

TO HARRY DE FOREST SMITH

[Gardiner, Maine]

11 November, 1895.

My dear Smith,

Posters do not come in very thick, but I have the following for <October> November:

Lippincott's (2)

Outing (good for a wonder)

McClure's

To Date

Was out to your place last evening and found all as usual. Your father was particularly good natured, but still maintains that there is only one man in the world who is meaner than Grover Cleveland.

Hastily *de*
