## DELTA KAPPA EPSILON.

61st Annual Convention Held at Louisville, Kentucky.

The Delta Kappa Epsilon fraternity held its 61st annual convention in Louisville, Ky., Nov. 13th, 14th, and 15th, in the Seelbach Hotel. The entertaining chapters were Iota (University of Ky.) Gamma (Vanderbilt University), Psi, (University of Alabama), and Chi (University of Miss.) Everything was arranged in a manner highly satisfactory to all who attended and too much cannot be said in praise of "Southern Hospitality". The convention opened with a smoker held in the ball-room of the Seelbach Hotel and was voted a most enjoyable occasion. The evening was spent in listening to an excellent program rendered by some "real niggers" as one of the men put it, and an abundance of refreshments went to complete an evening quickly and very pleasantly passed. At ten o'clock, the following morning the first business session of the convention was held in the same room and consisted chiefly of appointing committees to report on permanent organization. Brother Estes of Columbia University was elected president and after a few words from each of the other newly-elected officials the convention picture was taken, after which meeting adjourned until two o'clock in the afternoon.

The regular business of the convention was carried through, the several committees made their reports, and at the close of the afternoon session the delegates were taken on a ride through the city. In the evening a dance was given the delegates by the Women's Club of the city and all spoke in the highest terms of the occasion.

The business of the convention was completed Friday forenoon, and the afternoon was given up to a theatre party held in the Mary Anderson Theatre, the entire front of the house including several of the boxes being reserved for the fraternity. It is needless to say that the audience was "large and appreciative". The convention closed with the banquet and although the entertainment committee were somewhat unfortunate in securing speakers for the evening, nevertheless the different toasts were responded to in an able manner and while all were extremely interesting, that of Senator James B. McCreary brought every man to his feet at the close and the speaker was cheered to the echo. Telegrams of regret were read from Senator Beveridge, Ira Remsen, Pres. of Johns Hopkins University, and from President Roosevelt, and after the Mystic Circle and closing song, the 61st annual convention of the Delta Kappa Epsilon Fraternity came to a close.

Some of the delegates left directly after the banquet on a special Pullman, while others took advantage of the low rates and visited Mammoth Cave. A word might well be said here of the city of Louisville and of its people. The city is situated on the Ohio River and has a population of over two hundred thousand. The negro element is everywhere in evidence here but it must be said in this connection that they have certainly learned their place and keep in it. Many of the old railway coaches such as run on local trains have one end reserved for negroes and the other for whites and the feeling is so strong between the two races in the South that a negro will stand throughout a long journey rather than occupy a seat.

## DEATH OF A COLBY GRADUATE

Clarence W. Pierce, whose sudden death occurred at Farmington last Saturday, is remembered by many in this city, as he attended Colby College, graduating in 1894. He was a member of Chi Chapter of Zeta Psi. After leaving college he became principal of Pennell Institute in Gray and was later superintendent of the school district of Yarmouth, Falmouth and Cumberland, which he organized. Last spring he became superintendent of the Farmington and Wilton district. The funeral services were held Monday afternoon at Farmington and the body was brought to Oakland where the burial service was held Tuesday afternoon. W. J. Hammond, '09, Rogers, '11, Walker, '11, Brown, '10, of the active chapter of Zeta Psi, acted as bearers.

## DELTA UPSILON.

Annual Initiation Banquet Held at the New Falmouth Hotel, Portland.

The annual initiation banquet of the Colby Chapter of Delta Upsilon was held at the New Falmouth Hotel, Portland, Wednesday evening, Nov. 27, 1907. The members of the fraternity left Waterville at 9.15 A. M., and on arriving at Portland at once proceeded to the home of R. A. Colpitts, where a sumptuous dinner awaited them. The afternoon was spent in sightseeing and visiting points of interest about the city.

At 8 o'clock P. M., about 35 D. U.s, led by Toastmaster C. E. Gurney of Portland, marched into the banquet hall. After an excellent feast the following toasts were responded to:

## COURSE OF LECTURES.

The students and friends of Colby through the generosity of the college, are to have the rare treat of hearing several lectures during the coming winter months. The speakers are all noted and it is safe to say that not only the students but many friends of the college residing in the city will avail themselves of the opportunity of attending these lectures. Judging from the subjects which the several speakers have chosen, this course cannot fail to be both entertaining and instructive. The lectures will be given in the college chapel.

The first lecture will be given Friday evening, Dec. 10, the speaker will be Mrs. Lucia Ames Mead of Boston, who will speak on "Our National Defense," the second lecture will occur January 24 and the speaker will be Woodman Bradbury, D. D., of Cambridge. He will take for his subject "A Message for Life," February 14 is the date of the third lecture, which will be given by Harrington Putnam, LL. D., of New York City.

Mr. Putnam will speak on "Athletics in Early American History," February 24 Supt. Payson Smith will speak, taking for his subject "The Next Steps in Education." The fifth and last lecture of the course will occur March 13. The speaker selected is Rev. J. Chester Hyde of Dexter. His subject will be "The Congo People and Their Trials." This lecture will doubtless be illustrated. It is expected that more

## THE LECTURE COURSE.

We would call the attention of our readers to the lecture course which is to be given in the coming months, of which mention is made elsewhere in this issue. Every student should attend this course without being urged and thereby show his appreciation to the Faculty who have made it possible that such a course of lectures may be heard. All the lectures will be as entertaining and interesting as any course ever offered to the students and friends of the college. Not every day is there an opportunity of hearing speakers of reputation, so when there is, every student should avail himself of the privilege.

## BASKET BALL.

The Echo heartily supports the sentiments expressed recently in favor of the support of basket ball at Colby. The students have very generously responded to the requirements of the manager and it now lies with those of the college who participate in the game to do themselves and the college honor. For the next few months to come, before baseball gains very great headway, the preeminence of athletic sports is given to basket ball and all those who play the game should give their support that a team may be developed which will represent the strength of the college. A college ought never to send out a team which does not represent the very best that that college can put forth in that particular line. We would join with the manager in asking the support of the entire student body for the games of the season.

The December issue of the Photo Era, the American Journal of Photography, contains an illustrated article by Prof. George F. Parmenter, Ph. D., on the "Photo-chemical Activity of Uranium Nitrate." After a short introduction concerning the discovery and occurrence of uranium, the article deals chiefly and exhaustively with the wonderful quality of the metal for emanating rays.

reserved for a white person, and the rule works both ways.

We of the North have little idea of what is meant by the phrase "Southern Hospitality" but to one who has partaken of it, the words are full of meaning. Their manners, their utter lack of stiffness or restraint, their extreme generosity and last, but not least, their dialect, puts one immediately at his ease and he makes up his mind at once that he is among friends whom he should have known all his life and he straightway starts in to make up for lost time. Nothing that can be done for a visitor's comfort is left undone, and yet nothing is overdone to that extent that the new comer feels uncomfortable in the thought that he is a burden to his host. "They have the art of entertaining down to a science" as one of the delegates remarked, and that phrase tells the whole story.

The residential part of the city of Louisville is in keeping with the character of its residents. The dwellings are very beautiful and the parks, of which there are several, and boulevards add a great deal to the beauty of the city. The only thing to mar the picture is the soil of the surrounding country. It is red, and the water is red, and everything that has been out of doors ten minutes is red. Even the air is red and at times it is impossible to see two blocks the air being so full of dust; but aside from this Louisville surpasses most of our northern cities in many respects.

Another thing that leaves a vivid impression on the memory is the corn-fields. The writer left Louisville at eight o'clock in the morning, and true to the boasts of the timetable, rode all day without seeing a hill except for one small cluster which was passed in fifteen minutes.

The trip was very interesting and instructive, allowing one to visit points of interest in Boston, New York, Washington, Louisville and Chicago and at the same time get a fair idea of the vastness of his native land.

### CAMPUS CHAT.

The management of the Colby orchestra has arranged for an entertainment and social to be held in Memorial Hall next Saturday evening, Dec. 7. There will be a short musicale with readings by students, followed by a general good time. The orchestra will furnish excellent music for the games. All are expected to attend and lend their support to this organization which has become a necessary factor of the Glee and Dramatic Clubs. In order to purchase music and meet the other expenses connected with the maintenance of such an association, a fee of ten cents will be asked.

### GYMNASIUM INSTRUCTOR.

Regular Work Will Begin With the Winter Term.

After considerable search for an efficient man to assume charge of physical training at Colby, the committee at the head of the matter has engaged the services of Charles E. Fogg, Coburn '96 and Colby 1900. Mr. Fogg lays no claim to the advantages arising from training coolies in India or from fame as a prize fighter such as his predecessor boasted; but he has had five years of excellent experience as the physical director at Hebron and will endeavor to improve the bodily conditions of Colby men. While the required work in this department will not commence until January, Mr. Fogg has come at this time to superintend repairs to the gymnasium and offer his assistance to the basket ball squad and others who wish to begin work in the gym. In addition to the repairs already decided upon, there will be placed in the dressing room a sufficient number of well-ventilated, steel lockers to meet the needs of all the students.

It is said on good authority that Mr. Fogg possesses much ability in gymnasium work and he will give a course in drills tumbling, use of parallel and horizontal bars, chest weights, etc., that should prove attractive as well as exceedingly beneficial.

As a basket ball coach he is sure to render valuable help in the open and clean game which he teaches. If possible, an exhibition of drills and gym stunts will be given during the winter; but at any rate an earnest attempt will be made to prepare the men for more satisfactory track work in the spring. With the advice and aid of a capable trainer, it is natural to look for better results in this branch of collegiate sports; and yet it is absolutely necessary that the fellows themselves take more interest in the work and give it more time and attention, if we are to fully realize the benefits of sys-

tematic and thorough training. It is hoped, therefore, that the students will not regard the course as compulsory, but rather as an opportunity to gain physical strength for themselves and honor and glory for Colby.

Miss Lucy Whenman, '07, has been the guest of Dean Berry during the Thanksgiving recess.

Miss Edith Little, who has been visiting her sister, Myrta A. Little, for the past week, has returned to her home in Hampsted, N. H.

Mrs. Iverson of Portage Lake, recently spent several days visiting her daughter, Ragnhild Iversen, '09.

Monday of last week Rev. Wilbur F. Crafts, Superintendent of the International Reform Bureau, spoke at the chapel exercises. Mr. Crafts is a Maine man and was pleased to speak of Maine as leading in many great movements, with its 'Dirigo' ever before it. He told of his personal experiences with the rulers of many of the nations of the world and described in a very graphic way the great work being done by the Reform Bureau.

Among the recent gifts to the college the rubber matting, which has been put in the corridors of Foss Hall, is especially appreciated by those who live there. The noisy tramp of feet, which was so disastrous to studying, is now heard no more. For this very acceptable gift we thank Mr. Dean, President of the Hollingsworth and Whitney Mills.

Miss Mary Anna Taggart, Superintendent of the Methodist Deaconess Home in Boston, addressed the Y. W. C. A. at its regular meeting on Tuesday evening, November 19. She gave as the subject of her address, "A Vision of Christ's Burden," and in a very bright and interesting way made it plain how a woman can help to bear that burden. Miss Taggart outlined the various duties of the Deaconess's work and described in brief the growth of the association from its first membership of eleven women in Chicago twenty years ago to the present membership of fifteen hundred.

The first social given by the Y. W. C. A. this year was held at Foss Hall Saturday evening, Nov. 23. The usual games were enjoyed and candy was sold, making the amount of money taken in from that and at the door about ten dollars. After the bell announced that it was nearly time to adjourn, everyone gathered around the piano and enjoyed a good hearty "sing".

The recent announcement that about twenty-five books have been given to the Library in Foss Hall was received with great pleasure by the members of the Women's Division. This gift includes books by well-known men, such as, Hugh Black, Dr. Hillis, S. D. Gordon, Henry Van Dyke, Robert Speer, Ralph Connor and Booker Washington. Through the Echo we would extend to the unnamed donor of these books the hearty thanks of the women of Colby.
