## PORTRAIT OF JUDGE WHITEHOUSE.

A portrait of Judge William Penn Whitehouse of Augusta has just been completed by Joseph B. Kahill, the well known Portland artist, and is to be given a place in the State House at Augusta.

Judge Whitehouse was born in Vassalboro, in 1842. He was graduated from Colby College in 1863, with class honors. Deciding on law as a profession, he was admitted to the bar in Kennebec county, in 1865. Since then he has served as city solicitor of Augusta for four years; county attorney, 1869-76; judge of superior court, 1878-90; associate justice, 1890-1911; chief justice, 1911 to 1918, when he retired.

Judge Whitehouse was given the degree of L.L.D. from Colby in 1895, and from Bowdoin in 1912.

## COLBY COMMONS CLUB WITHDRAWS FROM NATIONAL FEDERATION.

### To Form Local Fraternity, Omicron Theta.

The Colby Chapter of Commons Clubs announces its withdrawal from the National Federation. For some time its ideals and practices have not been essentially different from those of the Greek letter fraternities represented here, and the members have felt that they could best serve their own interests and those of the college by withdrawing from an organization whose principles they no longer approve. A new name, Omicron Theta, has been selected, and the club will continue to take part in all college activities as a new local fraternity.

The annual initiation banquet, usually held at the Elmwood, will be at the house, Wednesday evening, as a fitting celebration of the event.

## NEW MEMBERS OF CHEMICAL SOCIETY.

Richard L. Sprague, '18, the only remaining student member of Gamma Gamma Sigma, the honorary chemical society, has, with the aid of the faculty members, chosen the following men for membership: George E. Ferrell, '18; Arthur F. Scott, '19; Harold Johnson, '19; Robert E. Sullivan, '19; Julius G. Sussman, '19; Harold E. Brakewood, '19; Newton L. Nourse, '19; Ralph H. Drew, '19; Galen F. Sweet, '19.

The new officers are Sprague, president; Ferrell, vice president; Brakewood, secretary and treasurer.

## OUTING CLUB TAKES HIKE.

The Colby Outing Club, which flourished here a few years ago, is soon to be revived if the efforts of Dr. Homer P. Little are successful. Last week an attractive poster invited all men who were interested, to meet on Saturday afternoon and take a long, snowshoe hike through the country north of Waterville. About six answered the call and there would undoubtedly have been more, but for the scarcity of snowshoes. A fine time was reported by all who went, not the least enjoyable feature of which was the feed of coffee and hot dogs provided at the Y. M. C. A. on their return.

Watch for announcements of further activities of the club through these ordinarily dull months.

When a woman takes a man for better or worse, she should be better posted on the odds.

## SHE MEANT IT, ALL RIGHT.

"Father says," complained the son to his mother, "that he is willing to pay my expenses through college, but that after that I shall have to rely on my own merits."

"O, dear boy," comforted his mother, "let us hope that it won't be as bad as that!"

—Cleveland Plain Dealer.

German alien enemies residing in cities and towns which, according to the census of 1910, had more than 5,000 inhabitants, will register with the Chief of Police; and in all other communities with the local postmasters. Each registrant is required to furnish four unmounted photographs of himself, not larger than 3 by 3 inches in size, on thin paper, with light background.

## COMMENCEMENT REUNIONS.

The Committee on Class Reunions would call attention through THE ECHO to the fact that class reunions this year will be held according to the "Dix Plan."

The reunion classes scheduled for 1918 are '58, '63, '68, '72, '73, '74, '75, '91, '92, '93, '94, '10, '11, '12, and '13.

The committee will be glad to receive suggestions from any member of these classes, and to co-operate in any possible way to make the plan successful.

**COLBY MEN AT NORTHFIELD.**

The delegation chosen to represent the Colby Y. M. C. A. at the Northfield Student Conference last summer should have consisted of ten men, but only two, William E. Small, '19, and William C. Dudley, '20, arrived at the camp on the opening day. Later these delegates succeeded in locating Dunbar, '19, and in bringing him into the ranks. We were then ready to begin work and the next morning we began attending classes of which there were a sufficient number to keep us all busy. Each day had its work and study, yet there was also play and amusement for everyone, such as baseball, soccer, track events, tennis, etc. Colby men were quite at home when it came to taking honors in the great meet of the conference, when all the colleges represented there came together to test each others athletic powers. Colby captured a first and a second in the weights, and first in the state team relay shot put.

The greatest benefits however were from the men that we came to know there. They were men who know what life really means. They were men who live to do for others and who know what the Christian life means out in the world. They were there to help and they did help. What they said affected every delegate there and left him with a newer and better idea of life and the solution of its problems.

**WOOD CHOPPING AND COAL SHORTAGE.**

Our State is covered with wood suitable for fuel. While farmers and other operators are the ones to look to for market wood, hundreds of people can cut some wood in their localities for their own use.

The Fuel Administration has enlisted college faculties and their unemployed students in wood chopping. The pastors of several churches have formed chopping clubs which are busily engaged cutting next winter's wood supply. Letters are being sent to school principals and superintendents urging that they form their pupils into chopping clubs. They may not be able to cut wood economically from the operator's standpoint, but just as the amateur gardeners added greatly to food production last summer so can amateur wood choppers assist in coal saving this winter.

Every cord of fuel wood saves the mines from producing and the railroads from hauling from three-fourths to a ton of coal. If the 600 school superintendents and principals get busy and form clubs that cut on the average 50 cords each, Maine will need next winter 25,000 tons less coal than this winter. Why can we not at Colby, form such a club?

**OUR WAR AIMS.**

"What we demand in this war, therefore, is nothing peculiar to ourselves: It is that the world be made fit and safe to live in; and particularly that it be made safe for every peace-loving nation which, like our own, wishes to live its own life, determine its own institutions, be assured of justice and fair dealing by the other peoples of the world as against force and selfish aggression. All the peoples of the world are in effect partners in this interest, and for our own part we see very clearly that unless justice be done to others it will not be done to us. The program of the world's peace, therefore is our program."—President Wilson's Message of January 8.

"The sacrifices we are exacting of the noble American boys who are going to the bloody fields of France for the lives and liberty of us who stay at home call to us with an irresistible appeal to support them with our most earnest efforts in the work we must do at home."—Secretary McAdoo.

"We have reached the time in our national life when no loyal citizen in the country can afford to spend a dollar for wasteful luxuries. Such an expenditure resolves itself into a disloyal act."—Cardinal Gibbons.

The junior class of the Women's Division will give a masquerade social Friday evening, February 1st, in Coburn Gymnasium, for the benefit of the Y. W. C. A.

Because of the new schedule by which classes are held until 5.30 P. M., it has been impossible to continue military training for the present.

A lecture course was substituted for the outdoor drill, soon after the end of the football season, as weather conditions greatly hampered the manoeuvres. The lecture course was not very satisfactory as the men in the company had not undergone a sufficient amount of training to profit much by theoretical tactics.

As soon as the weather permits, the outdoor drills will be resumed; and it is expected that the com-

pany will continue the good work that it showed early in the fall.

Of the men who were enrolled last spring, many are making rapid progress at training camps. Some have obtained commissions at the Reserve Officers' Training Camps, while others are non-commissioned officers in the National Army.

## CAMPUS CHAT

At the Union Church Services held in the City Opera House last Sunday afternoon, Professor Herbert C. Libby gave an impressive sermon on the subject "Judge Not."

Undergraduates of the University of Illinois who are now in service will not be lacking smokes to pass off the weary hours. Co-eds at Illinois are carrying cigarette cases around, and when the boys pass the smokes, they fill their cases.

All Bucknell men in the military service are to receive a special insignia, to be known as the military "B."

The athletic association of both Dartmouth College and Harvard University have announced that they will pay the 10 per cent war tax on the tickets, for their annual games.

Fire destroyed the chemistry building of the Connecticut Agricultural College, with an estimated loss of \$30,000.

### Y. M. C. A.

President Roberts opened the series of vocational addresses last Tuesday evening, by giving a splendid talk on "Vocations." His fitting speech was a great send-off for the coming lectures. Industry, determination, and ambition, were the points emphasized by the speaker as essential to any successful career. 'Rah for Prexy!

The Boston Globe quotes Secretary Baker as saying that the only thing the boys at the front complain about is that there is no news from home. Our Colby men should have the "Echo." The college will pay \$50 toward sending it to every soldier at the front. But \$50 more is needed and this amount must be raised. The Y. M. C. A. plans to raise it. How much will you give now?

The college is very much pleased with the neat Y. M. C. A. calendars. Some of the most prominent men of the city are to give talks to us. Now is the time to get inspiration, uplift, and knowledge.
