College of Advanced Science  
Canaan, New Hampshire

Dear Mr. Welch:

In response to your kind letter of March 17th I am enclosing passport photos of myself and wife, a printed folder covering activities circa 1947 and a resume to date.

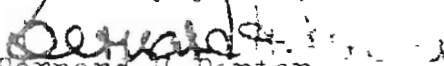

My credentials first came to your office via the Institute of Physics in New York, I believe. I had been active in the American Physical Society from 1935 to 1942.

The matter of salary I leave to you. Whether board and room could be a part of this for a regular school season I do not know. Whether my wife could serve you also might be a factor.\* In any case I understand the situation and would like to cooperate.

At the moment we have reservations from Montreal to Norway and from Sweden to Russia. Your starting dates in September would be helpful.

Your continuing consideration will be greatly appreciated.

Sincerely yours,

  
Bernard H. Porter
