

Lansing Hatfield, Baritone, Gives Final Cooperative Concert Tomorrow Night

Singer Is Metropolitan Auditions Of Air Winner

Thursday evening, April 30, will mark the close of the Waterville Cooperative Concert Association series for 1941-42. This concert will present Lansing Hatfield, leading baritone of the Metropolitan Opera Company and one of the best liked young American singers.

Not yet thirty years old, Lansing Hatfield is of Virginia and English background, was reared in North Carolina, and trained for his career at the Peabody Conservatory, Baltimore. Mr. Hatfield's rise in the world of music has been sensational, following upon the winning of a Texaco "search for talent" contest. Soon he won the National Federation of Music contest, and immediately was in demand for concert, oratorio, radio and opera engagements.

In 1939 and 1940 he sang at the St. Louis Opera, scoring again and again in "Rose Marie," "Song of the Flame," "Rio Rita," "Apple Blossoms," etc. He has sung with the New York Philharmonic Orchestra, with the New York Oratorio Society, and with the Worcester Festival. He is of course nationally known for his appearances on the Chase and Sanborn hour and other radio programs. When he won the Metropolitan Auditions of the Air, Hatfield had just completed a concert tour of fifty dates.

Science Depts. Are Active In Research

Drs. Aplington And Ray Have Papers Published

Colby College has been the scene of important scientific research within the last few months, conducted by members of the Colby faculty. The results of Dr. H. W. Aplington's investigations in Biology and of Dr. Wendell A. Ray's in Chemistry have recently been published.

Professor Ray's article on the Surface Tension of Solutions of Sodium Chloride appeared in the January issue of the Journal of the American Chemical Society. This is his fifth paper in a series on the Surface Tension of Solutions of Electrolytes.

While at Harvard University studying for his Doctorate, he devised a new method for measuring surface tension. The extreme accuracy of his method led to new discoveries in surface tension phenomena particularly in the realm of extremely diluted solutions, where previously accurate measurements had been impossible.

Professor Ray has been carrying on active chemical research at Harvard each summer since he has come to Colby in 1938.

For the past few years, Professor Aplington of the Biology department has been investigating the yearly changes which occur in the pituitary gland of an interesting species of salamander.

The pituitary, a small gland located beneath the brain, controls the reproductive cycle. Certain cells of the gland known as basophiles because they stain with basic dyes, secrete hormones which influence the development of the reproductive products; acidophils cells, so-called because they stain with acid dyes, secrete hormones which control events during the breeding season proper.

The results of Dr. Aplington's research were published recently in the American Journal of Anatomy.

Nineteen To Be Awarded First Aid Certificates

The class in Red Cross First Aid, which has been conducted by Coach Norman Perkins of the men's Physical Education department, recently completed its twenty hours of instruction. Many who registered for the course were unable to finish because of conflicting activities. Seventeen students and two members of the college staff fulfilled all requirements and will be awarded certificates by the Red Cross. They are as follows: Eileen Alpert, Phoebe Blaisdell, Mary Carr, Elizabeth Coles, Ruth Graves, Ruth Howes, Corinne Jones, Jeanette Nielson, Patricia Powers, Cynthia Smith, Constance Stanley, Eleanor Stuart, Priscilla White, Russell Brown, Howard Johnson, Gilbert Potts, and John Wood. The staff members were Mrs. Helen Webber, nurse at the men's infirmary, and Miss Elizabeth Kelley, instructor in Physical Education for women.

Annual W. A. A. Banquet Has Unusual Theme

Campaign For "Mayor Of Field Day" Is Highlight

The annual W. A. A. banquet will be held in Foss Hall tonight. This year the theme of the banquet is an unusual one. It is a campaign for the Mayor of Field Day which the W. A. A. holds the last day of classes.

The two contestants for mayor are Shirley Wagner and Amy Lewis. Their managers are Alice Dondlinger for Miss Wagner and Patricia Gregory for Miss Lewis. Soap box speeches are expected and much rival campaigning.

At the conclusion of the campaign voting for the mayor will take place. On Field Day the winner will be announced.

Dekes And Zetes Holds Joint Spring Dance

Lloyd Rafnell's Orchestra Furnishes Music For Affair

Last Saturday night saw the second in a series of these fraternity dances. This time Delta Kappa Epsilon and Zeta Psi combined to hold their spring dance in the Alumnae Building. The music was furnished by Lloyd Rafnell and his orchestra.

The committee of arrangements were as follows: for Delta Kappa Epsilon, Harry Paul, John Lomac, and Bill Lyman; for Zeta Psi, Frank Strup, Charles Penree.

The chaperones were Professor and Mrs. Aplington Professor and Mrs. Wilson, Mrs. Helen Webber, Professor and Mrs. Bithor and Professor Palmer.

NOTICE

The Bureau of Navigation calls attention to the fact that the opportunity for sophomores to enlist in V-1 will be closed at the end of the academic year.

A change has been made in V-7 so that students attaining the status of juniors may be enlisted provided they were over-age for enlistment in V-1 while they were sophomores.

Elmer C. Warren,
Registrar.

NOTICE

There will be a business meeting of Powder and Wig on Tuesday, May 5, at 5:00 P. M., in the Y room of the Alumnae Building. New officers will be elected at this time.

Finkeldey, Alexander, Pearce, Treglown, Weidul Head Next Year's ECHO Staff

Third Colby Man Killed In War On U.S.S. Langley

The third Colby man to be killed in the war is Harrison A. Gorman, '43, of Nantucket, Mass. The two that have preceded him are George H. Crosby, '36, and Lt. Clarence R. Simmons '37. Lt. Gorman was a transfer from Findley College, and attended Colby from February, 1940 to June, 1940.

The War department reported on April 4th that he was missing in action aboard the U. S. S. Langley.

Lambda Chi Alpha Center Of Conclave

Representatives To Attend Spring Dance Saturday

Alpha Rho Zeta of Lambda Chi Alpha has been chosen as this year's host for the annual Lambda Chi New England Conclave, and President Ronald Reed has his plans nearly completed. Eighteen official representatives of nine other Lambda Chi chapters will be at Colby on May 1-3, to carry on committee meetings and discussions on the current problems that are brought about by the present war problem.

The Grand High Alpha, C. Russell Shetterly, has expressed his desire to participate in the conclave, but may not be able to leave Washington in view of the affairs there. He has however sent his personal greetings and will make arrangements to have the Lambda Chi Central Office represented officially.

The theme of this year's conclave is, "Maintenance of High Membership and Morale During the War Crisis."

A fitting climax to the week-end's activities will be a picnic at the Colby Outing Club, Saturday evening followed by the Lambda Chi Spring Formal which will be held in the Alumnae Building at 8:30.

The program is as follows:

Friday, May 1
1-6 P. M., Registration.
6-7 P. M., Dinner.
7-8 P. M., Informal Discussion.
Get acquainted.

Saturday, May 2
9-12 A. M., Registration of late members.
12-1 P. M., Dinner.
1:30-5 P. M., Committee Meetings.
5:30-7:30 P. M., Picnic at Outing Club.
8:30-12, Spring Formal.

Changes Announced For Summer Session

More Than 140 Plan To Attend Special Term

Since the Summer Term Bulletin has been published a number of changes have been made chiefly in response to student demand. These changes are:

Courses Added:
American Lit. (Eng. S42:331).
Greek (Gr. S42:101).
Adv. Psychology (P. S42:309).

It can further be announced that Classics (S42:101) has been accepted by the History department as the equivalent of a course in Ancient History, acceptable as part of the requirement for a major in History.
(Continued on page 4)

Annual State Scholarship Contest Held Recently

Twenty-Six High School Seniors Participate

On Friday April 24, candidates for the State of Maine Scholarship contest arrived at Colby. The program planned for the students was provided to set a common time for the examinations under identical conditions for all. Personal interviews were held for each student by the committee. Through the social programs, an opportunity to observe each contestant as a member of a group was made possible.

Following the interviews and personal inventory test on Friday afternoon the contestants were entertained at dinner. Friday evening a visit was made to the campus on Mayflower Hill from which the candidates returned to the Alumnae Building for a social program.

Saturday morning the applicants had a scholastic aptitude and vocabulary test. The contest closed at noon with a formal luncheon at Foss Hall.

The women candidates were as follows:

Shirley Bessey, Freedom; Thelma Giberson, Hartland; Patricia Goyna, Millinocket; Margaret Harper, Brownville Junction; Ruth Ada Lewin, Farmington; Charlotte Moore, Corinna; Faye O'Leary, Fort Fairfield; Miriam Pottle, Lee; Sarah Roberts, Fort Fairfield; Priscilla Tibbetts, Rangeley; Mary Young, Bridgton; Mary Brewer, Waterville; Constance Choate, Waterville.

The men candidates were as follows:

Lincoln Anderson, Brooklin; Raymond Cloutier, Augusta; Charles Cousins, Bar Harbor; Richard Dunphy, Houlton; William Emerson, Blue Hill; Russell Farnsworth, Millinocket; Perry Holding, Madison; Jack Hiltz, Calais; Ewart Hodgkins, Pittsfield; Philip Peterson, Portland; Robert Rogers, York; William Whittemore, Skowhegan; Cyril M. Joly, Jr., Waterville.

Colby Alumni Council To Fete Senior Coeds

Senior girls will be feted at the annual senior tea given by the Colby Alumnae Council and the Waterville Colby Alumnae Association this Thursday at the home of Mrs. Joseph Smith.

Mrs. Franklin W. Johnson, Mrs. Ernest C. Marriner, Mrs. Lester P. Weeks, and Miss Betty Anne Royal will pour.

In charge of arrangements for the tea was Mrs. Kermit LaFlour, aided by Mrs. Joseph Smith, Mrs. Bradford Hutchins, Mrs. Franklin Thompson, and Mrs. Carleton Brown.

W.A.A. Board Announces Tennis Court Rules

The W. A. A. Board has passed the following regulations concerning women's tennis court:

1. All courts must be signed up for on the chart on the No. 1 court gate.

2. Men may not sign for courts.

3. Men may play tennis with women when invited by women students and are not to use the courts on any other times.

Note: If this privilege is abused the men will be barred from the courts entirely.

ECHO Officers Announced At Second Annual Banquet

William Finkeldey of Hastings-on-Hudson, New York, was elected Editor of the Colby ECHO and Edwin Alexander of Waterbury, Connecticut, was selected Managing Editor, it was announced by President Franklin W. Johnson at the annual ECHO banquet held in the Elmwood Hotel, last night. Over thirty members of the ECHO staff and guest speakers heard the announcement.

The position of Women's Editor will be filled next year by Marion J. Treglown of Plymouth, Mass., and Ernest Weidul of Dedham, Mass., will be the new Sports Editor. C. Frederick Pearce of Gloucester, Mass., was elected Business Manager.

The members of the committee who selected these senior officers for next year were, in addition to President Johnson, Gene Letourneau of the Waterville Morning Sentinel and Dr. C. Lennart Carlson of the English department.

William Finkeldey, '43, is an English major and a member of Delta Kappa Epsilon fraternity. Besides being News Announcer on Colby-at-the-Mike, Mr. Finkeldey had risen to the position of Sports Editor before he was transferred to the Associate Editorship of the ECHO. He has also been a member of the tennis and freshman basketball teams. Last summer, he worked for the New York newspaper, PM.

Edwin Alexander, '43, is a member.
(Continued on page 4)

More Seniors Plan For Life In Future

Interests Lean Toward Science And Library Careers

In the spring a young man's fancy lightly turns . . . to thoughts of a job. This year, of course, men are somewhat superseded by the female of the species.

In continuing the senior survey it is found that next year Simmons College will have a large representation from Colby, Ruth Sanderson, Elizabeth Archer and Marie Merrill are planning to enter Simmons School of Library Science.

Barbara Arey will further her technical training at Worcester City Hospital with a course in laboratory technique. Elizabeth Youmans is also going to take a course in laboratory technique at the Boston Dispensary. Janet Pfeiffer hopes to continue her graduate work at Columbia's School of Sociology. Among the men, Robinson Burbank is also doing graduate work at Massachusetts Institute of Technology.

The summer will find Eleanor Stuart working hard at Middlebury College's French School. The summer will also find Hester Hatch doing laboratory work in the state department at Augusta.

Gerry Cole and Ray Lacombe have both accepted positions as chemists with the Monsanto Chemical Company.

For further developments in the "Jobs Classified" department read the ECHO each week.

NOTICE

The annual Recognition Day Assembly will be held on Monday, May 4, at 11:40 A. M. in the Alumnae Building. Departmental prizes and College honors as listed in the catalog will be awarded at that time.

With the above symbol, we, the ECHO senior staff, sign our last news stories as undergraduates and end our term of office. At this time it is customary to reminisce and appreciate. In true tradition, we shall follow through.

This past year we had a two-fold aim: to convey to you the news of your college in an interesting manner and to improve the Colby ECHO permanently. We hope we have accomplished this; we have certainly worked for it.

We have been most concerned with staff organization and cooperation, so that, in the future, the ECHO presses

might roll more smoothly. John Thomas has completed a most noteworthy job as Managing Editor; the men on the Editorial Staff will do well to emulate his energetic ability. B. A. Royal has, without doubt, been the finest Women's Editor in our experience at Colby. The cooperation she has received from the staff co-eds is only proof of their appreciation of this fact. Ernie Weidul took over the post of acting Sports Editor without losing stride, and, with this experience he will continue an admirable job next year. Walt Emery, as Business Manager, has made possible a closer coordination between business and literary staffs, thereby forming a precedent that indicates future success for the ECHO.

A large part of the credit should go to the members of the faculty, especially our advisers, Joe Smith and Gordon Smith, to whom we had to turn for advice probably more this year because of the troubled economic conditions affecting the paper. Commendable cooperation from our printers, the City Job Print, will be always remembered by us as an ideal business relationship.

Finally, we cannot forget Prexy Johnson, who has been a guiding spirit of the ECHO since he was Editor fifty-one years ago. We hope he'll continue to advise and criticize the paper, as he has in the past.

To you, Bill Finkeldey and Ed Alexander, go our best wishes. Your term of office will be shortened because of our calendar rearrangement, and you'll be working under difficult financial conditions. Now, more than ever, our college needs a good medium of unification. We've worked with you and your staff; we know you'll provide it.

The "Draft Patent" Bill . . .

Much discussion has been going on in Washington over the proposed statute to give the government power to take over any private rights and use them in the interest of national defense. Support is given to this bill, not only by President Roosevelt, but by the Justice Department, whose anti-trust division has charged that the necessary production for strategic warfare has been greatly interfered with by international business control of patent rights.

In a letter to Senator Homer T. Bone, President Roosevelt disclosed his opinion on this discussion. He said "Patents are the keys to our technology; technology is the key to production; and production is the key to victory." Backing up the President's stand in the matter, John Henry Lewin, assistant to the Attorney General, cited an example to the Senate Patent Committee on the alleged production interference. Mr. Lewin charged that the German Krupp armament company, now controlled by Nazi interests, pooled patents with the American General Electric Company from 1928-1940 in order to obtain a world-wide monopoly in both the manufacture and sale of tungsten carbide, a vital product in machine-tool production. It would be possible by this agreement for the German corporation to cripple our present production speed by restricting the output of tungsten carbide in the United States.

Recently the Federal government has been trying to ferret out cases in which it has been charged that American business concerns have been forced to put their cartel agreements with German companies above their support of American defense. It is to be hoped that this drive by the Administration on new patent policies will bring more light to these charges against the American corporations and clear up the possibilities of Nazi patent monopoly which has become a great hazard to our production interests, particularly in the chemical and metallurgical fields.

—A. L.

CANVASSING THE CAMPUS

By Harry L. Levin

Now that the women have had a fling at writing this column we have been taken off the shelf and put back into circulation. As yet the writers of last week's column have failed to reveal themselves. Rumor hath it that they prefer to remain in obscurity rather than to die the martyr's death of an Elijah P. Lovejoy. A new Colby committee will be put on their tail, however, and this column promises a quick discovery of the culprits. All women who have stooging experience who desire to aid in the search for the fugitives from a rewrite desk should write directly to this column. State all your qualifications as to whom you have spied on and as to who you have stooged for. And remember co-eds, spying ears are near your beers.

And now we are at liberty to publish the official communique from the head office on the morale (or should we say morals) of the college. Do not believe all the weird stories that are floating all over campus concerning last week-end. They are all fiction and their source has been directly traced to the propaganda office of Bowdoin college. They are nothing but atrocity stories issued by our rival college to lower our morale.

It is not true that the faculty held a beer party in Professor Morrow's office and they did not break the windows in that office. Some fifth column termites burrowed their way over from the biology building and broke the windows.

Equally untrue is the rumor that a snake dance was going on in the Zoology lab. It is true that the dance was scheduled for that stage, but repairs made it necessary for Dr. Appleington to shift the scene of the dance to the psychology room. A hooded cobra was the feature attraction at the affair. The cobra did not do a strip tease—it kept its hood on all

during the performance, and the Colby committee on honesty attests to the morality of the show.

Another ugly atrocity story that has been going the rounds is that several co-eds were let off their leashes last week-end. A quick denial of this rumor was issued by the women's division who claim that they have not been lax in this respect. Every co-ed was chained to her bed at the regular time last week-end, and it is not true that several of them escaped, and bit several people.

The Cap and Gown society has organized a special committee to take charge of atrocity stories. All atrocity stories should be written out and handed in to that body. The best story every month will appear in the Colby Mercury, and a prize of three extra five minute late cuts will be given to the author of the story. All right, let's see how atrocious we can get.

The recent Geology department social evening has created a great deal of comment among college circles. The last meeting of the department featured moving pictures, refreshments and door prize—Triple Feature and Screeno. Such inducements of course produced a terrific turnout, so great a one in fact that the other clubs in school are quite perturbed about the matter. The next meeting of the Classical club promises to be a super colossal Hollywood production. There will be six reels of Augustus Julius Mouse to entertain the audience, followed by a tap dance by Professor Carr and the assistant in the department (Professor Carr also doubles as his own assistant). The big attraction of the evening will be a door prize to the holder of the lucky ticket of twelve free Greek lessons and a second prize of two tickets to the annual free lunch at Polupolis' restaurant.

The Merchant of Venice

By Emanuel K. Frucht

In writing about the production of a classic like the Merchant of Venice, it is not necessary to outline the plot and the various characters who partake in its unfolding; rather, it is more advantageous to comment on the manner in which Shakespeare was handled—or mishandled—and the way in which those responsible for this comedy produced this great centuries-old favorite of playgoers.

Taking the characters of the play as they appeared, it must truthfully be stated that all, with the exception of one or two individuals, performed their parts capably, while others were really excellent in their portrayals. Harry Paul fitted into his role of Antonio quite well; in fact, his line "I am very dumb" met with general favor at the hands of the capacity audience in the Alumnae Building. Any audience, if given time, will always recognize the intrinsic truth of an actor's statements, and ours was right up to par. John Lomac as Salerio really surprised me, and a very pleasant one it was, indeed. His diction was exceptionally clear and understandable, a merit that some people might do well to copy. Huck Kraft gave one of his typical

performances as Gratiano, and as has been the result in previous shows, he managed to clown himself into the hearts of those present in a most ingenuitous fashion. Bernice Knight almost stole the limelight away from the usual scene-stealing Mr. Kraft with her fine display of coyness and coquetry in her roles with Gratiano. Nico going Bernice. Nancy Bell really looked lovely as Jessica, and played her part in a manner that equalled her fine appearance on the stage.

Not too much praise can be given to Ruth Thomas or Gordon Richardson for their grand portrayals of the leading roles. It should be said that their performances were fine in all details, and I don't see how they could have done better. It was really a pleasure watching the both of you.

Those in charge of this fine production must also share in the great success of this show, for without such quick scene changes the action would have been greatly slowed up, much to the detriment of a fine performance. This was the best show that Powder and Wig has put on in many a month and if this was only a sample, the Graduation performance really ought to be a knockout.

Weekly Calendar

Thursday, April 30

3rd Co-operative Concert, Hatfield, Baritone.
Baseball, Colby-Northeastern at Boston.
Tennis, Colby-Bates at Lewiston.

Friday, May 1

Montgomery Speaking Contest.
Baseball, Colby-Boston College at Boston.

Mule Nine Threatens State Title As Bowdoin, Bates Lose

Drop Hard One To Maine

After a shaky start that cost them the first game to Maine, 9-7, Colby's baseball team roared back this week behind the excellent pitching of two sophomore standouts to climb into a first place tie with Bowdoin in the state series. The team beat Bowdoin, 5-4, and Bates at Lewiston, 3-0.

The Maine game was a typical early season nightmare. In spite of a warm afternoon, Captain Joe Slattery on the mound for Colby developed a sore arm in the ninth, and the Black Bears scored four to come from behind, after Colby had apparently won, 7-5. Maine scored three in the first mainly on the errors of the all-sophomore Colby infield, thus making two innings count for most of her scoring. Slattery had four hits to lead that department, while Taylor of Maine hit two doubles and a triple.

Don Butcher, sophomore right hander, pitched a five hit masterpiece

for the first win of the season against Bowdoin on Monday. The Mules only got four hits themselves with Mike Collins again getting two, but six passes of Williams helped no little. Nine men went to bat in the first, as Colby scored four times. Bowdoin got two in the first and two in the fourth, but it was Dennison's single in the second scoring Slattery that was the winning margin. The team played fine defensive ball with Loring and Pulia making fine plays.

Ben Zecker, another sophomore sensation, pitched the first shutout of the season against Bates at Lewiston, 3-0. Cold weather bothered both teams, as Colby failed to capitalize further on ten hits, and Bates made nine. Zecker had fine support, once escaping with the bases loaded. For the third straight time, it was Mike Collins who led the hitting department with three hits, a double and two singles, while McKay had two hits. Bates threw the ball around enough to provide the margin.

Engineers Swamp Mule Trackmen, 95-40 As Three Records Are Broken Saturday

Last Saturday the Colby track team was overwhelmed by M. I. T. to the tune of 95-40. The near perfect weather helped the Tech men to break three meet records: 21.9 in the 220, 50.5 in the quarter, and 152 feet 7 3/4 inches in the hammer. The visitors took eleven of the fifteen firsts and Captain Vic Lebednik and Shelley Pratt combined to take the remaining four. Meny ran the fastest 220 ever run by an M. I. T. boy to break the record and although Wareham broke the hammer record he fouled one throw which sent the hammer crashing into the wooden fence. Vic Lebednik was high scorer for Colby with thirteen points and Pratt was runner-up. The Mules were lacking the services of Frank Quincey, just out of the infirmary where he had been confined with mumps, in the two and one mile.

This coming Saturday will find Vermont in Waterville and Coach Perkins thinks that with a full team, Colby will have a chance to win.

After the varsity had finished the meet Saturday, Coach Perkins had a rather complicated freshmen relay

trial. A medley relay team of Weinstein in the 440, Barton the first 220 Roberts the second 220, and Robinson in the 880 ran against three other 220 men and three 880 men. Red Weinstein ran the 440 in 50.4 to break the Colby record and the rest of the team finished up in 2:58.6, making a 3:49 mile. This Thursday the freshman run against Skowhegan, Winslow, Fairfield, and Waterville.

JUNIOR VARSITY WINS AND LOSES ONE

The jayvees downed Waterville High behind three hit pitching for a 9-3 win last week and then lost to Kents Hill yesterday 10-8. Larry Arra allowed two hits in six innings in the first game, while having a perfect day at bat with four for four. Eight errors helped the cause. Kents Hill proved to be too much for the same Arra and out slugged the jumbled Mule and took the decision. The next game will be against Couburn tomorrow.

Tennis Team Wins Two At Boston

The Colby tennis team started off their 1942 season by defeating M. I. T. and B. U. at Boston on Friday and Saturday respectively. Captain Charles Lord won his two singles matches and teamed up with Godfrey to win their doubles matches. The M. I. T. match was as close, but the Mules had not had any outdoor practice and therefore played remarkably well. On Saturday, benefiting by the practice of Friday's match, the Colby team decisively took Boston University. In both matches the "racquetters" won all three doubles matches and showed very good team work. It looks as if our boys will take Bates on Thursday, but since this will be the first match for the Bobcats there is no way of knowing what kind of a team they have. The summaries: Colby 5, M. I. T., 4.

NOTICE

All men and women who wish to enter the mass walking contest are requested to meet in the yard of the Alumnae Building, Saturday, May 2, at 1:30 P. M., to receive final instructions pertaining to the event.

Starting time for men, 1:40, distance, 10 miles.

Starting time for women, 2:30, distance, 6 miles.

All competitors should arrive at the finish line by four o'clock to be considered in the final scoring.

Blue arrows will indicate the course for women.

Red arrows will indicate the course for men.

Cars will proceed along the course to offer refreshments and to pick up individuals who feel that they can no longer continue.

Bowen Society Elects Cohen As President

New officers of the Bowen Society were elected at a meeting last Friday, April 24. They are Leonard Cohen, president; Eleanor Smart, vice president; Jane Bell secretary; Geraldine Fennessey, treasurer; and Leah Shapiro, counsellor.

Plans were made to sponsor a public talk by Dr. Edward H. Risley, well known Waterville physician, on the subject "Our National and State Educational Efforts toward Cancer Control."

Dr. Risley's talk will be supplemented by descriptive sound movies dealing with present day procedures in overcoming the fear of cancer. It will be Friday, May 1 at 7:30 P. M., in the Social room of the Alumnae Building.

SUMMER SESSIONS

(Continued from page 1)

A few courses, because of lack of election, have been withdrawn from the curriculum.

Courses Withdrawn:

Classics 201.
French 207.
Philosophy 209.
Spanish 203.

The enrollment in the regular summer courses has been more than satisfactory. Where approximately 80-100 students were expected, there are now more than 140 already signed up for the Summer Term. This represents only students now in college, and does not include incoming freshmen, or transfers, or school teachers enrolling for teacher courses announced.

Professor Loebs is engaged in making plans for use of the Outing Club Lodge on Great Pond, including arrangements for transportation to the lakeside, which is made more difficult by the national rationing of tires and gasoline.

ECHO BANQUET

(Continued from page 1)

Member of the Varsity Tennis team and is varsity basketball manager. He is also co-chairman of the S. C. A. Publicity Committee. His fraternity is Alpha Tau Omega. Mr. Alexander has worked three years on the ECHO and this year was an Associate Editor.

Marion Treglown, '43, is an officer of her sorority, Phi Mu, and is vice president of the Class of 1943. She is a member of the Reading Room Committee. This year, she was one of the women's Associate Editors.

Ernest Weidul is outstanding in football and track. He is a member

of the S. C. A., the Classical Club, and is a Dean's List student. His fraternity is Delta Kappa Epsilon.

Mr. Oliver L. Hall, former State Librarian and present Managing Editor of the Bangor Commercial, spoke to the gathering at the banquet and told of some of the humorous experiences he had had as a newspaper man.

This year, for the second time, alternates have been appointed for each group of offices where talent

was available. These alternates will do the same work as the regular staff and in direct competition with them. If, at any time, a regular member leaves college to enter the armed services, an alternate will be appointed to fill the vacancy.

Other members of the next year's staff selected at a joint meeting of the junior and senior officers of the editorial staff and announced last night were as follows: Associate Editors: Harry Levin, Robert Sillen,

Philip Waterhouse, Louise Callahan, Helen Watson; Alternates: Walter Maxfield, William Reifel, Vivian Maxwell, Frances Shannon. Assistant Editors: John Dodd, Arnold Grossman, Lawrence Kaplan, Robert Urie, Roberta Holt, Jane McCarthy, Margery Owen, Constance Stanley, Laura Tapia; Alternates: Christy Adams, Ray Greene, Garrett Ridgley, Elvira Worthington.

The Associate Sports Editors will be Richard Reid and Donald Sterner,

and the Assistants will be Dana Robinson and William Shoemaker.

The Business Staff will be headed by Patterson Small as Advertising Manager, Edward Saltzberg as Associate Advertising Manager, Anne Foster as Circulation Manager, and Jane Bell, Shirley Ellice, and Virginia Howard as Associate Circulation Managers. The assistants will be Calvin Lipston, George Heppner, Lawrence Sachs, Marguerite Broderick and Dorothy Chellman.

The Greatest Air Army in the World
Needs Flight and Ground Crew Officers

NOW FOR COLLEGE MEN A NEW OFFICERS' TRAINING PLAN

★ New Deferred Service Plan Allows You to Continue Your Education ★

In the skies over America the mightiest air fleet in the history of the world is mobilizing for victory!

So fast is it growing that there is a place here — an urgent need here — for every college man in America who can qualify for Officer's Training.

The U. S. Army Air Forces need Flying Officers and Ground Crew Officers. And many of them must come from the ranks of today's college students — men who make their plans now for the necessary Aviation Cadet training.

Thanks to a newly created Air Force Reserve plan, men of all classes — aged 18 to 26, inclusive — can enlist for immediate service or continue the scholastic work required for graduation before being called to active duty.

You must meet the requirements for physical fitness, of course. In addition, you take a new simplified test to determine your ability to grasp the training. A college man should pass it easily.

\$75 A MONTH DURING TRAINING

Those accepted who wish immediate duty will go into training as rapidly as facilities permit. As an Aviation Cadet, you are paid \$75 a month, with subsistence, quarters, medical care, uniforms, equipment.

In 8 months you can win an officer's commission as a bombardier, navigator or pilot — and be well started on your way to serve America and advance yourself in aviation.

Three Enlistment Plans for College Men

Juniors—Sophomores—Freshmen May Continue Their Education

1. A new plan allows Juniors, Sophomores and Freshmen, aged 18 to 26, inclusive, to enlist in the Air Force Enlisted Reserve and continue their schooling, provided they maintain satisfactory scholastic standings.

All College Men May Enlist for Immediate Service

2. All college students may enlist as privates in the Army Air Forces (unassigned) and serve there until their turns come for Aviation Cadet training.

3. All college students may enlist in the Air Force Enlisted Reserve and wait until ordered to report for Aviation Cadet training.

Upon graduation or withdrawal from college, men will be assigned to active duty at a training center as facilities become available.

If the necessity of war demands, the deferred status in the Army Reserve may be terminated at any time by the Secretary of War.

The new Army Air Force Enlisted Reserve Plan is part of an over-all Army Enlisted Reserve Corps program shortly to be announced. This program will provide opportunities for college men to enlist in other branches of the Army on a deferred basis and to continue their education through graduation if a satisfactory standard of work is maintained. In case of necessity the Secretary of War shall determine when they may be called to active duty.

It is understood that men so enlisted will have the opportunity of competing for vacancies in officer's candidate schools.

This plan has been approved in the belief that continuance of education will develop capacities for leadership. (Reserve enlistment will not alter regulations regarding established R.O.T.C. plans.)

MANY BRANCHES OF SERVICE

There are also commissions awarded in ground crew service. College men particularly will be interested in the requirements for Armaments, Communications, Engineering, Meteorology, Photography. If you have engineering experience your chances of getting a commission are excellent.

As a Second Lieutenant on active duty with the Army Air Forces, your pay ranges from \$183 to \$245 a month.

ACT AT ONCE

If you want to fight for America, this is where your blows will count.

If you want the best training in the world, and years of solid achievement in aviation — the great career field of the future — this is where you belong. Your place is here — in the Army Air Forces.

If you plan to enlist immediately, start getting your necessary papers ready for the Aviation Cadet Examining Board when it meets in your locality. For complete information, see your Faculty Air Force Advisor. You can take your mental and physical examinations the same day you apply. Get further information now.

NOTE: If you wish to enlist and are under 21, you will need your parents' or guardian's consent. Birth certificates and three letters of recommendation will be required of all applicants. Obtain the forms and send them home today — you can then complete your enlistment before any Aviation Cadet Examining Board.
