Picnic, Dance, Play Will Highlight Commencement Canham, To Speak At 136th Commencement

Nineteen hundred and fifty-seven marks the one hundred and thirty-sixth Commencement of Colby College. Beginning on Friday, June 7, all the traditional Commencement Week activities will take place, concluding on Monday, June 8 with Commencement Exercises. Erwin Canham, Editor of the "Christian Science Monitor," will deliver the address. Honorary degrees and special honors will be conferred at that time.

On Thursday, June 6, the annual Senior Picnic will be held at Island Park. Friday, June 7, the faculty meet the Seniors at 9:00 a.m. for breakfast at Roberts Union. This will be the last official opportunity for Seniors to meet with their major advisors. Friday evening the Commencement Dance will be held at the Women's Union. It will be semi-formal and Seniors and friends are invited.

Saturday morning at 8:30 a breakfast will be held for the Phi Beta Kappa members in Mary Lou Hall. In the afternoon at 2:45 the Colby Varsity Baseball squad will meet the Quonset Naval Air Station at Coombs Field. Saturday evening at 8:30 Powder and Wig, in collaboration with the Senior class, will present the Commencement Play, "King Lear" by William Shakespeare in the Women's Union.

Sunday, June 9, at 10:30 the Baccalaureate Service will be held in Lorimer Chapel. President Bixler will give the address at this time. The Commencement dinner follows at 12:30 in the Field House.

Vesper Services To Be Held Sun.

A Commencement tradition is the Boardman Vespers held in Lorimer Chapel on Sunday evening, June 9, at 7:30. This vesper service is in honor of George Dana Boardman, class of 1822 and Colby's first graduate.

Born in 1801 in Livermore Falls, Maine, Boardman was awarded his Master of Arts degree after graduation from Colby and served as tutor for two years before entering Andover Theological Seminary. In 1825 he sailed to Burma as a missionary under the Baptist Board of Foreign Missions. He died in Burma at the age of thirty.

Despite his short life, Boardman firmly established the Karen Mission, originally termed by historians as "one of the greatest missions of modern times." Since its development, more than 1,000,000 have been united in the Christian Church, books, and literature created, schools, churches, and hospitals founded, and practically a new nation been established.

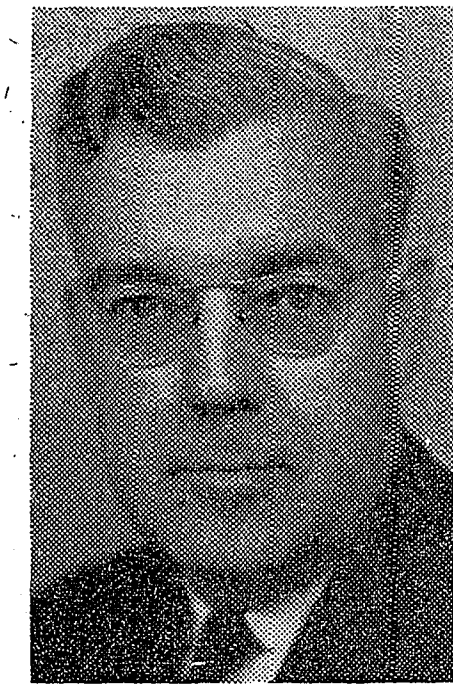

The earliest record of service comes from 1880. It was held the Sunday evening of Commencement for the Y.M.C.A. and the Boardman Missionary Society, which was composed of prospective missionaries among the Colby students. Later the College Christian Association was in charge of the service. In 1922 the Centennial Memorial Service for George Dana Boardman was held.

In 1946 the service was a memorial for Francis Howard Rose, '09 and Gertrude Hazelton Coombs Rose, '11, who lost their lives at the hands of the Japanese soldiers while serving as missionaries in the Philippines. Since 1950 the service has been called the Boardman Vespers.

Seniors and their families are invited. Parents and Seniors will have the opportunity to meet with Dr. Bixler and the faculty at a reception at the president's home at 3:30 p.m. Supper that evening will be served in Foss Hall and Roberts Union. At 7:30 the traditional Boardman Vespers will be held in the Chapel. This has been an annual event at Colby since 1880, when it was begun by The Boardman Missionary Society in recognition of George Dana Boardman, the first graduate from Colby. This year Rev. Harold Frank Lemoine will deliver the address. Rev. Lemoine is the Dean of the Cathedral of the Incarnation in Garden City, N. Y. Following the Vespers service, the Colby Community Symphony Orchestra, under the direction of Ermanno Comparetti, will present the Commencement Concert.

The 136th Commencement Exercises will be held on the lawn in front of Miller Library on Monday, June 10 at 10 a.m. Air Force commissioning exercises follow this. There will be an opportunity to meet the recipients of honorary degrees at the conclusion of the exercises.

Throughout the weekend, various alumni activities will take place. The class agents breakfast on Saturday at 8 will have representatives of the earliest classes through the class of 1957. Plans will be prepared for raising money for the Alumni Fund. At 10:45 a.m. the fraternities and sororities will hold reunions to welcome back their alumni. The Alumni-Alumnae Dinner will be held at 12:30 in the Field House. Mr. Roderick E. Farham, Chairman of the Alumni Council will preside. Class reunions will be held at various places at 6 p.m. Robie C. Frye, '82, from Boston, is expected to return again as one of the many old timers.

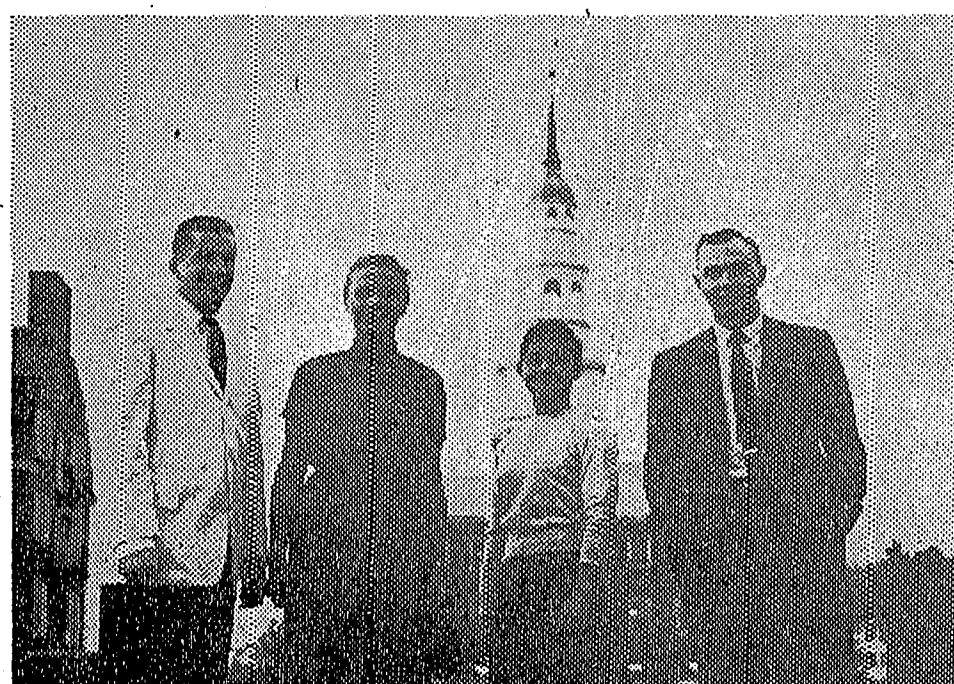

Welcome Alumni And Friends

The Alumni Office extends its heartiest greetings to all returning alumni, from the oldest to the youngest.

Congratulations to Robie G. Frye, '82, who is celebrating the 75th anniversary of his graduation. A special welcome to all members of the reunion classes. We hope that your stay will be memorable, that you will relive your college experiences, and that when you leave, you will feel that old friendships have been strengthened and old loyalties deepened.

May all of you enjoy to the full every moment of this 136th Commencement of Colby College.

BILL MILLETT
Alumni Secretary

The Senior Class officers have been working hard to produce a successful Commencement Week as the culmination of their four years at Colby. Left to right: Bill Saladino, president; Ellie Shorey, secretary; Tony Ciunci, treasurer; and Peter Merrill, vice-president. —Photo by Lockhart

Commissions Given to Cadets

This year a total of 13 Senior AFROTC Cadets will receive commissions in the Air Force Reserves upon graduating.

In Category I, pilot training, are Van Bernhard, Thomas Collins, Arthur Engdahl, Jr., Peter Morrill, Lionel Mathieu, Brian Olson, and Edward White. In Category IA, observer, navigator training are Ronald Darroch, Philip Deering, and Richard Krasnigor.

Frederick Webster, who is in Category II, will enter meteorology school. Donald Tracy, being commissioned in a special category, will enter guided missile school. Richard Huart will be commissioned in general Category III.

Next year 20 seniors will seek commissions upon their graduation. Four students will be in general Category III, one in observer navigator training, 14 in pilot training, and one in veteran Category IV.

Erwin Canham, editor of the "Christian Science Monitor," will be the speaker at Commencement on June 10. A native of Maine, he is considered one of the leading journalists in the country.

Dr. J. S. Bixler explained, "It is fitting that Mr. Canham should speak here, since he has been chairman of the Lovejoy Committee since its formation five years ago, and has worked very hard in this position. For this reason, we are particularly happy to have him."

Canham was born in Auburn, Maine. He received his early journalistic training by helping his father who was agricultural editor of the "Lewiston Sun and Journal." He attended Bates College, where he was chiefly interested in debating. In his senior year he traveled to England with the debating team to compete with students of seven British universities.

After graduation he worked for the "Monitor" for one year, then returned to England as a Rhodes Scholar at Oxford University. While in Europe he continued reporting. He covered the American activities at the League of Nations in Geneva from 1926 to 1928.

In 1932 he became the head of the "Monitor's" Washington bureau. He attended the London Economic Conference the next year and covered the inauguration of the Philippine Commonwealth Government in 1935.

Canham was promoted from reporter to general news editor of the Boston office, then became managing editor in 1941. He attained his present position in 1945.

His column, "Down the Middle of the Road," which appears frequently in the "Monitor," deals with domestic and international subjects, economics, and certain aspects of politics. He has also made frequent appearances on the radio.

Canham has traveled extensively in Europe and the Orient, and has made several transcontinental trips with Presidential candidates. Most recently he was in the news in connection with the Charleston, Mass. prison riots. He acted as a mediator between the rioters and the warden, when the inmates would not communicate with the latter.

The "Christian Science Monitor," often the subject of controversy because of its unusual policies, was established in 1908 by Mrs. Mary Baker Eddy, founder of the Christian Science Church. She felt that the newspapers of the time were too sensational, and that the emphasis on crime, disaster, and death was detrimental.

Adhering to this ideal, Mr. Canham said that the essential function of a newspaper is to give facts, and not "to sell the informational birthright for a mess of entertainment pottage."

P & W to Present 'Lear' Tragedy Sat.

The Commencement play this year is "King Lear," Shakespeare's famous tragedy. It will be presented on Saturday, June 8, at 8:30 p.m. in the Women's Union gymnasium.

The cast is composed of Jay Smith as the King of France; George Welch, Duke of Burgundy; Carlos Davila, Duke of Cornwall; Daniel Yett, Duke of Albany; Warren Weitzman, Earl of Kent; and Dick Stratton as the Earl of Gloucester.

Edgar is played by James Rulison; Edmund, Ralph Weston; Oswald, Tom Totman; The Fool, Bert Angrist; King Lear, Walter Dainwood; Doctor, Russ Higgins; Old Man, Larry Douglas; Gentleman, Doug Miller; Goneril, Gladys Frank; Regan, Anita Falter; and Cordelia, Leslie Wyman.

Members of the production staff are: Director, Eugene Jellison; Assistant Director, Ted Crane; Set Construction, John Curtis; Lighting Director, Don Mordecai; Properties, Donna Tasker and Libby Latham; Publicity, Gail Noble and Candace Oroutt; Costumes, Betty Lou Nyman; and Make-up, Sheila Tunnook.

The play, "King Lear," is considered to be Shakespeare's most profound and significant play. It portrays the deep nature of human suffering. This is accomplished by the use of almost parallel plots with two leading characters. The more important of these roles is that of King Lear who is the man most blind to causes of his downfall. He is closely paralleled to the Earl of Gloucester with whom the audience is more able to identify itself. Lear, King of Britain, wishes to retire and

Duckworth Wins Rotary Grant To Study Abroad

Eleanor R. Duckworth from Halifax, Nova Scotia, one of Colby's outstanding leaders and best college citizens, has been awarded a Rotary Foundation Fellowship for study abroad during the 1957-58 academic year.

Eleanor is the only girl from Rotary District 284, including the four Maritime provinces and State of Maine, to win the fellowship. One of the 132 outstanding students from thirty-two countries to receive Rotary Fellowships, Eleanor will study psychology at either the University of London or at the Sorbonne in Paris.

Born in Montreal, Quebec, in 1935, Eleanor was graduated from Queen Elizabeth High School in Halifax and will receive her B.A. degree from Colby in June.

A philosophy major, Eleanor has been the holder of a four-year scholarship, and has the distinction of being on the Dean's List every semester of her four years at Colby. She won the Lelia M. Foster award for the "freshman woman most likely to benefit society," the Symphonic Society award, and second place in the Hamlin Freshman Speaking Contest.

At Colby, she is Chief Justice of the Women's Student League, and a member of the Student Christian Cabinet, the Women's Judicial Board, the Cap and Gown Honor Society, the Powder and Wig dramatic society, the Colby Community Symphony Orchestra and String Quartet, the Community Concerts Executive, the Outing Club, and the

Cosmopolitan Club. She has been circulation manager of the year book, leader of the Tri-Hi-Y girls' club, and a member of the choir and the Women's Athletic Association.

Eleanor's Fellowship includes all travel expenses from home to school and return; registration, tuition, and miscellaneous fees; essential books, living costs — room, board, laundry, etc.; and educational travel within a radius of approximately 300 miles of the school she chooses to attend.

By providing an opportunity for young men and women of many nationalities to live, study, and travel to another country for one year, Rotary International promotes international understanding. By studying in Europe, Eleanor will carry to our neighbors across the sea a better understanding of her own country, Canada, and in return, she will obtain a better understanding of the people in the country in which she will study.

While in Europe and when she returns to Canada, Eleanor will speak before many Rotarian Clubs; this is the only stipulation, or agreement accompanying her Fellowship. Fortunately, Eleanor has studied German and she speaks French quite fluently.

Eleanor plans to use the credits which she will receive in Europe towards her Ph.D. in Social Psychology for which she is planning to study on her return to Canada. At the present, she would like to enter a combined career of University teaching and research.

Two Fellowship Awards Offered To David Mills

A present candidate for the Condon Medal Award, David Mills, has recently been the recipient of the Woodrow Wilson Fellowship Award and the Danforth Foundation Award. David has accepted the Wilson Foundation through the University of Illinois.

The Woodrow Wilson Fellowships are awarded upon invitation only, and only upon nomination by members of the academic profession. Here, as in other respects, the program is conceived as an instrument of the profession. The discovery and approval of suitable candidates rest upon the exercise, initiative, and judgment by faculty members. In return the program enables members of the profession to say to a group of qualified young men and women that they have confidence in their promise as teachers and scholars. They are, therefore, extending to this group an opportunity to find themselves intellectually, to try their interests at the graduate level, and to determine whether they wish to enter careers of teaching and scholarship.

As a recipient of this award, David will receive fourteen hundred dollars from the Wilson Foundation by recommendation of the University of Illinois plus tuition. This award is for one year and is subject for renewal.

The other award which David has received is the Danforth Graduate Fellowship Award. This award is made on the basis of outstanding academic ability, personality congenial to the classroom, and integrity and character, including serious inquiry into the Christian tradition.

Ellie Shorey To Reign Queen Over Carnival; Sigma Thetas Win Again

K. Haruta Gains M.I.T. Position

Obtaining a Teaching Assistantship at M.I.T. is not exactly the easiest thing in the world to do, but a senior physics major here at Colby, Kyoichi Haruta, has just been awarded one for \$1,350.00, plus tuition. The Assistantship entails approximately 16 hours a week of teaching; seven to eight of which will be in the laboratory and the rest to be used in preparation and for correcting papers.

"Kenny," as he's popularly known around campus, will be carrying approximately sixty per cent of regular graduate work toward a Ph.D. in physics, in addition to his teaching responsibilities, beginning next September. He hopes to obtain his degree in about three years, with tentative plans to major in theoretical nuclear physics. Kenny is grateful for the able assistance of Professor Brown and other faculty members who aided him in obtaining the Assistantship through their letters to M.I.T. After completing his work at the Institute, Kenny will probably enter the field of nuclear research, and eventually hopes to revisit his native Japan.

Meet the Captain Center L. Mathieu

Lee Mathieu is Captain of Colby's 1956 football team. Likeable Lee is a home grown product from across the bridge in Winslow. This is his third year in the ranks of Colby gridironers. Prior to this Lee had put in a season wearing the colors of the University of Maine. Maine's loss was certainly Colby's gain.

This year is a challenge to Lee. It is the first season that he has ever played the line. Coach Clifford, blessed with a fine stable of slippery, speedy backs, decided to switch Lee to center to anchor his formidable front wall. Five foot, eight, 178 pounds seems small for a college center, but it will never handicap Lee, whose competitive spirit, intestinal fortitude, and desire to win makes him a very able leader of Colby's fighting Mules.

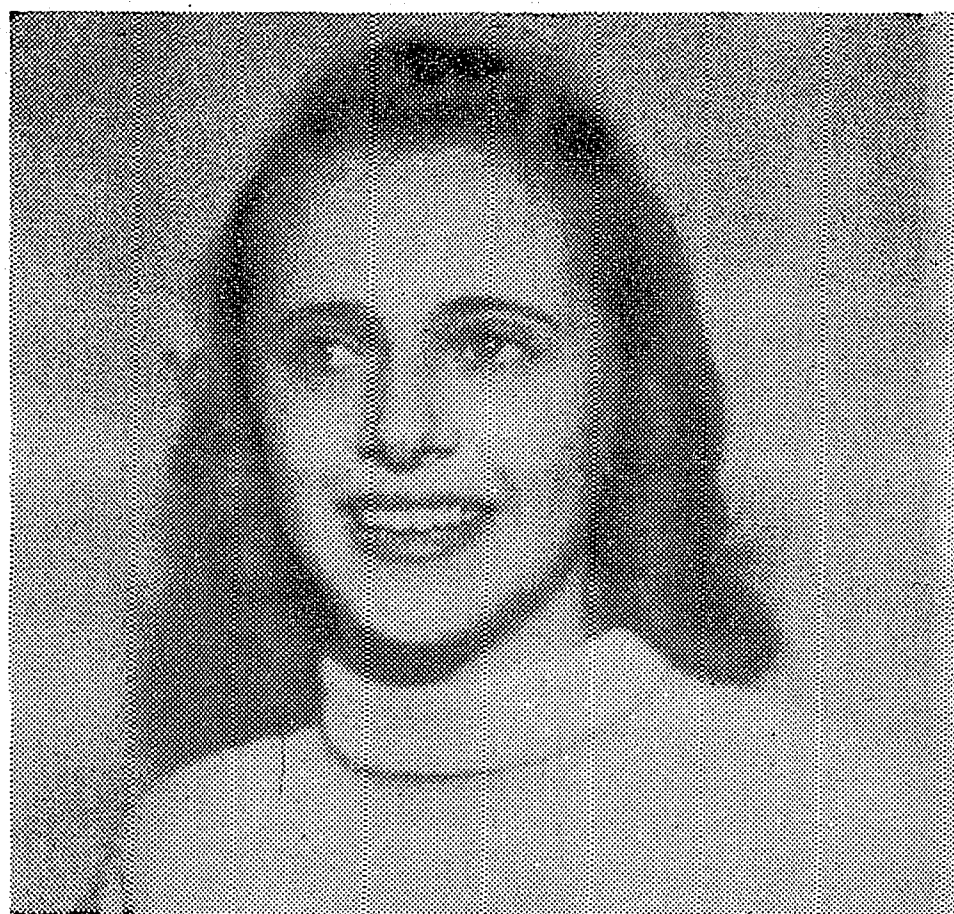

Last year Lee was the first string fullback on the Colby eleven. He gained 109 total yards and was third in the scoring column. No matter what position Lee is playing he is liable to be in on most every tackle. He usually plays linebacker on the defense team and calls the defensive signals for the Mules.

Sal Handles Many Campus Activities

Bill Saladino is the senior under the sport spotlight this week. Standing 5 ft., 9 in., and weighing 175 pounds Bill plays end for Coach Clifford's Colby eleven. This is Bill's third year of varsity football for the Blue and Gray. Last year he was honored by being named into the All-State second team.

"Sal," as he is better known, is a campus leader as well as an outstanding athlete. He is president of the Senior Class. Sal is no neophyte in this office, having been elected president of his class by his classmates every year that he has attended Colby. "Sal," who is a chemistry major is a member of Phi Delta Theta Fraternity and President of the O Club, which is Colby's athletic club for all men who earn the varsity letter.

Before matriculating at Colby Sal was a football standout at Chelsea High School, Chelsea, Mass., and at Higgins Institute here in Maine.

WINTER CARNIVAL QUEEN

—Photo by Ting

At 10:30 this evening in the Women's Union, Ellie Shorey was crowned Queen to reign over Colby's Winter Carnival. With a flourish of music by Elliot Lawrence's band, and to the applause of hundreds of students, Ellie received the crown after hearing the announcement from President Bixler.

Ellie is a senior from Ridgewood, New Jersey and is majoring in French. She has found time to combine good academic achievement as well as extra-curricular jobs. She is secretary of the Senior class, and was rush chairman for Delta Delta Delta this past semester. She is a cheerleader, a member of Phi Sigma Iota, and a great skiing enthusiast. Aside from her great interest in art and sketching, she hopes to work in Boston when she graduates from Colby.

Ellie says that she prefers Maine to New Jersey, and spends a great deal of her time in this fair state in the summer time. This is the second Queen that the Sigma Theta Psi's have presented to Colby. Carol York, also Tri-Delt, was their Homecoming Queen.

Shirley Transue Fulbright Scholar

Shirley Transue, a mathematics major graduating in June, became the recipient of a Fulbright Scholarship on May 1. In the capacity of a student, Shirley plans to spend an academic year at the University of Hamburg on the Elbe River in Germany and German literature, and possibly many. She will study mathematics take a humanities course. Orientation, commencing September 20 at Bab Honnef will end on September 30 at which time Shirley will begin her studies.

As a participant in the International Educational Exchange Program of the United States Government, Shirley will seek to promote "a better understanding of the United States abroad, and mutual understanding between the peoples of the United States and Germany." In her contact with a wide variety of German people Shirley will profit from her first-hand knowledge of the German way of life. The Scholarship is not granted as a means for matriculation for a degree, or ability to complete a degree while holding a grant. Although she will be working towards her masters, Shirley will be more in the position of a German citizen, enabling her to fulfill her primary objective for applying for the scholarship. This objective is two-fold: to learn more about Germany and to increase her knowledge of the German language.

The Scholarship will cover travel expenses to and from and within Germany. Shirley plans to take advantage of her traveling opportunity by visiting Berlin and various musical festivals. The grant will also supply the funds for tuition, books, and supplies, and a maintenance allowance.

There are several stipulations with the grant. She will submit periodic and final reports of her progress to the U. S. Educational Commission in Bad Godesberg. She cannot accept any type of job. All the money Shirley uses will be in German denominations and cannot be exchanged for U. S. currency. To increase her working knowledge of German Shirley will have to become accustomed to both the Hamburg and University dialects.

Travel-wise friends have advised

Pete Merrill Wins '57 Condon Medal

Peter Merrill, a senior from Augusta, Maine, was awarded the Condon Medal at this year's Recognition Assembly. The medal is presented, with the final approval of the administration, to the member of the Senior class who, by the vote of his classmates, was considered the best college citizen.

The other nominees for the award were Eleanor Duckworth, Janet Kimball, and David Mills. The Condon Medal is considered the highest award given by the school to a senior. This year 80% of the Seniors voted.

Pete has been a member of Delta Kappa Epsilon for four years and served as president and vice-president. He sang in the Glee Club and with the Colby Eight for four years, was business manager of each group for one year, and was leader of the Eight in his Junior and Senior years.

A member of advanced ROTC and a Cadet Commander, Pete is also in the Arnold Air Society, the national honor society for AFROTC cadets. He was president of Blue Key this year.

Shirley to take a year's supply of cosmetics, nylons, and cigarettes as they are either of poor quality or very expensive in Germany.

Upon her return to the U. S. Shirley hopes to obtain an assistantship in some college or university and continue work on her masters degree in mathematics.

"But this wasn't even covered..." was the cry as the Senior Class attempted to pass the first series of comprehensive examinations ever administered at Colby.

—Photo by Ting

Colby 'Cagers' Led By Captain Twigg

This year's Varsity Basketball Captain is Charles Twigg of Needham, Massachusetts. Charles is a member of the Lambda Chi Alpha Fraternity where he is the Vice-President. He was named on the All-Maine team last year as a Junior, the year before he was honorable mention. Charlie averaged 13 points a game and played outstanding on defense. He is the sole Senior on the team which is made up of four juniors and nine sophomores. Besides being an outstanding basketball player, Charlie represents the fraternity on the Interfraternity Council. Charlie is a business major and already has entered into the buying of stocks. Having a good mind for business, he should go very far. An excellent student, Charlie sets a good example for the fraternity with his scholastic average and industriousness. Charlie also plays on the fraternity softball and football teams. He is one of two sport captains in the LCA fraternity. The other is Nate Bates, Ski Captain.

Twigg has already started the season off in fine style with a 19 point output against Connecticut last Saturday night. He will rank along side of the great Mule captains of past years, because of his desire and ability to be an outstanding leader. Charles and Coach John Winklin have a great interest together—music.

divide his Kingdom into three parts. He foolishly decides to give each of his daughters a share depending on the love they profess for him. The two eldest please the old man by their flattery, but the youngest, Cordelia, hurts him by being sincere in her avowal of affection. The King then gives the kingdom to her sisters and disowns her. The blindness to the real nature of Cordelia is caused by his vanity, his belief in appearances, which causes his fall.

The daughters to whom he has given the kingdom, however, divest him of his retinue and all remaining power and drive him into a storm with his fool.

Meanwhile Gloucester has made the same mistake with his sons. He has put his trust in the son, Edmund, who actually means harm to his father and his brother, Edgar. Eventually the two men meet, Gloucester being blinded, and Lear mad, and both realize their mistakes shortly before they die. In the end, after the deaths of Lear, Gloucester, and with Lear, Cordelia, Edgar is left with the aid of Kent and Albany to restore the kingdom to its former status.

Rasmussen, Gates Playing Final Year On College Eleven

Senior faces featured this week are those of Doug Gates and Ron Rasmussen. These two members of Coach Clifford's eleven are both in Lambda Chi Alpha fraternity, both are economic majors with C plus averages and both are active in extra-curricular activities.

Doug calls Montclair, N. J. home. While attending Montclair High School, an annual football power in the state, Doug starred in football and track. Doug has played for the last three years on the Mule varsity and played also in his freshman year for the first year club. The 6-1, 190 lb. Gates is one of Colby's outstanding pass receivers.

Doug is a member of the C Club and was vice-president of his class in his sophomore year. This year he was a member of the student government, of which he is the treasurer. During the off season time not spent on the books, Doug puts into hunting and fishing and participating in intra-fraternity athletics.

Ronnie's home is in Oneota, N. Y. just a little outside of Binghamton. He went to high school there, where he was a standout in football, basketball and baseball. Ron has been playing football for Colby for three years and in his freshman year he participated in football and baseball. Ron is the original hard luck athlete. His Sophomore year he was restrained from action with appendicitis. His Junior year Rod was ready for action only to have to go back in mothballs with a broken ankle. This year Ron is ready to go and the team will make full use of his running abilities.

Ron is a member of the Colby C Club and last year was the campus chest representative for his fraternity and a member of the student government.

Dick Krasnigor Is Top Colby Athlete

Introducing Richard 'Kris' Krasnigor of the Colby football team. This is his third year on the varsity squad. Prior to wearing the Blue and Gray, Kris attended Quincy High School and Thayer Academy. At Quincy, he was a standout in basketball. His introduction to the gridiron came while he was attending Thayer, where he also played basketball and track.

At Colby, Kris played freshman basketball and has been a member of the varsity track team for the last two years and expects to perform again this year when spring comes.

Last year, the 6-1, 202 pound Senior fullback was third in team rushing and second in team scoring. Including this year and last, Kris has maintained an average of

over three yards per try in rushing attempts.

Kris is majoring in History-Government and has maintained a B average. He is treasurer of his fraternity, Alpha Tau Omega and a member of the Colby Varsity club. His hobbies are stamp collecting and photography. In the off season he plays basketball and hockey on his fraternity team.

Kris is a member of the AFROTC advanced section and will receive his commission in June. He is considering the Air Force for a career.

Men were drivers in 89.7 per cent of fatal accidents in U. S. highways in 1956.

Gump, Jungle Jim Neil Stinneford Great Competitors Colby All-Amer'n

This week we end our football interviews with two of the hardest workers on the Mules' squad. Both Jim Landovek and George Pierce have more hustle and competitive spirit in them than many athletes have. Their determination and desire to play have won them more acclaim than anything they could ever attain.

George "Gump" Pierce is from Portsmouth, N. H., and attended high school there. After graduation, George went to MCI and from there entered Colby. Besides playing football, he plays baseball in the spring. George is 22 years old and a member of the Phi Delta Theta Fraternity. He is secretary of his fraternity and vice president of the Colby "C" Club. He is also a member of the Colby Community Club. Besides his numerous extracurricular activities, he has maintained an 85 average in his major which is Psychology.

Jim "Jungle Jim" Landovek is from the largest city in the world, New York City. He graduated from high school there and entered Colby. He is very interested in winter sports. Besides being on the football team, Jim is a skier on the ski team. It was through his determination that he took up skiing. He wasn't blessed with the talent, but plugged away at it and didn't do too bad. Jim is 20 years old and a math major. He is a good student and works very hard at his studies. Jim is also a member of the Phi Delta Theta Fraternity. Both men are hardworking and well liked by everyone.

Neil Stinneford plays halfback for the Colby football team. Last year he led the Mule eleven in yards gained from rushing with 180, in pass receiving, and he got more yardage from kick-offs and returning punts than anyone else. He also led the team in scoring with four touchdowns. Two of these were directly responsible for Colby's only victory, coming in the Bowdoin game which Colby won 14 to 12. Neil has been named halfback on the All-Maine team for the last two years. He was picked as the Most Valuable Player on the Colby roster last year.

This year he again is pacing the Colby team in most offensive departments. He has piled up the most yardage from rushing and is the team's leading receiver. In the game against Bowdoin last week, Neil gave another of his outstanding performances that show why he has been All-Maine for the last two years. He carried the ball 14 times

for a total of 144 yards. This gave him an average of a first down every time he carried the ball. Neil has now passed his last year's total for yards gained rushing and with two more games he should better this fine record of a year ago.

In Spring, Neil plays left field for the Colby baseball team. Last year he was chosen on the third All-American Collegiate baseball team, one of the highest honors ever received by a Colby athlete. He was also the All-Maine centerfielder for one season.

Neil, who is a senior from Dixfield, Maine, is 21 years old, 5 feet, 10 inches, and weigh 170. He is a member of Lambda Chi Alpha fraternity and of the advanced ROTC unit in which he is Lieutenant-Colonel Stinneford.

Speeding was blamed for 13,830 deaths on U. S. highways in 1956.

D. Merriman Aids Varsity Football

Meet Dick Merriman, senior halfback from Bangor, Maine. This is Dick's third year of varsity football for the Colby Mules. He has spent his time alternating between halfback and quarterback. He is 21 years old, 5 ft 9 and 172 pounds.

Dick learned his football at Bangor and at Maine Central Institute. At both schools he was an athletic standout, with the emphasis on football.

Last year he was among the leaders in all of the offensive departments. He carried the ball on runnings plays more than anyone else and threw more passes than anyone else. He was second in yards gained from passing. He led the team in

completed passes and out of the 34 he threw, he did not have any intercepted. In total offense he gained 133 yards from passing and 112 yards from rushing for a team leading total of 245 yards gained.

In the last game Dick was out of action. He received a back injury in the Williams game and is not expected to return to the gridiron until the first Maine State Series game against Bowdoin.

Bad driving conditions prevailed in less than 15 per cent of the fatal highway accidents in the U. S. in 1956.

LAST CALL FOR STICKLERS!

We're still shelling out \$25 for every Stickler we accept—and we're still accepting plenty! But if you want to cut yourself in, you've got to start Stickling NOW! Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. Send your Sticklers (as many as you want—the more you send, the better your chance of winning!) to Happy-Joe-Lucky, Box 67A, Mt. Vernon, N. Y. NOW! TODAY! PRONTO!

YOU'VE PROBABLY HEARD of torch songs (music to cry by), Air Force songs (music to fly by), and Aloha songs (music to bye-bye). The Lucky Strike song is music to buy by: it's a pretty ditty that's devoted strictly to Luckies. Naturally, that makes it a *Cheerful Earful!* It reminds you that Luckies are tops and that better taste is the pleasin' reason. Luckies' taste comes from fine tobacco—mild, good-tasting tobacco that's **TOASTED** to taste even better. So, as the jingle says, "Light up a Lucky, it's light-up time!" You'll say it's the best-tasting cigarette you ever smoked!
