## DR. TAYLOR COMPLETES FIFTIETH YEAR.

As the ninety-eighth Commencement of Colby draws near, the thoughts of both graduates and undergraduates turn toward a man whose whole life and energy have been devoted to our college. At this time Julian Daniel Taylor, LL. D., our revered professor of Latin, will celebrate the close of his fiftieth year as a member of the Colby faculty. This will be an anniversary that but few teachers are ever privileged to observe. For fifty years Dr. Taylor has given himself and all his efficient life-service to the work of helping Colby students; therefore thousands of Colby men and women will remember him at this time with the deepest love and respect.

Dr. Taylor entered Colby in the fall of 1864; and throughout his four years here was prominent in the scholastic life of the institution. He was the best all-round scholar in his class, excelling both as a writer and as a speaker. In his third year, he took part in the Junior Exhibition, and, as a fitting close to his college career, won first prize in the Senior Exhibition of 1868. He did not take part in athletics but was noted for his studious habits. He is said to have studied from eight to nine hours a day outside his classes. Present day students may well follow his example, when they pause to consider the great usefulness of this man, which was undoubtedly promoted by such studious habits. He was elected to Phi Beta Kappa.

Dr. Taylor won the respect and admiration of all his fellow students and, immediately upon graduation was appointed tutor in Latin. In 1873 he was elected to the professorship of Latin, a position which he has held ever since. It is an interesting fact that Dr. Taylor is the first and only Latin professor the college has had since this language was instituted as a separate department. In 1900 he was given the honorary degree of Doctor of Latin, by Colby.

Besides his labors at the college, Dr. Taylor has been interested in outside matters. He is a shrewd financier. He has made fortunate investments in western real estate and timberlands, and, more recently, has turned to banking, being, at present, a director in the Ticonic National Bank of Waterville.

The little farm in Vassalboro upon which he was born and reared, and which he now owns, also claims some of Professor Taylor's attention. Every year he cultivates this farm and usually spends his summers there.

Professor Taylor has long been held in high esteem by the leading educators of the country, because of

his fine intellect and rare teaching ability. It has been said that he has received offers of professorships in much larger colleges; but he has refused them and has proved his unswerving love and loyalty for Colby by fifty years of unbroken service.

He is a man whose personal life is of the best, whose ideals are of the highest, and whose mind is of the keenest. He has spent his life in the kind of service that brings the most gratifying results and the knowledge that the world is a better place because one has lived in it.

Although this year closes the professor's fiftieth year of service, yet all Colby students, graduates, and friends, sincerely hope that for many years yet to come his useful life may continue to serve as a blessing and an inspiration to all with whom he may come in contact.

## PROFESSOR FRANKLIN.

Professor Franklin has received his appointment to take up Y. M. C. A. work among the American soldiers in France. He has received a leave of absence from Colby for one year and expects to sail for France about the middle of June.

Professor Franklin's wife will not accompany him to France but will return to her home in Washington, Ohio, where she will take up Red Cross and Child Welfare Work, in which she is engaged at the present time.

## IVY DAY.

The annual Ivy Day exercises were held Saturday at Foss Hall under the auspices of the women's division. The feature of the day was a patriotic pageant under the direction of Miss Emery, director of physical training in the women's division. This pageant included dances by the four classes representing The Spirit of Italy, The Spirit of France, The Spirit of England and The Spirit of America. Patriotic songs were sung by the Misses Hazel Whitney, Marion Griffin, Bertha Norton, and Hazel Peck.

Following the pageant, the underclassmen wound the maypole and then the whole women's division marched to the front of Foss Hall where the Ivy was planted. Miss Marion Starbird, the mistress of ceremonies, welcomed the visitors. Miss Snodgrass, president of the senior class, then planted the Ivy having been presented with a trowel by Miss Hilda Bradbury, president of the junior class. The ceremonies closed with the singing of the Ivy Ode.

## COLBY 9—BOWDOIN 2.

Colby 9, Bowdoin 2, was the result Saturday at Brunswick of the final game for this year in the state championship series, this being the tenth game won by Colby this season.

The game was interesting until the fifth, when the Colby swatters got four hits in succession for five runs, thus putting the game on ice. The Bowdoin nine got their two runs in the second and third innings, and for a while it looked like a Bowdoin victory, as Mason, the Bowdoin twirler, was pitching airtight ball. But when the fifth came, it was apparent that Bowdoin was to lose. And when Colby got two more runs in the sixth, then one in each of the eighth and ninth, this made the outcome still more apparent.

The game was featured by the brilliant work of "Midnight" Marshall on first. He got thirteen put-outs without an error, making one unassisted double play and at bat he singled in three out of four trips to the plate. Other features which livened a rather listless contest were two double steals, the first pulled off by Wyman and Taylor in the sixth, and the second by Fraas and Taylor in the eighth.

## COLBY WINS NORTHERN N. E. HONORS.

## Defeats St. Anslem's, 3 to 2.

Colby annexed the Northern New England collegiate championship by defeating St. Anslem's college baseball team at Manchester last week, 3 to 2 in an 11 inning game. The locals held a one run lead until the seventh, when Heyes brought in Taylor for the tying run. Scully's error allowed Bucknam to score the winning tally.

Bucknam was first to bat in the 11th. He struck out, but reached first on McCarthy's passed ball, then stole second. Fraas went out, Reynolds to Nuhn, Bucknam racing to third. Scully then booted Wyman's grounder, permitting the winning run to cross the pan, after one of the most egregious errors in the long list of misplays credited the St. Anslems.

The Manchester players were easily held down by Bucknam. The Colby pitcher had good support, the outfielders making exceptionally good catches. Reynolds pitched a good game but his team mates worked loose. He fanned 14 men, but McCarthy's passed balls robbed Reynolds of his effectiveness. McCarthy played his first game for the locals, replacing Pitts, the regular catcher, who has been drafted. The game was listless but for Taylor's brilliant catches. The score:

"The old order changeth giving place to new." Thus the term of the present editorial board is at an end, and the present management must pass on and be forgotten. Maybe it is better to enter oblivion than to stand out too prominently as a horrible example. Nevertheless, we have enjoyed our duties and have tried to give the students and alumni a paper worth while; so it is with deep regret that we relinquish our task and let the burden of progress fall on other shoulders.

In passing we thank you all for your loyal support and urge that you bestow it equally on our successors.

The name of the editor-in-chief for next year is not published in this issue but will be given out next week in the last issue of the ECHO for this year.

## OMICRON THETA CHANGES NAME.

On last Wednesday afternoon and evening, May 29, the Omicron Theta fraternity was installed as a chapter of the national fraternity of Lambda Chi Alpha, a large organization having forty-eight active chapters, which are located in all parts of the country. Warren A. Cole of Swansea, Mass., the national president, Henry Lemay, the national secretary, and Brother Omer G. Daviau of the University of Maine, were the installing officers.

Founded in 1909 at Boston University, Lambda Chi Alpha has had a rapid growth, and is now ranked among the largest Greek letter fraternities. In New England there are chapters located in the following colleges: Boston University, Harvard, M. I. T., Massachusetts Agricultural, Dartmouth, Brown, Rhode Island, New Hampshire, Maine and Colby.

The Colby Chapter was founded in 1912 as the Comomns Club and under that name it rose to a position of prominence in the college life. During the last winter it withdrew from the national federation and became known as Omicron Theta. Under this name it continued until it was admitted into Lambda Chi Alpha.

## COLBY CELEBRATES.

Last Saturday night Colby students celebrated the winning of the state baseball championship after the time honored custom of a parade and bonfire.

The paraders garbed in night attire assembled in the chapel at 9.15 and after a roundup on the campus, formed in line for the snake dance down town. They swept everything before them as far as City Hall square, stopping on the way at the Haines theatre to cheer. At the square Miranda, the cheerleader mounted the drinking fountain, while the students formed a double ring around him. Cheers rent the air.

The party thought the Opera House should not be slighted, but here the bluecoats interfered, threatening to lock up the crowd. The boys withdrew and gave loud and prolonged jeers to the Waterville police force but they stayed inside the hall where they were safe.

The principal points of attack on the return trip were Foss Hall and Prexy's house. Both were taken by storm and for once men in night attire stood on the Foss Hall porch with no fear of molestation. After a few remarks from President Roberts the parade continued to the campus where a rousing bonfire was built. Festivities ceased about midnight.

### FORMER COLBY PROFESSOR RECEIVES APPOINTMENT.

Clarence R. Johnson, who recently resigned from the Colby faculty in order to take up work among the French soldiers in France, under the direction of the Y. M. C. A., has announced his appointment to a position on the faculty of Robert College, Constantinople, Turkey. He is not to undertake his duties until after the war.

Robert College is the oldest American educational institution in the Turkish Empire, having been founded more than fifty years ago by a Maine man, Dr. Cyrus Hamlin. The institution is supplied with students from everywhere in the Balkan peninsula and there are over five hundred students of eighteen different nationalities. We all wish Mr. Johnson much success in his new work and sincerely hope that he may be able to take it up soon.

### BASEBALL "C's" AWARDED.

At a meeting of the athletic council held yesterday afternoon in the Waterville Savings Bank building, baseball "C's" and gold baseballs for the championship were awarded to Captain Heyes, Driscoll, Bucknam, Marshall, Fraas, Nourse, Wyman, Pulsifer, Taylor, Tyler, and Manager Cronon.

The council also voted to re-engage Allen as coach for the baseball team next year and gave Manager Cronin permission to challenge Holy Cross for the baseball championship of New England.

### SERIOUSLY INJURED BY FALL.

Edwin F. Mable, '20, fell from the third story of the Delta Kappa Epsilon house, Sunday morning, and received serious injuries, including a broken collar bone and a deep gash over one eye. He slipped from a window and fell nearly sixty feet to the ground. He was immediately taken to the Sisters' Hospital where he was attended to by Dr. Goodrich. His condition was so improved that he was taken to 18 Center St., Tuesday, and a rapid recovery is expected.

### ADVANCED RATINGS.

At the last meeting of the Colby Military Company Baldwin, Berry and Pratt were advanced from privates to sergeants. Jacobs and Kelley were promoted to the rank of corporal. All the non-commissioned officers of the company were given warrants.

### FRESHMAN READING.

The judges of the contest were: Drew T. Harthorne, Rev. Charles F. Robinson, and H. F. Carpenter. Professor Henry W. Brown was the presiding officer.

The requirements for entering the Medical School is that the candidate shall have a diploma from an accredited high school and two years of medical preparatory work covering Chemistry, Biology, Physics, English and either French or German.

Tufts College Dental School admits graduates of accredited high schools on presentation of their diplomas and transcript of record covering fifteen units. Many successful women practitioners are among its graduates.

Tufts College has announced that it will give a summer course in Chemistry, Biology and Physics, so that college men who lack these subjects may enter the Medical School in September, 1918.
