Edward Moran To Give Govt. 4 Lecture Thurs.

Moran Will Lecture On City Management

"Municipalities and the Management Type of City Government" is the topic of the next Gabrielson Lecture to be held tomorrow afternoon at 4:00 in Roberts Union.

Former Congressman Edward C. Moran, Jr., framer of the present Rockland Town Charter, will address the group. Mr. Moran, who was the first chairman of the five member town council to be established under the new charter, is a cum laude graduate of Bowdoin College.

Appointed By Roosevelt

As second assistant Secretary of Labor during 1945, Mr. Moran aided in the reorganization of that department of the Federal Government. Previous to that he served three years of a five year term as a United States Maritime Commissioner. He resigned from this post, to which he was appointed by the late President Franklin Delano Roosevelt, in 1940 to return to private life as president of the E. C. Moran Co., Inc. of Rockland.

A member of the 73 and 74 Congresses, Mr. Moran represented the second Maine district in the House of Representatives. Although defeated in 1928 and in 1930 when running for Governor on the Democratic ticket, he was selected in 1931 by Governor William Gardner to become a member of an executive committee which reorganized the administrative code for the State of Maine.

Rewrote Town Charter

Immediately after graduating from Bowdoin College in 1917, he served as a first lieutenant in the American Expeditionary Force in France.

In a telephone conversation with this reporter, Mr. Moran said that he would "show the necessity of re-writing town ordinances while re-writing town charters." While framing the Rockland charter according to the manager type of municipal government, he also revised the Rockland Ordinances.

Camera Club Meeting On Portrait-Taking Fri.

The Camera Club will have its bi-monthly meeting at Roberts Union on Friday, March 5, at 7:30 p. m., at which time a lecture on portrait-taking will be given by Joseph Smith, director of publicity for the college.

Mr. Smith will demonstrate the effect of different lighting as he lectures, and the pictures will be developed as they are taken so that they may be criticized.

Members are encouraged to bring their own cameras, and tripods so that they can avail themselves of this opportunity to use a model.

Plans for the spring trip will also be discussed at the meeting. The choices have been narrowed down to Eastport, Maine and Quebec.

FINANCIAL AID

Saturday, May 1, is the final date on which students now enrolled at Colby College may file financial aid applications for 1948-49. Students who intend to file such applications are urged to do so well in advance of the final date. Application forms may be secured at the offices of Dean of Men or Dean of Women.

Nominations Thurs. For Condon Medal

Nominations for the Condon Medal, "awarded to the member of the Senior class (man or woman) who by vote of his classmates and with the approval of the Faculty is deemed to have been the best college citizen," will take place on Thursday, March 4.

Voting for the Senior men will be held in the Library from 9 to 12 M. and from 1:30 to 2:30 P. M.; voting for the Senior Women will take place in the Mary Low Living Room from 12:30 to 1:30 P. M. Senior women not living in the dormitories may vote in the Library.

The five names receiving the greatest number of votes in the preliminaries will be posted on the bulletin board in the Library. Final voting will take place on Monday, March 8, at the same hours as above. The ballots of the final voting will be counted by a faculty committee, and the medal will be awarded at Recognition Assembly.

Plan Of 1948 "Oracle" Revealed By Billings

A section devoted to pictures of veterans' babies is one of several innovations planned for the 1948 Colby Oracle, Richard Billings, editor-in-chief, revealed in an interview last week.

Despite rising costs, Billings stated this year's annual, which is scheduled to appear shortly before commencement, will consist of approximately 138 pages, twenty more than the 1947 yearbook. The increased size will permit fuller coverage of many campus activities. For example, the number of pages in the sports section will be almost doubled, making more space available for action pictures and writeups.

More Photographs Planned

As in former years, candid snapshots will be widely used. In addition, there will be formal and informal pictures of some 190 seniors, largest graduating class in the history of Colby.

Campus views, a section which has been omitted in recent years, will be reinstated. "Last year's landscaping operations have increased the photographic appeal of Mayflower Hill," said Billings, "and there are therefore, more outstanding pic-

CZECH STUDENT SPEAKS FOR WSSF AT ALL-COLLEGE ASSEMBLY TUES.

Play Readings Tues. For Campus Drive

Powder and Wig will present an evening of play readings by students in the Dramatic Art Class at 7:30 P. M. Tuesday, March 9, in the auditorium of the Women's Union.

The program is being presented for the benefit of the Campus Chest. Admission is set at the very nominal fee of ten cents.

Program Varied

The program as released by Mr. Cecil Rollins, promises to be an exciting and varied one designed to meet the tastes of all Colby students.

The first play, "Manikin and Mini-kin," by Alfred Kreyborg, is a delightful fantasy about two porcelain dolls sitting on the mantelpiece who ape their human likenesses and fall in love with sad results. The play is being directed by Helen Knox and Virginia Ashley. The players will be Athalene Nile and Laurine Thompson.

The second play, "The Inn of Return" by Don C. Jones, will please all mystery story fans. This mystery melodrama has its setting at an inn where a murder has been committed. The solution to the crime is not revealed until all who have ever been guests at this particular inn return to it one night. The play is being directed by Natalie Pretat and Constance Leonard. Players will be Seabury Stebbins, Dennis Dunn, Bertram Strich, Walter Borucki, Edward Waller, Cynthia Crook, Kenneth Jacobson, and Elizabeth Beamish.

For those who look at the more humorous side of life, the students will present an English comedy, "Fancy Free", by Stanley Houghton. The play satirizes the Victorian propensity to place manners above morals if they are bad morals. Direction is being handled by Martha Jackson and Marguerite Thackeray. The list of players will include: Edward Waller, Cynthia Crook, Kenneth Jacobson, and Elizabeth Beamish.

I. R. C. PLANNING BOARD

All I. R. C. members interested in working on the Planning Board come to an important organizational meeting on Thursday, March 4, at 2:30 P. M. in Roberts Union.

Latest News From Student Council

Inter-Student Council has decided to donate one hundred dollars to the Campus Chest Fund. Tentative Spring Fling Weekend plans have been brought before Student Council by the dance committee and have been approved. A letter consisting of seven complaints was received from the Greek Letter Council. Some of the complaints are deemed justifiable and will be considered by both the administrative body and this group.

CRIPPLED CHILDREN'S SOCIETY

Your contribution to the Pine Tree Society for Crippled Children will be taken care of by your contribution to the Campus Chest. Keep and Use the stamps the Pine Tree Society sent you, for you will have paid for them when you have contributed to the Campus Chest.

Organization Pictures For Oracle Thurs., Fri.

Organization photographs for the 1948 Oracle will be taken in the Women's Union, Room 100, tomorrow and Friday evenings at the times scheduled below. All organizations are requested to appear promptly so that delays will be kept to a minimum.

The schedule is as follows:

Thursday Evening, March 4th.

At Women's Union

7:00 Chi Omega
7:10 Sigma Kappa
7:20 Delta Delta Delta
7:30 Alpha Delta Pi
7:40 I. R. C.
7:50 French Club
8:00 Spanish Club
8:20 Outing Club
8:30 Medical Society
8:40 Men's Glee Club
8:50 Goons
9:00 Pan-Hel
9:20 Colby Wives
9:30 Greek Letter Society
9:40 Bowen Society
9:50 Lambda Chi Alpha
10:00 Delta Upsilon
10:20 Alpha Tau Omega
10:30 Zeta Psi

Friday, March 5th

7:00 Women's Glee Club
(Continued on Page 8)

Dr. Zerby Of Bates To Speak At Chapel

Dr. Rayborn L. Zerby, chaplain and professor of Religion at Bates College, will speak at the eleven o'clock service in Lorimer Chapel, Sunday morning, March 7.

Receiving his Ph. D. from the University of Chicago, Dr. Zerby succeeded Professor Purinton at Bates in the religion and philosophy department. He has been the advisor of the student Christian Association at Bates for fifteen years. He is also head of the Harvard Summer Institute.

Dr. Zerby has been active as a student speaker, and is noted for his ability of analysis. He has spoken at Colby several times.

CONDON MEDAL

Voting for the Condon Medal for the senior class will take place tomorrow in the Miller Library only. The final elections will take place on Monday.

This supersedes all other notices concerning this matter.

Assembly Program Sponsored By S.C.A.

All organizations on campus are making a concerted effort to insure the success of the Campus Chest Drive which begins on March 4 and will continue for the remainder of the week. In connection with the Drive, the Student's Christian Association is sponsoring an all college assembly, Tuesday, March 9th.

Vaclav Spacek, a Czechoslovakian student, who was interned by the Germans in a Polish prisoner of war camp will speak in behalf of the World Student Service Fund. Mr. Spacek, who has been doing a considerable amount of speaking about the country, is well able to explain the needs of destitute European students. He formerly was connected with the World Student Service Fund in Germany after the war was invited by the organization to come to the United States and help in the drive for funds for needy students.

Mr. Spacek will arrive at Colby on March 8th and will lead a discussion group that evening. After the assembly, he will be available for conference with students who wish to discuss the problem with him.

A movie called, The Seeds of Destiny, will also be shown at the assembly. The picture depicts the present day conditions in Europe, showing the strive under which the people live and the measures that are being taken to alleviate their suffering. All students are urged to attend the assembly so that they may learn just exactly what W. S. S. F. is and what it is doing with the money donated by Colby students and students throughout the country.

HATS OFF!

Another hats off to Frances Benner. If you aren't fully informed on every aspect of the Campus Chest Drive, it's because you haven't read her articles in the ECHO.

Maine College Debate Will Be Held Here Sat.

Colby will play host to the other three Maine colleges this Saturday for a State round-robin debate tournament. Each college will be represented by one affirmative and one negative team.

Colby's affirmative team will consist of Jeanine Fenwick and Richard Rony. Robert Rosenthal and Herbert Perkins will defend the negative. The question to be debated will be the national intercollegiate debate question for the year, "Resolved, that a Federal World Government Should Be Established."

There will be three judges for each debate and the winning college will be ascertained by the number of wins and losses.

The debates are open to the public and will be held in Robert's Union, Saturday, March 6, at 11, 2, and 3:30.

FACULTY ADVISER JOSEPH C. SMITH

Course Evaluation . . .

During the refreshment interlude at the discussion of the National Student Association, we learned that Bowdoin College has just conducted a relatively successful course evaluation program. The institution of such a program at Colby was considered last year, but because of certain technical difficulties, the program was dropped.

Recently, however, there has been a great amount of pressure put upon us to conduct a course critique in order to ascertain student opinion about their various courses. After obtaining what we considered to be a cross-section of student and faculty opinion, we decided that such an evaluation program would be beneficial to the college.

Succeeding issues of the ECHO will be devoted to an explanation of the purpose, methods, techniques, and value of a student course poll. We realize that the greatest obstacle to be overcome is making the college see the value of this poll. We must attack this from two angles. First of all the whole thing will be valueless if the student recommendations are not taken seriously by the faculty. Secondly, the student must overcome a very normal desire to "pan" a certain professor because of some petty reason. Second, from discussions that we have had, we must truthfully admit that we are undertaking this project with a full realization that there will be a tremendous amount of skepticism on the part of the faculty, and that the number of "self-appointed comedians" at Colby will do all in their power to thwart our plans. Nevertheless, we hope that the preparation for this plan that these columns will provide will be sufficient to give the necessary incentive that will make the program successful.

The ECHO earnestly solicits your aid, support, and suggestions in this venture, so that we may render what we think will be an invaluable service to the college.

S. I. K.

Meals In The Spa . . .

The College Spa is just about a year old now, and perhaps a toast (over a strong "coke"), should be given for the hours of relaxation which it has provided.

Having nurtured a talented group of embryonic Culbertsons, the Spa now offers a bridge team which should be able to meet any College team in the Country on equal footing. For the past year it has served as a place where "the elite meet", and has long been known to serve the best nickel cup of coffee in the country.

As far as the Spa's activities have gone, it has done well. However, neither man nor co-ed can live by egg salad sandwiches alone, and it is perhaps time for the Spa to expand its activities now that its incubation period is over. Outside of the highly inaccessible and distant city, there is no place where those living on the hill can get much more than a candy bar for nourishment between meals. Yet there are many who might be interested in something a little more substantial—a late breakfast, an afternoon snack, or a light evening meal.

The Spa was designed and built for such emergencies. The kitchen, which now makes a very excellent storeroom, could also be made to function quite satisfactory as a kitchen. The only things lacking for more complete set up are a couple of hot plates, and some sort of ventilation system. Hot dogs, hamburgers, bacon and eggs, only start a list of the many types of light meals which could be offered.

A larger variety in meals should prove to be of great profit to the Spa as well as the gourmets who on occasions have been known to miss their college meal.

R. R.

Letters To The Editor

All letters should be sent to The Editor of the Colby Echo. They must be accompanied by the writer's name which will be withheld on request. These letters do not necessarily reflect the opinions of the Editorial Board of the ECHO.

Editor:

I listened with pleasure and interest to Mr. DuBois who spoke on "Civil Liberties and race." The humanity and the decorum with which he has expressed his sentiments, his subject which he luminously and eloquently developed made me share his anxiety and feeling.

Yet no listener can have failed to observe that from the very outset of his talk, the gentleman had nothing constructive in nature to offer us, but that he dwelt upon a variety of problems, albeit that the audience pined to gain a deeper insight into current problems. However, this is not going to be the theme of my discussion here, but it is the very gross accusation brought by him against Great Britain of which I feel compelled to say a few words. Those words shall be few.

I believe with the most intense conviction that, in pleading for Great Britain I am pleading for the reformation of an abuse. I advert to Mr. DuBois charge. He voiced that, unjust and cruel treatment, odious perjury and avarice, stain the annals of England's rule in her African Colonies. All this is true. Yet I see ample reason for exultation. I see that England has established order where she found confusion. I see predatory tribes change their pursuits of rapine for those of industry. I see the horrors of superstition and tribal wars mitigated by the Christian Spirit of the Western World.

I reflect with pride to the majestic splendor which surrounds the names of Stanley, Livingstone, and Gobat. These names Mr. DuBois left in oblivion, and instead of panegyroidizing the name of William Pitt, he attempted to taint the spotless glory of this man. History is on my side. I need not recall Pitt's conversation with his dear friend Wilberforce under the "Oak Tree," but find it more befitting to ask of you to read his biography to learn the immortal truth. The abolition of the slave trade, the abolition of colonial slavery, the extension of popular education, the mitigation of the rigor of the penal code, all were effected by this eminent statesman and his Whig party. It is needless to intimate to you that everyman born of English blood looks with pride on all that Pitt had done for the cause of human freedom and human happiness. This, however, was diametrically denied by the pertinacious Mr. Du Bois, who ascribed the act of abolition of slave trade as having been necessitated in view of the economic conditions, then prevalent in England. This is but senseless clamour; anyway, we all know that a good old cause, insulted or eulogized, is still the good old cause.

One thing still remains outstanding, for Mr. DuBois has most regret-

(Continued on Page 7)

Homer Might Say!

If Homer, perchance, happened to visit America today, he would no doubt find much to amuse him in American magazines. He might compose an ode such as this:

Lux tonsillitis duplex

Speedex tuxedo rex
Dulco castoria.

Bakolito rem filmeo
Oleo pyorrhea anseo
Bosco auditorium caviar pax
Phantasmagoria dentro.

Camera vacuum ragina
Simplex tobacco Texaco
Pepsodent duce radlio
Sluiceo tomato.

Plano electro Pontiac
Domino asthma Kleenox
Propylactic Philleo cola
Polix mulatto.

Colby Martyr Still Revered

"Lovejoy's tragic death for freedom in every sense marked his sad ending as the greatest single event that ever happened in the new world." Thus did Abraham Lincoln characterize the sacrifice of Elijah Parish Lovejoy.

John Quincy Adams, in speaking of his death said: "It has given a shock as of an earthquake throughout this continent which will be felt in the most distant regions of the earth."

Graduated Waterville College 1826
Who was Lovejoy? Born in Albion in 1802; the eldest son of a Congregationalist minister, he went to school at Monmouth and China Academy, and graduated from Colby, then Waterville College; in 1826. After teaching, journalism, and theological study, we find him at the age of thirty-one, editor of a weekly religious paper, the St. Louis Observer.

Convinced of the sin of slavery he advocated gradual emancipation. The slaveholding community demanded absolute silence on this embarrassing subject. Lovejoy, however, had the courage of his convictions. In his own immortal words: "I have sworn eternal opposition to slavery and by the blessing of God I will never go back."

The owners of the paper finally determined to remove the paper to Alton, Illinois, on the opposite side of the river, and to publish it there as the Alton Observer. As it was about to be moved, a mob, inflamed by an editorial, destroyed all the equipment.

Threatened With Violence

At once a public meeting was called and Lovejoy, making an address, closed with these memorable words: "As long as I am an American citizen and as long as American blood runs in these veins I shall hold myself at liberty to speak, to write, and to publish whatever I please on any subject being amenable to the laws of my country for the same."

A new press came and the paper was published regularly for eleven months. In August, 1837, after issuing a call to form an Illinois Anti-Slavery Society, Lovejoy was surrounded by a mob and threatened with violence. He calmly asked that one of them carry some medicine home to his wife and then said: "I am in your hands and you must do with me whatever God permits you to do." A silence was broken only by the voice of one of the mob, "Boys, I can't lay hands on as brave a man as this," and Lovejoy was permitted to go quietly home. But later on that night the second press was destroyed.

Reiterated His Convictions

Three weeks later a third press arrived and was promptly destroyed. Later a mob came to his house, but was finally beaten off with the aid of his wife.

Public resolutions were adopted in the Alton Courthouse demanding that Lovejoy be no longer identified with any newspaper in Alton. Lovejoy arose and reiterated his convictions. He finished with: "If the civil authorities refuse to protect me I must look to God; if I die I have determined to make my grave in Alton." At the end of this noble speech, strong men were weeping, and there were tears in the eyes of even his enemies.

Lovejoy Died a Martyr

The fourth press came and was carried to a warehouse where it was guarded by Lovejoy and a company of his friends. On the second night an armed mob appeared. They demanded the press. They are refused. There is an exchange of shots. One of the mob is killed. They attempt to fire the building. The defenders go out to attack the mob. Five shots ring out and Lovejoy is struck. Mortally wounded, he staggers back to his beloved press and falls lifeless.

So died Lovejoy, a martyr to Christian brotherhood and the freedom of the press. The event stirred the country to action against slavery and ultimately precipitated the Civil War. Slavery was crushed and Lovejoy did not die in vain.

No finer tribute has ever been paid

POME

I never went to college
So you see I'm not too bright,
But I have one conclusion
And I'm sure you'll think I'm right.

Students come and students go
And in the college game;
They're meek or wild, but most of all,
They seem about the same.

You'll find them running here and there;
You see them sipping Coke;
You see them linger anywhere
For just that one last smoke.

They'll sit in the Spa at any time;
They'll stay from morn 'til night
They get a big enjoyment from
A winning "coffee fight".

Wits are sharpened to their height
To win the ladies heart.
And dancing is the course in which
They're sure to take their part.

A chat with Sid—A buying spree
Or Onies seven-eight
Relieves all thoughts that one may have
Of being "ole" Phi Bete.

And so, dear patient readers,
It's quite a revelation
That college men and women don't
Let studies interfere with education.

Colby's First Prexy Arrived Here By Boat

To the modern student who roars up from Boston by train in a very few hours, it seems incredible that the first president of Colby came to Waterville by boat, spending more than a month in the journey from Boston. The following is a condensation of a letter from Mrs. Chaplin, wife of Pres. Jeremiah Chaplin. The original seems to have been lost, but was printed in the Oracle for 1893.

On board Sloop Hero,
June 20, 1818.

My Dear Friends:—

Sabbath morn. We have just entered the Kennebec river; have left salt water to sail upon on the fresh. Our vessel is no more tossed with boisterous waves, but the water is calm and unruffled.

About four o'clock we arrived in Gardiner, where we staid all night. It is a pretty place, where considerable business is transacted. In the morning we sailed for Augusta. We passed by Hallowell, which as we passed, formed a very handsome appearance. About eleven o'clock the vessel struck aground, which prevented our going so near Augusta as we intended. Augusta is a very pretty town situated on rising ground.

Wednesday we left the place, and took one of those long boats which are much used in the Kennebec, and which being made with a booth at one end, are very convenient for the transportation of families as well as goods. Sometimes when the wind was unfavorable it was found necessary to procure oxen, who, standing on the water's edge with a rope fastened to them, which is fastened to the boat, much assists its motion. We went along with their assistance, but as the wind was several times faint and weak the men took the rope and helped us along. Night beginning to draw the curtain of darkness around us when we were three or four miles from Waterville, it was thought best not to proceed until the light of another day dawned upon us. Early Thursday morning we again set out.

At ten o'clock we arrived in Waterville; just before we reached the shore we observed a number of gentlemen coming towards us; we soon found their object was to welcome us to Waterville. Teams were immediately provided to carry our goods from the boat to the house, which is convenient and pleasantly situated. It is rather retired from the thickest

(Continued on page 3)

to Lovejoy than the words of Wendell Phillips: "How prudently most men creep into nameless graves, while now and then one or two forget themselves into immortality."

Large Audience Hears Glee Club Pops Concert

In spite of a stormy evening, a large and appreciative audience filled the gaily decorated tables in the Women's Union on Saturday evening to enjoy a Pops Concert and dancing presented by the various vocal organizations here at Colby.

Musical comedy numbers by Cole Porter, Jerome Kern, Victor Herbert, and Vincent Youmans were performed by the glee clubs under the direction of John White Thomas, while smaller groups contributed two or three songs by way of variation.

Band Provides Dance Music

An informal dance was held immediately following the concert to the music of Fenton Mitchell's five-piece band.

The gymnasium was lit only by candles on the tables. Long tables were placed along the side of the hall while the smaller ones were arranged in the center. Refreshments were served throughout the evening.

Small Groups Successful

The three individual singing groups were introduced by Mr. Thomas immediately after the men's Glee Club concluded its numbers. The first of this group was an octet consisting of freshmen girls; the Colby Eight followed and the Forty-Niners concluded with three numbers.

The evening program was arranged and sponsored by the Glee Club and the proceeds are to go for new equipment, music and for debts somehow incurred in the past. The profit made by the sale of refreshments will be donated to the Campus Chest Drive.

Greek Letter Society Elects New Officers

The Greek Letter Council at Colby serves two purposes: (1) to serve the college as a whole and (2) to serve Greek Letter members, fraternities and sororities.

This organization works directly under the Inter-student Council as a large organized body representative of the students. Its immediate aim is to foster higher school spirit and provide a means of promoting and instigating suggestions and changes in the social and academic activities.

Aids in Campus Activities

In serving Greek Letter members it is the purpose of this council to generally aid in the direction and supervision of the activities of Colby College which in their natural state involve fraternities and sororities. The council shall further strive to foster and perpetuate the fraternities and sororities now existent and all others which may subsequently be sanctioned on this campus.

The society includes one representative from each sorority, the representatives on the whole being the members of the Inter-Fraternity Council and Pan-Hellenic Council respectively.

Elections of officers are held each semester. Those elected for this semester are: President Cyril Joly, Vice-President Donald Leach, and Secretary and Treasurer Frances Whitehill.

Marshall Plan Discussed At IRC Meeting Friday

The Marshall Plan was discussed at the last meeting of the International Relations Club, which was held last Friday evening, February 27, in the Dunn Lounge of the Women's Union.

Four club members spoke on various aspects of this plan to the nearly one hundred students and faculty members who attended.

Waller Explains Plan

The first speaker, Edward Waller, outlined and explained the plan. He pointed out that most people do not understand the plan at all. Waller quoted Marshall's own words in his explanation, and also remarked on some predominant Russian and American attitudes. He explained that Russia considers the Marshall Plan an American plan to dominate Europe. Waller also mentioned that certain American businessmen oppose it because it will lead us to another depression.

The next speaker was Richard Rabner, who explained the effect the plan would have on our domestic economy. Rabner stated that the United States economy is capable of sustaining aid to Europe. He illustrated his statement by reading excerpts from various government reports, one of which was by Secretary of the Interior, Krug.

O. P. A. Will Be Needed

Rabner also said that what Europe needs most is grain, fertilizer, coal, and steel. We can supply coal without fear of a shortage, but steel, grain, and fertilizer will have to be distributed on some sort of an allotment plan. Price controls and rationing will have to be instituted in the United States in order to insure the Plan's success, Rabner claimed. He stressed the fact that if European economy dies, ours dies too; therefore, we will be better off by helping Europe now rather than later.

George Kren spoke of the effect the Marshall Plan would have on U. S. Foreign Policy. He emphasized that the Marshall Plan is our primary foreign policy, and that our foreign policy is really determined in Moscow because we have to react to the Russians' every move. He explained however, that the Marshall

Plan is only a corollary to the Truman Doctrine which is basically a military program to stop Communism. Kren also said we are not helping Europe out of mere generosity, but that we are really using the Marshall Plan as a means for integrating the economies of Europe and making them dependent upon the United States. Thus we will have built a wall against Communism.

Russia Preparing for War

It was pointed out by Kren that Russia is rapidly integrating her satellites into her economy for no other reason than that of creating a gigantic war machine.

Nevertheless, Kren believes that there is a better alternative for saving Europe than the Marshall Plan. He stated that the sixteen nations coming under the plan should be integrated into a single federation much the same as our own United States. Then they will, through their combined efforts and with their combined resources be able to function as an independent unit and will be able to compete with Russia and the U. S. economically. At the same time, the federation would function as another great power against Communism. He added that he thinks that a federated Europe would be best if war is inevitable.

Political Implications Given

The last speaker, Ruth Marriner, spoke on the political implications of the Marshall Plan in the United States. She said that the Marshall Plan is the biggest issue in the United States today, and quoted statements made by various government officials, politicians and leading economists to substantiate this.

Miss Marriner said that Senator Vandenberg, head of the Senate Foreign Relations Committee, endorsed

FIRST PREXY

(Continued from Page 2)

of the village, altho' neighbors are handy. A number have called upon us and seem quite friendly. Many of those whom I have seen, appear to be people of education and polished manners; nor are they destitute of places of public worship. We are so happy to find that Waterville contained two, though neither of them elegant, nor completely finished.

At length I must bring my letter to a close. My dear friends who wish to correspond with me will each receive this as a particular letter to them. Perhaps many, if not all who peruse these lines may see my face no more; they will, however, receive my best wishes for their present and future happiness.

It is late; weary nature requires repose, and again I bid you all an affectionate farewell.

Marcia S. Chaplin

the Marshall Plan, and outlined Wallace's disapproval of our entire European Recovery Program and pointed out his grim determination to win Russia's friendship at any cost.

Taft Would Limit Plan

Taft, the speaker said, also approves of the plan but with very definite limitations. He believes that it should be strictly administered. Every move we make should be extremely necessary. Otherwise, thinks Taft, a lax supervision of the plan would overburden our already strained economy and cause its collapse.

Stassen, Miss Marriner said, is in full accord with Vandenberg but that he also has reservations. He wants the U. S. to give Europe 10% of our production for the next ten years. He is much more liberal than Taft and as a result, is split with Taft and other eminent Republicans.

Wrong Approach to Plan

This Record Goes Hum-hum-humming Along!

It's JEAN SABLON'S...

"A TUNE for HUMMING"

(RCA Victor)

IN ENGLISH or French, his singing is terrific! His fans range from bobby-soxers to the lavender-and-old-lace set.

Why, he even lights his Camels with a Continental charm. Takes a leisurely puff and says: "Great!"

Yes, Jean, and millions of smokers agree with you about Camels. More people are smoking Camels than ever before!

Try Camels! Discover for yourself why, with smokers who have tried and compared, Camels are the "choice of experience"!

And here's another great record—

More people are smoking

CAMELS

than ever before!

MULE KICKS

by Burt Krumholz

On Saturday night the Colby basketeers who have fought their way through a gruelling 19 game schedule will play a tough St Anselms quintet in a game which will be the season's highlight as well as its finish. Last year a plucky Colby five led by speedy George Clark topped these same St. Anselms players 59-57 and there is no reason why they shouldn't do it again.

On Wednesday night, as this paper is delivered, an exciting scrimmage is being held on the Fieldhouse floor with the White Mule Varsity facing the Fraternity All-Stars, highlighting such players as Phil Caminiti, Dom Pulia, George Toomey, Will Eldridge, Ike Kaplan, Bob Merriman and several other outstanding courtmen from the inter frat league.

The starting lineup for the Varsity is:

Russ "Tubby" Washburn at center. Russ is the team's high scorer this year with 242 points in 19 games thus far. This total as far as the past records show, is the highest compiled by any Colby player in the course of one season. Russ has also tied the record for a single game score by a Colby man with twenty-six points against MIT last Friday, 11 field goals and four free throws. He has a 35% average for accuracy from the floor which is exceedingly high and has hit for 76 of his 106 shots from the free-throw line for an average of 72%. Although bothered by bad feet and aching legs most of the season "Tubby" has led the team to several important victories.

At one forward we find George Clark the team's second high scorer and one of the, if not the, fastest men to have stepped on a basketball court in these parts and maybe even a little more territory can be included. George held the Colby high-scoring record until Washburn tied it and it was against this very same St. Anselms team last year that George put on this spurt. He does hold the record for the most baskets scored by a Colby man and that is 12. George is a human lightning bolt on a basketball court and his quick actions confuse and wear out his opponents. A master at staking the ball, the St. Anselm's crew will be watching him very closely.

Assisting Clark at the other forward is little Locke Jennings who after several years' lay off climbed back into Colby basketball togs and has aided the team immensely in its last 9 contests. Having earned his starting berth four games ago Locke has been showing why he was on the All-State team when he was here before. Jennings has scored twenty-five points in his last three games on the road.

At one of our guard slots we find Bill Mitchell. All last season Bill was second-string center and he started this season the same way. But Bill, willing to move to guard, earned for himself a starting position at guard and showed up to be one of the finest defensive players on the Maine courts and even a little further south. Although not much of a shooter Bill has been able to score when a point meant the most and his accuracy from the foul line has been tremendous. Up until recently he was one of the nation's first TWO foulshooters with 25 for 30 but he fell off in his last few games and his overall average is now about 76% which is a fine total for anyone.

Filling in the team at the other guard position is team Captain Gene Hunter who was the team's third high scorer and had his highest scoring year of his college career. For the past two years Gene has been steadily assigned to cover the high scorer of the opponents and has done his job excellently. In the last two games against Bates he held Simpson to a total of five field goals, no mean accomplishment.

One of the men lining the bench who saw a great deal of action was Tom Pierce, who sports an amazing array of shots but has been rather unlucky this year. He has totalled 115 points for the season, but 23 more than last year.

Seated next to him is Dick "Punchy" Michelson of the renowned left-hand push shot. Dick has been a spark plug when in there and set off many of the explosions of scoring that kept the Mules always in the running.

Going down the bench another man we find Don Zabriskie who at times during the season has been the reason for terrific outbursts on Colby's behalf and at other times has just been a man in the Colby uniform.

These eight were the strong arm of the Colby Varsity but the whole team is to be applauded for the fine work that it did throughout the season. Height was the big factor lacking to the Mules but that should be remedied as this year's Freshmen begin donning varsity uniforms.

And, so the scrimmage began, the Frat All-Stars trying to stave off the attack of the dauntless lettermen. Who won? Just ask Ike Kaplan.

COLBY DEFEATS M. I. T., 67-57 LOSES TO BROWN UNIV., 62-55

Baby Mules In 10th Win As Shiro Throws 27 Pts.

The undefeated Colby Freshman basketball team continued on its merry way as they romped to an easy 66-49 win over Higgins Classical Institute of Charleston last Saturday afternoon at the Colby Fieldhouse. The Frosh sparked by Terrible Teddy Shiro really turned on the steam in avenging a scare at the hands of the Higgins team who held them to a two-point win earlier in the season. Shiro was undisputedly the big gun in the Colby attack as he swished nine field goals through the hoop combined with a like number of Free Throws to amass a grand total of 27 points for the fray, a fair average in any league. This performance of Teddy's shows that even if the Frosh can get along without him (witness the win over Coburn), they can get along much better with him.

This impressive victory is the beginning of what may prove to be a fitting climax to a fine season. The Freshmen have game after game proved that they are the class of the Prep school-College Freshman League. They have rung up a record of ten wins and no defeats, with most of those wins in the runaway class. They have developed such future varsity stars as Warry Finnegan at center, Welton, Russell, and Billings at forward, and Shiro, Neat-nosed Lazour, and H. Lyons at guards. This and not a fine record is the object of Freshman athletics and the Frosh team under the able coaching of Mike Pulia and Bob Pullen have done just this.

The Frosh end their season against the Maine Annex in the near future and this game should be Maine's Prep-Freshman court games of the year. This is one game that this reporter will go well out of his way to see and I pass the suggestion

Tubby Washburn Ties Colby Individual Scoring Record For Single Contest

With spirits high following last Wednesday night's upset over the University of Maine, the White Mule hoopers traveled down to Cambridge and Providence last weekend, trouncing M. I. T. 67-57 on Friday night, but bowing 62-55 on Saturday night to a Brown University squad which earlier in the week had defeated the Rhode Island State "Whiz kids" by a ten point margin.

Led by Tubby Washburn who, by scoring 26 points, tied Colby's individual scoring record for one game set last year against St. Anselms by George Clark, the Mules had little difficulty in humbling the M. I. T. quintet. Holding a 30-26 lead at halftime, Colby maintained its four point margin throughout the first ten minutes of the second half as first one side scored and then the other. As the time began to grow shorter, the Mules began to surge ahead doubling their advantage as Washburn tallied with four minutes left to play, thus making the scoreboard read Colby 59-

on to you dear reader. Now the box score of last Saturday's game.

Colby Frosh (66)				
	G	F	P	
Russell, rf	2	0	4

Mules' Passes Clicking

The Engineers tried gamely to get back into the ball game, but to no avail. The Mules, their passes clicking and their shots "on", were not to be caught, and the score stood 67-57 in favor of Colby as the final horn sounded.

Besides Washburn's fine performance, the fine all-around play of the entire team and especially that of Jennings and Clark was apparent.

Colby's Playing Calibre High

Although the results of the encounter with Brown are not as gratifying, the calibre of the Mules' play was just a shade below Friday night's performance. Trailing by only two points at the half, 31-29, the Mules went deeper into the hole in the second half as Brown built up a ten point advantage. Staging a great comeback the Blue and Gray knotted the score at 48-48. With six minutes left to play Colby surged into the lead as one of Captain Gene Hunter's overhead sets slipped cleanly through the nets, making the score Colby 50, Brown 48.

A third straight Mule victory was not in the cards, however, and with three minutes left to play and the score tied 53-53 Colby steadily lost ground. Tired as a result of the long trip and Friday night's battle with M. I. T., the Mules couldn't quite keep up with the speedy pace set by the Brown cagers and the final results left the Mules on the short end of the 62-55 score.

Washburn Leads Scoring

Washburn once again led the Colby scoring, although held to 13 points, just half of his Friday night total. Jennings and Hunter who scored nine points apiece also rate special mention for their all-round performances.

St. Anselms Back For Charity Game

Attempting to redeem themselves, the St. Anselms quintet once more travels to the cold climate of Central Maine to face the Colby Mules in an especially scheduled contest for the benefit of the Colby Community Chest. After a two point defeat at the hands of George Clark late last season the St. Anselms club will be out gunning for their first victory in the two games with the Blue and Gray. In that contest last year George Clark set a new Colby scoring record with 26 points which was just tied this week-end by Tubby Washburn on the M. I. T. gym floor.

It was quite a hectic affair last year and left the crowd in a mildly hysterical state. Clark, in the last 30 seconds of play, sank amazing one handed shots from mid-court, two in a row, to tie the game as the buzzer sounded. This, thought the fans, was the game's end and that an overtime period would be necessary, but it was discovered that the partisan timekeeper, amidst all the excitement, had accidentally pressed the buzzer. Play was then resumed with 5 seconds to run out on the clock and Clark, once more, put in a half court, one-hander to give the Colby five its big "upset" victory.

This year the New Hampshire outfit has been a mighty high scoring club has many good teams to claim victory over but they have also lost to Providence and R. I. State among others. Saturday night March 6 will be a night of thrilling basketball and a chance to aid several good causes.

There will be an Echo meeting at 3:00 in the Echo office in Robert's Union for all editors and associate editors. Please be prompt.

Inter-Frat Hoop Contest Enters Second Semester

A hot race is brewing once again in the inter-frat basketball circles as the DU's, Phi Deltas and Tau Deltas are once more battling for the first place in the second half of the league in which the DU's copped the first half championship with an 8 and 0 record as against the 7 and 1 record of the Phi Deltas. Up till now the DU's still are sporting their undefeated record. Aided by the presence of Freshmen on their teams all the clubs are putting on better performances and a close race for all places is once more expected.

Maine Trackmen Romp; Win All Weight Events; Varsity, Frosh Combine

Last Thursday evening in the Colby Fieldhouse the Maine track squad outpointed the combined freshman and varsity trackmen 81-39.

Piling up a 27 point lead by sweeping the weight events, even though their ace, Marsankis was at the IC4A games in New York, the Maine wing footers picked up just a few points in the other events to win the meet in a breeze. Several freshman performers were outstanding and took places for the Mules during the course of the meet. Some of these frosh were Mott who placed third in the 4 yd. high hurdles, Whitney who took third in the mile, Ferguson and Ronayne who placed second and third in the 1000 yd. run and MacMahon who was among the four men who tied for second place in the high jump.

Top point getter for Colby was Aaron "Sardy" Sandler who won both the 40 and 300 yard dashes. This was the first time in the indoor season this speedy senior took two firsts. Up until now he had won one or the other while taking a second in the other. O'Halloran took two seconds, one in the 600 and another in the 300 behind Sandler.

Results:

Discus—Totman, M., Sproul, M., Goodwin, M., 124 ft. 6 1/2 inches.

Shot—Collins, M., Hynes, M., Alden, M., 41 ft. 9 inches.

Hammer—Alden, M., Sproul, M., Orach, M., 41 ft. 8 1/2 inches.

40 yd. high hurdles—Beal, M., Gates, C., Mott, C., 5.6s.

Mile run—Wallace, M., Pullen, C., Ferguson, C., 4 min. 45.6s.

40 yd. dash—Sandler, C., Dow, M., Hammond, M., 4.7s.

600 yd. dash—Silsby, M., O'Halloran, C., Vennett, M., 1 min. 20.7s.

2 mile run—three way tie, Morton, Davis, and O'Brien all of Maine. 11 min. 6s.

1000 yd. run—Wallace, M., Ferguson, C., Ronayne, C., 2 min. 30.7s.

300 yd. dash—Sandler, C., O'Halloran, C., Vennett, M., 35s.

Pole vault—1st, tie Emerson and Higgins, M., 3rd Wood, C., 11ft.

High jump—1st, Gates, , 2nd 4-way tie Higgins, King, and Brown of Maine and MacMahon of Colby 5 ft. 8 inches.

Broad jump—Emerson, M., Haynes, M., Mahoney, C., 20 ft. 9 1/4 inches.

By Nancy Ardifi

The rivalry was keen on all sides at the inter-sorority basket ball tournaments which started Saturday, February 21. Enthusiastic cheering echoed through-out the gym in the Women's Union.

In the opening game, Sigma Kappa beat Chi O 14-8. In the second match of the afternoon the ADPis showed themselves at their best when they defeated the Tri-Delts 27-21. This was anybody's game until the closing minutes when ADPi staged a scoring splurge and took the lead.

Activities were resumed the next afternoon when Sigma bowed to Alpha Delta Pi 27-10. In the last half of the program, Tri-Delta defeated Chi Omega 23-6.

In the final round the following Wednesday evening, ADPi retained its first place berth by edging out Chi O 20-13. The Tri-Delts took second place by out-playing Sigma 33-10.

Marge Plaisted and Dot Worthley deserve credit for their performance on the Alpha Delta Pi team. Joan Crawley was invincible as a guard for the Tri-Delts. Sue Rees was outstanding for Chi O and the spark plugs of the Sigma team were Pat Root and Dudie Jennings.

Miss Janet Marchant, Miss Catherine Foland, Marion La Casce, Shirley Bessey, Laurine Thomas and Connie Foxcroft officiated. In the majority of games the referees and umpires exchanged duties at the half.

The following girls participated in the tournament: Alpha Delta Pi: L. Norwood, A. Sylvester, H. Huckins, J. Merrill, D. Worthley, F. Klafstad, C. Bartlett, G. Brackley, M. Plaisted, and B. Hart.

Delta Delta Delta: J. Crawley, H. Whitcomb, J. Cammann, S. Frolio, J. Edwards, J. DeWitt, H. Moore, H. Hutchinson, A. Yatto, B. Holt, and N. Ardifi.

Sigma Kappa: P. Root, J. Desper, S. Bond, B. Starbuck, J. Atherton, E. Beamish, E. Jennings, K. Garrick, C. Crook, and C. Crandall.

Chi Omega: M. Hathaway, J. Hall, F. Nourse, N. Pretat, P. Tracey, S. Rees, M. Jackson, B. Deschenes, C. Huntington, and P. Bain.

No Better Place To Have Come From

Hockey Season Finishes With Bright Prospects

Frosh Win Ten Straight After Losing First Game

A short spell of rain and warm weather ended an up and down varsity hockey season prematurely but the Frosh pucksters left the athletic department with a smile curling their lips and bright hopes for Colby's future on the ice.

The speedy sport found the varsity skaters coming into their own as the season was forced to come to a halt and such outstanding "icemen" as Johnny Spinner in the nets, "Bingo" Leaf carrying the bulk of the defensive chores, and center Mike Collins all hit the peak of their seasons performances, in the winter's waning days. Other men on Coach Millett's squad began showing up well these include Bud Folino, Bob Latham, Paul Titus, Dave Clark and the other members of the squad who after a slow start, picked up admirably under Bill Millett's tutelage.

Freshmen Bring Honor

But it was the Freshman Hockey squad who brought most honor to the name of Colby. Bill Bryan's boys did a terrific job and lost only one game, their very first, to the Harvard frosh who had had the advantage of several weeks of practice on the indoor rinks found in the Boston area. After this it was a steady road of victory for ten consecutive battles and two of what would probably have been the frosh's toughest contests were forced off the schedule because of the very disagreeable hockey weather. The contest against the local VFW club would have been

a good contest for these future stars as would the duel against the Gardner High skaters.

Six men carried the heaviest chores for the Freshmen. They were Capt. Hank McGrath former star from the Boston area at B. C. High playing one wing, and Chet Harrington, skating at the other wing, George Wales, flashing around at center, Don Livingstone and Waterville's own Bob La Liberte holding the defensive slots and Benny Pearson tending goal and stepping out now and again to give Bob Staples an equal turn guarding the nets.

Bill Bryan Able Coach

Other squad members that made the Baby Icemen what they are include Bailey, Keefe, Hall, Johnson, Hale, White and Doyle. It was a wonderful coaching job done by Bill Bryan which started the boys on their winning streak after being downed by Harvard.

It is really too bad that other games could not have been scheduled with college freshman teams to give the Mulettes a chance for experience against the harder fighting teams than those with which they did compete.

The seasons record for the Freshman team was:

Colby 3	Harvard 11
Colby 9	Coburn 0
Colby 8	M. C. I. 2
Colby 8	St. Francis 1
Colby 5	Kents Hill 0
Colby 13	M. C. I. 2
Colby 11	Kents Hill 1
Colby 8	Coburn 3
Colby 5	Notre Dame 1
Colby 9	Ricker 5
Colby 5	Hebron 2
Totals Colby 85	Opponents 28
Won 10 Lost 1

EVENTS

Basketball Game, Dance Starts Off Campus Drive

A combination basketball game and dance will be held on Saturday evening, March 6. The dance, which will be preceded by the Colby-St. Anselm basketball game, will take place in the Women's Union from 9 to 12.

The Campus Chest Fund will receive the proceeds from the evenings entertainment.

Tickets will be sold in the Miller Library tomorrow and Friday morning. They are \$1.00 per person for the two events and \$.60 per person for one event.

Al Reife and his Orchestra will provide the music. Punch and cookies will be sold, and the decorations for the dance will be in an international theme.

Coeds To Reign Supreme On Sadie Hawkins Day

The Sadie Hawkins Dance, sponsored annually by the Tri-Delta Sorority, will be held Thursday evening, March 11, from 7:30 to 11:30 in the Women's Union.

Tickets are purchased by the girls at fifty cents a couple. In keeping with the Sadie Hawkins tradition, the ladies call for the men, and inexpensive corsages will be available at the door.

Decorations will be in the Sadie Hawkins spirit, and old clothes or dungarees are the acceptable dress.

The dance is being given as part of the Campus Chest Fund Drive, and the proceeds will be donated to the United China Relief.

Nine Faculty Bus Boys To Serve Coeds March 9

The Colby coeds will be in for a treat at their evening meal on March 9, when faculty bus boys do their part for the Campus Chest Drive.

The nine professors who will carry trays, pour water, and perform the other menial tasks in the three dining rooms will be Charles Bacon, Kingsley Birge, Carl Anthon, Paul Sweet, Richard Kellenberger, Walter Wagoner, Gordon Smith, Philip Bither, and Henry Schmidt.

Boxes bearing the names of the various professors will be circulated throughout the women's dormitories for a collection. The dormitory which contributes the most will have the opportunity to choose a favorite professor to serve the table needs.

All-College Carnival Scheduled For March 19

A Campus Chest Carnival, in which all college organizations are to participate, will be held Saturday evening, March 19 in the Women's Union.

Booths will be set up by different groups on Campus which will offer caricatures, raffles, camera snaps, games of chance, bowling, shuffleboard, bingo and fortune telling. There will also be a booth for the sale of refreshments. A prize will be awarded for the best booth.

A dance conducted by the Outing Club in the Dunn Lounge, and movie shorts of comedies presented by the S. C. A. in the Smith Lounge, will supplement the activities in the gym.

Campus Chest Plan Student Approved

The original idea for a Campus Chest to supplant the usual individual drives occurred to the committee of World Relief of the S. C. A. It was felt that such a drive would better suit the pocketbooks of Colby students and would provide an opportunity to raise a greater profit for the different charities.

A poll in the Echo early in the fall indicated student approval of this plan. Therefore, a committee headed by Martha Morrill and Hanna Levine met with the heads of various campus organizations to make plans for the drive which was scheduled March 6-13. A coordinating committee consisting of Mary Ellen Gardner, Frances Whitehill, and Robert Darling allocated the responsibility of publicity to Conrad White and pledging to Meg Gardner.

Bob Darling Gives Slogan

A slogan was born, "Ring 4500," fathered by Bob Darling and bruited about by Connie White. Posters were turned out and a thermometer was constructed. Colby was made aware that \$4500 was to be raised by her constituents.

\$565 of that sum has already been recorded on the thermometer. \$250 came from round-robin games between the local high schools arranged by Bill Millett. \$100 contributions have been donated by the junior and senior classes. President Bixler has made the first campus donation of \$100.

Pledge cards will be sent to each student, faculty and administration member. The dorms will be organized on a competitive basis. It is to be understood that each individual who contributes to the Campus Chest Drive may consider this contribution his regular donation to the ten organizations included.

W.S.S.F. helps provide dormitory space for students in China

Student, Faculty Favor Campus Chest

It is the talk of the campus so let's hear what people are saying about the Colby Campus Chest Drive!

President Bixler - - "The Colby Campus Chest Drive offers two opportunities for the price of one. It gives us a chance to contribute to worthy enterprises which need and deserve our support. It gives us also a chance to work together as a community for a cause in which all of us believe. I hope and trust that the campaign will be completely successful."

Mary Burrison—"I think it a very worthwhile thing. It is easier to give in one drive than to shell out money every time you turn around."

Mr. Charles Bacon—"The drive is good because it is efficient. It is the business approach. Charity is necessary, therefore it must run well."

Cyril Joly—"The Campus Chest drive being conducted here at Colby is by far the best method of collecting funds for the various worthwhile

causes. The aims are high but I feel that Colby can attain them. It will mean that each one of us must contribute generously. With Spring not far away, the thermometer is bound to rise—let Colby's thermometer rise to the top, also."

Don Leach—"At last Colby can actively and collectively do something constructive in our pressing local, national, and international responsibilities of social rehabilitation."

Professor Edward Colgan—"The drive shows good sense in orientation to world affairs. It is a chance for sacrifice in place of so much lip action."

Hilda Farnum—"The efficient planning and extensive publicity the drive has received has turned the originally adverse comments into enthusiastic acclaim before the drive has even started."

Dorothy Almquist—"The drive seems to me to be all ready 'in the bag.' The \$500 which has been contributed even before the drive begins is evidence of this."

Our "Hats Go Off" To Drive Sponsors

The effective planning and execution of any project requires the interest, initiative, cooperation, and work of many people. Such a project is the Colby Campus Chest Drive, and to all the people involved therein we say "HATS OFF." Especially we would say "HATS OFF" to:

Mr. Bill Millett—who planned the two benefit basketball games with the Kennebec Valley Association which netted the drive \$256.73. He has also arranged for the game with St. Anselms for March 6, suggested the after-the-game dance, contacted Al Corey's orchestra for the dance, had the tickets printed and secured patrons to back it.

Chaplain Walter Wagoner—whose general guidance and advice on planning solicitation has been most helpful.

Hanna Levine and Martha Morrill—who are responsible for the efficient and successful planning and execution of the drive.

Conrad White—who put his original ideas into action and produced a very effective publicity program.

Mary Gardiner—who has painstakingly planned the very effective pledging system for the drive.

President Julius Bixler—who has cooperated in giving the drive the assembly hour on March 8.

Professor Herbert Newman—whose suggestions and backing have done much for the drive.

Pledge Captains—who have one of the "toughest" jobs of the drive.

Constance Leonard—who has mimeographed 2,000 pledge cards, 150 letters, and 90 policy sheets.

Sanford Kroll—who has been very cooperative in giving the drive support by the Echo.

Robert Darling—who is the author of our slogan.

Claire Rosenston and Gloria Shine—who have done extensive typing for the drive.

CHEST STORES FUNDS FOR AID TO CHARITIES

Help China Relief

"Number Please!"
"Ring Colby 4500!"

"This is the China Relief Organization calling, and in view of the fact that we are being included in your Campus Chest Drive, we would like to tell you how important your contribution will be to us.

China Relief does much to help the Chinese student. Although the central government provides maintenance food for all students of university standing, not many can find the money to buy the necessary supplementary protein and vitamin foods. As the result, many students are developing tuberculosis. Some die in their senior year and others soon after graduation.

Students Have Meagre Diet

One of the most appealing ways in which \$100 can be used to help a Chinese student is to provide a supplementary diet for a college student suffering from malnutrition or tuberculosis. This sum would provide, for a period of five months, an egg, a glass of milk and a bit of meat a day for a young Chinese whose daily dinner may consist only of a few balls of bread, some corn meal loaves and watery soup.

Your contribution from the Campus Chest will help to meet our obligation of safeguarding the educational heritage of the young people of this generation."

Support Drive On Cancer

"Number Please!"
"Ring Colby 4500!"
"The Cancer Society is calling to let you know that the allotment we receive from your Campus Chest will truly be an allotment for a worthy cause."

Education Prevents Cancer

The fact that approximately 30,000 lives a year are now being saved through early recognition and treatment is due in large measure to the educational campaign of the last 33 years in which the American Cancer Society has played an important part. The fact that from 30,000 to perhaps 50,000 more a year still die needlessly shows how great is the need for expanding the campaign to teach people to seek medical aid at the first sign of a cancer danger signal.

A part of the funds are being spent to help indigent cancer patients in virtually every state. In states like Maine and Montana, this takes the form of helping to transport cancer patients from rural regions to the centers where they can receive effective treatment. In New York City, the training of cancer nursing aides has been initiated and in many other cities millions of bandages and other supplies urgently needed for patients being cared for in their own homes are being supplied.

One out of every seven dies of cancer! Your contribution to the Cam-

Fight Tuberculosis

"Number Please!"
"Ring Colby 4500!"

"The Tuberculosis Foundation is calling and we would like to tell you that by including us in your Campus Chest Drive we feel that you are including a needy cause."

We need support for research as well as for sanatoriums. Dr. Pottenger of the Pottenger Sanatorium in California advises that TB should also be fought by "clearing the slums in which most of our tuberculosis is found; teaching people how to live and what to eat, and furnishing food at least to children when the breadwinner is ill, so that resistance is kept high." Also, through research, new drugs and new methods are being found to fight against TB.

States Sanatoriums Need Support

The state sanatoriums are in need of support, too. A local example of need is the TB sanatorium in Fairfield, Maine. It needs money for new drugs and for entertainment of its patients. A person who contracts TB usually has to stay in the sanatorium anywhere from nine months to one year. Thus funds for the entertainment of these patients are urgently needed by the state sanatoriums.

pus Chest will help diminish the number of people who might otherwise develop cancer.

Give To U. J. A. Drive

"Number Please!"
"Ring Colby 4500!"

"This is the United Jewish Appeal calling to tell you that your contribution from the Campus Chest will help us to meet our national goal of 250 million dollars.

The United Jewish Appeal is solely a fund-raising organization, with its headquarters in New York City. The money the organization raises is used in a three-fold fashion.

U. J. A. Has Three-fold Plan

Some of the money is used to aid Jewish refugees in DP camps. Clothing, food, and shelter are desperately needed by the DP's. Some of the money is used to aid those Jews who gain admission to America. Some of them suffer from acute malnutrition and are in dire need of medical aid. Fourteen million dollars of the two hundred and fifty million dollar goal is the estimated cost of helping these Jews settle in America.

A third way U. J. A. uses its funds is to give relief in Palestine itself. It is estimated that 176 million dollars are necessary for resettlement and relief. The direction for aid is not guided by political connections.

Your contribution from the Campus Chest will help us to carry out our threefold plan of relief."

Let's Go Over The Top!

Gov't. Speaker Deplores U. S. Foreign Policy

Mr. Albion Beveridge, aspirant for the Republican nomination for United States Senator from Maine, addressed a large group of faculty and students in the Banquet Hall of Roberts Union last Thursday afternoon, February 26. This was the third in the series of Gabrielson Lectures.

Professor Paul A. Fullam introduced the speaker, and mentioned that Mr. Beveridge was the first of the four senatorial aspirants to speak at Colby in conjunction with the Government 4 course.

U. S. Now a Dictatorship

Mr. Beveridge opened his talk on "An International Blueprint for our own Destruction" by the startling statement that the United States is well on its way towards the destruction of the American principles of constitutional government, free private enterprise, and personal liberty. Something must be done! We are now operating under a dictatorship type of government, he claimed, similar to that of Nazi Germany.

The Senatorial aspirant said that during the Democratic regime of the past fifteen years, the administration has been operating on many matters without the consent of Congress; matters upon which Congress has the constitutional right to pass. He claimed that our money has been spent on the Pacific mandated islands, which we conquered from Japan, and that action has been taken in the rebuilding of Germany, and Japan, and on the Palestine question,

without the consent of Congress.

Poor Foreign Policy Apparent

Mr. Beveridge continued by saying that the power of the administration is arbitration, that the administration had no right to make secret Teheran and Yalta agreements without the consent of Congress. He inferred that the state of emergency, is still in effect three years after the war because that administration desires to continue its dictatorial ways.

Many of our recent domestic troubles, such as the coal, oil, and food shortages, caused by exporting these goods to Europe, could have been avoided by a proper foreign policy, claimed Mr. Beveridge. Russia should not have been allowed to overtake the European food and oil-producing areas in the East; the German factories for the manufacture of peacetime goods should not have been dismantled. Consequently, we have left ourselves with a large problem: most of the European people to feed, clothe, and shelter, and their means of subsistence in the Russian hands.

Bureaucratic System Wasteful

In addition, Mr. Beveridge stated that the bureaucratic system now in operation is extremely wasteful of the taxpayers' money.

Mr. Beveridge backed most of his statements by reading quotations of prominent American leaders and economists, and by relating facts and figures showing the high cost of our bureaucratic government. Often-times, Mr. Beveridge stated how he would vote in the Senate, if given the opportunity.

He pointed out the many flaws in our present government system, but seemed to some observers to avoid answering exactly to how these flaws could be corrected. He emphasized the need for immediate action.

Yacht Club To Get Racing Dinghies

Technicolor motion pictures of the 1945 Inter-National Regatta were featured at the last meeting of the Colby College Yachting Club, February 24, in the Roberts Union club room.

The regatta was for yachts of the Lightning class, which class includes yachts between seventeen and twenty feet in length, and was held at Riverside, Connecticut, where the pictures were taken.

Future plans of the club were discussed at the business part of the meeting. Commodore George Wiswell stated that six new dinghies may soon be presented to the club by benevolent alumni. These boats will be used in inter-collegiate racing with other New England colleges.

Competition with Boston University, Massachusetts Institute of Technology, Tufts College, and Brown University has been arranged for the coming season.

The fact that the physical size of one's body has little to do with the manning of a yacht was stressed by Commodore Wiswell. "Anyone regardless of his age or size may apply for membership in the club. He or she will be assured of a responsible position in the organization, and will at the same time learn the art of sailing," the Commodore stated.

A week-end party on a sailing vessel is planned by the club for this spring. Twenty or more club members will be accommodated. The cruise will begin at Camden, Maine, and will be taken on a seventy foot ship.

The next meeting of the Colby College Yachting Club will be held March 9, when technicolor motion pictures of the Star Class Regatta will be shown.

LETTERS TO THE EDITOR

(Continued from Page 2)

fully overlooked the fact that if Britain had not expanded her Empire into Africa, or if she were now to forgo her rights over her colonies, then surely some other foreign power would avail itself of the opportunity to extend unto the Lakes of Victoria, Nyaza, and Albert. What treatment the negroes would receive under the rule of a new master, I cannot tell, but suffice it to instance the Indonesian under the Dutch. I will not exhume the past.

I see England bent on the good of the African negroes. Even in her errors, a paternal feeling is recognizable towards this people. One can see bloody and dreading superstitions gradually losing their occult power. I see Western Civilization beginning to produce a salutary effect on the hearts of the Negroes of Tanganika, Uganda, Venya, Gold Coast, Basutoland, and Ethiopia. I see the mind of the Negro which was once debased by the very worst forms of social and religious tyranny expanding itself to noble views of the ends of governmental and of social duties of man.

In conclusion, I must say that we are not to mistake the character of England, and fight the truth with the weapons of error, but to pay our respects to Britannia for being first to abolish the atrocities of slavery and to teach the human race, the lesson of universal charity.

Seniors Votes \$100 To Campus Chest

The class of 1948 met last Wednesday afternoon in the Women's Union to discuss plans for their commencement.

Mimeographed sheets on which was listed the tentative program for commencement were given each senior. President Francis Folino and Vice-president Mary Burrison disclosed some of the sentiments and suggestions offered by the administration commencement committee on graduation plans. The opinions of the majority that resulted from the ensuing discussion period, will be carried back to the committee via the student representatives and a definite program can be planned.

The financial report of the class was given by President Folino and a tentative budget was drawn-up. The class voted to contribute \$100 to the Campus Chest Drive next month. It was also decided that nominations for the recipient of the Condon Medal Award were to be held in the library this week.

In conclusion, Robert Batten, co-chairman of the Cap and Gown committee, discussed the rental of the gowns and it was decided to vote definitely on the question at a later date.

Debate Team Victorious At Amherst And Holyoke

The Colby debating team last week made a two-day trip into Western Massachusetts, to meet Amherst College and Mount Holyoke. Jeanine Fenwick and Richard Barta represented the affirmative, while Robert Rosenthal and Paul Kilmister defended the negative, on the question, "Resolved, that a Federal World Government Should Be Established."

Since Amherst was able to obtain a judge for only one of the two debates held there, the second debate was a non-decision contest. The one decision which was awarded was in favor of Colby. At Mount Holyoke, both decisions were awarded to Colby.

Fraternity News

Zeta Psi

Dick Johnson and Ray Brackett were pledged to the fraternity at the last meeting. Nineteen members were initiated at Bowdoin's Lambda chapter on Feb. 29.

Delta Kappa Epsilon

Initiation chairman Charles Pearce had charge of the formal initiation and banquet which were held on Feb. 29. Principal speakers at the banquet were: Raymond Kozen, '47; Joseph C. Smith, Richard D. Hall, Ellsworth W. Millett, Francis Bartlett, and Warren Finnegan.

Lambda Chi Alpha

The three degrees of formal initiation will be held this Wednesday, Friday and Saturday.

The National Alumnae Secretary, Howard Coleman, spoke to the members of the fraternity at their last meeting.

Tau Delta Phi

Initiation was held for sixteen pledges February 29. Al Baris, grand council; Ned Rosing, national executive secretary; and Nissie Grossman '34, Northeastern district chief visited the chapter during the initiation period.

Alpha Tau Omega

Definite plans have been made for the spring formal to be held at the Waterville Country Club.

Foster Bruckheimer has taken over the office of Worthy Scribe in place of Samuel Monaco.

Phi Delta Theta

An informal party was held at the Elmwood Hotel, February 25. Plans for the annual Founders' Day banquet are in progress.

Kappa Delta Rho

Arrangements have been completed for the formal initiation of 15 pledges. Final plans have been made for the spring dance in April.

tures of the new campus available than ever before."

Staff Reorganized for Future
Billings pointed out that the Oracle staff is now undergoing a reorganization for future years. A constitution is being prepared under which it is hoped that future editors-in-chief will be chosen from among persons who have served on the staff during their first three years of college. In addition, negotiations are being made to obtain an office in Roberts Union, so that Oracle activities will become more centralized and will be carried out on an all-year-round basis.

Department heads for the 1948 Oracle are as follows: Janet Gay, feature editor; Frances Bonner, as-

sistant feature editor; Alfred Gates, sports editor; Richard Fisch, photography editor; and Richard Martin, advertising manager. Prof. Arthur W. Seepe is faculty advisor.

INTERNATIONAL RELATIONS (Continued from Page 3)

was brought out by one student that we are approaching the European

problem from the wrong angle. Western Europe is nowadays under the menace of communistic Russia, he said. He added that anyone who has spent a long time in Russia knows that she is preparing herself for dominating the world. In her actions, the Soviet Union does not show as much politeness as the United States tries to show.

If the United States for the sake

of their own security, he continued, are determined to oppose Communism, they should consequently, steadily face this grave reality. There is no time for discussing what effects the Marshall Plan might have in the future on the economy of the United States. The Marshall Plan is the only effective weapon with which to defend the American integrity, and only as such, should it be regarded.
