EX-104

BERNARD HARDEN PORTER

Applicant

United Nations Educational, Scientific,
and Cultural Organization

Paris, France

LOYALTY OF EMPLOYEES OF THE UNITED NATIONS
AND OTHER PUBLIC INTERNATIONAL ORGANIZATIONS

Reference is made to your referral of the captioned matter for investigation under Executive Order 10422. It appears that the basis for your referral of this matter consists of the same information upon which you requested investigation of the applicant in 1959, when Mr. Porter was being considered for a position with the Department of the Navy. At that time, inquiries were conducted by this Bureau based on allegations that one Bernard Porter was mentioned at a meeting of Chapter 25 of the Federation of Architects, Engineers, Chemists and Technicians among important contacts to be made among persons engaged in atomic research and other critical work in 1943. It was also indicated that Porter's name was listed in an advertisement in "Coast Lines" and that he was identified with an unorganized "group of artists and Bohemians reported to contain many left-wingers and communist sympathizers," in Sausalito, California. One Bern Porter was reported to have been listed as a member of the Marin Committee of 100 for in 1948.

Reports of this Bureau's inquiries concerning the applicant were forwarded to the Civil Service Commission on June 3, 1959. The files of this Bureau contain no additional information identifiable with the applicant except the information which you furnished indicating that Porter was not employed by the Department of the Navy based on a review of FBI and Civil Service Commission reports. No additional investigation is being conducted concerning the applicant in the absence of a future request.
