Gym Dance Saturday

A few hours after Mr. Davan's Democratic candidates take office on March fourth, all Colby political parties will forget their differences at an Inaugural Ball in the Alumnae Building.

For this gym dance, the Student Council has secured the Maineans, a ten-piece band featured over WLBZ, and at smart dancing parties throughout the state.

Tickets, as usual, will be thirty-five cents, and there will be dancing from eight until a quarter of twelve.

Members of sororities, holding banquets will appear during the height of the melee. No chiseling.

K. D. R.'s Hold Annual Banquet

The eighth annual initiation banquet of Kappa Delta Rho was held at the Elmwood Hotel, February 25. The new initiates are thirteen in number: Ercole A. Fedorovsky Featured Soloist In Final Concert

Russian Violinist Appears March 14

Paul Fedorovsky, concert violinist, comes to Colby March fourteenth for the final concert of the Colby Concert Series. This concert will bring to a close the most brilliant music season that Waterville has had in recent years. The Colby concert board has brought to Waterville musicians of national and international renown. Each concert has been the best obtainable in its field. Sarroma, leading American pianist, opened the season before the largest audience ever to attend a Colby concert. This concert was followed in February by the Compinsky Trio, whose artistic performance of chamber music remains outstanding.

Fedorovsky, a new comer to the American concert platform, comes to Colby after a brilliant career in Europe and in the Orient. Mr. Fedorovsky was born in the city of Saratov in Russia. He received his early musical training in the famous schools of his native land. His genius showed itself at an early age, and he was sent to Vienna where he studied at the celebrated Master School of that city, and at the Royal Music Academy under the guidance of Professor Sevcik. Upon his return to Russia he served as concert master of various symphony orchestras.

The revolution of 1917 forced Mr. Fedorovsky to seek refuge in Siberia and then in the Orient. Accompanied by his wife, Mme. Olga Avierino, accomplished opera singer and recitalist, he escaped the horrors of persecution at the hands of the revolutionists.

Rev. Metzner To Lead Group

The Fellowship Forum believes that after you see "Outward Bound" interpreted tomorrow evening by the Powder and Wig, you are going to have a good many questions in your mind about the implications of life and death which Sutton Vane has incorporated into his piece of writing. And so "Outward Bound" will be used as a basis of discussion for next Sunday evening's meeting.

"OUTWARD BOUND" WILL BE PRESENTED TOMORROW NIGHT

Dramatic Art Class Stages Powder and Wig Play

Immortality, if we but knew it, is just around the corner. At least, on Thursday evening, in Alumnae Building, the problem of life after death will find expression in the Powder and Wig's first play of the year, "Outward Bound" by Sutton Vane. The author of what Burns Mantle labeled "The most unusual play of the year," has combined all the elements of the droll and bizarre in presenting his fanciful, yet stimulating, interpretation of this age-long problem: What happens to us after death? From present indications, this latest production of the Powder and Wig bids fair to be the most significant and skillful of its attempts. Rehearsals, under the direction of Professor Rollins, have shown the ability of the cast to interpret this extraordinary drama. Several character portrayals will, no doubt, be outstanding, but the real feature of the production will be its unity and comprehensiveness. The Dramatic Art class, under the supervision of Professor Rollins, has produced a set which would do justice to a professional stage. The interior of an ocean liner is not a

Dr. Morrow Speaks Visitation Team At Theta Kap Dinner

Maine Alpha Chapter of Theta Kappa Nu fraternity held its annual banquet on the evening of Saturday, Feb. 25th, following the first initiation of the year. At the formal ceremony in the afternoon, two men were initiated into the fraternity. The new members are Trueman Ward Tracy, '34, of Gouldsboro; and Brainard Edward Caverly, Jr., '36, of Providence, R. I. Another initiation will be held in the spring, when the remaining pledges will be admitted to the fraternity.

Visitation Team Arouses Interest

Colby was exceedingly fortunate in having on the campus the visitation team of this last week-end. The team was composed of Bishop Dallas of the Episcopal Church of New Hampshire. Professor Guiles, mental hygienist of Newton Theological Seminary, and Robert Fay of Christ Church, Cambridge. A varied program of personal conferences, mass meetings, and smaller groups, caught the interest of the student body and clearly showed that the deputation was about the most successful that Colby has ever had. The Sunday morning service in the college chapel was attended by a record number of the student body. Bishop Dallas, in his interesting sermon, stressed the necessity of a well-balanced life; a friendly relationship between our fellowmen and a spiritual relationship with God. The large student attendance at this worship and the thorough appreciation in which it was received should warrant more of a similar nature.

Sigma Kappa Holds Initiation

Saturday afternoon, Feb. 25, was the occasion for the initiation of six pledges into Sigma Kappa sorority. The new members are: Kathryn E. Caswell, '36, of East Orange, N. J.; Evelyn M. Kelley, '34, Lawrence, Mass.; Lois K. Lund, '36, Freeport; S. Eleanor Manter, '36, Vassalboro; Ruth C. Richardson, '36, Portland; Lysbeth Winchell, '36, Brunswick.

Following initiation, a formal turkey dinner was served at the Elmwood Hotel. Marjory H. Dearborn, '31, of Bath, toastmistress for the evening, introduced in turn the following speakers as members of a newspaper staff:

Rosamond F. Barker, '33, Editor-in-Chief; Lois B. Crowell, '34, News Editor; Mary M. Small, '35, Make-up Editor; Eleanor Manter, '36, Cub Reporter. Spokesman for the numerous alumnae present was Mrs. Mary Berry Manter, '04, "Morgue" Librarian. After various impromptu offerings, Muriel D. Bailie, '35, as Circulation Manager, distributed favors among the initiates. Among the out-of-town alumnae attending the initiation and banquet were Miss Janet Chase, '28; Mrs. Margaret Chase Chamber, Augusta; Mrs. Mary B. Manter, '04, Vassalboro.

Scholarships Announced By Deans

The list of men and women awarded special scholarships has been announced by Dean Marriner and Dean Runnals. These awards are given to the men and women in each class who best combine high scholarship and character with financial need. The list is as follows:

Men's Division. Class of 1933—Tie between Soli Morris, Salem, Mass., and Maurice Zeserson, Roxbury, Mass. Each man was awarded \$75.00. Class of 1934—Curtis M. Havey, North Sullivan, \$100. Class of 1935—Norman R. Brown, Portsmouth, N. H., \$100. Class of 1936—Brainard E. Caverly, Providence, R. I., \$100. Women's Division. Class of 1933—Geraldine Foster, Strong, \$100. Class of 1934—Margaret Salmond, Waterville, \$100. Class of 1935—Dorothy Washburn, Westbrook, \$100. Class of 1936—Edythe Silverman, Portland, \$100.

Members of Lambda Omega gave a tea to their patronesses Saturday, Feb. 25, at four o'clock at their sorority rooms, Miss Evelyn Ball, alumna advisor, presided. Chairman of the committee was Margaret Adams, '32. The patronesses entertained were: Mrs. John F. McCoy, Mrs. Frank Noble, and Mrs. William J. Wilkinson.

White Mule Faculty Number Appears

The fourth issue of the Colby White Mule came off the presses yesterday afternoon. It was an extremely humorous "Faculty Number" and favorable comment has been heard all over the campus.

Featured in the book are Walker's Editorials, McCracken's cover design, Prof Profiles by the Plotter, Hockey Dope by Bob William and a fashion article.

The faculty is humorously, yet not objectionably taken for a ride.

All off-campus, local and suburban men students should procure their copies at the Book Store.

Members of the women's division may secure their copies from the following: Rowena Loano, Foss Hall; Welch's Bookstore; Farrow's Bookstore; or from "Moo" Krinsky, Circulation Manager.

FRESHMEN MANAGERS DESIRED FOR BASEBALL

All fresh interested in baseball management should report to Coach Roundy, Thursday, March 2, 1933, at 2.30 in the Field House.

NOTICE

The Colby College Glee Club will give a concert Friday, March 10. A dance will follow the concert.

Eighty-seventh Annual D.K.E. Banquet

The eighty-seventh annual initiation and banquet of Xi chapter of Delta Kappa Epsilon was held Saturday evening, Feb. 18, in the chapter house and Elmwood Hotel.

The eleven initiates are as follows: Francis Barnes, Houlton; Alton D. Blake, Jr., Waterville; John P. Dolan, Portland; Charles R. Geor, Portland; George V. Gilpatrick, Houlton; Robert L. Gilpatrick, Houlton; Floyd M. Haskoll, Houlton; James L. Ross, Portland; Lynwood B. Standish, Waterville; Robert C. Thomas, Canton, Mass.; and William W. Clement, '34, of Winthrop.

The presentation of a framed document containing the names of 107 Dekes of the chapter, who are members of Phi Beta Kappa, the honorary scholastic society, was an unusual feature of the after-dinner program. President Franklin W. Johnson made the presentation, and commented on the worth of high scholarship as an index of future success. He also called attention to several names on the roll of scholars who have since received national distinction in various fields of work.

William N. Dexter, '33, of Mattapoisett acted as toastmaster, and introduced the following speakers: H. L. Pepper, '06, Waterville; Wallace A. Donovan, '31; Clark D. Chapman, Jr., '34; John P. Davan, '33; Hugh Bench, '35; and George V. Gilpatrick, '36.

Tri-Delts Initiate Seven

Alpha Upsilon Chapter of Delta Delta Delta held its initiation Wednesday afternoon, Feb. 22, at three o'clock in the sorority rooms. Those who took the degree were Charlotte M. Howland, Lucille Jones, Eleanor L. MacCary, Ruth A. Millett, Elizabeth A. Mulkorn, Anita L. Thibault, and Elizabeth S. Thompson, all of the class of '36.

Delta Delta Deltas' twenty-fifth annual banquet was held Wednesday night at 7.30 at the Elmwood, in the form of a Panel Banquet. Edvia V. Campbell, '30, was a most efficient toastmistress, while Kathryn A. Herick, '35, Boulah E. Bennett, '35, and Elizabeth C. Dyson, '34, rendered several delightful selections during the dinner. Evelyn R. Stapleton then spoke, her theme being "Hidden Pearls." "The Seed Pearl" was portrayed by Ruth A. Millett, '36; "The Growing Pearl" by Ruth E. Thorne, '35; "Add-A-Pearl" by Elizabeth C. Dyson, '34; and "The Pearl of Great Price" by Marion L. Clark, '33. Donn Ninetta M. Runnals then spoke to the girls on "The Sea Mother of Pearls." A number of the Tri Delta alumnae were present, and some were called on for impromptu speeches. The banquet ended with the singing of several sorority songs.

Mr. Metzner will lead the discussion in which members of the cast will take part and students will have a chance to voice their own reactions to this very powerful dramatized theory about death. This should prove to be a keen discussion at 6.30 in the Fireplace room of the Methodist Church. At 8.00 P. M. in the Alumnae Building a social hour will be held for all students. This group will include those who attend the Fellowship Forum at the Methodist Church, and those who attend the Baptist Young People's group, as well as any other students who would like to eat and be sociable.

WEDNESDAY, MARCH 1, 1933

THE political uprising in Germany gives us cause to stop in our wild, unguided rush, and consider clearly and unflinchingly the existing situation in the United States. We should not be blinded by our own good fortune to the urgent needs of the world for mellowed statesmanship.

Japan has defied the world, and her bigoted, nationalistic leaders are plunging the world into a chaotic state. The government of this nation has, to date, refused to take a definite position, thereby through her silence giving support to the dictatorial, militaristic policies of Japan, which are diametrically opposed to the ideals and principles on which this nation was founded.

The world needs leadership, and the United States has the greatest potentialities—yet she has not taken upon herself this duty, this privilege. The students throughout the length and breadth of this great nation should raise their voices, above tumult, in the cause of peace and international good will. Not only our nation, but the whole world, needs our leadership. We must not falter.

— C —

DRAMATICS are coming to the lime light. Universities throughout the country are putting on dramatic and artistic productions which reflect the spirit of Broadway. Colby is now offering keen competition for a place in this world of culture. "Outward Bound" is not only a dramatic and artistic endeavor of the highest quality, it is a thrilling, engrossing drama! It is a Broadway success, now to be given at Colby. It behooves every student who has ever "belly-ached" about the small townness of Colby to be on hand Thursday night to see and hear a play which is rife with sophistry and crammed with interest.

All the theories of modern production, lighting, and costuming have been called into action through the work of the Dramatic Art class. The best talent of the college is lined up in the cast. Every element indicates success—a worthwhile production—an entrancing plot—an evening well spent!

Y. W. A. A. At New Hampshire

The Young Women's Athletic Association held its play day at the University of New Hampshire, Saturday, February 25. The following girls from Colby attended with Miss Corinne B. Van Norman: Elizabeth E. Haley, '33, Ruth Pullen, '33, Ruth E. Nutting, '33, Eleanor L. Wheelwright, '34, S. Madelyn Higgins, '34, and Ruth H. Thorne, '35.

The girls registered at 9 Saturday morning. At 9.15 the first rounds of volleyball, badminton drive, and ping pong were held, and at 10 the first round of basketball. A picnic was enjoyed at noon at the Outing Club Cabin in the college woods after which the New Hampshire women took the visiting girls around the campus. In the afternoon the finals of volleyball and basketball were held, and later stunts, singing, and discussion groups were enjoyed. The last event of the play day was an informal banquet held at 6 o'clock at which Elizabeth Haley, '33, spoke on "Leader Follow."

Central Maine Agent Tells of Public Utilities

This agent of the Central Maine Power Company gave a very illuminating description of the functions of a public utility organization.

The primary emphasis was placed on the importance of a college man continuing his studies, in relation to his work after his graduation.

Mr. Littlefield stated that in his own case he did more studying the two years after his graduation than in his four years of college life.

He also said, that it was important to carry into this work the same loyalty which he has for his college.

In these times the wage factor should be discounted in favor of the opportunity of becoming connected with some business.

In the following discussion period, Mr. Littlefield added that it would be possible to secure a position in his organization by selling electrical appliances. He further stated as soon as construction work is resumed, there will be chances for employment as bond salesmen.

The questions of the students were only augmented by those of the faculty in attendance, who included President Johnson, Professor Eustis, Professor Morrow, and Miss Foster. The same high standard of vocational forum was evident in this conference.

Ashton Richardson '21 Speaks To Geologists

A meeting of the Geology Club was held on Monday evening, Feb. 27, in the Geology Room of Coburn Hall. A short business meeting was held, after which, "Stan" Hersey, president of the club, introduced the speaker of the evening, Mr. Ashton Richardson, an alumnus of Colby in the class of '21, who has done Geological work in Mexico for one of the large oil companies.

After mentioning the fascinating work of Geology as a profession, Mr. Richardson discussed Mexico from various standpoints. The talk included a political and geographical survey of the country. He also gave a most interesting description of the Spanish and Indian peoples and their customs. He emphasized and clarified his discussion of the geological opportunities and actual accomplishments, by the drawing of charts to il-

GIRLS' BASKETBALL

The first round of the basketball games of the women's division was played off on Tuesday, Feb. 28, in the Alumnae Building. The senior team won an easy game from the sophomore outfit, the score being 36 to 6. The juniors found the freshmen a fast lot, and the first half ended with the score 18 to 16. However, the final tally was 49 to 26 in favor of the upperclassmen.

The members of the two winning teams were: seniors, "Miggy" Choate, "Eve" Stapleton, Ruth Pullen, "Liz" Haley, Evelyn Brackley, and Eleanor "Town" Rowell; juniors, Ruth Handley, "Mim" Walker, "Liz" Weeks, "Ellie" Wheelwright, "Babe" White, and Lois Crowell.

The game was refereed by "Tommy" Rowell, '33.

SPORT MILLE

By PETE MILLS

STONE HITS 301

Daily in the gymnasium Colby's burly football prospect "Tiny" Stone is taking off those pounds of avoirdupois. Coach Roundy is personally supervising the task and the results are good. During the Christmas vacation Stone hit 301 and the man at the scales, Tom Foley, reports that now, thanks to a skilled dietician, Coach Roundy and a medicine ball, the balance tips only to 284.

FIRESEDE BASERUNNERS

Everyone interested in football is familiar and well acquainted with the Monday morning quarterback. This type of sport fan may be found among the followers of every college and university athletic team whether it be the football or the squash team, but here at Colby there has been unearthed a type of fellow whom we might call by several names. He is a pseudo-athlete, a bear in his home town, but all he does on the campus is growl. In December and January he plays a great game of baseball. All of those Frank Merrilwell stunts of his high school career are lived over again as the brothers in the fraternity house sit around the fireside and listen to him relate inning by inning the championship game with Skedunk High for the Championship of Burlap County.

This fireside home run king begins to lose interest in the national sport along the last of January and by the time coaches summons is issued for the first practice he has ceased talking altogether and if asked why he is not working out with the squad in the field house he replies that he is hard pressed with his work and must use the time to study, yet he finds ample time to go on three and perhaps four dates per week.

BILL CARRIGAN AT BATES

The baseball squad at Bates is fortunate in having Bill Carrigan as its coach during the illness of Dave Morey. Coach Morey has had tough breaks as far as his health is concerned, which goes to show that there are dark moments in the paths of those who are even as successful as he has been. Carrigan will find, of course, a different set up than that with which he worked as Manager of the Red Sox, but the Bates team is due to be one of the best in these parts with or without Carrigan.

BRODIE OUT FOR PITCHER

Steve Brodie is a candidate for pitcher on the baseball team. It would be impressive to see Steve on the mound for Colby. There is probably no calmer or more collected athlete in New England and there are few with as great strength. Steve takes the most critical moment in a football game with outward complacency and serenity, but he hits with the force of a steam roller. Steve is a portsider and as such should team up well with Hank Davidson who is also on deck to get in some early workouts.

NEW RECORDS

Colby's trackmen have been turning in excellent scores in all events this winter. Just recently there have been three new records set in various events. If the present pace is maintained we may expect Colby to climb out of its cellar position in Maine track circles. Ineligibility causes track enthusiasts here no end of worry and gnashing of teeth, for there are men, who, should they be eligible this Spring, might place Colby up there in the sun on the day of the State Meet.

The Relay team has lowered the college record to 3 minutes and 32 seconds for the mile the outstanding performers being Harry Williams and Bob Jenkins. Seeing a freshman match a veteran performer almost stride for stride must give Coach Ryan a lot of satisfaction and that is what Jenkins is doing.

Dave Hilton running in a special mile at the Frosh-Bridgton meet turned in a new record for the indoor mile. His time of 4 minutes and thirty-seven seconds at the field house shows him to be a likely point winner when the outdoor season comes around. Last year Mike was unable to take advantage of Dave's ability because of ineligibility, but its a different story this Spring and Hilton will be one of the best milers in Maine.

It is getting to be a habit for Harry Williams to break college records. In another special event at the Frosh-Bridgton Meet he ran the six hundred in one minute, seventeen and a fifth.

STATE MEET HERE

Colby is host to the colleges of the state this Spring and it would be a fitting time to jump once and for all out of the number four position, but this is no time to speculate. The dual meets run off as prelims for the State and New England by the four colleges will give something definite in the way of possible point winners.

FACULTY ON THE ALLEYS

The Faculty bowlers are staging a grand scramble for the cup put up by President Johnson. The married men and the single men are burning the wax on the alleys in their eagerness and it is a fact that M. A.'s and Ph. D.'s have gone for bowling the way the nation has gone jig saw.

Yesterday afternoon on the single men, with Coach Roundy appearing as a dark horse, made a clean sweep, shutting out the married pros with a score of 4 to 0. Bill Millett who has heretofore been the outstanding performer in these matches came in second to Coach Roundy.

Roundy Leads Single Men To Victory

The "Bellicose Bowling Bachelors," Colby's unmarried professors, defeated their wedded rivals in the first of a series of bowling matches for a trophy offered by President Johnson, yesterday afternoon. Led by Coach Roundy, the single men captured four points from their opponents, to get away to a big lead in the cup competition.

Dr. Johnson, himself, entered the competition, and although not breaking any records did manage to hold his own against Phil Bither. Eddie Roundy had the high score for the afternoon, doing 120 and 102 in his last two strings. High man for the losers was "Benedict Bill" Millett

Dekes and Zetes Win Basketball Games

The Dekes beat the Phi Deltas, 30 to 14, and the Zetes trounced the K. D. R.'s, 49 to 24, in yesterday's basketball games. In the first game, the Phi Deltas' offense was woefully lacking, due in some part to the absence of Yadwinski in the line-up. An interesting side-light on the game was that neither club scored a point from foul shots, although nineteen attempts were made.

"Chesterfields Satisfy"

WHEN smokers keep buying the same cigarette day after day... it's a pretty good sign that they're getting what they want... mildness, better taste—a smoke that's always the same.

So we're going right on making Chesterfields just as we always have... selecting choice, ripe tobaccos... ageing them... blending and cross-blending them... making them into cigarettes in the most scientific ways that are known.

As long as we do these things we know that smokers will continue to say, "They Satisfy". For that's what people are saying about Chesterfields.

If you smoke, why not find out about them? A package or two will tell you the whole story.

The "Wicket" In Cricket

By Bob William

The Australian Cricket Club (all members listed in all social registers; all have double A ratings in Bradstreet's ledger) recently sent a long cablegram to the shoguns of the Marleybane Cricket Club of London. The A. C. C. lambasted the M. C. C. in as cutting a manner as polite Englishmen are capable of lambasting. The cablegram must have contained some frightful accusations for, as evidenced by subsequent altercations, the wire stirred the placid English to the blow point. And why?

Members of the Australian club accused members of the Marleybane club of displaying downright unsportsmanlike tactics, and what are unsportsmanlike tactics? The Australians say that the wicked Londoners deliberately bowled at the batsmen instead of at the wicket, the motive being to force the wicket's defender to expose his wicket. Wasn't that wicket, I mean wicket? As a result of the Londoners' wicked tactics several Australians are carrying their ribs in slings. Also, while the Australians, the London batsmen reduced the game to the vulgar level of baseball (a sand-lot game played often in America). The wicked Marleybaners are said to have attempted, or more than one occasion, to drive the spheroid out of the playing area instead of gentlemanly deflecting it from its course to the wicket. That was the last straw. The elite of the gallery could no longer contain themselves and they gave vent to a blast of "barracking" (razzing) such as has never before been heard in that upper strata. Fawcay that! Barracking at the A. C. C.! What are we coming to? Tsk! Tsk!

The controversy precipitated by the dreadful incident at the A. C. C. has brought forth a storm of international protest. But where are the explanations! We Americans are interested. There are several troubling questions left for us to ponder.

We know the object of the game is to hit the wicket and that the team with the most runs wins. Now how can you hit the wicket if you can't scare the body in front of it away? And how can you make a run if it's deemed impolite to whack the ball? And how can they stop you from making a run—should you whack the ball—if there are no men on the field except the bowler? Any reader who feels himself qualified to answer these questions will kindly address his solutions to this department.

Looking at cricket from another angle brings out some fine points. The game does not appear to be as gruelling as some of our American games. Why not introduce it to the American college? Those students who are not so adept at baseball could certainly master cricket. The game requires less equipment, less ground and eliminates the unpleasant practice of sliding and its attendant ills. Already several clubs in the United States have adopted the great English sport and there is every indication that the game is on its way to becoming collegiate pass-time. Cricket on the path, as it were! Cheers!

Apologies to Mr. C. B. Colton in whose class the author formulated the above.

Frosh Again Win In Track

The Froshman track team was again victor in a meet with Waterville, Winslow, and Lawrence High teams last Monday night, the scores being 44 1/2, 19, 14 1/2, and 11, respectively. Although the Frosh completely evenly split between Waterville events, the running events were fairly evenly split between Waterville and Colby. The Froshman winners in the last meet between Waterville and Colby. The Froshman winners in the last meet between these teams were excluded from competition Monday night, and the loss of such men as Jenkins, Dolan, and DeVeber was keenly felt.

The race between Emil Yadvinski and Sol Fuller in the 300 was a thriller, with the two running neck and neck up to the last few yards when the lanky Yadvinski gained a slim lead to win. Van Slyke also ran a great race in the 40 yard dash, barely defeating Hutchinson of Waterville in the good time of 4 4-5 seconds.

In conjunction with the Frosh meet, three special races were held. Harry Williams broke another Field House record in one of these, doing the 300 in 34 4-5 seconds. In a special 1/4 mile race, Bud Hillier defeated Ab Bevin and Cliff Vaysey in 3 min 22 1-5 seconds. Vaysey led for three laps but was then overtaken by Hillier who was never headed.

The summary:

Finals.

Carver and Gallert English Prizes Announced

Attention is again called to two English prizes annually offered to stu-

dents in Colby college.
The Mary L. Carver Prize of fifty dollars is offered to the student in the women's division for the best original poem of merit. No limitation is placed upon the form or nature of the poems submitted. Poems should be at least fourteen lines and not over 300 lines.

The Solomon Gallert Prize of twenty-five dollars is offered to the student of either division for the best original English essay of merit. No restriction is placed as to subject or treatment; and while no length is specified, it is suggested that 3,000 words would be suitable. For the purposes of this prize-offer, the word essay will be understood to include article, report, or book-review.

In both contests, three typewritten copies of each poem or essay should be submitted, signed with a pen-name, the key to which should be submitted in a sealed envelope with the manuscripts. No poem or essay submitted as a part of regular classroom work may be submitted in either contest, unless no criticism has been made and no revision suggested.

In 1933 the contest will close at noon on March 24th. No manuscript received after that time will be considered. Poems or essays may be handed to any member of the English faculty at any time prior to the closing hour, or may be left at either Dean's office.

Dr. Morrow At Theta Kap Dinner

(Continued from page 1)

The banquet opened at the chapter dining room at six-thirty o'clock. The menu consisted of fruit cup, roast chicken, mashed potatoes, green peas, squash, apple pie with whipped cream,

and cigars. Following the meal, Chapter Archon Edward W. Cragin welcomed the new members into the fraternity. He then introduced Brother Hiram Hall Crie, '25, of Rockland, president of the Alumni Association, who brought to the initiates the greetings of that body. Brother Crie continued his talk with a summary of the more important events in the history of the old Lancers Club, which was founded in Room 2 of Hedman Hall, on October 31, 1923. He also included in his talk many of the details of the early initiations, which were very interesting to those present. The Lancers Club was installed as a chapter of Theta Kappa Nu on February 22, 1929.

Following this speech, the faculty adviser, Dr. Curtis H. Morrow, was introduced. He congratulated the fraternity upon its growth since 1923 and pointed out some ways in which it might better itself at the present time. He also stressed the importance of participation in the various college activities, and mentioned several fields which are open to the members of this fraternity. Dr. Morrow concluded his speech with an expression of his hopes for the fraternity in the future.

This concluded the banquet, at which nearly all of the active and pledge members were present. The remainder of the evening was spent in the singing of Theta Nu songs, and in the discussion of the past history of the fraternity. Brother John A. Davis, '32, was a guest at the house during the initiation ceremony and the banquet.

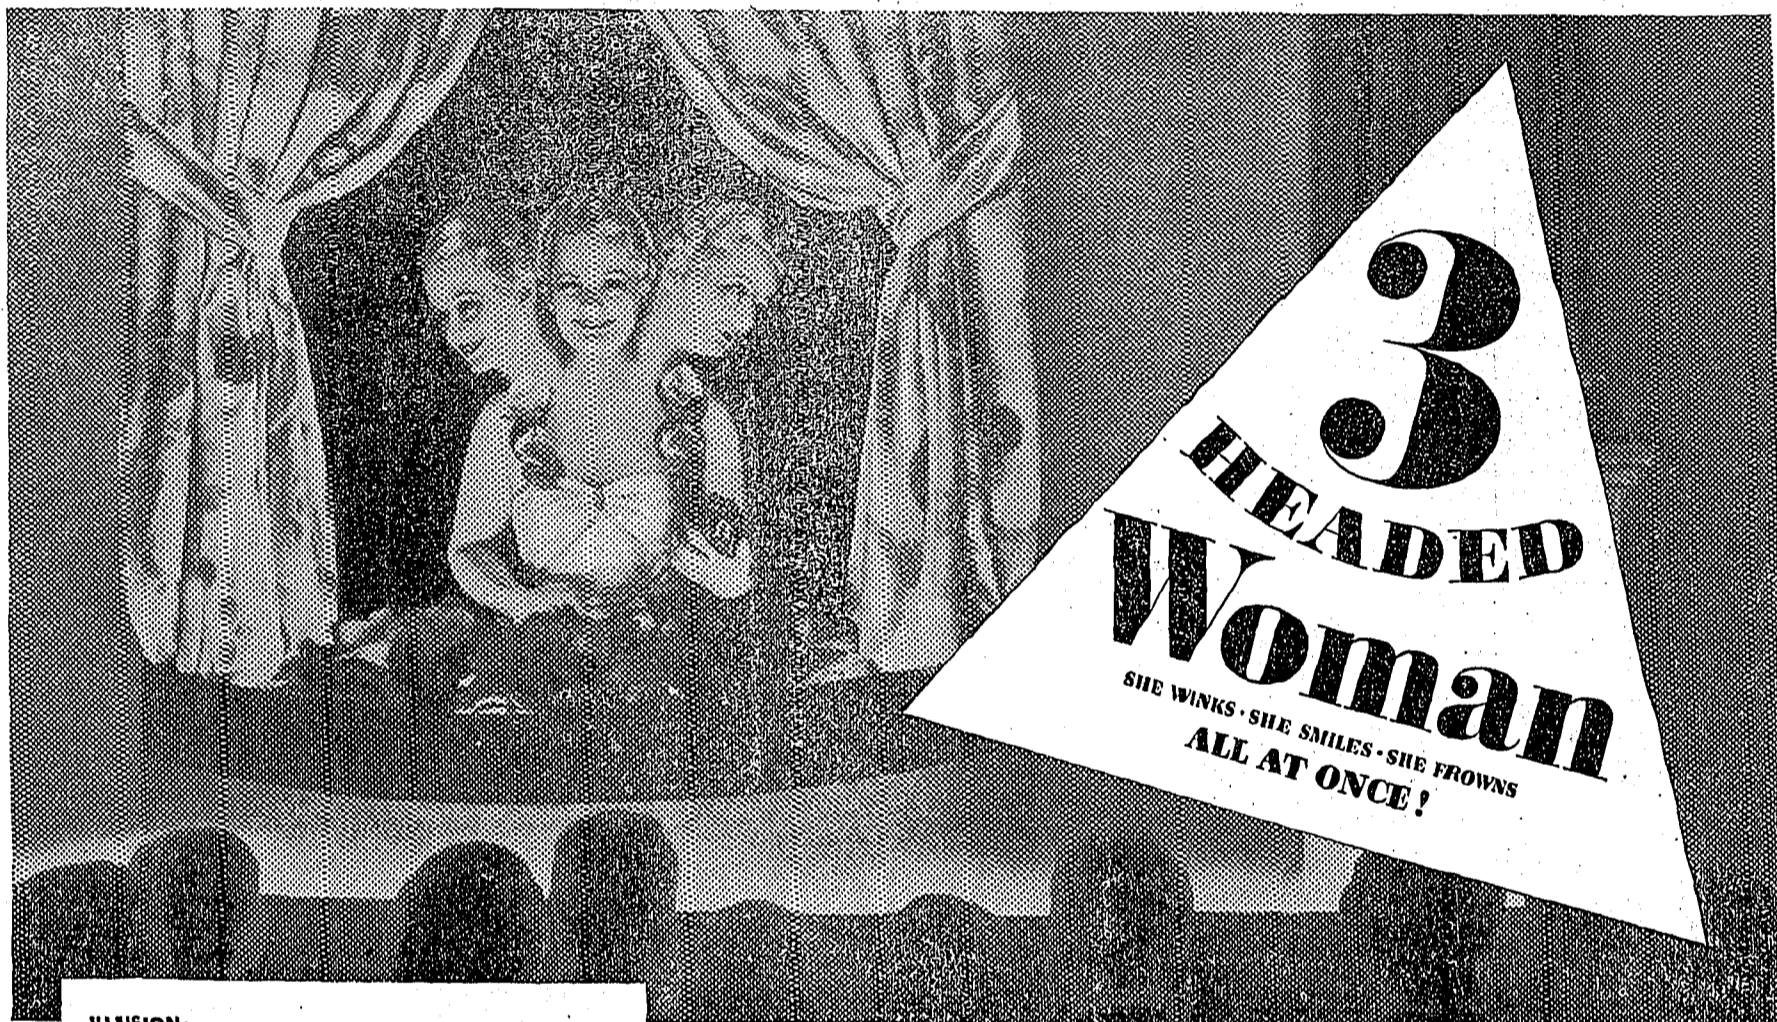

On Sunday evening, the chapter entertained at supper Professor Herbert L. Newman, and Rev. Robert Fay, of Christ's Church, Cambridge, Mass. The members of the chapter welcomed this opportunity to become better acquainted with him, and a very enjoyable hour was spent.

ILLUSION:

Look at this remarkable lady... with three lovely and perfect heads... all attached to a normal body. She appears to sit on the stage, with the lower part of her body concealed by flowers. She can wink, smile, and nod. She can talk, laugh, and sing—all at the same time. Thousands of people have seen this feat of magic and pronounced it a wonderful sight!

EXPLANATION:

Audiences used to pay an extra fee to go behind the scenes to see how this trick was worked. They discovered that the three-headed woman was merely a reflection in a mirror. The glass showed the heads of three girls but the body of only one. The other two were cleverly hidden so that only their heads showed in the mirror.

It's fun to be fooled —
... it's more fun to KNOW

This "three-headed woman" trick goes way back to the early days of magic.

Also old is the suggestion that protection for your throat and freedom from coughing can be achieved through some magic trick.

THE EXPLANATION: The easiest cigarette on your throat is the cigarette that is made from the choicest, ripe tobaccos. Cheap, raw tobaccos are, as you would naturally expect, harsh to the

throat. Ripe, costly tobaccos are mild, mellow—gentle. The question is whether a cigarette is made from cheap tobacco or the more expensive grades.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

American men and women have smoked more billions of Camels than any other brand because of the appeal of more expensive tobaccos and matchless blending.

Won't you stack up your own experience with a cigarette made from milder, costlier tobaccos... against magic claims about "cigarettes and your throat"?

Try fresh Camels—in the air-tight, welded Humidor Pack that seals the freshness and coolness, the mildness and flavor of Camels... inside.
