

THE COLBY ECHO.

PUBLISHED FRIDAYS BY THE STUDENTS OF COLBY COLLEGE.

NEW SERIES:—VOL. VII, No. 24.

WATERVILLE, ME., MAY 14, 1904.

PRICE FIVE CENTS.

COLBY 3, U. OF M. 0.

Friday, the thirteenth, surely tried to be our hoodoo. About noon the report rapidly spread that Coombs had received a bad fall in the grandstand, and was out of the game. The doctor reported one rib slightly started and the ligaments torn. But covered with sticking plaster John appeared on the spot and pitched as good a game as will be seen this year. In eight innings 16 men fanned and but three hits were made off him. Maine was completely out-classed. Only three balls landed in the outfield, two of which went as hits and only two difficult chances were given the infield. So necessarily the spectacular fielding was done by Maine. Larrabee, Collins and Bird made some pretty plays, but the work as a whole was ragged.

Colby hit Mitchell freely but could not land any of them safely. Mitchell used a puzzling change of pace and pitched a heady game but seemed out-classed beside John who had speed to burn and sharp curves.

The game commenced when Mitchell hit the third ball pitched to John for an easy assist. Collins hit a fly to Reynolds and Violette died on John's assist. Bill sent out a terrific drive which went straight to Frost. Newman sent a hot one to short and was safe. Willey forced him at second and Leighton struck out.

In the second Cy started his strikeouts with three straight. Pug struck out but Craig was safe on an error by third. Pile forced him at second and Bird took a difficult foul off Reynolds.

McDonald struck out. Bird was safe on an excusable error by Craig. Frost shoved one just by Craig which Pug made a fine try for but it went as a hit, and Bird went to third. Frost took second on the next ball and it looked bad. John took Mitchell's grounder and held Bird on third. Then Collins struck out and the crowd breathed easier. Coombs struck out and Mitchell took care of the next two men on assists.

Violette struck out but Larrabee knocked one through Willey's legs for two bases. However Hosmer struck out and Craig made a fine assist off Burns. Willey opened with a hit but was forced on Leighton's attempted sacrifice. Pug flied out to right. Craig got a clean hit and a passed ball moved both men up a peg. Then Pile produced a pretty single and two runs came in. Reynolds hit to short and was out.

From this time on John let down perceptibly except when there were men on bases. Pile took a difficult fly from McDonald. Shorty took care of Bird and Frost drew a base on balls but John let out and Mitchell fanned. Mitchell used his "dope" ball and John lined a foul out to the observatory. The next one he laced between short and third for a clean hit. Cowing flied to right. Bird let Newman's easy grounder get by. Willey was out at first. Burns made a mess on Leighton's grounder but recovered in time to catch Newman at home after Coombs had scored.

After Collins had been retired in the sixth Violette drew a base on balls. John got even by striking out Larrabee in three pitched balls. Hosmer chopped one just over Reynold's head, but Burns fanned. Pug made a bid for a hit but Collins made a fine stop. Craig drew a base on balls but got caught stealing second. Pile fanned.

McDonald and Bird fanned and John took an easy assist off Frost. Reynolds

was out, second to first, and Bird made a pretty assist off Coombs. Cowing and Newman both took singles off Mitchell's "dope" ball, but Willey pulled at a wide third strike.

Mitchell opened the eighth with a hit, and stole second but the next two men fanned and Pete took in a high foul on the track. Larrabee robbed Leighton of a pretty single. Pug was retired at first and Shorty put up a fly for Mitchell.

Hosmer opened the last inning with a strike out. Quint was put in Burn's place and was given a base on balls. McDonald forced him, nearly hitting into a double play. Bird then fanned, putting an end to all Maine's hopes.

The summary:

COLBY.									
	ab	r	h	po	a	e			
Cowing, c	4	0	1	15	1	0			
Newman, rf	4	0	1	0	0	0

*Quint, p	0	0	0	0	0	0			
Total	32	0	3	24	14	4			

*Batted for Burns.

Struck out by Coombs 16, by Mitchell 5. Bases on balls, by Coombs 3, by Mitchell 1. Stolen bases Mitchell, Frost, Newman. Left on bases Maine 8, Colby 6. Passed balls, Violette. Umpire, Hassett. Scorer, Perkins.

THE NEW GRANDSTAND.

The grandstand proposed by the Colby Club in our issue of March 4 is now a reality, thanks to the generosity of the alumni throughout the country, and is a handsome addition to the appearance of the athletic field. The four sections of the grandstand now nearing completion are close to the east end of the Hersey House and five or six feet from the cinder track, to which the stand runs parallel. The other three sections making seven in all, will be built where the Hersey House now is when that building is removed to another part of the campus.

The grandstand when completed will measure 126x34 ft. The part now being built is 72 feet long and consists of four sections, which will seat about 700 people. There are fifteen tiers of seats that rise at an angle of forty-five degrees. The lowest tier is about five feet above the ground. The section at the extreme west, now close to the Hersey House, will be the middle one of the completed stand and is different from the rest. Its front is made up of two reporter's boxes between which is a door opening into the athletic rooms beneath the rear of the grandstand, which are to be fitted up with shower baths and lockers. Steps leading up to the seats are at either end. The height of the structure from the sill to the ridgepole is forty-one feet. The roof has two slopes, the front one of which is about half the length of the other, and will be covered with ruberoid roofing, making it water-proof and fire-proof. At the east gable is a flag pole twenty feet high for the pennants which we may win in baseball or football.

The committee of the Colby Club have spared no pains to push the work and great credit is due them for the success of their efforts. The total cost of the four sections now nearing completion is about \$1400.

A TIMELY GIFT.

President White has recently received from a friend of the college the sum of five hundred dollars to be expended in beautifying the campus. The sum given will be used under the direction of the Prudential Committee, in accordance with plans to be submitted at an early date by a competent landscape gardener. Ivy has already been set out around the Library, Champlin Hall, North and South Colleges, and it is hoped thus to make the buildings more attractive. It is proposed to plant trees in various parts of the campus, to take the place of those now growing old or dying; while flowering shrubs will be placed around the buildings and at the intersections of the walks, thus adding much to the beauty of our campus. It is probable that the entire grounds will be included in this scheme of improvement, and as it is the purpose of the Prudential Committee to secure if possible, shrubs which will flower at Commencement time, it will readily be seen that the improvements will materially increase the enjoyment of that season when so many of the friends of the college visit the campus.

THE JUNIOR PROM.

The Promenade of the Junior class occurs next Monday night at the Armory. It was decided to hold it on May ninth, but this date was later changed to the sixteenth in order that it might not interfere with the training of the members of the Track Team and might also give the men from the other colleges who will be here at the Meet an opportunity to attend.

The committee who have the affair in charge have their plans well under way. The hall is to be decorated with evergreens, palms and the class colors. Couch covers and pillows will not be wanting. The entrance will be at the rear for all except those who occupy the gallery, as the short hall at the main entrance is to be used as an alcove for couches and cosy corners. The concert begins at half-past eight and the dancing will commence at nine with music by Dennis' full orchestra from Augusta.

THE NORTHFIELD STUDENT CONFERENCE, 1904.

The nineteenth annual Northfield Student Conference will be held from Friday night, July 1, through Sunday night, July 10, 1904. This Conference is composed of about 1000 men who come together each year for Bible Study and discussion of Christian Work. The mornings and evenings are set aside for meetings and classes, the afternoons for athletic contests and social times. Many prominent athletes and college leaders are there and the numerous receptions and celebrations present a rare opportunity for men from the different colleges to get acquainted and for secondary school boys to meet fellows from their future *alma maters*. Some of the delegations are very large. Yale, for instance, including her sub-freshmen, had over 100 men at Northfield last year. Harvard, Princeton, Columbia, Cornell, etc., not quite so many, while Brown, Wesleyan and Williams had even more in proportion to their numbers.

The outline of the Conference consists in Platform Meetings by Mr. Robert E. Speer, New York City; Rev. Anson Phelps Stokes, Jr., Yale; Rev. Charles Cuthbert Hall, D.D., New York; Rev. G. A. Johnston Ross, Cambridge, England; Prof. R. A. Falconer, Halifax, N. S.; Mr. John R. Mott, and others; in Bible Study Courses under Mr. W. D. Murray, New York City; Mr. L. H. Miller, Princeton University; Prof. H. M. Tory, McGill University; Mr. Thornton B. Penfield, New York City; Prof. R. A. Falconer and Mr. C. C. Michener; in Mission Studies under J. L. Barton, D. D., Boston, and John Willis Baer of New York; and Life Work meetings held at sunset on Round Top hill.

The expenses during the period are not heavy. Accommodations may be secured at the Northfield Seminary buildings for \$12 for the entire stay; at Camp Northfield, which is open all summer, for \$4.00 to \$5.00 per week; and at "The Northfield," a first class mountain hotel, where many of the students entertain their relatives and friends. Reduced railway rates and limited opportunities for work further lessen the cost of attending the Conference. The gathering is strictly a student movement, originated by them, and managed by them, and it is the earnest wish that every college and preparatory school in the East will be represented there this summer.

ALUMNI NOTES.

'00. Charles C. Couillard, who entered Colby with the class of '00, died in this city last Tuesday. Mr. Couillard was a journalist of well-known ability and was for many years an assistant editor on the Boston Herald. At the time of his death he was serving on the staff of the *Waterville Mall*.

'81. Hon. Fred Rice Rowell died at Seattle, April 27, of heart disease. Mr. Rowell was a native of Maine, but shortly after his graduation from Colby removed to Seattle where he built up a lucrative practice as a lawyer. Mr. Rowell was prominent in political circles and an earnest worker in the Episcopal church.

'84. Rev. John E. Cummings is expected home from Burmah some time this month.

'07. H. H. Chapman has been elected principal of the Hempstead high school, Long Island, N. J.

LETTER FROM DR. WARREN

TO THE EDITOR OF THE ECHO—Sir:

I was glad to notice among your recent editorials a plea for the preservation of the "Boardman Willows." Will not some of the public spirited students take the matter in hand and where an old tree has disappeared put in a new one? It is a very easy thing to do. A stout branch set in the ground at this season of the year will take root and in two or three years become a vigorous tree. A little more than a year ago Sam cut eight sticks for me from the old willows about four feet long and an inch in diameter which I brought here and set out near my present dwelling, and though last season was exceedingly dry they all lived and are now putting forth leaves. Perhaps some of my classmates of 1906 would like to undertake the work. In an hour's time they could replace all the trees necessary for the present. A hatchet and an iron bar are all the implements required.

LABAN E. WARREN.

Littleton, Mass. May 9, 1904.

Among recent purchases for the Library are vols. 15, 16, 17 of the New International Encyclopedia, completing the work—Zeller's Pre-Socratic Philosophy, Ward's Pure Sociology, Gore's Geodesy, Nugent's Surveying, Johnson's Surveying, Mansford's Notes on "In Memoriam," Patton's Civil Engineering, vol. 6 of Moulton's Library of Literary Criticism, Dewey's Logical Theory, Thorp's Industrial Chemistry, Comey's Chemical Solubilities, Richter's Organic and Inorganic Chemistries, vols. 17, 18, 19 completing Bret Hartes' writings.

Fifty-five volumes of periodicals have been added by binding.

RESOLUTIONS.

Whereas: Our Heavenly Father in His infinite mercy and wisdom has seen fit to take unto Himself the mother of our loved sister in Sigma Kappa, Sophia Hanson Pierce, be it Resolved: That we, in behalf of the sorority, extend our sincere and heartfelt sympathy to our sister, in this her hour of deep sorrow.

RUBY CARVER,
ELIZABETH P. BLAISDELL,
BLANCHE L. LAMB,

Committee on resolutions.

Sigma Kappa Hall, May 11, 1904.

Round the campus am a ringing,
Maine's sad mournful song,
While for Colby all are singing,
Happy as the day am long.
There the ivy am a creeping
On the grassy mound,
Dare pore Maine she am a sleeping,
Sleeping in the cold, cold ground.
CHORUS.
Down in old Orono,
Hear dat mournful sound,
All the Main-l-acs are weeping,
Maine am in the cold, cold ground.

Many of the older graduates of the College will read with regret the news of the death of Mrs. James H. Hanson who for many years was her husband's assistant at Coburn.

Bowdoin College.

MEDICAL DEPARTMENT.

The 84th Annual Course of Lectures will begin December 24, 1903, and continue twenty-six weeks. Four courses of lectures are required of all who matriculate as first-course students.

The courses are graded, and cover Lectures, Recitations, Laboratory Work and Clinical Instruction. The third and fourth year classes will receive their entire instruction at Portland, where excellent clinical facilities will be afforded at the Maine General Hospital.

FACULTY.—W. DEWITT HYDE, D.D., President; I. T. DANA, M.D., Emeritus Professor of Pathology and Practice; A. MITCHELL, M.D., Pathology and Practice; F. H. GERRISH, M.D., Anatomy; S. H. WEEKS, M.D., Surgery and Clinical Surgery; C. O. HUNT, M.D., Materia Medica and Therapeutics; F. C. ROBINSON, A.M., Chemistry; L. A. EMERY, LL.D., Medical Jurisprudence; C. D. SMITH, M.D., Physiology and Public Health; J. F. THOMPSON, M.D., Diseases of Women; A. R. MOULTON, M.D., Mental Diseases; W. B. MOULTON, M.D., Clinical Professor of Eye and Ear; A. S. THAYER, M.D., Diseases of Children; F. N. WHITTIER, M.D., Bacteriology and Pathological Histology; A. KING, M.D., Associate Professor and Demonstrator of Anatomy; E. J. McDONOUGH, M.D., Lecturer in Obstetrics; H. H. BROCK, M.D., Clinical Instructor in Surgery; A. MITCHELL, Jr., M.D., Instructor in Genito-Urinary Surgery; C. B. WITHERLEE, A.B., Instructor in Neurology; G. A. PUDOR, M.D., Instructor in Dermatology; E. G. ABBOTT, M.D., Clinical Instructor Orthopedic Surgery; G. M. ELLIOTT, M.D., Assistant Demonstrator in Anatomy; W. E. TOBIE, M.D., Instructor in Surgery and Assistant Demonstrator of Anatomy; R. D. SMALL, M.D., Demonstrator of Histology; N. J. GEHRING, M.D., Assistant Demonstrator of Histology.

HARVARD UNIVERSITY.

Harvard Medical School.

OPEN ONLY TO BACHELORS OF ARTS, SCIENCE, OR PHILOSOPHY, AND PERSONS OF EQUIVALENT STANDING.

The course of study required for the degree of M. D. is of four years' duration. The next year begins Sept. 29, 1904, and ends on the last Wednesday in June, 1905.

COURSES FOR GRADUATES IN MEDICINE.

Courses of instruction are offered for graduates of recognized medical schools, and are given in all the subjects of practical and scientific medicine. The extensive laboratories of the school are inferior to none, and the clinical advantages afforded by the hospitals of Boston are unequaled in quality and extent.

SUMMER COURSES.

During the summer, courses in many branches of practical and scientific medicine are given to both medical students and graduates. Facilities for research work are offered in all of the laboratories.

For detailed announcements address

MONOGRAPH BY DR. BAYLEY.

A most valuable monograph upon "The Menominee Iron-Bearing District of Michigan" written by Dr. W. S. Bayley has recently been published by the United States government. This monograph represents the labors of several years and is a notable contribution to the research work upon the geological formation of the Lake Superior region. We cannot do better than to publish a brief abstract of the work taken from the *American Journal of Science* for May.

The Menominee district forms an arrow tongue with an area of 112 square miles on the Michigan side of the Menominee river. It has been an important factor in the iron ore production since 1877. The district is bordered by areas of Archean schists and granites. The Huronian sediments of the district, in which occur the ore bodies, lie in a trough between these older rocks. Structurally this trough is a synclorium composed of several important anticlines and synclines.

The Huronian rocks are divided into two series called the Upper and Lower Menominee, which are separated from each other by an unconformity. The Lower Menominee series comprises 1,050 to 1,250 feet of quartzites and conglomerates with 1,000 to 1,500 feet of dolomites. The Upper Menominee series comprises the Vulcan formation, 650 feet thick and the Hanbury slate. The Vulcan formation includes three members, the iron-bearing Traders member, consisting largely of detrital ores and jaspilites, but having basal layers of slate, quartzite and conglomerate; the Brier member, composed of ferruginous and siliceous slates and the Curry member, consisting of quartzites, ferruginous quartzose slates, jaspilites and ores.

The larger ore deposits all rest upon relatively impervious foundations which are in such a position as to constitute pitching troughs. The ores of this district, like those of the Gogebic and Marquette districts, were concentrated by descending waters flowing in definite channels and the general processes involved were the same as those worked out by Van Hise for these other districts.

This book is well and abundantly illustrated and is accompanied by two detailed maps of the region. An introductory outline which serves to give a brief summary of the different chapters is included.

CAMPUS CHAT.

The track in spite of the recent rains is in excellent shape for the Meet.

Prof. Roberts is attending the teachers' convention at Oxford this week.

Dr. Marquardt is attending the Modern Language convention at Brunswick this week.

The Beta Phi society and their alumnae took dinner at the "Elmwood," Wednesday.

Miss Harthorne, '07, who is not in college this term, visited Colby friends last Saturday.

Profs. Hatch and White were at Hebron Academy Saturday in the interests of the college.

Mower, '05, principal of the Harrington high school this term, was in the city over Sunday.

Dean Berry returned this morning from a two days' visit at Hebron Academy in the interests of Colby.

Miss Caldwell, instructor in History at U. of M., visited Colby from Tuesday till Thursday of this week.

Miss Jennie Cox, Freedom Academy, '04, was the guest of Miss Keen, '05, from Saturday till Monday.

Miss Blaisdell, '05, as a delegate from the Colby Y. W. C. A., accompanied Dean Berry on her trip to Hebron this week.

Pres. Coy of the Y. M. C. A. left Wednesday for Buffalo where he will attend the annual international convention of the Y. M. C. A.

Mrs. Grace Farrar Linscott, '01, and her husband, Principal Linscott of Freedom Academy, were in town Saturday and Sunday.

We are all glad to see Prof. Chester so far recovered from his recent illness as to be with us once more. Work in his department began Monday under his own direction.

The senior class has challenged the faculty to a game of baseball to be played in the near future. The faculty have accepted the challenge and both teams are practising daily.

At the meeting of the juniors after chapel Friday morning, Field, Bryant and Hoyt were appointed as a committee to wait on the senior committee in regard to the commencement music.

STUDENTS' WEEK AT LOUISIANA PURCHASE EXPOSITION.

The Louisiana Purchase Exposition at St. Louis is to be the occasion for many society conventions and other gatherings. Among others, there is to be a meeting of the editors of the various college publications throughout the country. This convention takes place June 20-25 inclusive. This is the week in which the college baseball games are to be played, and when the national oratorical contest is to be held. There are to be various business and social sessions of the convention, and as a crowning feature a banquet will be given at the American Hotel on the evening of June 22d. Thus it is expected that the week will be the "Students' Week" in every avenue of college life, and there will doubtless be a most representative gathering of college newspaper men from every part of the United States.

The program will be so arranged that there will be ample time between the various sessions for the visiting editors to take in the numerous attractions of the Fair, not only the manifold wonders of the main exhibits, but those of the "Pike," with its Irish village, where may be found reproductions of some of Ireland's most famous buildings, including the well-known Blarney Castle, the Houses of Parliament, an Irish Round Tower and the cottage in which

the ancestors of the late President McKinley were born. Another of these attractions is "Jerusalem," which is to represent in a most realistic manner the life of the Holy City. No expense has been spared to make the representation true to actual conditions in Palestine. Still another interesting exhibit will be Garragien's Ancient Rome, a correct reproduction of Rome in the most beautiful days—the tenth year of Nero's reign. The streets and squares will be crowded with freedmen, slaves, captives, and soldiery, while in the Roman Stadium Roman sports—chariot races, wrestling, etc.—will be presented. The "Empire of India" is the title of another concession where the visitor will find a most interesting representation of Asiatic countries. Most instructive will be the "Fire Fighters' Exhibit," which will present all of the modern developments of the art of saving life and property from fire. Altogether this gathering of college newspaper men will be one of the notable features of the Exposition.

LOST!

Nothing. We keep a full line of Fancy and Staple Groceries, Fruit, Canned Goods, Meats, Flour, Grain, Feed, Salt, Hay and Straw.

DEPARTMENT OF MEDICINE.

The next session begins Sept. 26, 1904. The course is carefully graded and covers four sessions of eight months each. Instruction thoroughly practical. Free quizzing in all branches; ward-classes, limited in size; clinical conferences and modified seminar methods of teaching. Particular attention to laboratory, bedside and ward-class work. Clinical facilities unexcelled, and the largest and finest clinical amphitheatre in America. Thoroughly equipped new laboratories and a modern hospital, remodeled and reconstructed throughout. The College has also Departments of Dentistry and of Pharmacy, in each of which degrees are granted at the end of graded courses. For announcements or further information, address

SENECA EGBERT, M. D.,

Dean of the Department of Medicine, Cherry St., Philadelphia, Pa.

I Tell No Secrets

When I say that I am selling as good drug sundries and make up as efficient prescriptions as is possible. I look upon the drug business as a very serious one. I give my entire energy to it and the result is I trust a pretty nearly perfect drug store. Your trade I solicit no matter how small.
