COLBY SENDS TWELVE MEN TO Y. M. C. A. CONFERENCE.

The seventh annual Students' Conference of the Y. M. C. A. was held at Lewiston, February 19, 20, 21, under the auspices of Bates College. There were sixty college men present, and one hundred and forty boys from the preparatory schools of Maine. In many respects the conference was the best yet. The program afforded excellent speakers and the enthusiasm and spirit of the conference was such as to create a deeper and broader interest in association work. As a result of the conference, the Y. M. C. A. must reach more men in Colby and become a still greater force in maintaining an efficient Christian sentiment here.

Among the prominent speakers on the program were: Ira G. Hersey, president of the State Senate; Rev. Geo. R. Stair of Portland; Dean Jacobus of Hartford seminary; Mayor Robert J. Wiseman of Lewiston; President Chase of Bates; H. S. Campbell, Colby, '15; Rev. Ashley D. Leavitt of Portland; and C. K. Ober of New York. A feature of the conference was a track meet in which one hundred and fifty delegates entered.

Colby was represented by twelve delegates: Campbell, Mills, '15; Treat, Foster, Sanderson, '16; Young, '17, and Alden, Boardman, H. Pratt, Perry, Thompson, and Tracy, '18.

NEW CATALOGUES OUT.

The new Colby College Bulletins for 1914-1915 were distributed last week. In outward appearance, the new catalogue is

little different from former ones, but close examination reveals several more or less important changes within.

There are several new names among the faculty: Professor Philip Warner Harry, Ph.D., and Leroy James Cook, A.M., take the place of the late Professor Hedman; Robert Gamble Caswell, Ph.D., replaces Edwin Jay Roberts as instructor in chemistry; Assistant Professor Little has been made Professor of geology; Assistant Professor Wolfe has been made Associate Professor of Economics; Mr. Maxfield becomes Assistant Professor of English; Mr. Obear becomes Assistant Professor of Physics; Jason McClintock Hagan, A.B., appears as assistant to the president; Miss Florence O'Neill Hastings replaces Mrs. Josephine McArthur Crowell, as director of physical training in the women's division; Evan Rupert Wheeler, B.S., has been added to the physics department, and Alan Dougald McKillop, A.M., to the English department; and Harvey Cohn succeeds Edward John Daley as director of physical training in the men's division. The summary shows an increase of three members in the faculty.

Under the head of courses of instruction, there are several additions: the number of courses in French has been increased by a practical course for prospective teachers, and the course in English literature shows the addition of the study of the English essay and drama.

The summary of students shows an increase of thirty-six members,—twenty-five men and eleven women. Clearly the old college is growing in numbers, as well as in efficiency. On the whole, the new catalogue is typical of a fast-growing college, such as ours is.

ZETES LEAD IN HOT RACE TO THE WIRE.

The Zeta Psi team has now by consistent work gained a large lead in the Bowling league and apparently will hold it. Delta Kappa Epsilon and Delta Upsilon are close behind, however, and both are bowling consistently. Ramsdell, in Monday's match, broke Simpson's single string record of 131 by rolling 133, and though no other records have been broken some of this week's games have been the closest of the season. Hutchins, James, Allen and W. Harriman have this week been the individual stars. Alpha Tau Omega created a sensation by taking three points from Delta Kappa Epsilon, which seriously cut down the latter's standing. At present, Zeta Psi's chances of winning the cup seem very promising. Only three matches now remain to be played.

The standing Tuesday night:

	Won	Lost	Pc.
Z. P.	40	16	.714
D. K. E.	37	19	.661
D. U.	34	18	.654
P. D.	24	36	.400
A. T. O.	20	36	.357
C. C.	13	43	.232

Averages:

Simpson, 97; James, 96; Allen, 95; Willard, 92; Holt, 91; Murch and Ramsdell, 90; Crossman and Campbell, 89; Whittemore, Tedford and Weston, 88; Brown, Sully, Higgins, Goodrich, and Hutchins, 87; Grant, 86; Royal, Leseur, J. Harriman, W. Harriman, King, Young, Ware, and Shea, 85; Smith, Kelsey, Niles, and Eaton, 84; Yeaton, Flanders, Cauley, 83; Libby, Howes, Greer, and Kimball, 82; Whipple, 81

Records: Single string, Ramsdell, 133; three strings, Allen, 330; team single, Zeta Psi, 526; team total, Delta Upsilon, 1431.

Next games:

February 24. Delta Upsilon vs. Alpha Tau Omega.

February 25. Zeta Psi vs. Delta Kappa Epsilon.

February 26. Delta Upsilon vs. Commons Club.

RIFLE SHOOTING AS A COLLEGE SPORT.

Over five thousand college marksmen is the record for the college year ending June 30th, 1914. Through the combined efforts of the National Rifle Association of America and the National Board for the Promotion of Rifle Practice, rapid strides are being made looking to the introduction of rifle shooting as one of the recognized sports in the colleges throughout the country and the movement has been still further stimulated by a recent act of Congress authorizing the free issue of rifles and ammunition to college and university rifle clubs.

This work was begun several years ago by the National Rifle Association backed by the War Department with a result that at the present time there are forty-two college and universities having well organized and active rifle clubs. National championships are now being carried on annually both indoor and outdoor. The annual competition for college teams is now being organized for the indoor season. These matches are shot on indoor ranges with 22-caliber rifles. The championship for 1914 was won by the Michigan "Aggies" and the outdoor championship was won by the Mass. "Aggies."

As an evidence of the fact that the athletic authorities of a great many colleges and universities, are recognizing marksmanship as a part of their athletic curriculum, many of them are giving the college letter to those students who make the rifle teams.

A feature of this work which is worthy of mention is the fact that there have been no serious accidents of any kind on rifle ranges since the work was introduced, a claim that could hardly hold good

in connection with other prominent school sports such as football and baseball. Furthermore, only a small percentage of students can take part in baseball and football matches, while the number of students who can enter the shooting competitions is only limited to the capacity of the range.

In addition to competition against each other in rifle matches, college clubs are given annually a medal for a members' competition by the National Rifle Association. Decorations are also presented to club members by the War Department for qualifying as expert, sharpshooter and marksman.

Information concerning the organization of such clubs may be secured from the Secretary of the National Rifle Association of America, 1108-9-10 Woodward Building, Washington, D. C.

We are glad to note that the Dramatic Club has at last begun to show signs of life and promises to put on a good play this season. All best wishes to the manager in his belated efforts to start something! Better late than never. We only hope that some of the other dormant college organizations, particularly the Outing Club and the Students Council, will follow the example. All these bodies have a part to play in the life of the college. Just why they should die out is an insoluble conundrum.

IMPORTANT

"OPPORTUNITY TO WORK YOUR WAY THROUGH COLLEGE."

I desire a Freshman to travel for me during the month of September and to represent me in the district in which your college is located. The reason I want a Freshman is; the experience he would gain the first year would make him twice as efficient the two remaining years he

would be in college. If you are going to take a post-graduate course, all the better, as an agreement can be made for a term of years.

I want a good, bright hustler so that it would pay him as well as myself. A college man whom I had for five years and is now graduated, always made, clear, \$100.00 to \$125.00 in September:

Write at once, giving me your age, home address, references and whether you would be home for your Easter vacation, that I may plan to see you on my Spring trip and make arrangements to settle the matter and start you early in the Fall.

COBURN CLUB.

At a meeting of the Coburn men after chapel yesterday, the officers of the club were elected as follows: President, Drummond, '15; vice-president, Joly, '16; secretary-treasurer, Whitney, '18; executive committee, Holt, '15, Dyer, '15, and Flood, '17.

FREE SCHOLARSHIPS.

REVIEW OF REVIEWS AWARDS THEM FOR SUMMER WORK.

College men who earn a large part or all of their college expenses will doubtless be greatly interested again this year in the free scholarships offered under the direction of Mr. H. W. Frey to self-supporting students. For the past six years over 1200 students have won free cash scholarships worth \$100 to \$1000 apiece.

President Wilson, together with five prominent college presidents, has endorsed this plan of awarding free scholarships to ambitious students. A certificate of such endorsement is placed in the hands of every student whose application for enrollment as a candidate is accepted.

These scholarships are not competitive in any sense of the word, but are available to any student of good character. Each student is apportioned an exclusive radius. The scholarship is won, not for class room proficiency, but for practical work during the summer months or in spare time through the college year.

College employment bureaus from Maine to California recommend this plan as a sure means of meeting college expenses for self-supporting students. The work possesses a dignity and distinction which invariably appeals to the ideals of college men. It is always congenial and eminently satisfactory financially. Over 150 Scholarships were awarded students the past summer, Mr. Arthur Henkel, of Valparaiso University, winning a \$1,000 scholarship by ten weeks work.

Any self-supporting student can secure full particulars without obligation by dropping a postcard at once for "The Adventures of T. Courtney Perkins" to The Review of Reviews Scholarship Fund, 30 Irving Place, New York City.

"My Cousin Timmy," a farce in two acts, was very creditably presented by the F. E. F., Saturday, February 20, in the Foss Hall dining room. The cast was made up entirely of Palmer house freshmen. The Y. W. C. A. meeting Tuesday evening, February 9, was the memorial service for Miss Grace E. Dodge, formerly president of the National Y. W. C. A. A very appropriate introduction was a Victrola selection, Meditation from Thais, played by Kreisler. Several sketches of Miss Dodge's rare, sweet life and splendid work were read, which brought her very near to Colby girls.

How It Used To Be

In the early day of railroading, there was a card in the depot at Waterville which read as follows: "The Locomotive will leave every morning at 10 o'clock, provided the weather is fair."

There used to be just as much uncertainty about ready-made clothing. If all the conditions were right, it fitted fairly well.

Nowadays
