COLBY 2—MAINE 1.

Colby Closes Championship Series With a Victory From Maine.

Colby closed her championship series this spring by defeating Maine at Orono last Wednesday afternoon, by the score of 2 to 1. The game was close and interesting throughout. Both pitchers were effective. Colby supported Good finely and, although McHale pitched first class baseball, Maine made errors at critical points that counted for runs.

In the first inning Lander was out on a fly to Cobb. Vail struck out. Good and Shaw singled but Sturtevant struck out. Smith was passed to first, went to second on Mayo's sacrifice, and to third on a passed ball, but Cobb and McHale were easily put out so no scoring was done. In the second inning Colby went out in order. Maine had two men caught at third and lost a good chance to score.

Colby made her first run in the third inning. Blake and Lander both struck out, but Smith dropped Lander's third strike and he reached first. Vail struck out, but on the last ball pitched to him Lander stole second. Coombs failed to cover the bag and Fulton came in from center field to take the throw from the catcher. The ball went between his legs and rolled out into the field allowing Lander to score.

Maine, however, evened the score up in her half of the fourth. McHale got to first on a hit and went to second on a sacrifice by Fulton. He scored on Scales's hit. Scales reached third on an error and French first. French stole second and ran Scales off at third. Scales was put out and French was caught when he tried to go back to second after being safe on third.

Colby added her second run in the fifth when Lander got to first on Cobb's fumble of an easy grounder. He went to second on a scratch hit by Vail, got to third on Good's out at first, and came home when Shaw was put out in the same way. Maine had two men on third in the sixth but was unable to score. Colby did not get another good chance to tally.

The last game in the series between the

Maine Colleges was played by Bowdoin and Bates last Friday at Brunswick. As a result of Bowdoin's victory, the four colleges are tied for the championship this spring, each having won and lost three games. The tie will not be played off as the colleges close too early to allow of a satisfactory series of games being arranged.

EXHIBITION GAME.

Colby Defeated by Bates on Quimby Field, Gardiner, by score of 3 to 0.

Colby and Bates played an exhibition game at Gardiner last Saturday afternoon, the latter winning by the score of 3 to 0. The game was played in a drizzle which dampened the enthusiasm of the spectators but did not prevent good work by both teams. Michaud, Colby's freshman pitcher, was in the box for Colby and Delano did the twirling for Bates. Bates played an errorless game, while four errors were recorded against the Waterville team. Delano passed but one man to first and was found for but two hits by Colby's batsman. Michaud was effective, allowing but four hits. He struck out the same number and gave an equal number of passes to first base. Delano struck out seven Colby men who could not find his delivery after having been up against the swift ball pitched in the championship series.

Bates had but one earned run to her credit, the other two resulting principally from errors by Colby although in both cases the men reached first on balls. Colby was the first at bat but during the nine innings was unable to get a man across the plate. Bates scored her first run in the second inning and one each in the seventh and eighth. Vail of Colby made a pretty catch of a hard fly by Delano in the second inning, and Keaney closed the game by going into the air after a hard line drive by Good in the ninth. Cobb's three base hit, which enabled him to score the third run for his team in the eighth, was a feature of the game.

This was the third game which has been played by Bates and Colby this spring, the other two being in the championship series. Gardiner was chosen as the ground on which to play because of its location half way between Lewiston and Waterville. Cary was unable to be in the game because of an attack of the mumps which prevented him from playing in the last of the championship games. It is hoped, however, that he will have recovered sufficiently to allow him to line up against Harvard on June 16 at Cambridge.

BREEZY POINT.

"Breezy Point," a comedy in three acts was given very successfully in the Coburn gymnasium last Saturday evening by thirteen Colby girls. There was not a dull moment during the play. Ethel Gilpatrick, '12, was the heroine. All the parts were well taken, but Ruth Hamilton, '12, who took the part of Ashrael Grant, a workhouse waif, and Julia Campbell, '12, and Mildred Jordan, '11, who were the Hardscratch Twins, were easily the stars. Between the acts, piano solos were rendered by Lillian Carl, '12, and Louise Buzzell, '11, Frances Pollard, '12, and Alice Henderson, '10, sang a duet.

Much credit for the success of the play is due to the training of Dr. Croswell, and the management of Alice Henderson, '10. The proceeds are to be devoted to the Mary Low Hall piano fund.

The cast of characters was as follows:

Aunt Debby Dexter, Mistress of Breezy Point	Hazel Breckenridge, '11
Elinor Pearl, of unknown parentage	Ethel Gilpatrick, '12
Ashrael Grant, a workhouse waif	Ruth Hamilton, '12
Mrs. Hardscratch, of business propensities	Fanny Crute, '09

CHANGES IN CURRICULUM.

New Courses and Rearrangement of Courses as Offered for 1909—1910.

The attention of students, is called to the following changes in the curriculum which go into effect next September. Most of these changes are in the direction of extending the work of the college by the introduction of new courses. Some of these new courses are already published in the last issue of the catalogue, but, as some do not yet appear there, students in electing work for next year should use the following statement in addition to the catalogue.

NEW COURSES.

(All these courses are of three periods each week.)

Greek C and D: a second year of elementary work for those who began the study of the Greek language last September; selections from Xenophon will be read in the first semester and selections from Homer in the second semester.

French 11 and 12: elective for a limited number of students who, having completed course 7 or 8 and shown special aptitude for such work, desire an intensive study of the principles of the French Language. This work is especially important for those who are preparing themselves to teach French and such students, it will be observed, may now pursue the study of French throughout their college course, or until the equivalent of four years of college work has been completed.

Rhetoric 7 and 8: a year's work in Public Speaking, elective for students in the men's college who have completed Rhetoric 3.

Drawing 2 and 3: Mechanical Drawing and Descriptive Geometry; (see catalogue).

Physics 8: first semester followed by Astronomy 1 in the second semester (see catalogue).

Physics 9 and 10: (see catalogue).

Chemistry 5 and 6: Organic Chemistry; and Chemistry 7 and 8: Quantitative Analysis.

A full year of Organic Chemistry is now offered, and a full year of Quantitative Analysis, either line of work being elective

for those who have completed Chemistry 4; and, in cases where such arrangement is necessary, both may be taken in the same year.

Biology 7 and 8: Comparative Anatomy of Plants, first semester; Histology and Physiology of Plants, second semester. These courses are elective for Sophomores, Juniors and Seniors, and replace Biology 3 and 4 in alternate years.

Biology 3 and 4: Invertebrate Zoology, will be omitted in 1909-1910.

Biology 5 and 6 (see catalogue) will be given in 1909-1910 and omitted in 1910-1911. These courses are elective for Juniors and Seniors, and alternate with Biology 9 and 10, new courses to be established in Histology and Embryology.

Music 1 and 2: The History and Appreciation of Music; elective for all classes in the women's college; a year's work in the study of the forms and types of music and of the history of their development. This work may be taken by those who have had no previous study of music; but it should not be elected in the same year with the courses in the History of Art.

Work will also be arranged for in practical music, elective for those who are already somewhat proficient at the piano-forte. Such work to count toward a degree when combined with study of musical theory.

REARRANGEMENTS OF COURSES.

Physics 1, 2, 3, and 4: The required work in Physics may be taken in Freshman year, and must be so taken by B. S. students and by all others who expect to pursue the advanced work in Physics or in Chemistry. Those who do not complete this work in Freshman year are required as heretofore, to take it in Sophomore year. In order to facilitate this arrangement the following readjustment is made of the first year's work in Mathematics:

Mathematics 1 and 2: Trigonometry, first semester, four hours a week.

Mathematics 3 and 4: Higher Algebra, second semester, four hours a week.

Mathematics A: Solid Geometry, first semester, three hours a week; elective for A. B. students; required as an extra course of all B. S. students who are conditioned in Solid Geometry at entrance.

Mathematics 7 (see catalogue) will hereafter be followed in the second semester by Mathematics 10 (Calculus), and, beginning with 1910-1911, Mathematics 11 (Advanced Calculus) will be given in the first semester, followed in the second semester by Mathematics 8 and Mathematics 9 in alternate years.

After the news of the victory at Orono reached Waterville, preparations were begun for a celebration. The procession formed on the campus and marched down town. Speeches were called for from the president of the College and several of the members of the faculty. Red fire was burned and the College and team cheered. About nine o'clock the boys went to the Opera House to wait until the arrival of the train from Bangor on which the team was returning. After the arrival of the team, a bonfire was built on the athletic field from material gathered by the freshman class.

Last Saturday afternoon the freshman ball team defeated the Skowhegan High School team at Skowhegan by the score of 9 to 6. The features of the game were a three base hit by Bagnell and a one handed catch of a fly to short center field by the same player. Some time ago the freshmen wrote to Bowdoin for a game with the freshman team of that institution, but as yet no word has been received from Brunswick.

Emery B. Gibbs, '87, of Boston visited the College a few days last week. During his stay he spoke a few words at the chapel exercises, telling a few stories of his own college days and congratulating the baseball team upon the victories with which it closed its championship series.

The present ECHO board will close its work for the year with the publication of next week's paper, in which will appear the program and announcements for Commencement week.

John M. Maxwell, '10, was called to Worcester, Mass., last Friday by the death of his uncle.

Clayton M. Ward, '07, visited friends in town last Sunday.

Start a Mail Order Business of Your Own.

A few years ago I was a newspaper correspondent, \$3,000 in debt, and broke. I wanted to increase my earnings. I had often heard that there was money in the mail order business. I felt if I could get started with some little scheme, something legitimate and honest, whereby I could make \$40 or \$50 a month, extra in spare time, I would be the happiest man alive.

I started a mail order business at home with a plan that looked good to me, using only a few dollars as a working capital. In less than a year I was making \$1,000 a month, and I cleared \$50,000 in five years.

If you want to get out of the rut and into a business in which it is easy to make money fast, start a mail order business of your own. You don't need large capital, but you simply must have energy and executive ability. You must also have a plan that is a winner.

The mail order business is a legitimate field in which you can get rich in a short time if you strike it just right. Or you can lose money if you get in wrong. The work can be done entirely at home and in spare time until you get well under way.

I will show you how to start right, with small capital and a rattling good working plan. I will tell you what to sell, how to buy, and where and how to advertise. I will explain in detail just how you can get started on the right track and how to meet with success. Send for my free booklet, "A Straight Talk on the Mail Order Business."

Don't put this off till tomorrow or next week or next month, but write me today. You will receive my book and full particulars about my plans by return mail.
