

THREE STUDENTS INITIATED INTO PHI BETA KAPPA

Ralph M. Snyder, Jasper M. Foster, and Miss Florence W. Ventres Receive Honor

Ralph M. Snyder of Portland, Jasper M. Foster of Strong, and Miss Florence W. Ventres of Rockport, Mass., were initiated into the honorary scholastic society of Phi Beta Kappa last Thursday evening. The initiation exercises were held following the annual banquet of the society which was attended by a large number of members and their guests in the Elmwood Hotel.

Following the ceremony, greetings were brought from the University of Maine chapter by Dr. Percie H. Turner, professor of English in that institution, who is a member of the Phi Beta Kappa chapter of Smith College.

Greetings from Bates were brought by Professor William N. Sawyer, of the biology department, who is a member of the Bates chapter.

The main address of the evening was by President Kenneth C. M. Sills of Bowdoin college who spoke on the subject, "Scholarship and Common Sense."

President Franklin W. Johnson, who is also the president of the Colby Chapter of Phi Beta Kappa, acted as chairman during the program.

All three members have been prominent throughout their college careers. Foster is president of Kappa Phi Kappa, secretary of the Y. M. C. A., vice president of Pi Gamma Mu, president of the International Relations club and a member of Kappa Delta Rho fraternity. Snyder is president of Pi Gamma Mu, a member of the Student Council and Lambda Chi Alpha. Miss Ventres has been an active member of the German club and a member of Sigma Kappa sorority.

PHILIP S. BITHER, '30 TO STUDY IN GERMANY

Colby Graduate Appointed American-German Student Exchange Fellow For 1931-1932

The appointment of Philip S. Bither, of Linneus, of last year's graduating class at Colby college, as an American German Student Exchange Fellow for 1931-1932, was announced Monday morning by Dean Ernest C. Mariner. This award will enable Philip Bither to study one year in a German Uni-

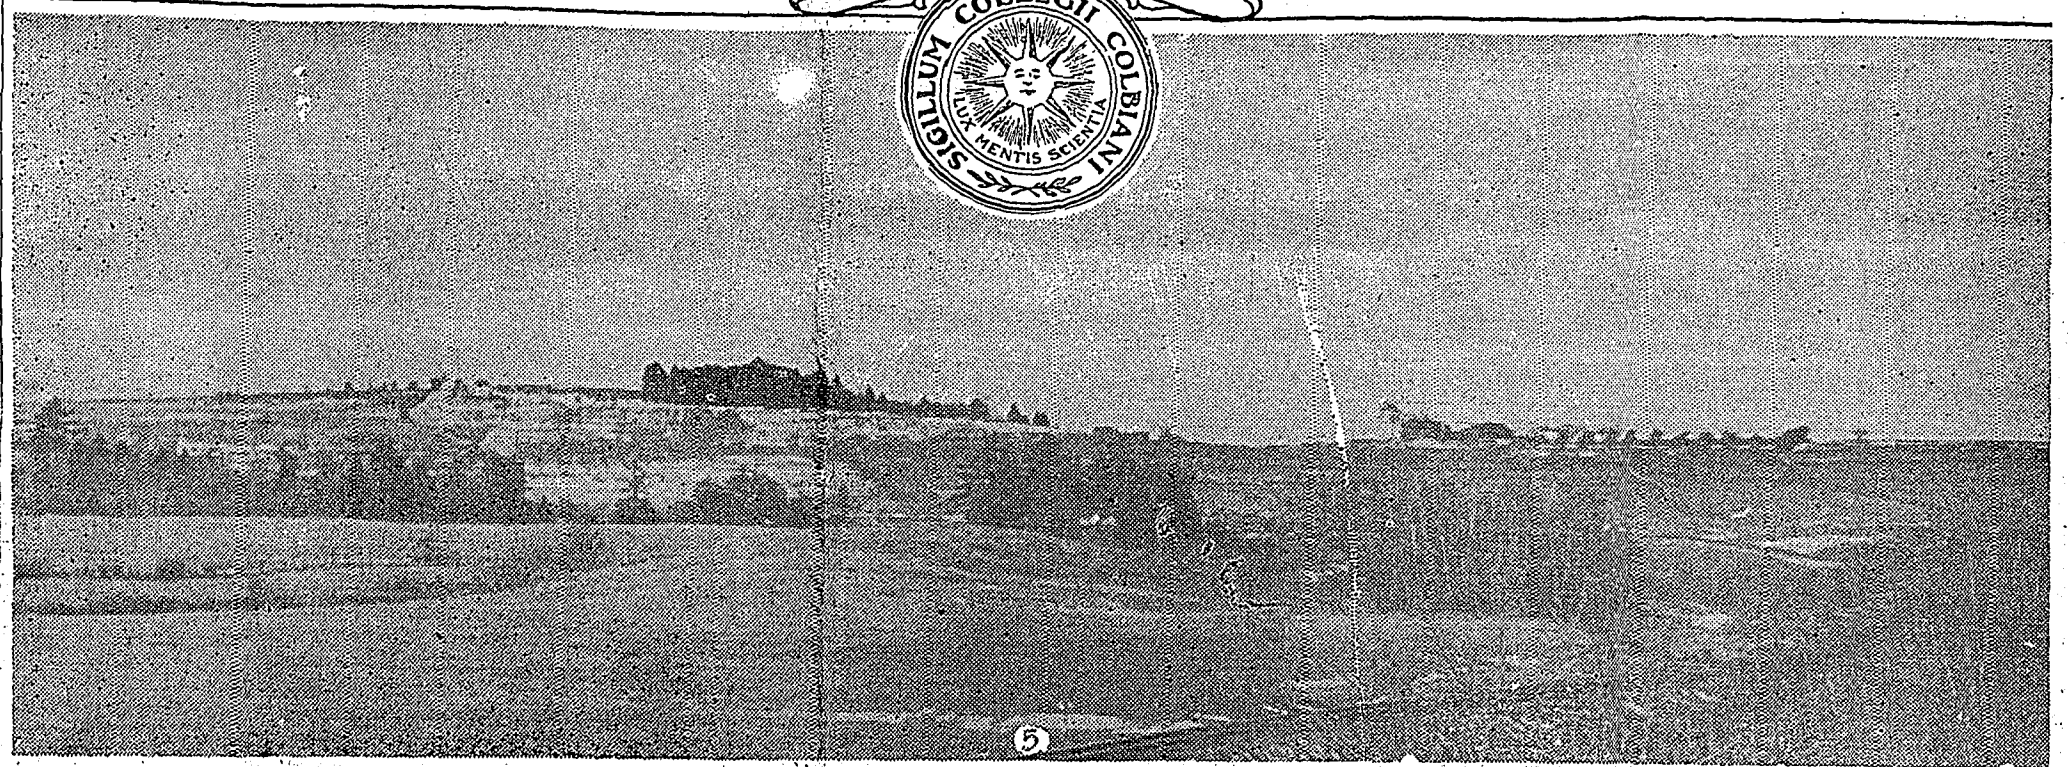

PHILIP S. BITHER
of Linneus

versity with all of his academic expenses paid.

Bither, who this year is a member of the faculty of Mt. Hermon school, Northfield, Mass., was one of the honor students in the class of 1930 at Colby. He was one of those chosen for an educational experiment, whereby four exceptional students were allowed to study for the last semester of their college course without being required to take regular courses or attend classes. Philip Bither used this opportunity to make a specialized study in the field of German. He also was a commencement day speaker and elected to Phi Beta Kappa. He is a member of the Delta Upsilon fraternity.

Bither will study in Germany under the same auspices that a German boy, Harro Wurtz, is this year attending Colby college. The fellowship covers board, lodging and tuition from November 1 to June 1.

NEW SITE FOR COLBY COLLEGE

MISS FRANCES HOMER ENTERTAINS LARGE CROWD

Presents Interesting Series of Dramatic Sketches

In the Alumnae Building last Monday evening, Frances Homer, one of America's foremost actresses, gave a series of dramatic sketches that delighted and captivated the large audience attending. Miss Homer portrayed a variety of characters, all of them true to life. All the sketches were written by the actress herself. The first sketch entitled "Sunday Morning" portrayed an Episcopal minister's wife teaching a Sunday School class. In this selection Miss Homer poked a little fun at the present methods employed in the church schools.

The second sketch was entitled "The Wedding." In this Miss Homer portrayed four characters, all of which were remarkably portrayed.

"Madonna of the Streets," in which the character portrayed was that of a woman of the streets, Miss Homer enacted an entirely different part. This entire portrayal was much different than any other but fully as effective.

An American school teacher in a Parisian Cafe was the fourth portrayal. The American tourist was the butt of Miss Homer's humor in this selection.

The last was entitled "Mayflower." In this three generations were represented: the lady of 1849 in a prairie schooner headed west, the lady of 1890, in a drawing room, and young lady of 1929 in the same drawing room.

Miss Homer was fittingly introduced by Dean Ninetta Runnals, and the Colby Trio played at intervals during the lecture.

COLBY DEBATERS LOSE TO B. U. TEAM

Last Thursday evening one of the most interesting debates of the season was held in the college chapel when Colby met Boston University and lost one of the most closely contested debates of the season. The subject was, "Resolved, That the several states should enact legislation providing for compulsory unemployment insurance to which the employers shall contribute."

The two teams were very evenly matched, to such an extent that it was difficult to know which team would win until the decision had been awarded by the board of three judges. Both teams presented their arguments in a clear, forceful manner and proved themselves to be experienced and veteran debaters.

Boston University upheld the affirmative side of the question. The team consisted of William F. Davis, Donald H. Potter, and Louis A. Novina. The Colby team supported the negative side and was composed of Robert J. Finch, Sumner P. Mills and George P. Sprague. This debate was Mr. Sprague's last intercollegiate debate as he will be graduated this June. He was undoubtedly the outstanding Colby debater of the evening and he has done creditable forensic work for Colby when ever he has appeared on the debating platform.

FINANCIAL EXPERT SPEAKS IN CHAPEL

Mr. Marts Who is Assisting In Raising Funds For College Addresses Men

The chapel talk on Monday was given by Mr. A. C. Marts, prominent financial expert whom Colby has retained to assist in raising the necessary funds for the construction of the new college. Mr. Marts stated that the raising of three and a half million dollars seemed quite a task to perform but that it had been done before and can be accomplished again. He has been studying the available resources and is confident that the project is possible.

He told the assembly that the same condition existed at Smith College when each student was responsible for three hundred and eighty dollars as her share. The plan was carried out and worked most successfully.

The project of the Panama Canal offers an example for us to follow. It was said to be humanly impossible to complete the canal, yet through sheer courage and initiative the waterway was finished.

About seventy-five years ago Colby was in financial distress and it was feared that the college might have to close down for a period until the funds were available. Mr. Marts read the history of the college and found that the courage of the alumni carried them through at that time. He told the students that our venture was just as possible as that. He is confident that it can be done.

Y. W. C. A. Appoints Cabinet For 1932

At a conference held by the past and present Y. W. C. A. presidents, Muriel J. MacDougall, '31, and Gwendolyn G. Mardin, '32, the following appointments were made for next year's cabinet: Social Chairman, Phyllis E. Hamlin, '32; Program Chairman, Ella C. Gray, '33; Industrial Chairman, Pearl R. Langlois, '32; World Fellowship Chairman, Eleanor L. Wheelwright, '34; Music Chairman, Louise S. Williams, '34; Reception Chairman, Mildred E. Keogh, '34; Employment Chairman, Abbie M. Boynton, '32; Publicity Chairman, Lois B. Crowell, '34; Service Chairman, Everil E. Harris, '34.

The appointees were chosen for the efficiency which they displayed in carrying out projects of the organization during the past year. Their appointments purports a better Y. W. C. A. than ever.

In discussing the program for 1931-1932 suggestions were made concerning work with the Y. M. C. A., a combined movie and fashion show, the Christmas Bazaar. Tentative and outlining schemes there are too, regarding an Allee in Wonderland circus. The first meeting of the new cabinet next week will consider formation of ideas for next year's policy. Chapel programs to be sponsored by "Y. W." will be given April 10, and May 10.

NOTICE

Pictures recently taken of baseball men and of the indoor field can be obtained from Atkins' Studio, 98 Main street.

FORMAL PRESENTATION OF NEW COLBY SITE TO TAKE PLACE NEXT FRIDAY

CUMMINGS SELECTED TO REPRESENT COLBY AT STUDENT CONFERENCE

To Go As Delegate From International Relations Club

Mr. Richard Cummings, '32, has been selected by the Carnegie Endowment for International Peace to participate in a British and American Student's Conference which is to be held at the University of Michigan, Ann Arbor, Mich., from July 13-18. He goes as a representative of the International Relations Club at Colby College.

At the conference there will be 28 British representatives from overseas, and 28 American representatives including four Canadians. The subjects to be considered at the conference are:

1. Limitation of Armaments.
 2. International Regional Organizations.
 3. What Follows the Pact of Paris.
- Mr. Cummings has been appointed to the commission which will deal with the third of these topics.

It is gratifying to the local International Relations Club to know that of the more than 200 clubs in the various colleges and universities of United States, that the Colby club is one of 24 which has been invited to send a delegate. All living and traveling expenses are paid by the Carnegie Endowment, of which Nicholas Murray Butler is the director.

Y. M. C. A. Elects Officers For 1932

The annual election of the officers of the Y. M. C. A. was held last Friday during the men's chapel. M. E. Pearson, '32 of Guilford of the D. U. Fraternity was elected president. The vice president elected was B. Webster, '32, of the D. U. Fraternity, of East Milton, Mass. L. A. Brudbury, '33, of the A. T. O. Fraternity, of Bridgewater, was elected secretary, and G. A. Macdonald of the Z. P. Fraternity of Waterville was re-elected treasurer.

The new "Y" cabinet will soon be formed so that this active organization may operate to the greatest advantage. The work accomplished by the officers who have just completed their term is indeed commendable and a mark for the new officers to aim at.

The first discussion group meeting of the new season will be held Thursday at 6.30 at the R. R. Y. M. C. A.

NOTICE

The annual initiation and banquet of the Druids, junior honorary society will be held on Tuesday evening, April 21st. The initiation will be held at the Kappa Delta Rho house at 6.15 with the banquet following at the Mossalonskoc Inn.

Citizens of Waterville Will Give Deed Of Mayflower Hill To College

The formal presentation next Friday of a tract of some 600 acres of land to Colby College by the citizens of Waterville, marks the first milestone on the New Colby project, an undertaking which is attracting wide attention, not only in the State of Maine, but in the whole field of education.

This magnificent gift, which was made possible by the raising of \$100,000 among the people of Waterville, is an impressive demonstration of the loyalty and appreciation which the citizens of this community hold towards the college which has been in their midst for nearly 113 years.

The success of this campaign, too, coming as it did in the midst of a business depression and carried through to completion without the aid of many large gifts, is an indication of the tireless efforts on the part of the various citizens of Waterville who have been devoting their energies to this undertaking for nearly a year.

While hundreds of people have given important service in the campaign, special credit must be given to the members of the executive committee of the Citizens Committee of One Hundred upon whose shoulders has rested the major responsibility for the undertaking. The names of these men are as follows: Mayor F. Harold Dubord, F. J. Arnold, John F. Choute, Arthur Daviau, Albert F. Drummond, Prince A. Drummond, Herbert L. Emery, Dr. J. Fred Hill, Caleb A. Lewis, Prof. Herbert C. Libby, Dr. Percy S. Merrill, Prof. Julian D. Taylor, George F. Terry, Jr., L. Eugene Thayer and Charles W. Vigue.

The Mayflower Hill Site.

The tract of land which the people of Waterville have given to the college was selected by the Board of Trustees as the most suitable for a new campus among the several locations which were under consideration last summer. It is commonly known as the Mayflower Hill site and lies on a high ridge of land about a mile west of the city in the direction of the town of Oakland. From the summit of the hill a broad view can be obtained which embraces an expanse of hundreds of square miles. Towards the east, one looks down onto Waterville and beyond to the Dixmont hills and the Camden mountains. Towards the northwest can be seen Mt. Bigelow and the Rangoley mountains, while on a very clear day Mt. Washington, in New Hampshire is within the range of vision.

The land included in Waterville's gift consists of about 600 acres extending from the Mossalonskoc stream to the Second Rangeway which is on the other side of the hill. The area now consists of farm land, orchards and some wooded clumps.

The features which recommended this particular location to the trustees

was its natural beauty and its relation to the city. The clump of hemlocks which stand out against the skyline, known as "Beefsteak Grove" on account of its popularity as a picnic spot for expeditions of students, is a picturesque feature of the landscape and may be seen from innumerable viewpoints in the city. If one imagines the buildings of the new college situated under the brow of the hill, with the tips of its towers or spires even higher than the summit, it will be seen how they will dominate the view and be seen from many vistas.

The scheme for development includes a new highway which would extend from Post Office Square along Center and Gilman streets, across a new bridge and straight up to the new campus along what is now a country lane for some of the distance. Another approach would be along what is known as the Old County Road over the Cedar Bridge. With the area between the college and the stream kept forever free from buildings, with the strip of land between the Old County Road and the stream made into a city park, and possibly with Post Office Square ultimately becoming a civic center, the Colby project will tie in with the development of the city into a general plan of unusual beauty.

Ceremony Next Friday.

Governor Gardiner has indicated his interest by designating Hon. Barleigh Martin, president of the Senate, to represent him at the ceremonial. Governor William Tudor Gardiner is necessarily absent from the state this week.

The deeds will be received by Hon. Herbert E. Wadsworth of Winthrop, president of the board of trustees and by him turned over to the president, Dr. Franklin W. Johnson, who is primarily responsible for the program of the enlarged and developing Colby. With the acceptance of the new campus site the trustees are expected to authorize a financing program with a minimum objective of \$3,500,000 for new buildings to adorn the site. In the meantime regular class work will continue in the crowded and outgrown buildings, some of which date from 1821.

The presidents of all the Maine colleges and of all the Baptist colleges of New England have been invited to attend the celebration, as well as leading educators from the large centers. Among those who are to speak are Chief Justice Pattangall and Congressman John E. Nelson.

This is said to be the first time in the country that any community of the size of Waterville has raised a sum of money anything like \$100,000 for the purpose of donating a site to a college. It is one of the few instances in America where a college has been moved bodily from one campus to another.

WEDNESDAY, APRIL 15, 1931.

Congratulations and sincere thanks to the citizens of Waterville! Friday their goal was reached when slightly over \$101,000 was realized. The goal was \$100,000 and the total is expected to approximate no less than \$110,000 when all subscriptions are in. This achievement, emblematic of the great interest in Colby on the part of Waterville is of great significance and certainly augurs well for future undertakings in the way of establishing the new and better Colby—now not a vague vision but a practical reality. The citizens of Waterville have fulfilled their promise with a rapidity of action and determined spirit of optimism that illustrates unmistakably that Waterville is behind Colby.

The drive for the huge amount promised by Waterville to purchase the 600 acre site of the new Colby was originated last December. From a committee of 100 active Waterville citizens and executive committee of 12 was chosen to carry on the leadership and directing of the campaign. Because of the Christmas season the work of the committee really started about January 10th.

Dr. J. Frederick Hill, ex-'82, acted as chairman of this executive committee on which Dr. Julian D. Taylor, '68, and Dr. Herbert C. Libby, '02, took especially active parts, Dr. Taylor contributing an abundance of energy and enthusiasm to the drive.

An interesting and noteworthy fact is that over 600 people contributed to the campaign and that in raising the amount, there was a marked absence of large contributions. The largest single donation was \$5000. This indicates that interest in and support of the program was spread over a large and representative group of Waterville people. It must be appreciated also that the amount was raised in the face of business conditions which were extremely depressing and not at all conducive to a successful drive. Also there were numerous other campaigns being waged at various periods which conflicted somewhat with this drive. The unrelenting activity of the executive committee coupled with the genuine and generous attitude of Waterville

people was sufficient to offset all difficulties and the goal was reached in a surprisingly short space of time.

Friday afternoon will be somewhat in the nature of a holiday in Waterville as there will be a mass meeting in the City Opera house at which the members of the senior class are urged to be present. The trustees of the college will be present and Mayor F. Harold Dubord, '14, will address the gathering. Friday evening the trustees will tender a banquet to the deserving executive committee.

Colby College should fully appreciate the work of these citizens, many of whom contributed generously although it may have pinched. At times there is liable to be felt a straining of the bonds between "town and gown" in various cities where colleges are located. But here at Colby we witness an emphatic assertion and undeniable demonstration that the interests of Colby college and the City of Waterville are the same and that the progressive efforts of the former are appreciated and fully supported by the activity of the latter.

Literary Column

NEW YORK 1931.

A city rises strong and tall. Below
Lie lowly wharves and haunts of evil
men.
Her beauty and her strength invite
the pen.
To reproduce the grim grace, now
aglow
With fading day's last bright farewell,
Just so,
In age now past, did stately Rome
ascend
Upward toward the sky. Success!
But then
The stigma of ill-gotten wealth did
show
Th' Eternal city to be damned. So
now
That city we acclaim as supreme god
Of all that wealth may bless; shall she
allow
False men, false worth to press her to
the sod?
Duty beckons, 'tis for us to make her

pure,
As tempted more; more able to endure.
E. R. S., '32.

NEWSPAPERS.

A crumpled pile of paper in the street
That lies despoiled by passing, careless tread
Of busy people, who beneath their feet
Grind into dust the page so lately read:
A page that bore a little time before
The record of man's deeds and
and loves and lies
And all the little petty things and more
Of whens and wheres and wherefores and whys.
Will man who lives for such a little time
Thus suffer lives to be shut out from day,
From light and cheer and friendship, with no sign
To help the sad adventurer on his way?
Man lives for such a tragic time his life
Can it not be a period without strife?
Phil Alston, '32.

TO AN EGOTISTICAL LOVER.

When but a babe
You played with toys,
You moved them here
And placed them there,
An inner wish
To satisfy.
And as a boy
You did not change.
The simple wish
Was still the same.
You longed to toy
To be content.
And now you've reached,
Man's full estate,
And still you play.
There is one change.
A different thing
Is toyed by you.
The throbbing hearts
With life and love
You toy with now.
And for a time
You cuddle each
And let it think
You really care.
You do not heed
The broken hearts,
Bleeding, behind.
But please yourself
And go your way
So satisfied.
H. F. L., '32.

General Electric Contributions to Health

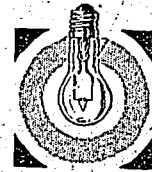

Sunlamps are a popular feature of the swimming pool at Hotel St. George, Brooklyn, N. Y.

COLLEGE-TRAINED electrical engineers cooperated with the medical profession in developing G-E products that safeguard health. Notable among these are the x-ray tube, the G-E refrigerator, and the G-E Sunlamp. Of these three, the Sunlamp is the latest development, but it has already been acclaimed for its service in helping build that vitality which maintains the happiness of good health.

At Cornell University, members of "cold-prevention classes" (under daily, brief, ultra-violet-ray lamp treatments) reported 40 per cent less colds than were reported by class-

mates in a group without this treatment. Beyond home and college, the use of Sunlamps has extended to swimming pools and indoor golf courses. In the future, you may enjoy the Sunlamp as a standard fixture in offices, trains, clubs, and many other places where people gather.

And you may continue to expect new, unusual, and useful developments from G-E engineering and research. Among such products, there will doubtless be further contributions to personal health, comfort, and convenience, as well as to the promotion of industrial efficiency.

Educational Experiments

By RICHARD CUMMINGS, '32

What do you consider the ideal system for an adequate college education in the changing society of the twentieth century? This question was the project on which a hundred students and professors in one of the commissions at Detroit worked on last December.

The following group of questions served as a starting point for the investigation of the status quo: What reaction to the prevailing system of higher education do they raise in your mind?

Grading, Examination and Promotion.

By what criteria might a student's and faculty's work be evaluated? Can these criteria be worked out together? What happens to students who study for marks? What bearing have such environmental factors as crowded classrooms, arbitrary assignments, catch questions, stress on memory, heavy teaching schedules, research, indifference, etc., upon the development of personality? What is the place of the comprehensive examination as a measuring device? What methods have been found for developing inward motivation and discovering inherent values in the educational process?

Student-Faculty Cooperation.

What is good teaching? Does the ordinary classroom afford the proper psychological setting for the deepest

understanding? Where do lecture and research come in, and under what conditions? May study, counsel, and recitation be combined into longer, unhurried, less formal seminars? How may faculty and students cooperate in the problem approach to living issues?

Faculty Organization, Tenure Advancement.

What factors affect the tenure and advancement of faculty members? What relative bearing have research, writing, and teaching upon tenure and advancement? To what extent do faculties function democratically? What part do students have in selecting teachers and evaluating their work?

Those three groups of questions, along with similar questions concerning Curriculum Reorganization and Freshman Orientation, were sent out to some 500 colleges and universities throughout the country prior to the conference. The opinions and recommendations of the Student-Faculty commission which studied these problems of the higher education system, may be found in a detailed report of the National Student-Faculty Conference which the library is obtaining. "Education Adequate for Modern Times," is the title of this sincere, frank and startling exploration of the field of higher education.

SPORTS

BASEBALL SEASON
WILL START MONDAYVarsity to Meet Maine
April 20th

Colby's baseball season will start with a bang next Monday, when the varsity meets Maine in the first game of the year. The college is waking up to the fact that it has a real nine this year, and the holiday game will probably attract a large crowd.

Coach Roundy feels confident that the team will come through in grand style. "Chattering Charlie" Hedderick, who is without doubt the best catcher the state has known for years, will again take his place behind the bat. Roberts and Mansfield, veteran pitchers of last year, are back, strengthened by Holden and Farnum, two freshmen who are performing well in the box. At present "Kid" Lovett, formerly of the outfield, is being used at first. Ferguson will continue at second, while Deetjen will probably cover third and Davan the position at short. As yet there has been but little chance for trying the outfield. At right field McNamara and Ackley have equal chances, while left field is open with Dexter and Hersey as main contenders for the position. Roberts when not pitching will play center with Pearson as probable alternate. Although not a slugging team, the hitting will be centered around Deetjen, Davan, Ferguson, and Hedderick.

The freshmen have a lot of good material. Several of them will probably hold varsity berths before the season is over, but due to the uncertainty of their ability, the line up Monday will be composed almost wholly of upper classmen.

The schedule is as follows:

April 20. Maine, here.
April 25. Bowdoin, here.
April 27. New Hampshire, there.
April 28. Harvard, there.
April 29. Northeastern, there.
May 2. Maine, there.
May 6. Bates, here.
May 9. Bowdoin, there.
May 11. Bates, here.
May 15. Bowdoin, here.
May 19. Bates, there.
May 23. Maine, there.
May 26. Bates, there.
May 28. Bowdoin, there.
May 30. Maine, here.

High School Track
Teams Meet Friday

Friday night at seven o'clock a track meet, the Kennebec Valley Interscholastics will take place in the Field House. Seven schools are sending their representatives. They include Bath, Brunswick, Cony, Waterville, Fairfield, Skowhegan, and Madison. The H. R. Dunham Co., of Waterville, is presenting a large cup to become the permanent possession of the team that wins it three times.

The events are to include the 40 yard dash, 50 yard low hurdles, 45 yard high hurdles, 300 yard run, 600 yard run, 1000 yard run, mile run, 12 pound shot, high jump, and broad jump.

The schools have taken a lively interest in this meet. The field house on Friday night will be the scene of much keen competition, for the high school teams have excellent material.

Tennis Candidates
Getting In Shape

Tennis candidates are beginning to get in shape for the schedule which is ahead of them. Candidates were called out Monday with promising results. This year there will be three matches played at Colby, with Boston College, Bates, and Tufts. The schedule is as follows:

Saturday, May 2. Boston College, home.

Saturday, May 9. Bates, home.

Tuesday, May 12. University of Vermont, Burlington.

Monday, May 18. New England Intercollegiate, Boston.

Tuesday, May 19. New England Intercollegiate, Boston.

Saturday, May 23. Tufts, home.

Monday, May 25. Maine Intercollegiate, Brunswick.

Tuesday, May 26. Maine Intercollegiate, Brunswick.

Captain Allen and Tyson are left from the last year's team, and will be regulars this season. Don Smith, a transfer from Oberlin, is sure of a position. He was on the freshman team at Oberlin. Norman Taylor, a freshman who has had considerable experience, looks pretty good. Others out for the squad are R. F. Allen, D. Anderson, Taylor, Robbins, Chapman, French, and Logan.

Frosh Baseball
Squad Looks Good

The freshman baseball squad has already begun to show promise of having a strong club this year. A good number of candidates have reported for practice, and daily training is well under way.

As conditions stand to date, the tentative infield lineup will consist of Plummer holding down first base, Sullivan at second, Brogden covering the dizzy corner, and Bryan taking his place at shortstop. Huckle, Lary, and Bric will fight it out behind the plate, while Davidson, Holden, and Farnum will take their stand on the mound. In the outfield may be found Fowler, Iverson, Chapman, Liscomb, and Kreiger.

Among this year's candidates for the frosh outfit are several men who are expected to appear with the varsity before the season ends. Due to the scarcity of varsity moundmen, Farnum and Holden are expected to be given opportunity to display their wares with the regulars.

There is being planned this year a schedule which is more extensive than has appeared in previous years. The object of this is to give the yearlings increased training and experience, in preparation for varsity use.

Dr. Parmenter Speaks
At Camera Club

Last Thursday evening fourteen interested members of the Colby Camera Club met to hear Dr. George Parmenter speak on "Two Methods of Color Photography." The gathering took place at the home of Carlton D. Brown, '33, on Burleigh street. Dr. Parmenter illustrated his talk with colored slides which he had made himself. In each picture which was shown, Dr. Parmenter had something of interest to point out. Many of his slides were of a rare quality and showed the care with which they were taken. Among the most beautiful of the entire lot, which numbered about 40, a slide of a vase of tulips created much comment.

After Dr. Parmenter had completed his talk, the group was entertained by an hour's motion picture show. The feature picture was a rather amusing comedy with "Charlie Chaplin."

Refreshments of ice cream, cake and punch were served.

The next Camera Club meeting will take place next week, the time and place of which will be announced.

HARRO WURTZ SPEAKS
AT MEN'S CHAPEL"The Attitude of Germany"
Taken as Subject

Harro Wurtz, the international exchange student at Colby, addressed the men's assembly on Friday last. His subject was "The Attitude of Germany." Mr. Wurtz put up an excellent defense for his fatherland and succeeded in selling his idea to the men of the college.

He stated that the common conception of the German attitude was entirely wrong and that Germany, as our own nation, is a peace loving and conscientious country. He also mentioned some of the horrible things attributed to the Germans in the World War and succeeded in convincing us that they were, for the most part, false rumors.

The German people today stand for an ideal of peace and world brotherhood. There is in Germany a great crisis impending both economically and politically. The way out of this crisis is either through communism or through a stabilization of the economic condition of the nation. Unless stabilization does come about, there is a very real danger that communism will come in.

Russian agents are working overtime to bring about sufficient dissatisfaction among the working classes to facilitate the revolution which will bring communism in its wake. The situation is simply this. The nation must come back to her former economic status or the workers will rise up and demand the Russian system.

Wurtz closed his address by impressing upon his audience the position of Germany—that of a peace loving nation.

WOMEN HOLD ANNUAL
GYMNASIUM MEET

The women's annual gym meet was held at the Alumnae Building, Saturday afternoon, April 11.

The meet was the closing exhibition of what has been done during the winter in the women's physical education department. The folk dancing, pyramids, and gymnastics by the freshmen, and the clogging by the sophomores were outstanding. A special clogging number by Phyllis E. Hamlin, '32, Ruth E. Brown, '33, Anne C. Nivison, '33, and Norma L. Fuller, '33, was the novelty of the afternoon.

Honorable mention was given to many by a board of judges which was as follows: Miss Doris Hardy, Miss Mary Warren, Miss Cornelia Adair, and Mrs. Helen Springfield Strong.

The installation of the new Health League officers took place. The new officers are as follows: P. Hamlin, '32, president; E. Haley, '33, vice president; A. Boynton, '33, secretary-treasurer.

The following awards were made for points won in all branches of the physical education department: C. H. L., (Sophomores) R. Armstrong, F. Allen, C. Blomfield, E. Brackley, M. Fernald, N. Fuller, B. Keene, H. Lawrence, I. Miller, N. Nivison, R. Nutting, E. M. Rowell, E. Swanton.

(Juniors), R. Brown, D. Campbell, L. Dyer, P. Hamlin, E. Johnson, B. Ladd, D. McNally, E. Platt, F. Rideout, I. Tardiff, J. Wellington, P. Weston.

(Seniors), L. Murray, M. Page, V. Russell.

Class numerals: '31 to F. Libby, M. Monks, M. Paine, E. Walker; '32 to M. Adams, M. Lewis, G. Mardin, R. Ramsdell, E. Watt; '33 to E. Haley, C. W. to I. Hussey, '31, and A. Boynton, M. Daye, W. Hammett, '32.

A silver cup which was awarded to Barbara Heath, '31, was especially noteworthy because its presentation usually takes place in June.

Church Holds
Colby Day

Sunday, April 12, was Colby Day in the First Baptist Church of Fairfield. The Y. M. C. A. and Y. W. C. A. sent a mixed deputation team to the morning service. The addresses were based around the ministry of the church. Donald Rhodes, '33, spoke on "The Ministry of Preaching." "The Ministry of Missions," was presented by Winona Barlow, '31. Agnes Ginn gave a short talk on "The Ministry of Christian Education." The conclusion was given by Harold Lomolino, '32, who preached on "The Ministry of Worship."

At the evening service Professor Herbert Newman spoke on the subject of "Mountain Climbing." This subject was of particular interest to the young people present. Lucius Lobdell, '31, was soloist during this service.

Summer Service
For Students

For nearly a score of years, the intercollegiate branch of the New York City Young Men's Christian Association, in cooperation with the student division of the National Council of the Y. M. C. A., has annually directed a unique plan of student summer service in New York City. Today many social and religious leaders through the country look back upon the experience in this group as pivotal in their development. The privilege is open to two dozen students each summer, for from six to nine weeks. The general plan is that each member of the Summer Service group eats, sleeps and works 35 hours a week in a neighborhood house or settlement, sits in on forums with many men of prominence, participates in trips to points of interest, and joins the rest of the group in numerous discussion periods.

Nowhere outside of New York City is it possible to obtain speakers of such prominence as Harry Emerson Fosdick, Norman Thomas, Bruce Curry, Karl Hesley, Walter White and Ted Shaw. These gentlemen have given themselves to this group without reservations.

Life in the raw—poverty, ignorance, and superstition—the student in his job cannot escape it. The speakers present new facts of profound significance. What does it all mean to the student? How does it affect his politics, his life plan, his studies, his religion? It is the integrating of new evidence with deepest convictions which is at once the central aim and major contribution of the summer.

This college student summer service group begins June 29. The registration fee is \$5.00. The room and meals are furnished free. Extra meals and trips are the only added expenses. Applications may be made through the New York City offices.

PHILIP S. BITHER.

(Continued from page 1)
November 1, 1931, to August 1, 1932. The name of the University at which he will study has not yet been announced, as this is to be decided by the Akademischer Austauschdienst, the Berlin office of the Institute of International Education.

The junior prom committee of the University of Southern California has barred corsages from that dance. The idea is to limit the cost of the affair to as near the purchase price of the bid as possible.

Two brothers on the Brown university football squad had an aggregate weight of 429 pounds. And their name, by the way, is Skinner.

AMONG THE GREEKS

DELTA KAPPA EPSILON.

"Dick" Drummond, '28, of the Boston office of the Guaranty Trust Company of New York, Vinal Goode, '29, who is teaching and coaching at the Mexico High School, and James Archibald of the Theta Chapter at Bowdoin were visitors at the house this past week.

There has been quite a stir around the house since "Shorty" McCoy inaugurated his new friend and companion in the role of a German police dog. It is rumored that "Shorty" is having a saddle made and is going to ride to classes.

On warm sunny afternoons the brothers may be seen getting the tennis court into condition. Some snappy contests should be taking place here in a few days.

ZETA PSI.

Now that the snow has left, some of the boys are getting their cars ready for summer. The latest addition to the group of cars at the door of the Zeta house is Roderick MacDougal's Buick.

Elder Brother Ralph DeOrsay was a caller at the house the other day. Many of the men in Colby now will recall DeOrsay. At present he is a student at Jefferson Medical School in Philadelphia.

Many students will be interested to learn that Gerald Johnson, or perhaps better remembered as "Jed" Johnson, is in Waterville, spending his vacation. At Harvard "Jed" is doing graduate work in physics. He is especially interested in radio and the theoretical aspects of the subject. He is also acting as a student instructor there.

With the Zeta ball coming Friday evening preparations to entertain a number of graduates at the house are underway.

"Ma" Welch, who has been suffering with a bad cold for the past week, is much improved today.

Congressman John E. Nelson, of Washington and Augusta, will visit the chapter house while he is in Waterville to speak at the exercises of the presentation of the new Colby site Friday.

DELTA UPSILON

This week the Colby chapter of Delta Upsilon is to be host to ten other chapters of the fraternity. On

the occasion of a provincial conference chapters from Harvard, Brown, Amherst, Dartmouth, Bowdoin, Tufts, McGill, Middlebury, M. I. T., and Williams will be represented by two delegates each. The conference will last two days, Friday and Saturday.

Besides the business meetings, which are to be four in number, the host chapter will put on several social events for the visiting delegates. The regular spring formal will be held on Friday evening at the Taconnet Club, while it is expected that a banquet will be held the following evening. The delegates will stay at the Elmwood Hotel.

This is the first time in nearly fifteen years that the Colby chapter has been host to the other chapters of the Province. The college has co-operated and has renovated the downstairs of the house.

Wayne E. Roberts, '31, is chairman of the committee arranging for the business and entertainment of the delegates. Assisting him are Britain Webster, '32, Robert E. Waite, '32, and C. Lloyd Hooker, '32. The members of the host chapter are looking forward to the visit of the delegates and are determined to make their stay both pleasant and profitable. A number of women from the women's division have cooperated with the committee in agreeing to come as partners for some of the delegates on Friday evening.

ALPHA TAU OMEGA.

Saturday evening the Maine Gamma Alpha Chapter of Alpha Tau Omega held its annual initiation banquet at the Elmwood Hotel. After indulging in the splendid meal which had been placed before them, the attention of the brothers was taken by "Red" Ferrell the witty toastmaster who was pinch hitting for Chet Madden who had been called out of town.

Worthy Master Deetjen officially welcomed the visiting brothers and alumni who were present and also extended the congratulations of the fraternity to the initiates. For the initiates, Peter Mills responded briefly. Professor A. G. Eustis spoke on the ideals of A. T. O. and told the brothers of the work of the alumni in getting ready for the chapter house on the new Colby site.

Dean Marriner spoke encouragingly of the standing of A. T. O. and went on to outline in an interesting manner the new ideas in the matter of college owned fraternity houses and outlined the policy which he believed to be best for both college and fraternity. The delegates from the nearby chapter houses were then called upon.

Brother Trainor from the University of Maine welcomed the initiates in behalf of the Beta Upsilon chapter. Gamma Beta at Tufts was represented by Brother Sundie who brought greetings from that chapter. Brother Kennedy representing the Gamma Sigma chapter at Worcester Poly. Inst. spoke words of welcome to the initiates. The Brown University chapter, Gamma Delta, was represented by Brother Bennett who briefly conveyed his message of welcome. Delta Omega, the chapter at Bowdoin, was heard from through the person of Brother Nilser.

For the province, the Province Chief, Brother Leo Shesong, spoke briefly telling the Colby brothers of the plans which he hoped to be carried out concerning the new chapter house when Colby moves. Brother Shesong closed his address by wishing the chapter new success in every field of endeavor.

The banquet was concluded by singing "A Toast to A. T. O."

LAMBDA CHI ALPHA.

The bowling team of Alpha Rho Zeta of Lambda Chi Alpha visited the chapter at Maine last week to play off a return contest with the team of Beta Zeta of that institution. When the Maine team was here some time ago they were beaten by the local team with a score of four to nothing; last week the Maine team carried off the same victory over the Colby team.

These games were a play off of the annual inter-Zeta contests of the fraternity and were quite exciting and well played games. The Alpha Rho team were the guests of Beta Zeta and they spent a very enjoyable weekend at the latter's Chapter house.

"Pinky" Jackson has returned with that well-known "Chariot of Wrath" of his and after several desperate adventures on the back roads of the city has voiced the intention of staying near home and attending a few classes for a change. He went fishing in the "Charlot" last week-end but as yet we have seen no fish. We would like the address of that young lady in Farmington; we are not so easily fooled by a freshman as all that.

KAPPA DELTA RHO.

Lawrence Groves and Rodney Ball, students at the University of Maine visited the house over the week-end. Theodore Nelson, '30, who is now

teaching in the Sutton, Mass. High School, also spent the week-end at the house.

Two games have already been played of the series which is to determine the line-up of the team which will represent K. D. R. in the softball league. In the first game the third floor defeated the second floor 9 to 4. The in-staters defeated the out-staters 19 to 16 in the second game. The next game will be played between the "married" men and the single men.

ROBERTS HALL.

There is a great scarcity of news this week concerning our fair dormitory and her illustrious occupants. Of course, the Hedman baseball team was easily defeated last Saturday afternoon, but that isn't news. We could have published that last week as an event which was about to take place. The article under the head "Two Dorms to Clash in Baseball" which the boys over in Hedman wrote for the last week's edition is amusing. In that article they say "Ever since last September, an intense rivalry has been smoldering between the occupants of Hedman and Roberts Hall." Only through some glorified idea of their own importance could they make such a statement. Never has a man from Roberts degraded himself so much as to consider the puerile youngsters who run in and out the doors of Hedman Hall as rivals for the position of prominence which is indisputably held by this dormitory.

In order that this rivalry joke may be maintained (far be it from us to injure the feelings of the Hedman boys) we suggest that Hedman send her team of marble shooters over, or perhaps her hop-scotch or rope skipping team, and we will bring up some children from the street to represent us against them.

An apology is in order to the editor for the above waste of space. Roberts Hall cares little concerning any opinion which Hedman may entertain, but when the press is utilized to contaminate public opinion, then do we feel that the time is ripe to voice resentment. May we repeat, there is no rivalry between Roberts Hall and the dormitory below.

SIGMA KAPPA.

Muriel J. MacDougall and Eleanor H. Rogers attended the joint initiation and banquet of Delta and Omicron, the Sigma Kappa chapters of Boston University and Jackson College, held at the Somerset Hotel in Boston, April 11.

Alpha Chapter recently had the pleasure of entertaining Mrs. Casaleena Perry Hitchcock, '07, who was visiting Waterville in order to attend the annual Phi Beta Kappa initiation.

CHI OMEGA.

A breakfast was given Sunday morning, April 12, 1931, to the alumni in Waterville. Barbara Keene was chairman of the committee assisted by Ruth Brown, Estelle Taylor and Dorcas Paul. Everyone enjoyed the early morning get-together. This is the second breakfast that Chi Omegas have given this year, and both have been a decided success.

DELTA DELTA DELTA.

Tri Delta entertained a small group of friends informally Saturday evening at the Alumnae Building.

Due to the graciousness of the members of Tri Psi, a delightful buffet supper was served during an enjoyable program.

Mr. and Mrs. Dignam and Miss Florence Dunn graced the party as guests of Tri Delta.

The senior delegation of Delta Delta Delta prepared supper for their respective daughters at the frat rooms

on Sunday evening.

Miss Dolores Dignam is attending Tri Delta banquet at University of Maine this week as Alpha Upsilon delegate.
