NAMES OF MURRAY PRIZE DEBATERS TO BE ANNOUNCED SOON.

Announcement will be made within a week or ten days of the members of the class in Debating 5 who have been appointed to the Murray Prize Debate. In previous years the successful debaters have been selected by means of a preliminary debate in which all members of the class have been required to participate, but this year an entirely new plan has been followed and the six debaters will be chosen on the basis of classroom standing. Inasmuch as the work of the course consists of two distinct parts, namely a study of the theory of argumentation, and actual participation in debate, classroom standing will combine a knowledge of argumentation and an ability to debate. The class completed the theoretical side of the work two weeks ago, and since then class debates have been the order.

The Murray Prizes, which are again made available to the College, consist of one hundred dollars, given by George Edwin Murray, of the class of '79, to encourage students in the work of debating.

Soon after the opening of the second semester, a public debate will be held when the six debaters will compete for the prizes. To the winning team, seventy-five dollars will be given, the same to be distributed equally among the three speakers; to the losing team, twenty-five dollars, the same to be divided equally among the three speakers. The merits of the debate will be passed upon by a board of three judges to be selected by President Roberts.

NOTICE TO AVIATION CANDIDATES.

From the State of Maine and New Hampshire north of Concord, candidates for commissions in the Aviation Section Signal Officers' Reserve Corps should apply to the U. S. A. Aviation Examining Board, 806 Congress Street, Portland, Maine.

On instructions from Washington aviation examinations have been discontinued until further notice by all Examining Boards. Applications from Maine and New Hampshire will be received, however, at the above address and will be filed in the order of their arrival.

Applicants will be notified to present themselves as soon as this Board is once more authorized to conduct examinations.

CAPTAIN FREDERICK H. BROOKE,
President Examining Board.

NEW ENGLAND COLLEGE HEADS IN FUEL CONFERENCE.

In view of the extreme shortage of coal at the present time, Fuel Administrator James J. Storrow called a conference of the New England college presidents on February 9, to consider the advisability of holding vacations now instead of at Easter.

Nearly every college in New England was represented, President Roberts going from here on short notice. It was decided after discussion that a vacation now would save very little coal and would cause great expense and inconvenience to the colleges and students. For these reasons the plan was abandoned.

LYFORD INTERSCHOLASTIC SPEAKING CONTEST.

The eighth annual Lyford Interscholastic Prize Speaking Contest has been scheduled for May 10. This will be held as usual under the auspices of the college and will be governed by much the same rules as those in the preceding years.

The following rules are being sent out to preparatory schools of Maine and New Hampshire:

Special prizes aggregating One Hundred Dollars, the gift of Will Hartwell Lyford, of the class of 1879, of Chicago, Illinois, are made available to the College and are open to young men attending preparatory schools in Maine and New Hampshire. The chief object of the prizes is to encourage public speaking, and the awards will be made for general excellence in declamation.

The following rules shall govern the awarding of these prizes:

1. The students offering themselves in competition for these prizes must file application, furnished by the Registrar of Colby College, at least one month before the date set for the contest.

2. The selections rendered shall be of not over six minutes in length.

3. Contestants are required to speak excerpts from orations or addresses delivered by well known public speakers in comparatively recent years.

4. The judges shall award the several prizes on the basis of 50 points; of which Interpretation shall count 25, Appearance, 15, and Pronunciation, 10.

5. Three judges, to be selected by the President of Colby College, shall pass upon the merits of the speaking.

6. The awards shall be as follows: First prize, \$50; second prize, \$25; third prize, \$15; fourth prize, \$10.

NAVY'S CALL FOR BINOCULARS, SPY GLASSES AND TELESCOPES.

The Navy is still in urgent need of binoculars, spy glasses and telescopes. The use of the submarine has so changed naval warfare that more "Eyes" are needed on every ship, in order that a constant and efficient lookout may be maintained. Sextants and chronometers are also urgently needed.

Heretofore, the United States has been obliged to rely almost entirely upon foreign countries for its supply of such articles. These channels of supply are now closed, and as no stock is on hand in this country to meet the present emergency, it has become necessary to appeal to the patriotism of private owners to furnish "Eyes for the Navy."

Several weeks ago, an appeal was made through the daily press, resulting in the receipt of over 3,000 glasses of various kinds, the great majority of which has proven satisfactory for naval use. This number, however, is wholly insufficient, and the Navy needs many thousand more.

All articles should be securely tagged giving the name and address of the donor, and forwarded by mail or express to the Honorable Franklin D. Roosevelt, Assistant Secretary of the Navy, care of Naval Observatory, Washington, D. C., so that they may be acknowledged by him.

Articles not suitable for naval use will be returned to the sender. Those accepted will be keyed, so that the name and address of the donor, will be permanently recorded at the Navy Department, and every effort will be made to return them, with added historic interest, at the termination of the war. It is, of course, impossible to guarantee them against damage or loss.

As the Government cannot, under the law, accept services or material without making some payment therefor, one dollar will be paid for each article accepted, which sum will constitute the rental price, or, in the event of loss, the purchase price, of such article.

OLDEST GRADUATE OF COLBY DIES.

News of the death of Dr. Robert S. Stratton, at his home in St. Joseph, Mich, has been received by relatives in Winslow. Dr. Stratton was born in Winslow in 1831, and was the youngest of 12 children. He was graduated from Colby in 1868 and his death removes the oldest living graduate of that college. He served in the Civil War, after which he went to St. Joseph, where he practiced medicine.

Dr. Stratton was always greatly interested in Colby and attended many reunions, coming in 1912 for the last trip, which he made unattended from his home in the West.

A. T. O. DANCING PARTY.

On the eve of Thursday last, Gamma Alpha of Alpha Tau Omega held an informal dancing party in the fraternity house. The parlors were tastefully decorated with the fraternity colors. During intermission refreshments consisting of ice cream and punch were served by the freshmen.

The party was chaperoned by Dr. and Mrs. Homer P. Little and Professor Johnson and Miss St. Clair. Music was furnished by Hois, '21, and Miss Harlow, '21. The ladies present included Mrs. Little, Miss St. Clair, Misses Bickford, Kimball, Chase, Lord, Sweetser, Drummond, Wilkins, Jeffs, Whipple, Harlow, Perley, White, Meservey, Levine, Hotchkiss, Poirier.

The committee in charge of the affair consisted of Pottle, '18, Hayes, '18, and Urie, '20.

AVOIDING WAR.

Few points in history are better settled than that up to April 12, 1861, neither the North nor the South wanted war. A competent observer who spent that winter in Washington declared: "Not a man in America wanted war, or expected or intended it." There is abundance of other evidence to the same effect. After Sumter was fired on, James A. Garfield cried out over "the shame, the folly, the outrage of civil war in our land!"

The Southern States held that they had an inalienable right to withdraw from the Union. Undoubtedly they expected to go in peace. They saw it as a question of political liberty, essentially like that which had confronted the Revolutionary Colonies.

The North, with Lincoln, saw it as a question of the perpetuation of free government and the majority rule that is implicit in free government. He said if a minority could destroy a government at any time by seceding from it, a republican form of government would not work.

Both North and South were democracies in form. Neither had any imperialistic or dynastic ambitions. Neither wanted war. But there was no method of mediation between them. There was no tribunal to which they could appeal; no superior organ to take up the quarrel judicially.

Events helplessly took their own course. Sumter was a Federal fort and the Federal Government must hold it. It was in South Carolina and the sovereign state must claim it. A shot was fired, and nothing remained but to fight it out.

Democratic form of government is not enough. Absence of designs of military conquest is not enough. There must be a method of mediation, a superior organ to which international differences are referred—in short, an international organization to preserve peace.

At a meeting of all men wearing the baseball "C," this week, Lincoln Heyes, '19, was unanimously chosen to captain next season's baseball team. Heyes is also a popular choice with the students, his classy work at second last spring being well remembered.

Rev. Edwin C. Whittemore, '79, led morning prayers on Saturday and received hearty applause at the end of an excellent address.

PRESS OF THE CITY JOB PRINT

Foss Hall is making a good showing in the Red Cross drive, if one can judge by the number of posters displayed in the front windows.

A petition that mid-year exams be abolished in order to cover more ground in all courses, which was signed by the greater part of the students, was turned down by unanimous vote of the faculty at their last meeting.

INTERCOLLEGIATE Y. M. C. A. MEETING.

A meeting of representatives of the four College Y. M. C. A.'s of the state was held Friday evening and Saturday forenoon in this city for organizing on a new basis. The associations of the country, headed by the Student Volunteer Society, are mobilizing for Christian world democracy.

The meetings were held at the office of Jefferson C. Smith, State Y. M. C. A. secretary. The chair-

man was David Porter, national Y. M. C. A. secretary, in charge of the eastern colleges. The delegates were: Canfield from Bates; Denton from Bowdoin; Perry, Vrooman, Prof. Matthews, Prof. Daggett, from Maine University; Newman, Tyler, Robinson, Bell, Dudley, West, Hounsell, and several professors, from Colby.

The purpose of this meeting was to establish permanent study groups among the students in all the colleges. This involves the recruiting of 200,000 students in the different colleges to participate in the study and discussion of Christian principles. The programme of Jesus Christ offers the only real hope in the present world catastrophe, and the only solution of all international problems. Before the entire world can be safe for democracy not only the nations in the vast conflict, but all the nations of the world, must accept the principles of Christ as a guide. If our own nation is to be made safe, we must banish the undemocratic spirit and spirit of war that pervades the relationships between classes and races. A call for the decision for Christ and His service at whatever cost—on the campus, in the nation, and in the world is absolutely essential. The student who has accepted Christ must do his bit by prayer, investigation, meditation, and service. He must discover the form and place of the work to which his life shall be devoted most effectively to advance the Kingdom of God. "He that is not with us is against us." Very shortly, competent leaders will be chosen to lead these study groups and the best textbooks possible will be used for this course.

A drive for the purpose of stimulating interest in Student Government was planned and carried out by the Student League the past week. It was introduced Wednesday at chapel by Prof. Franklin who spoke on "The College Conscience." Marion Starbird, '18, president of the organization, spoke briefly after dinner, which was followed by a college "sing." Thursday, Prof. Johnson gave an address at chapel on "The Value of Discipline." On Friday the chapel exercises were conducted by representatives of the four classes, the speakers being: Hazel Whitney, '18, Louise Merrill, '19, Eliza Gurganus, '20, and Grace Foster, '21, who took as their subjects different phases of Student Government. Mrs. Clarence White of the executive board was a guest at dinner and spoke words of encouragement to the members of the League. On Saturday the drive closed with talks by Dean Cooper and Mrs. G. B. Franklin and a "stunt" party in the gymnasium.

Monday was Red Cross day. Dr. Phalen spoke at the chapel, and after dinner the Y. W. C. A. cabinet girls, dressed in the Red Cross uniforms, collected subscriptions for membership. The goal is 100%. Let every Colby girl do her share to help the Red Cross to follow the flag.

A very successful Student League Party was held Saturday evening in Foss Hall gym. Mrs. G. B. Franklin was present and gave a very inspiring talk on the character-building influence of student government. Each class contributed to the entertainment by giving some "stunt," after which dancing was enjoyed with music by the orchestra. The seniors harkened back to their freshman days and rehearsed a "Freshman Reading Class." The juniors presented a scene from an insane asylum in which two brain specialists were reviewing some very peculiar cases recently received from Colby College. These cases were all diagnosed as the result of over work and nervous strain caused by student government and approaching mid-year exams. The sophomores gave a very effective impersonation of familiar figures seen about Foss Hall, and the freshmen enacted a midnight feed in Foss Hall, which proved successful in spite of student government rules.

Thursday evening Professor and Mrs. Brown entertained at their home the members of his rhetoric classes, with President and Mrs. Roberts, Miss Louise Coburn and Mrs. Cooper as guests of honor. Miss

Coburn read a number of original poems and the evening was completed with music and games. Prizes were awarded to Clara Carter, Bernice Butler, Grace Wilder and Eliza Gurganus for excellence in rhetoric themes.

"Famous American Dramatists" was the subject of discussion at the meeting of the Literary Society Friday evening. The following were considered: "William Moody," by Daisy Murray, '18; "Clyde Fitch," by Marion Lewis, '18, and "Edward Sheldon," by Hilda Bradbury, '19. Current Events were given by Elfrieda Whitney, '21, Myra Pottle, '21, and Clara Carter, '21. Critic of Thought, Isabelle Wing, '18; Critic of Delivery, Adrienne Clair, '20.

Chi Gamma Theta society had a feed at the Chop House Friday night and afterward attended the High School play, "A Rustic Romeo," at the opera house.

Alice Page, '21, has returned to college after a short absence.

Roberta Harvey, ex-'20, was a visitor at the Hall, Saturday.

Miss Louise Coburn of Skowhegan has been a week-end guest at Foss Hall.

Miss Eleanor Copeland of Biddeford, a student at Gray's Business College, Portland, was the recent guest of the Misses Ruth Means and Frances Bradbury at Mary Lowe Hall.

GERMAN War Practice

Destruction of the Library of the University of Louvain.

"On the night of Tuesday, the 25th, a father of the Josephite College, which is located a few yards from the spot where the Germans smashed the main window, called the attention of the commanding officer to the fact that the building he was going to destroy was the University Library. The officer replied, 'Es ist Befehl!' [It is the order.] It was then 11 p. m. These are the facts."

That our own Universities and Libraries have not suffered the fate of Louvain is due to the unbroken line of our Allies. To secure to all peoples, great and small, self-government and the peaceful use of learning, the United States is at war.
