Colby Library Quarterly 99

in the history of American literature no one has painted so vigorously and with so much respect for fact some of the vast canvases of characters and scenes in American history.

It is interesting to note that, much as Kenneth Roberts loved Maine, he chose to be buried as a soldier in Arlington Cemetery in Washington. That he loved his country with a passion, no one can doubt, and I think this last action makes it doubly certain that no writer of American historical fiction ever loved or understood his country better than this great citizen from Maine.

SUPPLEMENTARY BIBLIOGRAPHY OF  
KENNETH ROBERTS

By MARJORIE MOSSER ELLIS

THE first compilation of the published works of Kenneth Roberts was made by George Albert and appeared in four parts in the *Bulletin of Bibliography*, September-December 1942 through September-December 1943. His research extends from the year 1920 to May 1941.

In the issue of the same magazine for September-December 1959 Ruth Stemple's checklist offers "a continuation of the earlier one and includes essays and biographical sources" omitted by Albert, "together with Mr. Roberts' later writings."

Neither of these able bibliographers touched the period before 1920 nor attempted a listing of re-issues and foreign translations of the novels. Both missed a number of items, particularly Roberts' anonymous contributions to the *Saturday Evening Post*.

This supplement is an effort to fill in some of these gaps and to bring the list up to date.
