Going Up!

Workers guide concrete planks into place as construction of the frame and flooring for Colby's mixed-used development continues on Main Street in Waterville. The project, which is part of the downtown revitalization efforts spearheaded by the College, is moving ahead, with an August 2018 completion date. The five-story building will include housing for 200 students as well as faculty apartments and retail and community meeting spaces. See P. 20.
