years (eight semesters).

DIVISION OF SCIENCE

Chairman: PROFESSOR ASHCRAFT

MATHEMATICS

PROFESSORS ASHCRAFT AND RUNNALS, ASSISTANT PROFESSOR WARREN,
AND INSTRUCTOR

01-02. INTRODUCTION TO STATISTICS. Tuesday, Thursday, 1.30-3,
Chemical 28.

Elementary treatment of the mathematical principles of statistics as suggested by Social Science Research Council.

For Freshmen intending to major in social science.

ASSISTANT PROFESSOR WARREN.

1-2. **ELEMENTARY FUNCTIONS.** Section A, Monday, Wednesday, Friday, 8, Champlin 23; Section B, Monday, Wednesday, Friday, 9, Chemical 27; Section C, Tuesday, Thursday, Saturday, 9, Chemical 27; Section D, Tuesday, Thursday, Saturday, 11.25, Champlin 23.

Algebra, trigonometry, and analytic geometry.

Required of Freshmen who intend to major in Mathematics, Physics or Chemistry.

PROFESSOR ASHCRAFT.
INSTRUCTOR.

3-4. **ELEMENTARY DIFFERENTIAL AND INTEGRAL CALCULUS.** Monday, Wednesday, Friday, 8, Chemical 27.

Differentiation of simple and complex functions; maxima and minima; integration with applications; theorems of Taylor and Maclaurin; partial and total derivatives.

Required of students majoring in Mathematics.

Elective for students who have completed Mathematics 2.

PROFESSOR ASHCRAFT.

5. **ADVANCED CALCULUS.** First Semester: Monday, Wednesday, Friday, 10.25, Chemical 27.

Topics in advanced calculus and solid analytic geometry.

Required of students majoring in Mathematics.

Elective for students who have completed Mathematics 4.

PROFESSOR ASHCRAFT.

6. **DIFFERENTIAL EQUATIONS.** Second Semester: Monday, Wednesday, Friday, 10.25, Chemical 27.

First and second order differential equations with applications.

Required of students majoring in Mathematics.

Elective for students who have completed Mathematics 5.

PROFESSOR ASHCRAFT.

7-8. **ANALYSIS.** Hours and place to be arranged.

Elective for students who have completed Mathematics 6.

INSTRUCTOR.

9-10. **GEOMETRY.** Hours and place to be arranged.

A sequel to elementary plane and solid geometry; modern synthetic geometry.

Required of students majoring in Mathematics.

Elective for students who have completed Mathematics 02 or 2.

INSTRUCTOR.

11. **HIGHER ALGEBRA.** First Semester: Tuesday, Thursday, Saturday, 10.25, Chemical 27.

Special topics in algebra; determinants, series, symmetric functions, the cubic, the biquadratic, eliminants and covariants.

Elective for students who have completed Mathematics 4.

PROFESSOR ASHCRAFT.

[12. **THE TEACHING OF MATHEMATICS IN THE SECONDARY SCHOOL.**]

13-14. MECHANICS. Hours and place to be arranged.

The principles of dynamics; statics and kinetics with applications.
Elective for students who have completed Mathematics 4.

INSTRUCTOR.

15. STATISTICS. First Semester: Hours and place to be arranged.

The mathematical principles of statistics and their applications to various fields.
Elective for students who have completed Mathematics 02 or 2.

INSTRUCTOR.

18. ASTRONOMY. Second Semester: Hours and place to be arranged.

The solar system; theories of its origin and development. Stars, comets and
meteors, nebulae, and galactic systems.

INSTRUCTOR.

PHYSICS

PROFESSOR WHEELER AND ASSISTANT PROFESSOR STANLEY

The following courses in Physics are designed to meet the needs (a) of students who desire to acquire a knowledge of a fundamental science as a part of a liberal education, (b) of prospective teachers of science in secondary schools, (c) of students whose majors are in subjects related to Physics or whose later work in Medicine or other subjects will require Physics as a prerequisite, (d) of those students who wish to major in Physics in preparation for further work in an Engineering or Graduate School or in Industrial Physics.

Students who plan to take more than one year of Physics should, in general, take Mathematics 1-2 not later than Physics 1-2.

The student who intends to major in Physics should consult the Head of the Department, as early in his career as possible, concerning which courses in this and allied subjects should be taken to meet his requirements.

All classes in Physics meet in Shannon Hall.

1-2. GENERAL PHYSICS. Lectures: Section A, Tuesday, Thursday, 9; Section B, Tuesday, Thursday, 10.25; Laboratory: Section I, Monday, 1.30-3.30; II, Tuesday, 1.30-3.30; III, Wednesday, 1.30-3.30; one recitation each week; Monday, 10.25; Friday, 1.30; Saturday, 9; or Saturday, 10.25.

The fundamentals of mechanics, heat, and sound; electricity, light, and modern physics.

High school Physics is desirable but not required.

Four semester hours credit per semester.

Elective for Freshmen, Sophomores, and Juniors.

PROFESSOR WHEELER.

ASSISTANT PROFESSOR STANLEY.

3. ELEMENTARY MODERN PHYSICS. First Semester: Section A, Tuesday, Thursday, 9; Section B, Tuesday, Thursday, 10.25; Laboratory Sections, Saturday, 8-9.50 or 10.25-12.15.

The more important experimental facts on which modern atomic structure theory is based: kinetic theory of gases, thermionic and photoelectric effects, conduction of electricity through gases, Bohr's theory, Compton effect, etc.

Elective for students who have completed Physics 1-2.

PROFESSOR WHEELER.

4. THEORY OF LIGHT. Second Semester: Section A, Tuesday, Thursday, 9; Section B, Tuesday, Thursday, 10.25; Laboratory Sections, Saturday, 8-9.50 or 10.25-12.15.

The more important parts of geometrical and physical optics; optical instruments, interference, diffraction, polarization, and spectroscopy.

Elective for students who have completed Physics 3.

PROFESSOR WHEELER.

[7. MECHANICS AND PROPERTIES OF MATTER.]

[8. HEAT AND THERMODYNAMICS.]

9-10. MAGNETISM AND ELECTRICITY. Monday, Wednesday, 9; Laboratory, Thursday, 1.30-3.30.

Magnetic elements and measurements; testing magnetic properties of iron; measurements of resistance and temperature coefficient of resistance; measurements of electromotive force, self and mutual inductance, and capacity; insulation and capacity tests; electrolytic conduction; conduction of electricity through gases, testing of rectifying and amplifying vacuum tubes; elementary theories of alternating currents, electrical oscillations and radiation, thermoelectricity, photoelectricity.

Elective for students who have taken or are taking Mathematics 3-4 and Physics 3, 4.

PROFESSOR WHEELER.

ASSISTANT PROFESSOR STANLEY.

11-12. DIRECT AND ALTERNATING CURRENTS. Monday, Wednesday, 8; Laboratory, Friday, 1.30-3.30.

Electric and magnetic circuits; the laws of electromagnetism; design, use, and protection of electrical measuring instruments; laboratory determinations of the operating characteristics of direct current machinery.

Laws of alternating current circuits; theory and operating characteristics including practical testing of alternating current machinery; electrical waves and oscillations; photoelectric circuits; telegraph, telephone, and radio communication.

Elective for students who have taken Physics 9-10.

ASSISTANT PROFESSOR STANLEY.

13-14. MODERN PHYSICS. Monday, Wednesday, Friday, 11.25.

Historical sketch; electromagnetic theory of light; thermionic and photoelectric effects; origin and development of the quantum theory; origin of spectra; vector and other models of the atom; X-rays. Radioactivity; methods of measurement of radiations from radioactive substances; alpha, beta and gamma rays; theory of successive transformations; the nucleus and its disintegration; wave theory of matter. Occasional laboratory experiments.

Elective for students who have completed Mathematics 3-4 and have taken or are taking Physics 9-10.

PROFESSOR WHEELER.

CHEMISTRY

PROFESSOR PARMENTER, ASSOCIATE PROFESSOR WEEKS, AND INSTRUCTOR

*The student who intends to major in Chemistry should consult the Head of the Department upon entering college, as to which courses in this and allied subjects should be taken to meet his requirements.
All classes in Chemistry meet in Chemical Hall.*

1-2. GENERAL CHEMISTRY. Wednesday, Friday, 11.25; Laboratory: Section I, Monday, 10.25-12.15; II, Tuesday, 1.30-3.30; III, Thursday, 1.30-3.30; one quiz period each week, Monday, 9 or 1.30; or Tuesday, 9 or 11.25.

History, occurrence, distribution, preparation, properties, and uses of the elements and their principal compounds; theoretical and historical chemistry. Lectures and recitations with lecture-table experiments; individual laboratory work in which the student prepares the principal elements and their compounds, and studies their properties.

Four semester hours credit per semester.

Elective for Freshmen, Sophomores, and Juniors.

PROFESSOR PARMENTER,
ASSOCIATE PROFESSOR WEEKS,
INSTRUCTOR.

5. QUALITATIVE ANALYSIS. First Semester: Section A, Tuesday, Thursday, Saturday, 10.25-12.15; Section B, Monday, Wednesday, Friday 2.30-4.30.

The reactions and detection of the metallic and non-metallic ions and radicals, based upon the theory of ionization and mass action; experience in analyzing alloys, minerals, and technical products.

Elective for students who have passed Chemistry 1-2.

INSTRUCTOR.

6. ELEMENTARY PHYSICAL CHEMISTRY. Second Semester: Section A: Tuesday, Thursday, Saturday, 10.25-12.15; Section B: Monday, Wednesday, Friday, 2.30-4.30.

The fundamentals of theoretical chemistry based upon quantitative measurements. Elective for students who have passed Chemistry 5.

INSTRUCTOR.

7-8. QUANTITATIVE ANALYSIS. Tuesday, Thursday, Saturday, 8-10.

Theoretical and practical instruction in quantitative analysis as illustrated by selected gravimetric, volumetric and electro-chemical methods; the use of the analytical balance; methods of weighing and calibration.

Elective for students who have passed or are taking Chemistry 5, 6.

PROFESSOR PARMENTER,

9-10. ORGANIC CHEMISTRY. Monday, Wednesday, Friday, 2.30-4.30.

The preparation, reactions, properties, and structure of the aliphatic and carbocyclic hydrocarbons and their derivatives.

Elective for students who have passed or are taking Chemistry 5, 6.

Four semester hours credit per semester.

ASSOCIATE PROFESSOR WEEKS.

11-12. PHYSICAL CHEMISTRY. Wednesday, Friday, 10.25; Laboratory hours, Tuesday, 3.30-5.30.

The theories, fundamental laws, and methods of physical chemistry, including stoichiometry; gases, liquids and solids; generalizations and applications of the phase rule; thermochemistry and photochemistry; colloid chemistry; law of mass action; theories of solutions; chemical kinetics and equilibrium; catalysis; electrochemistry; radioactivity and atomic structure.

NOTE: *Students may elect Chemistry 7-8, 9-10, and 11-12 simultaneously.*

ASSOCIATE PROFESSOR WEEKS.

13-14. INDUSTRIAL CHEMISTRY. Monday, Wednesday, Friday, 8.

The more important applications of organic, inorganic and physical chemistry to industrial processes; the contributions of chemistry to the development and requirements of modern industry and society.

Elective for students who have passed Chemistry 5, 6.

INSTRUCTOR.

15. QUANTITATIVE ANALYSIS, ADVANCED. First Semester: Tuesday, Thursday, Saturday, 10.25-12.15.

Selected methods in gravimetric, volumetric, gasometric, and electrochemical analysis; the use of physical-chemical apparatus.

Elective for Seniors who have passed Chemistry 7-8.

PROFESSOR PARMENTER.

16. TECHNICAL ANALYSIS. Second Semester: Tuesday, Thursday, Saturday, 10.25-12.15.

Continuation of Chemistry 15. The quantitative study of technical, agricultural, and industrial products; the analysis of iron and steel, lubricating oils, food, paint, soap, and fertilizer; the complete analysis of coal by bomb-calorimeter methods; water analysis for industrial and potable purposes.

Elective for Seniors who have passed Chemistry 7-8.

PROFESSOR PARMENTER.

17-18. ORGANIC CHEMISTRY, ADVANCED. Wednesday, Friday, 1.30-2.30; Laboratory hours, Monday, 1.30-5.30.

The more important general reactions of organic chemistry; special reactions of interest to the advanced student; reading of papers in the chemical literature and reports on special subjects. Laboratory work consists of more difficult preparations than those made in Chemistry 9-10; the preparations will be taken from a number of the more important laboratory manuals and from the original literature.

Elective for students who have passed Chemistry 9-10.

ASSOCIATE PROFESSOR WEEKS.

BIOLOGY

PROFESSOR CHESTER AND INSTRUCTOR

Students who intend to enter medical school are advised to take Biology 1-2, 5-6, 7, 8.

Students who major in the department are advised to take Biology 1-2, 3-4, 9, 10.

If one expects to receive recommendation for teaching Biology in the secondary school it will be necessary to take Biology 1-2 and 3-4. This represents the minimum for such preparation. In addition, prospective teachers are advised to take Biology 9.

All classes in Biology meet in Coburn Hall.

1-2. GENERAL BIOLOGY. Section A, Monday, Wednesday, Friday, 10.25; Section B, Monday, Wednesday, Friday, 11.25; Demonstration Periods: I, Monday, 1.30-2.30; II, Monday, 2.30-3.30; III, Tuesday, 1.30-2.30; IV, Tuesday, 2.30-3.30; V, Wednesday, 1.30-2.30; VI, Wednesday, 2.30-3.30.

Introduction to the biological sciences; the general biological principles associated with plant and animal life.

Elective for Freshmen and Sophomores.

PROFESSOR CHESTER.
INSTRUCTOR.

3-4. BOTANY. Tuesday, Thursday, 8; Laboratory, Thursday, 1.30-3.30.

The structure, development, physiology and ecology of the flowering plant; the type study of various plants, illustrating their evolutionary history; field excursions.

Elective for students who have had Biology 1-2.

PROFESSOR CHESTER.

5-6. VERTEBRATE ANATOMY. Monday, Wednesday, Friday, 8-10.

The structure of the vertebrate animal; the fish, the amphibian and the mammal.

Elective for Sophomores, Juniors, and Seniors who have taken Biology 1-2.

INSTRUCTOR.

7. BIOLOGICAL METHODS AND HISTOLOGY. First Semester: Tuesday, Thursday, Saturday, 10.25-12.15.

Biological methods of preparation of material for study; of keeping permanent records of the same; the fundamental tissues.

Elective for Juniors and Seniors who have taken Biology 1-2.

INSTRUCTOR.

8. EMBRYOLOGY. Second Semester: Tuesday, Thursday, Saturday, 10.25-12.15.

The development of the chick and other vertebrates.

INSTRUCTOR.

9. INVERTEBRATE ZOOLOGY. First Semester: Monday, Wednesday, Friday, 8. Laboratory, hours to be arranged.

Study of the invertebrates.

Elective for Juniors and Seniors who have taken Biology 1-2.

PROFESSOR CHESTER.

10. EVOLUTIONARY BIOLOGY. Second Semester: Monday, Wednesday, Friday, 8.

Elective for Juniors and Seniors who have taken Biology 1-2.

PROFESSOR CHESTER.

11. GENETICS. First Semester: Tuesday, Thursday, Saturday, 10.25.

Elective for students who have taken Biology 1-2.

PROFESSOR CHESTER.

GEOLOGY

PROFESSOR PERKINS

All classes in Geology meet in Coburn Hall.

1. GENERAL GEOLOGY. First Semester: Section A, Tuesday, Thursday, 8; Section B, Tuesday, Thursday, 9; Section C, Tuesday, Thursday, 10.25; Laboratory Section I, Monday, 1.30-3.30; II, Tuesday, 1.30-3.30; III, Wednesday, 1.30-3.30.

The topographic forms of the earth's surface and the processes by which they were produced.

Elective for all students.

2. HISTORICAL GEOLOGY. Second Semester: Section A, Tuesday, Thursday, 8; Section B, Tuesday, Thursday, 9; Section C, Tuesday, Thursday, 10.25; Laboratory Section I, Monday, 1.30-3.30; II, Tuesday, 1.30-3.30; III, Wednesday, 1.30-3.30.

The history of the earth and of life on the earth.

Elective for students who have completed Geology 1 or a college course in Biology or Chemistry.

3. PHYSICAL GEOLOGY. First Semester: Wednesday, Friday, 8; Laboratory, Friday, 1.30-3.30.

Rocks of the earth's crust, including their composition, origin and structure; those features of the rocks which are of use in interpreting the past history of the earth.
Elective for students who have completed Geology 1.

4. **ADVANCED PHYSIOGRAPHY AND HISTORICAL GEOLOGY.** Second Semester: Wednesday, Friday, 8; Laboratory, Friday 1.30-3.30.

The structures and historical geology of typical regions.
Elective for students who have completed Geology 1.

5-6. **MINERALOGY AND ECONOMIC GEOLOGY.** Hours and place to be arranged.

Crystallography, physical and determinative mineralogy, and the economic geology of minerals; collecting trips to some of the mineral localities of the State.

[7-8. **FIELD AND STRUCTURAL GEOLOGY.**]

9-10. **GEOLOGICAL RESEARCH.** Hours and place to be arranged.

An individual problem in geological research selected by the instructor to give training in the methods of geological research and the preparation of scientific theses; especially intended for students who intend to do graduate work in this field.

Elective with the consent of the instructor for those who have had at least two full years of work in geology.

DIVISION OF HEALTH AND PHYSICAL EDUCATION

Chairman: PROFESSOR LOEBS

ASSOCIATE PROFESSOR LOEBS, ASSISTANT PROFESSORS ROUNDY AND
MILLETT, DR. PIPER, MR. PERKINS, AND MISS VAN NORMAN

MEDICAL SUPERVISION

The College Physician maintains regular office hours each day for medical consultation and service to all students.

Every student is given a careful health examination during the first week of the college year, and advised how to maintain his health and increase his physical efficiency.

It is desirable wherever possible that all remediable defects of vision and all conditions of throat, nose, teeth or other parts of the body which might interfere with normal student activities be corrected before the student comes to college. Students with physical disabilities and weaknesses will be advised by the College Physician to enter upon a program of mild activity, rest, or corrective exercises.

DR. PIPER.

PHYSICAL EDUCATION FOR MEN

All men who are physically fit may participate in the more strenuous athletic games and sports subject to the rules and regulations of the Faculty, College Physician, Council on Athletics, and Intramural Council. This department offers the

opportunity for each student to learn new physical education activities or to become more skilled in those in which he has some aptitude. A wide range of activities is offered each season from which the student may select his program. Emphasis is placed on those activities which have carry-over values in using wisely the leisure time of post-college years.

The department sponsors a wide range of activities in both its intramural and intercollegiate programs and students participating in these programs will receive physical education credit.

1. PHYSICAL EDUCATION. First Semester: three hours per week.

Instruction and practice in the fundamentals and skills of the following: touch football, soccer, tennis, golf, cross-country running, horse shoes, outdoor track and field athletics, volley ball.

Required of all Freshmen.

One semester hour credit.

ASSISTANT PROFESSOR ROUNDY.
ASSISTANT PROFESSOR MILLETT.
MR. PERKINS.

2. PHYSICAL EDUCATION. Second Semester: three hours per week.

Instruction and practice in the fundamentals and skills of the following: basketball, handball, indoor track and field athletics, baseball, badminton, ping pong, boxing, fencing, winter sports, tennis and golf.

Required of all Freshmen.

One semester hour credit.

ASSISTANT PROFESSOR ROUNDY.
ASSISTANT PROFESSOR MILLETT.
MR. PERKINS.

3. PHYSICAL EDUCATION. First Semester: three hours per week.

Participation in any one of the accredited sports; intercollegiate and intramural sports may be substituted.

Required of all Sophomores.

One semester hour credit.

ASSISTANT PROFESSOR ROUNDY.
ASSISTANT PROFESSOR MILLETT.
MR. PERKINS.

4. PHYSICAL EDUCATION. Second Semester: three hours per week.

Participation in any one of the accredited sports; intercollegiate and intramural sports may be substituted.

Required of all Sophomores.

One semester hour credit.

ASSISTANT PROFESSOR ROUNDY.
ASSISTANT PROFESSOR MILLETT.
MR. PERKINS.

PHYSICAL EDUCATION FOR WOMEN

1-2. PHYSICAL EDUCATION. Section A, Monday, Wednesday, Friday, 2.30; Section B, Monday, Wednesday, Friday, 3.30.

Fall Season—Hockey, tennis, archery.

Winter Season—Gymnastics, tumbling and stunts, folk dancing, volley ball, basketball, winter sports.

Spring Season—Speedball, tennis, archery.

Written tests on official sport rules and technique are given at the close of each season.

In cases where less strenuous exercise is prescribed by the physician a special program with special tests is arranged.

Required of all Freshmen.

One semester hour credit per semester.

MISS VAN NORMAN.

3-4. PHYSICAL EDUCATION. Section A, Tuesday, Thursday, Saturday, 10.25; Section B, Tuesday, Thursday, Saturday, 11.25.

Fall Season—Hockey, tennis, archery.

Winter Season—Clogging, tumbling and stunts, basketball, volley ball, paddle tennis, winter sports.

Spring Season—Speedball, tennis, archery.

Written tests on official sport rules and technique are given at the close of each season.

In cases where less strenuous exercise is prescribed by the physician a special program with special tests is arranged.

Required of all Sophomores.

One semester hour credit per semester.

MISS VAN NORMAN.

PROFESSIONAL HEALTH AND PHYSICAL EDUCATION

The department offers professional training to those students who are interested in the teacher-coach position in public and private schools. These courses not only embody training in the coaching of athletic sports, but also emphasize training in Health Education and Physical Education. Students who have already met their Physical Education requirements and who are interested in the securing of a special state Teacher's Certificate may enroll in these courses.

5. THE ORGANIZATION AND TEACHING OF PHYSICAL EDUCATION ACTIVITIES. First Semester: Monday, Wednesday, Friday, 8, Coburn 32.

Practical and theoretical work in those activities included in the modern program of physical education and athletics; the treatment of athletic injuries and a study of the State course of study in Physical Education.

Elective for Seniors.

ASSOCIATE PROFESSOR LOEBS.

6. THE ADMINISTRATION OF HEALTH AND PHYSICAL EDUCATION. Second Semester: Monday, Wednesday, Friday, 8, Coburn 32.

Administrative policies and standards pertaining to the execution of a program of Health and Physical Education: schedules, grading, staff, construction of equipment, intramural athletics, supervising, interscholastic athletics, health service, health supervision, health instruction; the scientific principles upon which these programs are administered.

Elective for Seniors.

ASSOCIATE PROFESSOR LOEBS.

All Chemistry classes meet in Chemical Hall; all Biology and Geology classes, in Coburn Hall; all Physics classes in the Shannon Building.

Courses running through the year are given a double number with a hyphen; e.g., Biology 1-2.

Semester courses are indicated by single numbers, odd numbers being used in general for first semester, even numbers in general for second semester courses.

PRIZES

The college annually awards fifteen prizes to undergraduates in recognition of excellence in their work.

1. ALBION WOODBURY SMALL PRIZES.

Prizes amounting to one hundred dollars, derived from a fund given by Lina Small Harris of Chicago, in memory of her father, Albion Woodbury Small, of the class of 1876, former President of Colby and late Professor of Sociology and Dean of the Graduate School of the University of Chicago, are available for students pursuing work in the field of economics and sociology.

These prizes will be given to the students in the Men's or Women's Division who present the best essays on some subject to be announced by the Department of Economics.

In 1935 first prize was awarded to Beth Page Pendleton, '35; second, to Dana William Jaquith, '35.

2. COBURN PRIZES.

Special prizes aggregating one hundred dollars, the gift of Helen Louise Coburn, of the class of 1877, are awarded to the best speakers in a public contest open to all members of the Women's Division.

In 1935 first prize was awarded to Muriel Stella Scribner, '37; second, Bertha Almyra Whittaker, '35; third, Amy Harriet Thompson, '36; fourth, Agnes Cooper Carlyle, '36.

3. COMMENCEMENT PRIZES.

A prize of fifteen dollars is awarded on Commencement Day to the Commencement Speaker in the Men's Division, and a similar prize to the Commencement Speaker in the Women's Division, for excellence in English Composition.

In 1935 these prizes were awarded to Edward John Gurney, '35, and Avis Edna Merritt, '35.

4. CONDON MEDAL.

The gift of the late Randall J. Condon, of the class of 1886, awarded to the member of the senior class who by vote of his classmates and with the approval of the Faculty is deemed to have been the best college citizen.

In 1935 the medal was awarded to Laurance Everett Dow, '35.

5. FOSTER MEMORIAL GREEK PRIZES.

A prize of twenty dollars, in memory of the late Professor John B. Foster, is awarded to a student in the Men's Division for marked excellence in interpreting Greek authors. A similar prize is offered in the Women's Division. These prizes are awarded at the end of the college course upon a basis of not less than four semester-courses.

In 1935 these prizes were awarded to Roger Hanson Rhoades, '35, and Bertha Almyra Whittaker, '35.

6. FRESHMAN SCHOLARSHIP PRIZES.

A first prize of fifty dollars and a second prize of twenty-five dollars are awarded to those two members of the Freshman Class, Men's Division, and similar prizes to members of the Freshman Class, Women's Division, who have maintained the highest average in their courses during the Freshman year.

In 1935 first prize in the Men's Division, was awarded to Robert Newton Anthony, '38; second, to Walter Bates Rideout, '38; in the Women's Division, first prize was awarded to Edith Loretta Barron, '38; second, to Ethel Louise Bradstreet, '38.

7. GERMAN PRIZES.

A first prize of ten dollars and a second prize of five dollars are awarded to members of the Men's Division for excellence in German courses. Similar prizes are awarded in the Women's Division.

In 1935 first prize in the Men's Division was awarded to Oliver Chapman Mellen, '36; second, divided between Alfred Walter Beerbaum, '38, and Henry Victor Wilcox, '37; in the Women's Division the prizes were divided among Dorothy Wall Goodwin, '37, Helen Lucile Jones, '36, and Eleanor Brown Ross, '37.

8. GOODWIN PUBLIC SPEAKING PRIZES.

Special prizes aggregating one hundred dollars, given by Matie E. Goodwin of Skowhegan in memory of her husband, Hon. Forrest Goodwin, class of 1887, are awarded to students in the Men's Division for excellence in the delivery of original addresses.

In 1935 first prize was awarded to Edward John Gurney, Jr., '35; second, to William Murray Clark, '36; third, to Harold Willard Hickey, '36; fourth, to John James Pullen, '35.

9. HALLOWELL PUBLIC SPEAKING PRIZES.

Special prizes aggregating one hundred dollars, the gift of Florentius Merrill Hallowell, of the class of 1877, are awarded to the four best speakers among the students electing Public Speaking 5-6.

In 1935 first prize was awarded to Harold Willard Hickey, '36; second, to Edward John Gurney, '35; third, to Philip Everett Colman, '38; fourth, to Asa Hudson Roach, '36.

10. HAMLIN PRIZES.

A first prize of ten dollars and a second prize of five dollars are awarded to the best two speakers in the Freshman Hamlin Prize Speaking Contest, Men's Division, for excellence in public reading. Similar prizes are awarded in the Women's Division.

In 1935 first prize in the Men's Division was awarded to William Caswell Carter, '38; second, to Joseph Ciechon, '38; first prize in the Women's Division was awarded to Ethel Louise Bradstreet, '38; second, divided between Myra Ellen Mallett, '38, and Phyllis Theresa Wolff, '38.

11. MARY L. CARVER PRIZE FOR POETRY.

A prize of fifty dollars is offered to the student in the Women's Division for an original poem of merit in the English language. No limitation is placed upon the form or nature of the poems submitted.

In 1934 this prize was awarded to Eleanor Bridges, '34, for her poem "Comprehension."

12. MURRAY DEBATING PRIZES.

The sum of one hundred dollars, the gift of George Edwin Murray, of the class of 1879, of Lawrence, Massachusetts, is awarded to the six public debaters chosen from among the students electing Public Speaking 5-6. Seventy-five dollars is given to the winning team to be divided equally among the three speakers; twenty-five dollars is given to the losing team to be equally divided among the three speakers.

In 1935 the winning team was composed of Harold Frederic Brown, '35; Harold Hurwitz, '37, and Kenneth Franklin Mills, '35; the losing team, Melvin Greenleaf Higgins, '35, Dana William Jaquith, '35, and Robert Dunbar Hussey, '36.

13. SOPHOMORE DECLAMATION PRIZES.

A first prize of ten dollars and a second prize of five dollars are awarded to the best two speakers in the Sophomore Declamation, Men's Division, for excellence in declamation. Similar prizes are awarded in the Women's Division.

In 1935 first prize in the Men's Division was awarded to Joel Allen, '37; second, to Willard Dunn Libby, '37; first prize in the Women's Division was awarded to Jennie Elizabeth Tarbell, '37; second, to Dorothy Wall Goodwin, '37.

14. SOLOMON GALLERT ENGLISH PRIZE.

A prize of twenty-five dollars, given by Mrs. Joseph L. B. Meyer in memory of Solomon Gallert, of the class of 1888, is awarded yearly for excellence in English.

In 1935 this prize was awarded to John Granville Rideout, '36, for his essay, "Characteristics of Sinclair Lewis' Works."

15. MARSTON MORSE PRIZES.

Two prizes of fifteen dollars each, given by Marston Morse, of the class of 1914, are awarded annually to two students who show excellence in exposition of some phase of mathematics, physics, or astronomy. The awards are based on clarity, interest of the presentation in the field chosen, and understanding of the subject.

In 1935 the prize was awarded to Robert Bates Merrill, '36.

16. JULIUS LEVINE EXTEMPORANEOUS SPEAKING PRIZES.

Special prizes aggregating one hundred dollars, given by Lewis Lester Levine, of the class of 1916, in memory of his father, Julius Levine, are awarded to students in the Men's Division for excellence in extemporaneous speaking.

In 1935 the first prize was awarded to Richard Nathaniel Noyes, '35; second, to Edward John Gurney, Jr., '35; third, to Harold Willard Hickey, '36; and fourth, to Laurance Everett Dow, '35.

MONTGOMERY INTERSCHOLASTIC PUBLIC SPEAKING PRIZES.

In addition to these prizes offered to students in the college, special prizes aggregating one hundred dollars, the gift of Mr. Job H. Montgomery, of Camden, Maine, are awarded to young men attending preparatory schools in Maine, New Hampshire, and Massachusetts, for general excellence in declamation in a public contest held at Colby College.

In 1935 first and second prizes were divided between Irving Friedman, of Lewiston High School, and Nelson Bragg, of Milo High School; third prize was awarded to Earl A. Stearns, of the High School of Commerce, Worcester, Mass.; fourth prize was divided between Carroll N. Perkins, of Coburn Classical Institute, and John Chacamaty, of Biddeford High School.
