## CLASS GAMES.

### Freshmen Are the Winners in the Class Basket Ball Games.

On Thursday evening, March 7, occurred the class basket ball games. After three fast and rough games, the freshmen came off wearing the laurel wreath of victory. The games were, as all class games usually are, fast and rough from start to finish. All rules were suspended and it was a case of "the best man wins." There was a good crowd of students present and considerable spirit was shown by all concerned. "Ohs" and "ahs" from the women's division and "rahs" from the men's were heard whenever anyone made a particularly good play. For the seniors, Thompson, Peterson and Tilton played the game; for the juniors, Tribou and Libby; for the sophomores, Allen, Kimball and Shaw; and for the freshmen, Blake, Brownlow and Good. Referee Phelan served acceptably to all concerned.

The first game was between the seniors and juniors, the seniors winning by the score of 16 to 13. The game started off with a rush. Flood made the first goal after a few minutes of play. Tribou followed with another. Then "Pete" got busy and dropped four goals into the basket one after the other. Thompson followed with another for the seniors and the score was: Seniors 10; Juniors 4. Libby threw a goal from the foul line and immediately followed that with one from the floor. Time was called at this point and the sophomores and freshmen entered the lists. Blake threw three goals in succession. This seemed to be too much for him and time was taken out for him to recover. The referee now announced that rules were suspended. The two teams went at it again and the game grew rougher. Contrary to his announcement, the referee called a foul on the sophomores and Brownlow was given a chance to show what he could do. He didn't do it but, in a few minutes, Blake made up for his failure by throwing a goal from the floor. Blake and Allen now got mixed up with the ball and both sat down rather unexpectedly. The referee blew his whistle, tossed the ball and the game continued as before. No more scoring was done however and the half ended with the score 12 to 0 in favor of the freshmen.

The seniors and juniors finished their game next. Peterson made the first goal and Stetson followed him with another. Cheers for "Stet" and cries of "Ward's turn next" were heard. Ward didn't take his turn, but Flood threw a basket for the juniors. Peterson got another and Libby evened it up. Thompson made the last score of the game for the juniors and after a general roughhouse, time was called with the score 16 to 13 in favor of the seniors.

The sophomores and freshmen tried conclusions once more. A foul was called on the freshmen and Allen threw the goal. Dean who had replaced Smith got two and Dodge added another. The lights went out at this time but Libby came to the rescue with his magic wand and the game went on. Shaw got a goal and Dean got two. Dodge and Brownlow both scored and time was called, the freshmen winning by the score of 20 to 8.

After a short rest, the seniors and freshmen started the last game. Both sides were out for blood and both were determined to win. Dodge made the first goal and, after a few minutes of play,

## THE COLBY CLUB

### Dr. Marquardt's Address is Very Pleasing.

The members of the Colby Club met on Saturday evening, March 9, at their rooms in the Savings Bank block. The feature of the evening was the address by Dr. Anton Marquardt, head of the German department, on the subject, "Emperor William, His Family, His People, and His Land." Dr. Marquardt was well versed in his subject and fortunate indeed were those present. The lecture was both interesting and instructive, and with Dr. Marquardt's personality could not help pleasing the members of the club.

The next meeting of the Club will be held Wednesday evening, April 3, and Rev. Father Narcisse Charland will be the speaker. His subject will be, "The Church and the State in France." He was to have been the speaker at the last meeting in February but his duties at his church prevented. The club members are looking forward with especial interest to this lecture.

Blake made another. Tilton began the game for the seniors by getting a basket. Blake, Good and Dodge however put a stop to this by making five baskets in quick succession. Thompson scored once more for the seniors and time was up.

Thorne went in for the second half in place of Ward. Blake scored two goals and Brownlow and Mahaney each got one. "Pete" took a turn and scored. Then "Stet" made a mistake and dropped the ball in the basket. Somebody hit the light and put it out. Libby was there with the vaulting pole, however, and there was only a slight delay. A foul was called on the seniors and Blake got the goal. The game ended with the score 25 to 8 in favor of the freshmen.

## FROM THE EAST.

### Mr. Mower Writes of His Experiences in the Philippines.

Jan. 8, 1907.

We did not take our proposed vacation trip to Mindanao on account of the bad weather. The sea was very rough all of the time and it would have been rather disagreeable. However we spent a very pleasant Christmas at Dumaguete. Christmas noon we were all invited to partake of roast pig at the home of Mr. Fleisher, the merchant. In the evening all the Americans were invited to a turkey supper at the Constabulary headquarters. The "turk" tasted good, but not like an American bird.

One evening there was an entertainment at Mr. Sougheims. There was a missionary convention on at Dumaguete, and a literary program was given by the most talented. There were about forty present, the largest gathering of Americans I have seen since June. We had real ice cream also, the first since last June.

I went down to Bacouq three days to visit. While there I went out to explore the volcano of Magaco. This was my first experience with volcanoes. We went down into the crater which is about 100 feet in diameter. The hot vapor and fumes were coming out at a great rate, and one could hear the hot water bubbling down below. The soles of my shoes were pretty thin, and I had to keep moving.

We left Dumaguete for home last Saturday. The wind was blowing pretty strong away from Siquijor, and we were way south of the island in no time. We managed at last to hit the southernmost part of our island. We sailed up the coast a little way, and then had to land and walk six miles. That walk is a good thing to remember, but it wasn't very pleasant at the time. When I came to the Philippines I never expected to shiver with the cold but on this trip I surely did.

Jan. 25, 1907,

Siquijor, Or. Negros.

We are having fine weather now. January is the coolest month, and its just comfortable, nice breeze all the time.

Yesterday the Catholic bishop, an American, Hendricks by name, arrived on our island, stopping first at Kanoaw. He will probably arrive here Tuesday. So I am planning to have school to-morrow (Saturday) as there will probably be a grand celebration when he arrives. The people here are devout in their religion according to their understanding and customs. Many of the former abuses in the church here have been eliminated under American bishops. The priests are all Filipinos, and are not immoral—at least our padre here is not.

The report is that Bishop Hendricks is 80 years old and 6 ft. 6 in. tall. I do not envy him his ride round our island astride a native pony.

#### JOSEPH A. GILMAN.

On Wednesday, March 6, Joseph A. Gilman of the class of 1905, died at Kirksville, Mo., of typhoid fever. After graduating from college Mr. Gilman was in the employ of the Waterville Mail. Last fall he went to Kirksville to study in the American School of Osteopathy. He has many friends in both Waterville and Fairfield.

## CONCERT AT SKOWHEGAN.

### Another Hit is Scored by the Musical Clubs.

The Musical Clubs made their annual visit to Skowhegan last Friday evening, March 8th. The concert went off well and was attended by a large and enthusiastic audience. The entertainment which was in the hands of the Junior class of the Skowhegan High School was held in the Grange Hall. By eight o'clock the house was filled to its limit with an audience that was appreciative and hearty in its applause. Every number of the program was encored and in the case of the quartet and reader extra encores had to be supplied before the audience was satisfied. A marked improvement in certain portion of the program is being seen with each new concert. The soloists are making very creditable showings for themselves and the work of the clubs is growing better. The usual band concert was held in front of the post office before supper and attracted a good-sized crowd. The section of the college band which has gone on the trips thus far this year has proved an attraction in every place visited. The fellows were entertained at the homes of different members of the class and all reported themselves as more than pleased with the way in which they were taken care of. The clubs returned to Waterville Saturday morning in time for nine o'clock recitations.

## AROOSTOOK CLUB.

The men from Aroostook met at Prof. Hedman's Monday evening and reorganized the Aroostook Club on a new basis. As now organized the club is for men only. The following officers were chosen:

President, Oscar B. Peterson, '07; vice president, George N. Dean, '10; secretary and treasurer, Ralph N. Good, '10; executive committee, Herman B. Betts, '07, M. D. Smith, '08, Harold W. Kimball, '09. The next meeting will be held on the first Monday evening of the spring term.

## RESOLUTIONS.

WHEREAS: It has been the will of Our Heavenly Father in his infinite wisdom to remove from this earthly life our brother Joseph Albert Gilman, be it

RESOLVED: That we, the members of Maine Alpha of Phi Delta Theta, extend to the family of the deceased our heartfelt sympathy, and further, be it

RESOLVED: That a copy of these resolutions be sent to the family of our departed brother, that they be recorded on the records of the chapter and that they be published in the Colby Echo.

Hall of Me. A., P. D. T., March 6, 1907.

Columbia and Yale Universities have concluded an arrangement to carry on in co-operation a series of courses in preparation for the consular service. Columbia offers the larger share of the language work, while Yale does the greater part on the economic side. Students who complete the course will receive certificates issued by both universities jointly, and higher degrees will be awarded when the requirements are fulfilled by the university at which the major part of the work is done.

A letter from Col. Hesseltine criticises the account of the Colby alumni dinner copied from the "Globe" in last week's ECHO. Doubtless his criticism is just.

We made our plans to publish a good account of the dinner written by one of the alumni present, and wrote to the secretary of the association for that purpose, but the "copy" failed to appear and the account in the "Globe" was the best substitute we could find

For the benefit of future editors of the ECHO and for the sake of the college, we make the suggestion that at these alumni dinners the secretary of the association or some other alumnus present be appointed to prepare a suitable account of the dinner for the college paper.

The question of a trophy room for Colby has been agitated for some time and yet no definite action has been taken. The matter was considered last year by the Athletic Association and some general plans were made, but that has apparently been the end of it. At one of the athletic meetings this term the committee on trophy room reported "nothing done." Isn't it about time for that committee to make a different report or for a new committee to be appointed that will make a different report?

Colby has won her share of the victories in athletic contests with the other colleges of Maine, and it is right that the trophies should be cared for in a proper manner. When the old "grads" come back to visit their alma mater these trophies will recall the days when they struggled for the honor of old Colby and the fires of college spirit, burning low perhaps, will be rekindled. The trophies are mere trifles in a way, and yet they have a peculiar significance to the loyal sons of Colby and especially to the men who struggled to win them. We need a room where these evidences of athletic victories may be preserved and where they may be seen at any time.

Undergraduates have organized a "Teachers' Club" at Bucknell University, to discuss educational problems.

Wisconsin has over 500 candidates for the track team, owing to the faculty giving credit for all branches of athletics.

Purdue has abolished bulletin boards, and hereafter all official announcements will be published in the student daily paper.

## TANGLED.

Your bred-in-the-bone loyalist is much disturbed by the present friendly disposition of the English people toward the United States. The "settlement" of American scholars on the Cecil Rhodes Foundation at Oxford University has proved especially ruffling to some of this class. On Thanksgiving Day, for example, the American Rhodians held service in the cathedral church of Oxford by a courtesy on the part of the authorities which strikes us as rather fine. The next issue of the Oxford Magazine contained this letter to the editor:

"Sir:—Can you allow me a few lines to express disapproval of the conduct of the Dean of the Chapter in allowing a Thanksgiving Day service in the cathedral? We may be as friendly as we will to the Americans in Oxford, as men, but surely it behooves us to remember that their national festivals are held to celebrate the defeat of our arms. On these occasions they are rebels and traitors, and to encourage them is to be guilty of treasonable practice. I am, sir, etc."

LOYALIST.

"Loyalist" has evidently mistaken our Thanksgiving Day for the Fourth of July.—*The Christian Advocate.*
